INTRODUCTION

The *Financial Administration Act* requires that all revenues over which the Legislature has power of appropriation shall form one Consolidated Revenue Fund. The financial statements of the Consolidated Revenue Fund of the Province of Newfoundland and Labrador are presented through the publication of the Public Accounts, Volume II.

These statements are prepared on the accrual basis of accounting in accordance with the Public Sector Accounting Standards of the Canadian Institute of Chartered Accountants, and as outlined in the significant accounting policies of the Province. They are prepared by the Comptroller General of Finance and are audited by the Auditor General, who presents an annual report to the House of Assembly on the results of his audit. Budget figures, where available, are provided on several Statements for comparison purposes.

The Public Accounts for the year ended 31 March 2009 also includes one other volume, Volume I - Consolidated Summary Financial Statements. It presents the summary financial statements which consolidate the financial statements of the Consolidated Revenue Fund with the financial statements of various Crown Corporations, Boards and Authorities, as approved by Treasury Board, which are controlled by the Government of Newfoundland and Labrador.

The Report on the Program Expenditures and Revenues of the Consolidated Revenue Fund for 2008-09 was released in September, 2009 and presents expenditures and revenues using the modified cash basis of accounting. This is the same basis used to prepare the budgeted appropriations and revenues as per the Estimates. This report is available online at the address noted below. Another report containing a reproduction of the available financial statements of the Crown Corporations, Boards and Authorities will be released as a separate report.

The Public Accounts of the Province are tabled in the House of Assembly in accordance with Section 60 of the *Financial Administration Act*.

STATEMENT OF RESPONSIBILITY

Responsibility for the integrity, objectivity and fair presentation of the summary financial statements of the Consolidated Revenue Fund rests with the Government. As required under Section 59 of the *Financial Administration Act*, these summary financial statements are prepared by the Comptroller General of Finance in accordance with the applicable legislation and in accordance with the accounting policies as disclosed in Note 1 to these summary financial statements. Additionally, information has been provided by various government departments as required by Section 20 of the *Financial Administration Act*.

The Government is responsible for maintaining a system of internal accounting and administrative controls in order to provide reasonable assurance that transactions are properly authorized, assets are safeguarded and financial records are properly maintained.

The summary financial statements in this volume include a Statement of Financial Position, a Statement of Change in Net Debt, a Statement of Operations, a Statement of Change in Accumulated Deficit, a Statement of Cash Flows and notes. Other schedules and notes that are included also form an integral part of these statements.

Pursuant to Section 11 of the *Auditor General Act*, the Auditor General of Newfoundland and Labrador provides an independent opinion on the summary financial statements.

OFFICE OF THE AUDITOR GENERAL
St. John's, Newfoundland and Labrador

AUDITOR'S REPORT

To the House of Assembly
Province of Newfoundland and Labrador

In accordance with Section 11 of the *Auditor General Act*, I have audited the statement of financial position of the Consolidated Revenue Fund of the Province of Newfoundland and Labrador as at 31 March 2009 and the statements of change in net debt, operations, change in accumulated deficit, and cash flows for the year then ended. These financial statements are the responsibility of Government and have been prepared as outlined in Section 59 of the *Financial Administration Act*. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Government, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Consolidated Revenue Fund as at 31 March 2009 and the results of its operations, the change in its net debt and its cash flows for the year then ended in accordance with the accounting policies disclosed in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

These financial statements have been prepared solely to present the activities of the Consolidated Revenue Fund for the year ended 31 March 2009. However, significant financial activities of the Province occur outside of the Consolidated Revenue Fund. These activities, together with those of the Consolidated Revenue Fund, are included in the consolidated summary financial statements of the Province and it is for this reason that those financial statements provide a more comprehensive accounting of the Province's financial position and the results of its operations, the change in its net debt and its cash flows. A separate Auditor's Report is provided on the consolidated summary financial statements.

PROVINCE OF NEWFOUNDLAND AND LABRADOR**Notes to the Financial Statements
For the year ended 31 March 2009**

1. Summary of Significant Accounting Policies**(a) The Reporting Entity**

The Reporting Entity includes the accounts and financial activities of the Consolidated Revenue Fund. Pursuant to the *Financial Administration Act* of the Province all public monies are accounted for through the Fund.

(b) Basis of Accounting**(i) Method**

These financial statements are prepared on the accrual basis of accounting, revenues being recorded when earned and expenses being recorded when liabilities are incurred, with exceptions made in accordance with the applicable significant accounting policies.

(ii) Revenues

Revenues from the Government of Canada under the federal-provincial fiscal arrangements, health and social transfers and tax collection agreements are based on regular entitlements received for the current year and adjusted against future years' revenues when known.

Other revenues are recorded on an accrual basis.

(iii) Expenses

Expenses are recorded on an accrual basis.

Retirement related costs are determined as the cost of benefits and interest on the liabilities accrued, as well as amortization of experience gains and losses.

(iv) Assets

Temporary investments are recorded at cost or market value, whichever is lower.

Government of Canada - claims in process are recorded as a receivable based on claims outstanding at 31 March and relate mainly to cost-shared agreements.

Inventories of supplies are comprised of items which are held for consumption that will be used by the Province in the course of its operations.

Accounts and taxes receivable are recorded for all amounts due for work performed and goods or services supplied. Valuation allowances are provided when collection is considered doubtful.

Loans, advances and mortgages receivable are recorded at cost. Valuation allowances are recorded to reflect assets at the lower of cost or net recoverable value. Loans made by the Province that are expected to be recovered from future appropriations are accounted for as expenses by providing valuation allowances. Interest revenue on loans receivable is recognized when earned and ceases when collection is not reasonably assured.

Investments are recorded at cost and are written down when there is a loss in value that is other than a temporary decline.

Tangible capital assets held by the Province are recorded at cost or estimated cost less accumulated amortization.

Unrealized foreign exchange gains or losses are deferred and amortized on a straight line basis over the remaining term of the debt.

NOTES TO THE FINANCIAL STATEMENTS (continued)

(v) *Liabilities*

Other liabilities are recorded for all amounts due for work performed, goods or services received or for charges incurred in accordance with the terms of a contract.

Deferred revenue represents amounts received but not earned.

Debenture and other debt, except treasury bills, are recorded at face value. Treasury bills are recorded at net proceeds.

The Province records foreign-denominated debt in Canadian dollars translated at the exchange rate on the transaction date which is considered to be the issue date; except for the proceeds of hedged transactions which are recorded at the rate as established by the terms of that hedge. Foreign-denominated sinking fund assets are also recorded in Canadian dollars and transactions are translated at the exchange rate used in recording the related debt. At 31 March, foreign debt and sinking funds are adjusted to reflect the exchange rate in effect on that date.

(vi) *Government Transfers*

Government transfers are recognized by the Province as revenues or expenses in the period during which both the payment is authorized and any eligibility criteria are met.

(vii) *Loan Guarantees*

The Province has guaranteed the repayment of principal and interest on certain debentures and bank loans on behalf of Crown corporations, municipalities, private sector companies and certain individuals. A provision for losses on these guarantees is established when it is determined that a loss is likely.

(c) **Generally Accepted Accounting Principles**

The accounting policies followed in the preparation of these financial statements have been applied consistent with generally accepted accounting principles for senior governments as established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

2. **Cash and Temporary Investments**

Cash and temporary investments consist of:

	31 March 2009	31 March 2008
	(\$mil)	(\$mil)
Temporary investments - note 15	61.1	790.7
Cash balance (overdraft)	1,789.4	257.9
Total	<u>1,850.5</u>	<u>1,048.6</u>

As at 31 March 2009, these investments have maturity dates ranging from 31 March 2010 to 31 March 2013 at an interest rate of prime less 1.85% .

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Government of Canada - Claims in Process

Consists of:

	31 March 2009	31 March 2008
	(\$mil)	(\$mil)
Claims receivable at 31 March not received in April	107.5	70.1
Receipts in April	18.6	14.8

Gas tax initiatives	-	10.8	(10.8)
Total Deferred Revenue	<u>84.1</u>	<u>1,254.2</u>	<u>(1,170.1)</u>

The balance as of 31 March 2009 will be recognized as revenue in the periods in which the revenue recognition criteria have been met.

The \$1,152.8 million deferred balance of the Atlantic Accord (2005) at 31 March 2008 has been recognized in full as revenue for the 31 March 2009 fiscal year as the revenue recognition criteria has been met since the Province no longer qualifies for Equalization.

5. Sinking Fund

The value of the sinking funds as recorded in the Newfoundland and Labrador Government Sinking Fund financial statements is reflected in these financial statements.

The Sinking Fund Assets consist of:

	31 March 2009	31 March 2008
	(\$mil)	(\$mil)
Investments at cost	736.1	522.0
Amortization of bond discount	95.0	86.9

Cash and receivables less accounts payable	45.4	117.9
Net Sinking Fund Assets - translated at 31 March	<u>876.5</u>	<u>726.8</u>

NOTES TO THE FINANCIAL STATEMENTS (continued)

The net sinking fund assets balance of \$876.5 million Canadian dollars as at 31 March 2009 includes \$245.5 million U.S. dollars translated to \$309.6 million Canadian dollars in accordance with current practice.

The net sinking fund assets balance of \$726.8 million Canadian dollars as at 31 March 2008 includes \$224.7 million U.S. dollars translated to \$230.6 million Canadian dollars in accordance with current practice.

The Province does not anticipate conversion of the U.S. dollars to Canadian dollars as the U.S. funds will be used to retire U.S. debt.

6. Unamortized Unrealized Foreign Exchange Gains and Losses

Foreign currency debt and sinking funds are translated to Canadian dollars at the exchange rate at 31 March 2009 or the exchange rate at maturity for those debt and sinking funds retired during the fiscal year. See Schedule F - Debenture and Other Debt. Details of the effect of these translations at year end are outlined in the table below.

The net amortization expense is \$13.2 million which represents a credit adjustment (31 March 2008 - \$10.8 million-credit adjustment). This is included in debt expenses on the Statement of Operations.

	31 March 2009	31 March 2008
	(\$mil)	(\$mil)
Foreign exchange gain (loss):		
Debt	(52.7)	226.2
Sinking funds	12.4	(70.5)
Net	(40.3)	155.7
Total accumulated amortization	53.7	66.9
Net unamortized unrealized foreign exchange gains (losses)	<u>13.4</u>	<u>222.6</u>

7. Provision for Guaranteed Debt

The provision for possible losses on guaranteed debt is nil (31 March 2008 - nil) (see note 13(a)).

8. Retirement Benefits - Group Health and Life Insurance

All retired employees of the Government of Newfoundland and Labrador who are receiving a pension from the Public Service Pension Plan, Uniformed Services Pension Plan, Members of the House of Assembly Pension Plan or the Provincial Court Judges' Pension Plan are eligible to participate in the group insurance program sponsored by Government. All retired teachers who are receiving a pension from the Teachers' Pension Plan are eligible for coverage under the group insurance program sponsored by the Newfoundland and Labrador Teachers Association (NLTA) and cost shared by Government. These programs provide both group health and group life benefits to enrolled retirees.

