

PROVINCE-WIDE BASIC 911 IMPLEMENTATION Boundary Assessment Form

In preparing Public Safety Answering Points ((PSAPs) aka. 911 Centers) for a Basic 911 service province-wide, the 911 Implementation Team will require information on street names and/or landmarks within your community. Should your fire department provide service outside your community, we request that you provide those street names and/or landmarks as well. This information will aid in the creation of an “Emergency Zone Map” which will be essential in the delivery of emergency services.

There are a number of options by which your community can provide this information to us:

1. If your community has an existing compiled street listing, in digital copy, simply forward the copy via email to kodriscoll@gov.nl.ca
2. If your community does **not** have a list available, you can provide the required information via the following options:
 - Provide a list of street names and/or landmarks in a spreadsheet (i.e. Excel) then attach the document and forward to kodriscoll@gov.nl.ca
 - Complete the online form by visiting our website at <http://www.gov.nl.ca/fes/forms/index.html> then submit the saved PDF via email to kodriscoll@gov.nl.ca
 - Complete the attached form and return it via mail to the following address:
