

Analysis of 2015 Licence Draw by Area Choice

The following information can be used as a guide in selecting your areas and determining your chances of receiving a licence in 2016. For example, if your application is a pool 6 application, you should list areas that go at least as far as pool 6 party in last year's draw. You should also consider listing areas that have gone to pool 7 to pool 9 to further increase your chances of getting a licence. However, you should only apply for areas in which you are prepared to hunt.