Under Government's program, the Province contributes 50% towards group health and group life premiums for both employees and retirees. Government also contributes 50% towards group health and group life premiums for both teachers and retirees insured under the programs sponsored by the NLTA, subject to the maximum rates under Government's program. As at 31 March 2009, the plans provided benefits to 17,458 retirees.

Actuarial Valuations

The actuarial valuation which was prepared by the Province's actuaries (valuation date of 31 March 2009) was based on a number of assumptions about future events including an interest rate of 5.20%, Consumer Price Index (CPI) of 2.50%, as well as other assumptions such as health care cost trends, wage and salary increases, termination rates, plan participation rates, utilization rates and mortality. The assumptions used reflect the Province's best estimates of expected long-term rates and short-term forecasts.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Group Health and Life Insurance Retirement Benefits Liability

Details of the group health and life insurance retirement benefits liability are outlined in the table below:

Plan	Estimated Accrued Benefit Obligation	Unamortized Experience Losses	Net Liability 2009	Net Liability 2008	Change
	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)
Group health retirement benefits	1,660.2	(173.0)	1,487.2	1,381.1	106.1
Group life insurance retirement benefits	81.4	(6.0)	75.4	73.2	2.2
	1,741.6	(179.0)	1,562.6	1,454.3	108.3

There are no fund assets associated with these plans.

Group Health and Life Insurance Retirement Benefits Expense

In these statements, group health and life insurance retirement benefits costs have been determined as the cost of benefits accrued during the period. Interest on the liability has been accrued for the same period.

The change in the liability for the current period is comprised of the following amounts:

Plan	Province's Share of Current Period Costs	Interest Expense on the Liability	Province's Current Period Contributions	Current Period Amortization of Experience Changes	Plan Amendments	Change
	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)
Group health retirement benefits	42.1	73.5	(24.8)	15.3	-	106.1
Group life insurance retirement benefits	1.3	3.4	(2.5)	-	-	2.2
	43.4	76.9	(27.3)	15.3	-	108.3

Interest expense related to the group health and life insurance retirement benefits liability is included with interest as debt expenses in the financial statements. Interest related to group health and life insurance retirement benefits for 31 March 2008 amounted to \$72.7 million.

Experience Gains or Losses

Experience gains or losses are amortized over the estimated average remaining service life of active participants. The amortization amount is included with retirement costs in the financial statements commencing in the year subsequent to the year in which the experience gain or loss arose.

9. Retirement Benefits - Pensions**Defined Benefits**

The Government of Newfoundland and Labrador guarantees defined benefit pension plans for substantially all of its full time employees, and those of its Agencies, Boards and Commissions and for members of its Legislature. The plans are - the Public Service Pension Plan, Teachers' Pension Plan, Uniformed Services Pension Plan, the Members of the House of Assembly Pension Plan, and the Provincial Court Judges' Pension Plan. Combined, the plans have 36,105 participants as at 31 March 2009.

The Plans provide for pensions based on employees' length of service and highest average earnings. Employees contribute a defined percentage of their salary, and the employer generally matches this amount. As at 31 March 2009, the plans provided benefits to 22,584 pensioners. Inflation protection is not extended to pensioners of the Uniformed Services Pension Plan or the Members of the House of Assembly Pension Plan nor to pensioners of the Teachers' Pension Plan who retired prior to 01 September 1998.

NOTES TO THE FINANCIAL STATEMENTS (continued)

In 1980, the Province of Newfoundland and Labrador Pooled Pension Fund was established by the *Pensions Funding Act*, with the Minister of Finance as Trustee. This Fund administers all financial activity of these five plans, including the collection of all contributions and the payment of pensions and the investment of funds. The Consolidated Revenue Fund guarantees any deficiency in the event assets of a plan are insufficient to meet benefit payments or administration costs.

Contribution and Benefit Formulae**Public Service Pension Plan**

Employee contributions are 8.6% of pensionable salary, less a formulated amount representing contributions to the Canada Pension Plan (CPP). A pension benefit is available based on the number of years of pensionable service times 2% of the employee's best five years average salary, reduced by a formulated amount representing CPP pension benefits for each year since 1967.

During 2006-07 plan legislation was enacted consistent with the two components of the Plan. The Registered component will continue to be administered within the Province of Newfoundland and Labrador Pooled Pension Fund and will provide benefits based on limits set out in the federal *Income Tax Act*. The Supplementary component will be administered in the accounts of the Consolidated Revenue Fund and will provide for the remainder of benefits under the Plan.

Teachers' Pension Plan

Employee contributions are 9.35% of pensionable salary. A pension benefit is available based on the number of years of pensionable service prior to 1 January 1991 times 1/45th of the employee's best five years average salary, plus 2% of the employee's best five years average salary times years of pensionable service after that date, reduced by a formulated amount representing CPP pension benefits for each year since 1967. The CPP reduction only applies to pensioners who retired after 31 August 1998.

During 2006-07 plan legislation was enacted consistent with the two components of the Plan. The Registered component will continue to be administered within the Province of Newfoundland and Labrador Pooled Pension Fund and will provide benefits based on limits set out in the federal *Income Tax Act*. The Supplementary component will be administered in the accounts of the Consolidated Revenue Fund and will provide for the remainder of benefits under the Plan.

