Agriculture Research

The objective of the Agriculture Research Program is to provide support for creating opportunities to further improve the sustainability, resiliency, and competitiveness of the sector. Investment will focus on basic and applied research, knowledge and technology transfer activities, supporting the development of highly qualified personnel, pilot projects, and on-farm and post-farm demonstration activities. **Please consult the Sustainable CAP Program Guide pages 25-27 for information relevant to this application.**

Indicate which of the following describes your proposed project:

Development of Highly Qualified Personnel	Innovation Forum or Research Conference
Basic and/or Applied Research	Agricultural Research and Knowledge Transfer for Indigenous peoples
Climate Change Research	On-farm Demonstrations
Post-farm Demonstrations	Other

For **Agriculture Research**, you must include a copy of your research proposal, budget and supporting documentation.

Select any of the following groups who will directly benefit² from the project's activities. Select all that apply. (Please note this information is for data collection only and will not influence the decision regarding the project):
