MOOSE MANAGEMENT AREA 21
RATTLING BROOK

All that area of the Island of Newfoundland bounded by a line beginning at the western abutment of the bridge crossing Rattling Brook along the Trans Canada Highway, TCH, Route 1; then following the western bank of Rattling Brook in a southerly direction to its confluence with Rattling Lake; then following the western and then southern shoreline of Rattling Lake in a southeasterly direction to the stream at its southeastern extremity; then following the southwestern bank of this stream to the southwestern shoreline of an unnamed pond and continuing on in a southeasterly direction to a stream flowing from Upper Christmas Pond; then following the western then southern shoreline of Upper Christmas Pond in a southeasterly direction to the main channel of the stream flowing from an unnamed pond; then following the western shoreline of said unnamed pond in a generally southerly direction to a brook at its southern extremity; then following the southwestern bank of said brook in a southeasterly direction to its confluence with Lewis Pond; then following the southwestern shoreline of Lewis Pond in a southeasterly direction to a stream flowing from Little Dowd Pond; then following the southern bank of this stream in a southeasterly direction to Little Dowd Pond; then following the western then southern shoreline of Little Dowd Pond in a generally southerly direction to Little Dowd Pond; then following the western then southern shorelines of Little Dowd Pond in a southeasterly direction to Dowd Pond; then following the western then southern shorelines of Dowd Pond to a brook at said pond's southeastern extremity; then following a straight line in a southeasterly direction to the eastern bank of the mouth of Great Gull River on the Northwest Gander River; then following the southern bank of the Northwest Gander River in a generally westerly then southeasterly direction to UTM coordinates 601894 meters east and 5368055 meters north; then following a straight line in a westerly then northwesterly direction to a small pond on the headwaters of South Great Rattling Brook at UTM coordinates 585800 meters east and 5370926 meters north; then following a straight line in a northwesterly direction to the southwestern bank of said brook and the Exploits River on the Northwest Gander River; then following the southwestern bank of said brook in a southeasterly direction to its confluence with the Exploits River; then following the southwestern bank of the Exploits River in a northeasterly direction to Beaumont Point on the southeastern shoreline of the Bay of Exploits; then following the coastline of the Bay of Exploits in a southeasterly direction to its confluence with Rattling Brook; then following the western bank of Rattling Brook in a generally southerly direction to the point of commencement; excluding all offshore islands.

Note: This map has been prepared as a convenient reference tool. It is not a legal document. The Wildlife Act and Regulations and the Annual Hunting Orders published therein should be consulted for all purposes of interpreting and applying the law. Contact the Wildlife Division for additional information.

Pack It In - Pack It Out
Garbage and litter on our landscape is becoming a serious problem. The best and only alternative for garbage is a Pack It In, Pack It Out policy. You carried it in, carry it out when they are full. It's a lot easier to carry them out when they are empty. Please take your garbage home with you and dispose of it in the proper manner.