Uniformed Services Pension Plan

Employee contributions are 9.95% of pensionable salary, less a formulated amount representing contributions to the CPP. A pension benefit is available based on the number of years pensionable service times 2% of the employee's best three years average salary, reduced by a formulated amount representing CPP pension benefits since 1967. Grandfathered members have higher service accrual pensions in recognition of their higher contributions.

Members of the House of Assembly Pension Plan

Member contributions are 9% of pensionable salary, which includes salary as a Minister, if applicable. A pension benefit is available after serving as a Member in, at least, two General Assemblies and for, at least, five years. The benefit formula is based on years of service expressed as a percentage of the average pensionable salary for the best three years. The percentage varies being 5% for each of the first ten years, 4% for each of the next five years and 2.5% for each of the next two years of service as a Member. For members elected for the first time after 1 April 1998, the percentage is 5% for the first ten years and 2.5% for each of the next ten years. The accrued benefit is reduced by a formulated amount representing CPP pension benefits for each year since 1967. Ministers receive an additional pension amount calculated similarly, based on service and pensionable salary as a Minister.

During 2005-06 the *Members of the House of Assembly Retiring Allowances Act* was enacted to restructure the Members of the House of Assembly Pension Plan into two components based on limits set out in the federal *Income Tax Act*. The first, or Registered component, will continue to be administered within the Province of Newfoundland and Labrador Pooled Pension Fund. The second, or the Supplementary Employee Retirement component, will be administered in the accounts of the Consolidated Revenue Fund.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Provincial Court Judges' Pension Plan

Effective 01 April 2002 (pursuant to the *Provincial Court Judges' Pension Plan Act* enacted 08 June 2004) the Provincial Court Judges' Pension Plan was established with then-existing judges being given the one-time option of transferring from the Public Service Pension Plan. All judges appointed subsequent to 01 April 2002 are required to join this Plan. Employee contributions are 9% of pensionable salary. A pension benefit is available based on the number of years pensionable service times 3.33% of the employee's annual salary. The Registered component of the Plan, administered within the Province of Newfoundland and Labrador Pooled Pension Fund, provides benefits based on limits set out in the federal *Income Tax Act* with the remainder of the benefit provided by the Supplementary component. The Supplementary component will be administered in the accounts of the Consolidated Revenue Fund.

Actuarial Valuations

The actuarial valuations which are prepared by the Province's actuaries were based on a number of assumptions about future events, such as interest rates, wage and salary increases, inflation rates and rates of employee turnover, disability and mortality. The assumptions used reflect the Province's best estimates of expected long-term rates and short-term forecasts. The expected interest and inflation rates follow:

Expected Interest Rates

The expected average interest rate for the Public Service Pension Plan is 7.5%. The expected rate for the Teachers' Pension Plan is 7.5% projected on a long-term basis. The expected rate for the Uniformed Services Pension Plan is 7.5% projected on a long-term basis. The expected rate for the Members of the House of Assembly Pension Plan is 7.5% for the Registered component and 4.66% for the Supplementary Employee Retirement component, projected on a long-term basis. The expected rate for the Provincial Court Judges' Pension Plan is 7.0% for the Registered component and 4.685% for the Supplementary Employee Retirement component, projected on a long-term basis.

Expected Inflation Rates

The expected inflation rate for all pension plans is 2.50%.

The latest actuarial valuations for the Province's pension plans, according to the administrators of those plans, are dated as listed in the following table:

<u>Pension Plan</u>	<u>Valuation Date</u>
Public Service	31 December 2006
Teachers'	31 August 2006
Uniformed Services	31 December 2005
Members of the House of Assembly	31 December 2006
Provincial Court Judges'	31 December 2007

Actuarial extrapolations are provided for accounting purposes by the Province's actuaries based on the above dates, unless otherwise noted.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Pension Liability

Details of the pension liability are outlined in the table below. The estimated accrued benefit obligation and the value of the plan assets reported below have been extrapolated by the Province's actuaries to 31 March 2009. The actual results of future valuations may result in variances from these extrapolations.

Pension Plan	Estimated Accrued Benefit Obligation	Fund Assets	Unamortized Experience Gains (Losses)	Net Unfunded Liability 2009	Net Unfunded Liability 2008	Change
	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)
Public Service	5,212.9	2,735.9	(1,439.2)	1,037.8	911.6	126.2
Teachers'	3,602.6	2,087.1	(1,164.2)	351.3	270.2	81.1
Uniformed Services	320.9	45.1	(52.9)	222.9	202.3	20.6
Members of the House of Assembly	88.6	9.3	(17.2)	62.1	58.8	3.3
Provincial Court Judges'	8.9	2.2	(0.7)	6.0	5.2	0.8
Total	9,233.9	4,879.6	(2,674.2)	1,680.1	1,448.1	232.0

Pension Fund Assets are valued at the market value at 31 December 2008 and projected to year end.

Special Payments

Pursuant to the applicable pensions legislation, the Province had agreed to make special payments of \$60 million annually into the Public Service Pension Plan as long as the plan remains unfunded. The agreement was amended during 2006-07 to replace this annual funding as a result of the commitment of the Province to make a one time total contribution of \$982 million to the Public Service Pension Plan to help address the unfunded liability. This commitment was completed during 2007-08. Also, commencing in 2001-02, the Province began making annual payments of \$7.5 million to the Members of the House of Assembly Pension Plan, however, these payments will only be allowable under the federal *Income Tax Act* to the extent that they fully fund the Registered component of the Plan. There were no special payments made to the Members of the House of Assembly Pension Plan in 2008-09. During 2008-09 the Province made a payment of \$181,278 to fully fund the accrued benefit obligation as at 31 December 2007 of the registered portion of the Provincial Court Judges' Pension Plan.

