As Acting Chairperson of the committee, my signature below is indicative of the entire committee's accountability for the actual results reported herein.

Yours sincerely,

Medical Consultants' Committee

2.0 Committee Overview

The committee reviews the patterns of practice and billing procedures of physicians who submit claims to the Medical Care Plan (MCP) as well as the utilization of services by beneficiaries. The committee advises the Minister of Health and Community Services of its findings. The committee is a key component in the Department of Health and Community Services (DHCS) audit function. It can recommend recovery of funds billed in error and other corrective actions and serves to deter misbilling by fee-for-service physicians.

The committee consists of seven members, as follows:

- Three physicians appointed by the Minister of Health and Community Services from a list submitted by the Newfoundland and Labrador Medical Association. These members serve for a period of up to five consecutive years.
- A chartered accountant appointed by the Minister. This member serves for a period of up to five consecutive years.
- The Department's Director of Physician Services, Assistant Medical Director and Dental Director are ex officio members.

Committee membership during 2015-16 was as follows:

1. Dr. Ed Williams DDS, Dental Director, Department of Health and Community Services (Acting Chairperson)
2. Dr. Larry Alteen, Medical Consultant, Department of Health and Community Services
3. Dr. Robert Randell, Specialist
6. Dr. Richard Barter, non-salaried General Practitioner
7. Ms. Peggy Coady, Chartered Accountant

It is noted that the Assistant Medical Director position is in the process of being filled after Dr. Fleming's retirement and that a salaried general practitioner is being sought to replace Dr. Dan Hewitt.

The committee meets when one or more medical billing audits have reached the stage where they are ready for review by the committee. Historically, it has met from one to four times a year. During 2015-16 the committee held its meetings at the Confederation Building in St. John's.

The committee is not required to prepare an audited financial statement. Administrative support and reimbursement of the committee's members' expenses are provided by the Audit and Claims Integrity Division of the Department of Health and Community Services. In 2015-2016 the committee met three times. Total expenses for the meeting held were as follows:

Per Diems	\$8,062.50
Travel*	\$ 0
Food/Refreshments	<u>\$ 526.19</u>
Total	<u>\$8,588.69</u>

*Committee members who reside outside the Northeast Avalon are reimbursed for travel and accommodation expenses in accordance with Government travel policy. There were no members eligible for travel expenses in 2015-16.

2.1 Mandate

The committee is established pursuant to Sections 14 and 15 of the Medical Care Insurance Physicians and Fee Regulations under the *Medical Care Insurance Act, 1999*. The duties and responsibilities of the committee include providing advice to the Minister as follows:

3.0 Report on Performance 2015-2016

3.1 Vision

The committee supported the vision of the Department of Health and Community Services. The committee worked to ensure the financial integrity of a key component of the health care system based on the belief that proper stewardship of public funds added strength to the Department's efforts to realize its vision.

The vision of the Department of Health and Community Services is for individuals, families and communities to achieve optimal health and well being.

3.2 Mission

The Medical Consultants' Committee's mandate is not broad enough to develop a separate mission, therefore it has adopted the Departmental Mission. The Committee contributes to the Departmental mission by providing an informed, professional assessment with respect to physician billing issues. This level of record review adds credibility to compliance audit findings and recommendations to the Minister.

By March 31, 2017, the Department of Health and Community Services will have provided leadership to support an enhanced health care system that effectively serves the people of the province and helps them achieve optimal health and well-being.

Annual Objective 2015-2016

Over the course of the three year period from the beginning of fiscal 2014/15 to the end of fiscal 2016/17, the Medical Consultants' Committee will meet at least once each year and review cases prepared by the Audit and Claims Integrity Division of the Department of Health and Community Services. In so doing, this Committee further extends Government's ability to ensure the wise and prudent use of public resources.

The Committee has developed the following annual objective to measure its performance in auditing fee for service physician billing practices. The defined mandate of this Committee results in the annual objective, measure and indicators remaining the same for each year of this Activity Plan. Progress will be reviewed at the end of each year to determine if changes in the indicators are necessary. In compliance with the *Transparency and Accountability Act*, the Committee also intends to prepare annual activity reports (i.e. 2014-2015, 2015-2016 and 2016-2017) on the extent to which the annual objective has been achieved.

By March 31, 2015, 2016 and 2017 the Medical Consultant's Committee will have reviewed the patterns of practice and billing procedures of participating physicians and the utilization of services by beneficiaries in cases prepared by the Audit and Claims Integrity Division of the Department of Health and Community Services.

Discussion of Results (2015-2016):

Cases prepared by the Audit and Claims Integrity Division were subjected to reviews by HCS' Audit Manager and Assistant Medical Director. The committee's work represented an additional level of record review of the patterns of practice and billing procedures of participating physicians and the utilization of services by beneficiaries which added further credibility to audit findings. The committee reviewed all evidence presented by the Audit and Claims Integrity Division and recommended recovery of funds billed in error and other corrective actions that served to deter misbilling by all fee-for-service physicians. This focused review contributed to the prudent use of public resources and increased accountability and stability in the delivery of health and community services.
