

National Case Report Form

Check one: **MEASLES** **RUBELLA** **CONGENITAL RUBELLA SYNDROME/INFECTION**

IDENTIFICATION

Case Number assigned by province/territory	Health Unit, City & 1st Three Postal Code Digits
Date of Birth If not available, specify AGE in years	YYYY-MM-DD Date Reported to Health Unit YYYY-MM-DD
Sex If FEMALE, pregnant?	FEMALE MALE Date Investigation Initiated YYYY-MM-DD Yes No Unknown

BACKGROUND, EXPOSURE & CLINICAL INFORMATION

MEASLES incubation period is 7-21d prior to onset of rash; communicable 4d before to 4d after rash onset	RUBELLA incubation period is 14-21d prior to onset of rash; communicable 7d before to min. 4d after rash onset
Date of Rash Onset YYYY-MM-DD Clinical illness and epidemiologic link to a lab-confirmed case Yes No Hospitalized Yes No Unknown <small>Due to measles/rubella or due to disease complications</small>	Vaccination History Yes No Unknown Date dose 1 YYYY-MM-DD Date dose 2 YYYY-MM-DD Date dose 3 YYYY-MM-DD Outbreak associated Yes No Unknown

Source: outside Canada
 OR in Canada, linked to an imported case/chain
 OR in Canada, linked to case/chain of unknown source
 OR unknown source

In the space provided or attach a sheet:

- list all countries, dates of travel and setting(s) of exposure during incubation and communicable periods
- if new to Canada, note country of birth and/or year of immigration
- any other lab or exposure information

LABORATORY INFORMATION

measles virus isolated Yes No Not Done measles virus detected Yes No Not Done significant rise/change in measles-specific antibody Yes No Not Done positive measles-specific IgM serology* Yes No Not Done	rubella virus isolated Yes No Not Done rubella virus detected Yes No Not Done significant rise/change in rubella-specific antibody Yes No Not Done positive rubella-specific IgM serology* Yes No Not Done
---	---

* Cases with no epidemiologic link to a lab-confirmed case nor with recent travel history to an area with known disease activity must be lab-confirmed by virus isolation or convalescent serology

All cases diagnosed within Canada, regardless of citizenship, should be reported to the Public Health Agency of Canada.

PLEASE SEND YOUR DETAILED PROVINCIAL/TERRITORIAL FORM FOR CONGENITAL RUBELLA SYNDROME/INFECTION
