

Department of Fisheries, Forestry and Agriculture

2021 Spruce Budworm Early Intervention Strategy Program Daily Update

Date: June 30, 2021 **Time:** 2:00 pm

Message:

The Department of Fisheries, Forestry and Agriculture will be conducting a Spruce Budworm Early Intervention Strategy Program on the west coast of Newfoundland during June 2021 using the biological control product Btk.

Information regarding the program, including maps of spruce budworm treatment block locations, is available on the Department of Fisheries, Forestry and Agriculture website at: [2021 Insect Control Program - Fisheries, Forestry and Agriculture \(gov.nl.ca\)](https://www.gov.nl.ca/2021-Insect-Control-Program-Fisheries-Forestry-and-Agriculture).

Individuals seeking further information about this year's program can call the department at: 1-877-636-2996 and leave a voice mail message. Messages are checked throughout the day for reply by staff. The public can also contact the department at: 709-637-2343 or by email at: jeffmotty@gov.nl.ca.

Daily Update Information:

No treatment activity took place last evening (June 29) or this morning (June 30) due to weather conditions

Subject to weather conditions, the following treatment blocks are scheduled for treatment today, Wednesday, June 30, with a first application of the biological control product Btk in the following location(s):

- North of Gros Morne National Park – Treatment blocks 110, 111, 112, 113, 116 and 135
- East of Gros Morne National Park – Treatment blocks 206, 207 and 208
- South of Gros Morne National Park – Treatment blocks 309, 310, 311, 312 and 313
- South of Bay of Islands – Treatment Blocks 410 and 413

Daily updates will be provided throughout duration of the program.
