

The Newfoundland and Labrador **PRESCRIPTION DRUG ACCESS PLAN**

Through a new program announced in Budget 2006, those with low incomes can receive help and only be responsible for 20-70% of their drug costs, even if they already have insurance.

Here are three examples of how the Access Plan works:

- 1) An individual with a net income of \$20,000 would have a co-payment of 28% (We pay the rest).
- 2) A couple with no children and a net income of \$23,000 would have a co-payment of 29% (We pay the rest).
- 3) A family (including single parents) with a net income of \$33,000 would have a co-payment of 32% (We pay the rest).
