Demonstration Map

A shift in the demonstration map for the Call for Bids was occurring while zooming-in to a larger scale in certain areas. The source Geographic Information System (GIS) data has been adjusted to correct this issue.

The Crown Land Call for Bids Mapping Tool and the Provincial Land Use Atlas have been adjusted accordingly.

The Crown Land Call for Bids Mapping Tool can be viewed here: [IET Wind Energy Bid Process \(arcgis.com\)](#)

The Provincial Land Use Atlas can be viewed here: <https://www.gov.nl.ca/landuseatlas/details/>
