Date

Signature of Applicant (Must be an Authorized Signing Authority for the Organization)

Information for NFP Moose License Applicants

Background:

A limited number of big game moose licences will be available to registered not-for-profit organizations within the province. Up to 370 licences will be made available throughout the province to qualified not-for-profit organizations. Those organizations may in turn utilize qualified resident big game hunters to secure the meat for charities and service groups who use it for fundraising purposes.

The Wildlife Division will be conducting an analysis of the Not for Profit Moose Licence Program to obtain an understanding of the financial / social impact of the program. Successful applicants are asked to keep accurate financial records of fund raising efforts associated with the sale of moose harvested under a NFP licence.

Who Can Apply:

Applications will only be accepted from incorporated not-for-profit or registered charitable organizations operating in Newfoundland and Labrador.

Non-incorporated committees and groups will not be eligible for a NFP Moose Licence. However, if they are affiliated in some way with a larger group that is incorporated, the larger group may apply on their behalf.

Application Procedure:

- Completed applications must be received at the Wildlife Division Headquarters Office by 4:30pm NST **April 29, 2022**.
- Application must be signed by an individual authorized to sign on behalf of the incorporated not-for-profit or registered charitable organization.
- Licences will be awarded and mailed to successful applicants before the start of the 2022 Big Game Season. Unsuccessful applicants will be notified.
- Qualifying organizations must apply for a licence in one individual moose management area. If demand exceeds availability on a regional basis, a random draw will be held and the licences awarded until the regional allotment is utilized.
- NFP applicants must identify and only permit up to four eligible hunters to hunt to behalf of the organization.
- Licences will be issued directly to the not-for-profit organization which, in turn, can designate not more than two eligible big game hunters at any one time to hunt the moose on its behalf.
- Incomplete applications will be rejected and will not be eligible for the NFP draw.

Additional Information for Applicants:

- There is no fee associated with this licence.
- Unsuccessful applicants will not be accommodated in a 2nd or 3rd choice of management area.
- Licences not awarded in a region will not be carried over to future years or applied to another region.
- Eligible applicants who were unsuccessful in receiving a licence in 2021 will receive priority in the 2022 NFP draw.
- Licenses unfilled will not be carried over or honored in subsequent hunting seasons.
- Successful licence holders must submit a licence return detailing the results of the hunt.
- Existing provisions related to the distribution of harvested big game meat apply.
- All other laws of general application for hunting are applicable.
- Seasons will be consistent with those outlined in the 2022 Hunting & Trapping Guide for the management area in which the licence is valid. (<https://www.gov.nl.ca/ffa/wildlife/hunting-trapping/>)
- Additional NFP licences are available in Gros Morne National Park, MMA 2E (75) and in Terra Nova National Park, MMA 28A (10). To apply for these licences please contact the National Parks directly at: GMNP 709-458-2417 or TNNP 709-533-2801
