

Department of Fisheries, Forestry and Agriculture

**2021 Spruce Budworm Early Intervention Strategy Program
Daily Update**

Date: June 20, 2021 **Time:** 12:30 pm

Message:

The Department of Fisheries, Forestry and Agriculture will be conducting a Spruce Budworm Early Intervention Strategy Program on the west coast of Newfoundland during June 2021 using the biological control product Btk.

Information regarding the program, including maps of spruce budworm treatment block locations, is available on the Department of Fisheries, Forestry and Agriculture website at: [2021 Insect Control Program - Fisheries, Forestry and Agriculture \(gov.nl.ca\)](https://www.gov.nl.ca/2021-insect-control-program-fisheries-forestry-and-agriculture).

Individuals seeking further information about this year's program can call the department at: 1-877-636-2996 and leave a voice mail message. Messages are checked throughout the day for reply by staff. The public can also contact the department at: 709-637-2343 or by email at: jeffmotty@gov.nl.ca.

Daily Update Information:

No treatment activity took place last evening (June 19) or this morning (June 20) due to weather conditions.

Subject to weather conditions, treatment blocks 301, 306, 318 and 319 are scheduled for further treatment today (Sunday, June 20).

Daily updates will be provided throughout duration of the program.