Pension Expense

In these statements, pension costs have been determined as the cost of benefits accrued during the period. Interest on the unfunded liability has been accrued for the same period.

The change in the unfunded liability for the current period for each plan is comprised of the following amounts:

Pension Plan	Province's Share of Pension Benefits Earned for the Period	Pension Interest Expense on the Unfunded Liability	Province's Current Period Pension Contributions	Current Period Amortization of Experience Changes	Other Adjustments	Unfunded Portion of Current Period Pension Change
	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)	(\$mil)
Public Service	15.6	95.2	(25.7)	41.1	-	126.2
Teachers'	25.7	45.9	(37.0)	46.5	-	81.1
Uniformed Services	3.7	16.9	(2.9)	2.9	-	20.6
Members of the House of Assembly	2.7	3.5	(6.6)	3.7	-	3.3
Provincial Court Judges'	0.8	0.3	(0.4)	0.1	-	0.8
Total	48.5	161.8	(72.6)	94.3	-	232.0

Pension interest expense is included with interest as debt expenses in the financial statements. Pension interest expense for 31 March 2008 amounted to \$113.4 million.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Experience Gains or Losses

Experience gains or losses are amortized over the estimated average remaining service life of active contributors. The amortization amount is included with retirement costs in the financial statements commencing in the year subsequent to the year in which the experience gain or loss arose.

Other Pension Plans

The Government Money Purchase Pension Plan was established for employees whose employment status does not qualify them for participation in another of their employer's pension plans. This plan has approximately 28,625 participants. Employees contribute 5% of their salary to the Plan and the Province generally matches this contribution. Each employee will receive an annuity at retirement, the value of which is determined by their accumulated contributions plus investment earnings. This Plan is administered by the London Life Insurance Company and at 31 March 2009 assets had a market value of \$200.1 million (31 March 2008 - \$223.3 million).

10. Prior Period Adjustment

The tangible capital assets net book value as at 31 March 2008 has been decreased from \$1,203.3 million to \$1,159.6 million (decrease of \$43.7 million) due to the reporting of tangible capital assets information which was subsequently determined to be inconsistent with the Province's tangible capital asset policies. These adjustments have been applied retroactively with restatement. As a result, the surplus for 2007-08 of \$1,221.9 million has been decreased by \$16.7 million resulting in a revised surplus of \$1,205.2 million. In addition, the accumulated deficit for 31 March 2008 accordingly increased by \$43.7 million; of which \$27.0 million related to the 31 March 2007 and prior fiscal years. The comparative figures for 31 March 2008 have been revised in the various statements to reflect the impact of this prior period adjustment.

11. Current and Capital Account

The annual surplus of \$2,203.0 million (31 March 2008 - surplus of \$1,205.2 million) is comprised of a surplus on the current account of \$2,479.2 million (31 March 2008 - surplus of \$1,467.5 million) and a deficit on the capital account of \$276.2 million (31 March 2008 - deficit of \$262.3 million). The classification of revenue and expenses between current account items and capital account items follow the classifications as per the Estimates for the purposes of categorizing the annual deficit.

12. Amounts Capitalized

Funds advanced to Crown agencies may be in the form of investments in such agencies or as loans or advances. Payments and receipts related to principal portions of these loans, advances and investments are capitalized on the Statement of Financial Position. Depending upon the relevant legislation and/or particular circumstances under which a Crown agency is established, the profits generated by their operations may be: (a) turned over to the Province and recorded as revenue; (b) used to repay loans and advances made to the agency by the Province; or (c) retained by the agency.

Amounts capitalized for 31 March 2009 amounted to \$331.8 million (31 March 2008 - \$11.5 million). See Schedule K - Reconciliation of Budgetary Contribution (Requirement) to Accrual.

13. Contingent Liabilities**(a) Guaranteed Debt**

Guarantees made by the Province as at 31 March 2009 amounted to \$1,748.6 million (31 March 2008 - \$1,865.1 million). In addition, the Province guaranteed the interest thereon. See Schedule G - Guaranteed Debt.

(b) Legal Actions

- (i) There have been a number of statements of claim alleging negligence on the part of Government employees and agencies in not preventing abuse while these claimants were under Government care.
- (ii) A number of claims have been filed against the Province for alleged breaches of contracts and/or tenders as well as for general damages and personal claims pursuant to action initiated by the Province.

NOTES TO THE FINANCIAL STATEMENTS (continued)

(c) Other**(i) Registrar of the Supreme Court**

The Province of Newfoundland and Labrador guarantees all sums required to discharge the balances of the Registrar of the Supreme Court as administrator, guardian, trustee, etc. (*Judicature Act*). See Schedule I - Trust Accounts.

(ii) Pensions**a) Province of Newfoundland and Labrador Pooled Pension Fund**

Pursuant to Section 9 of the *Pensions Funding Act*, the Consolidated Revenue Fund is liable for any deficiency in the Province of Newfoundland and Labrador Pooled Pension Fund covered by that Act. See note 9.

b) Memorial University of Newfoundland Pension Fund

Pursuant to Section 6 of the *Memorial University Pensions Act*, if there is insufficient money in the Memorial University of Newfoundland Pension Fund to provide for the payment of applicable expenditures as they fall due, the Consolidated Revenue Fund is liable for payment of an amount to cover the deficiency. As at 31 March 2009, the Memorial University of Newfoundland Pension Plan had an unfunded pension liability for funding purposes of \$271.0 million. However, there currently exists sufficient money in the Fund for the payment of expenditures as they fall due.

