RETAILER INVENTORY REFUNDS

All gasoline retailers must take and record their existing inventory of gasoline products as of 12:01 a.m., Thursday, June 1, 2017 and again as of 12:01 a.m., Friday, December 1, 2017. The Gasoline Retailer Refund Application should be completed and submitted as soon as possible following each inventory count in both June 2017 and December 2017 in order to receive an earlier refund of the higher gasoline tax paid on inventory due to the decrease in gasoline tax rates. However, the deadline to apply for such refunds is 3 years following the effective date of the gasoline tax rate decreases. If the retailer does not carry any gasoline inventory at the time of the tax rate decrease or inventory is less than 118 litres at June 1, 2017 or 250 litres (or 400 litres for Labrador Border zones) at December 1, 2017, refund applications are not required to be filed. Completed refund applications should be forwarded to:

Fax: (709) 729-2856
Mail: Department of Finance
Tax Administration Division

Refunds are expected to be issued within 60 days from the receipt of the application. No refund will be issued for amounts less than $10. Refunds will only be issued via direct deposit. If you currently do not have direct deposit set up with the Government of NL, please obtain and complete the Supplier Setup and Maintenance Form from Government’s website at www.fin.gov.nl.ca/fin/forms/supplier_setup_maintenance_form.pdf in order to receive your refund.