(iii) Trust Accounts

Generally, the Province is contingently liable for any shortage that may occur for certain funds held in trust by the Province. Currently, all obligations held have an offsetting asset. See Schedule I - Trust Accounts.

(iv) Canadian Saltfish Corporation

On 17 July 1970, the Province entered into an agreement with the Government of Canada for the marketing of saltfish products by the Canadian Saltfish Corporation (the Corporation), pursuant to the *Saltfish Act*. The Agreement provided that the Province is required to pay to the Government of Canada a proportional share of 50 per cent of the losses of the Corporation. This share is based on the total value of annual sales of cured fish products applicable to each participating province.

On 19 February 1993, the Government of Canada requested that the Province compensate it for losses incurred to 31 March 1992. The amount which the Government of Canada calculated as the Province's share of the losses was \$21.6 million.

The Corporation was dissolved with effect from 1 April 1995, so that resolution of the matter will be between the Government of Canada and the Province. However, the Province takes the position that for a number of reasons, including the fact that the Corporation engaged in activities beyond its mandate as determined by the Auditor General of Canada and confirmed by the Department of Justice of Canada, it is not liable for the amount claimed.

(v) Newfoundland and Labrador Student Loans Program

Under the loan guarantee component of this Program, the Province has issued guarantees totalling \$0.1 million. Under the debt reduction component of the Program, the Province is contingently liable for possible grants totalling \$14.5 million, of which \$10.9 million has been recorded as a provision for likely amounts payable related to student loans due to the debt reduction component. See Schedule E - Other Liabilities.

(vi) Environmental Responsibility

As a result of delivering its stated programs and initiatives, there are a number of sites throughout the Province which are considered potentially contaminated sites. A liability will be accrued in the financial statements when it has been determined that the Province is liable for a site which has become contaminated and where a reasonable estimate of the remediation costs can be made. To date, \$7.9 million has been recorded (see Schedule E - Other Liabilities).

NOTES TO THE FINANCIAL STATEMENTS (continued)

Where it is uncertain as to whether an obligation exists for the Province to remediate a contaminated site, then information on any such sites will be disclosed as contingent liabilities.

As at 31 March 2009, while the Province is aware of a number of contaminated sites, the full extent of the remediation costs for these known sites is not readily determinable. It is the responsibility of the departments to identify any other potentially contaminated sites which are owned by the Province and to collect the information necessary to assess the extent or likelihood of any environmental damage. As contaminated sites are identified, additional environmental liabilities may be recognized or contingent liabilities disclosed due to newly identified sites and/or changes in the assessments of currently known sites.

14. Contractual Obligations

Contractual obligations to outside organizations in respect of contracts entered into before 31 March 2009 amount to \$651.8 million of which \$303.2 million (31 March 2008 - \$304.7 million) is for capital projects, \$175.4 million for provincial policing service agreement, \$73.2 million for ferry services, \$33.9 million for information technology services, \$28.0 million for lease payments, \$12.9 million for forestry management and \$25.2 million for other projects.

These contractual obligations will become liabilities and expenses of the Consolidated Revenue Fund when the terms of the contracts are met. Payments in respect of these contracts and agreements are subject to the voting of supply by the Legislature.

15. Cash Requirements

The following summarizes the actual cash requirements, borrowings and utilization of the borrowings in excess of cash requirements for the year ended 31 March 2009. The total borrowing contribution has been adjusted for the modifications to the cash basis of accounting to arrive at the cash requirement. Please refer to the Report on the Program Expenditures and Revenues of the Consolidated Revenue Fund for the year ended 31 March 2009 for further information on the calculation of the Total Borrowing Contribution of \$666.0 million noted below.

NOTES TO THE FINANCIAL STATEMENTS (continued)

16. Mining Taxes

The Province remits a percentage of mining revenues received as taxes per the Labrador Inuit Land Claims Agreement and the Memorandum of Agreement concerning the Voisey's Bay Project. As at 31 March 2009, there was no payable due in relation to these agreements (31 March 2008 - \$28.9 million).

17. Measurement Uncertainty

Measurement uncertainty exists when it is reasonably possible that there could be a material variance between the recognized amount and another reasonably possible amount, as there is whenever estimates are used. Estimates are based on the best information available at the time of preparation of the financial statements and are adjusted annually to reflect new information as it becomes available. Some examples of where measurement uncertainty exists are the accrual of retirement benefits, the allowance for guaranteed debt and the accrual of self-insured workers' compensation benefits.

18. Original Estimates

Certain amounts in the 2008-09 Estimates shown for comparative purposes were prepared on the accrual basis.

The primary focus of the accrual budget information presented in the 2008-09 Budget Speech was to adhere to the more general format of the Consolidated Statement of Operations in Volume I. The details of the budgeted revenue and expense items that comprised the annual surplus amount of \$425.9 million (consistent with the more detailed format of the non-consolidated Statement of Operations in Volume II) were not disclosed in the 2008-09 Budget Speech but rather were obtained from internal documentation used to calculate the budgeted surplus disclosed in the 2008-09 Budget Speech. In addition, an amount for Net Debt was also obtained from internal documentation.

In arriving at the original estimate figures on the Statement of Operations, implicit costs associated with the acquisition of tangible capital assets, which were eliminated from these items, were estimated based on a reasonable allocation methodology.

19. Additional Notes

In addition to the aforementioned, there are various other notes disclosed in the schedules which follow.

20. Comparatives

Certain of the 31 March 2008 financial statement figures and related schedules have been restated to be consistent with the 31 March 2009 statement presentation.

NOTES

1. Business Investment Corporation

The Province advanced funds to Business Investment Corporation for the purpose of making loans and equity investments to enable it to carry out its mandate. The advances were non-interest bearing and had no fixed terms of repayment or maturity date.

2. Newfoundland and Labrador Industrial Development Corporation

Funds have been advanced, or assets transferred, to Newfoundland and Labrador Industrial Development Corporation for the purpose of providing long-term financing to industrial and resource based companies. In return, the Province would receive non-interest bearing notes with no fixed terms of repayment or maturity dates. Any balance available out of net profits or equity redemptions is to be paid to the Province at such intervals and in a manner that the Minister of Finance may direct.

During the year, the Legislature of the Province passed the Energy Corporation of Newfoundland and Labrador Water Rights Act which extinguished NIDC's water rights to the Lower Churchill River without any compensation. These water rights, valued at \$30.0 million, had been purchased by NIDC with funding provided by the Province. As a result of the expropriation, there was no prospect of repayment of the corresponding long term debt by NIDC. Consequently, Treasury Board directed that the \$29.4 million debt owed by NIDC to the Province be written off.

3. Interest Rates and Loan Terms

Interest rates on loans range from non-interest bearing to 14% and are repayable over terms not exceeding twenty-five years.

4. Allowance for Doubtful Accounts

The allowance for doubtful accounts for 31 March 2009 is \$77.3 million (31 March 2008 - \$104.6 million).

NOTES

1. Tangible Capital Assets

Tangible capital assets are capitalized on the Statement of Financial Position with the cost of the assets amortized over the estimated useful life of the assets. Fully amortized tangible capital assets are recorded at gross cost and accumulated amortization.

2. Work In Progress

Work in progress is considered to be a tangible capital asset, however it is not amortized as it is not yet available for use. Government currently has a number of projects under construction or development with a total for 31 March 2009 of \$268.9 million (31 March 2008 - \$178.1 million) having been spent on these projects to date. Upon completion, these assets are recorded in the appropriate category in the schedule. The additions of \$98.9 million include \$28.0 million of work in progress assets that have been capitalized in the year. Net additions to work in progress assets amount to \$118.8 million for 2008-09.

3. Amortization Expense

Amortization net of disposals in the amount of \$66.6 million as reported in the schedule consists of amortization expense of \$81.0 million less accumulated amortization on assets disposed of in the year in the amount of \$14.4 million.

Amortization net of disposals as at 31 March 2008 was \$69.1 million which consisted of amortization expense of \$78.8 million less accumulated amortization on assets disposed of in the year in the amount of \$9.7 million.

TANGIBLE CAPITAL ASSETS (continued)

4. Estimated Useful Life

The historic cost of the assets is estimated in many cases, and amortization is calculated on a straight line basis over the following useful lives:

<u>Asset</u>	<u>Estimated Useful Life</u>
Buildings	40 years
Marine vessels & aircraft	
Marine vessels	20 years
Aircrafts	20 years
Equipment & machinery	
Heavy machinery and equipment	20 years
Snow removal machinery and equipment	10 years
Office/other machinery and equipment	10 years
Vehicles	5 years
Computer hardware	4 years
Infrastructure	
Roads	20 years
Airstrips	20 years
Marine facility infrastructure	20 years
Other infrastructure assets	20 years
Land	indefinite
Bridges	40 years
Computer software	7 years

5. Historical or Cultural Assets

In accordance with current accounting standards, certain assets which have historical or cultural value belonging to the Province are not included in this schedule. Such assets consist of paintings, sculptures, historical documents, and historical and cultural artifacts.

6. Intangible and Inherited Assets

Intangible assets and items inherited by right of the Crown, such as Crown lands, forest, and mineral resources, are not recognized as tangible capital assets in accordance with current accounting standards.

7. Leased Assets

The gross amount of leased tangible capital assets is \$36.3 million (31 March 2008 - \$38.2 million), amortization expense is \$1.0 million (31 March 2008 - \$1.2 million) and accumulated amortization is \$18.4 million (31 March 2008 - \$18.5 million). These are included in the appropriate category in the schedule.

TANGIBLE CAPITAL ASSETS (continued)

8. Prior Period Adjustment

As per note 10 to the financial statements, there is a prior period restatement resulting in a \$43.7 million decrease in the net book value of tangible capital assets. Of this amount, \$27.0 million relates to the cumulative effect on the beginning balance for the 2007-08 fiscal year which consists of the following changes with respect to each applicable asset category.

Category	Original Cost Increase (Decrease)	Accumulated Amortization Increase (Decrease)	Net Book Value Increase (Decrease)
	(\$mil)	(\$mil)	(\$mil)
Building	(6.3)	(0.2)	(6.1)

NOTES

1. Details of Debt Issues

- a) Non-callable.
- b) Non-callable by the Province, except upon changes in tax status and/or law, then as a whole at par.
- c) This amount represents the net proceeds from the sale of \$494 million discounted treasury bills with maturity dates ranging from 02 April 2009 to 25 June 2009 and interest rates ranging from 0.355% to 0.93%.
- d) Callable at par at the option of the Minister of Finance of Canada upon six months' prior written notice, subject to the requirements of the Canada Pension Plan. Commencing March 1999, the Province has an option, pursuant to amendments of the Canada Pension Plan enacted by the *Canada Pension Plan Investment Board Act*, to refinance for a final twenty year term maturing Canada Pension Plan borrowings, provided sufficient monies are available in the Canada Pension Plan Investment Fund. The Province has exercised an option to refinance its maturing Canada Pension Plan debt and to date has rolled over, for a further 20 year term, all funds made available by the Canada Pension Plan Investment Fund from March 1999 to June 2005. Commencing July 2005, Canada Pension Plan borrowings have not been rolled over and have been allowed to mature.
- e) This is a loan from the Canada Mortgage and Housing Corporation for the acquisition and construction of the Harbour Lodge. This loan is repayable over a 50 year period in blended annual installments of principal and interest, at an interest rate of 7.875%, maturing 1 December 2021.

The foreign exchange gain which has been realized on the Statement of Operations is \$13.2 million.

5. Sensitivity Analysis

An increase/decrease of one cent in the foreign exchange rates at 31 March 2009 would result in an increase/decrease in foreign borrowings of \$10.5 million (31 March 2008 - \$10.5 million).

6. Related Sinking Fund Investments

At year end, the Province held \$606.3 million worth of its own debentures (face value) in sinking funds as active investments (31 March 2008 - \$530.9 million) which are reflected in the sinking fund balances disclosed in note 3 above. These were comprised of \$453.4 million in Canadian investments and \$152.9 million in US investments.

DEBENTURE AND OTHER DEBT (continued)

7. Debt-Related Risk

The practice of borrowing in both domestic and foreign currencies may potentially give rise to a number of risks including interest rate, credit, foreign exchange and liquidity risk. Interest rate risk is the risk that debt servicing costs will increase due to changes in interest rates while credit risk is the risk that a loss may occur from the failure of another party to meet its obligations under a derivative financial instrument contract. As well, foreign exchange risk is the risk that debt servicing costs will increase due to a decline in the value of the Canadian dollar relative to other currencies while liquidity risk is the risk that financial commitments will not be met over the short-term.

The Province attempts to manage its exposure to these risks and minimize volatility in its debt expenses by following a conservative debt and risk management strategy. The Province's debt portfolio is structured such that virtually all of its debt is long-term with fixed interest rates and fixed repayment terms. When appropriate and the option is available, debt with high interest rates has been called and refinanced with new lower interest rate debt. Otherwise, debt is generally held until maturity. Hence, the Province's exposure to interest rate and credit risk is minimal as a result of its conservative debt management strategy.

While the majority of the Province's debt is domestic in nature, there are a number of US dollar denominated debt issues. All of these are long-term issues and the Province has established sinking funds, also in US dollars, to provide repayment of the debt at maturity. For debt servicing purposes, short-term forward contracts are occasionally entered into when favorable exchange rates are available to minimize exposure to foreign exchange risk.

The Province's exposure to liquidity risk is managed by distributing debt maturities over several years, maintaining sinking funds for the repayment of certain long-term debt issues and holding adequate cash reserves or short-term borrowings as contingent sources of liquidity.

NOTES**1. Definitions**

The headings used in this Schedule are defined as follows:

Limit of Guarantee - This represents the maximum amount of loan advances available under the Province's guarantee plus capitalized interest thereon and past due interest, less down payment and less any received Provincial subsidy.

Contingent Liability - This represents the actual amount of loan advances (drawdowns) outstanding under the various guarantees plus capitalized interest thereon and past due interest. This represents the amount that the Province would be liable for if it had to honour these guarantees at year end.

The difference between these two amounts reflects the financing still available under the Province's guarantee. As of 31 March 2009, capitalized interest and past due interest amounted to nil and nil respectively.

2. Debenture Issues with Sinking Funds

Corporations for which guarantees are presented net of sinking fund values:

GUARANTEED DEBT (continued)

3. Fisheries Loans

During a vessel's construction period, interim financing is provided through bank loans which are fully guaranteed by the Province. Once construction has been completed, these interim loans are converted to term debt by the banks. With regard to these term loans, the Province's contingent liability under each individual guarantee is determined as being limited to the lesser of the term loan or 20% of the aggregate of all term loans made by the Bank, less the total of all claims paid to the Bank by the Province with respect to these loans.

For the fiscal year ended 31 March 2009, the Province's contingent liability with respect to these guarantees is \$33.2 million (31 March 2008 - \$32.8 million).

4. Newfoundland and Labrador Immigrant Investor Fund Limited

The Corporation was incorporated on 28 April 2005 under the *Corporations Act* of the Province of Newfoundland and Labrador. The purpose of the Corporation is to administer and invest the Newfoundland and Labrador allocation of funds received from immigrant investors by Citizenship and Immigration Canada under its Business Immigration Program. The Province guarantees repayment of the funds received.

5. Student Loan Corporation of Newfoundland and Labrador

The Corporation was established on 30 March 2004 under the authority of the *Student Financial Assistance Act* for the purpose of funding and administering loans to qualifying post-secondary students. On 31 March 2004, the Corporation borrowed \$213 million, primarily to finance the purchase of the outstanding student loan portfolio from the previous service provider - a Canadian chartered bank. The Corporation has since reduced the principal amount by \$43 million and during 2006-07 refinanced the balance for a term of five years. The borrowing is unconditionally guaranteed as to principal and interest by the Province.

6. Payments under Guarantee

During the 2008-09 fiscal year there were no payments under guarantee.

7. Valuation Allowance

The provision for guaranteed debt for 31 March 2009 is nil (31 March 2008 - nil).
