TERRAIN SCIENCES

1	Martin J. Batterson and David M. Taylor Glacial history of the Humber River Basin.....	1
2	Dan Bragg Reconnaissance assessment of bedrock aggregate in central Newfoundland.....	7
3	Dan Bragg, Lawson Dickson and Lloyd St. Croix A preliminary assessment of the south coast of Newfoundland as an area having potential for bedrock aggregate exports.....	13
4	F.J. Kirby Detailed aggregate-resource assessment project, Newfoundland and Labrador.....	19
5	David Liverman and Sharon Scott Quaternary geology of the King's Point map sheet (NTS 12H/9).....	27
6	David Liverman and David Taylor Surficial geology map of insular Newfoundland.....	39
7	D.N. Proudfoot, S. Scott, L. St. Croix and D.M. Taylor Quaternary geology of the Burnt Hill (NTS 2D/5)—Great Gull Lake (NTS 2D/6) map area in southeast-central Newfoundland.....	49
8	M.J. Ricketts and J. McGrath Granular aggregate resource mapping of the Gander Lake (NTS 2D/15), Gander River (NTS 2E/2) and Comfort Cove—Newstead (NTS 2E/7) map areas.....	65
9	S.M. Solomon, S. Swinden, M. Emory-Moore and D.N. Proudfoot Spatial analysis in marine placer exploration: preliminary results from St. George's and Port au Port Bays, Newfoundland.....	77
10	Lloyd St. Croix and David M. Taylor Ice flow in north-central Newfoundland.....	85
11	Sheila Vardy The palynological and geochemical stratigraphy of lake sediments, south-central Newfoundland.....	89

GEOCHEMISTRY/GEOPHYSICS

12	Peter H. Davenport Techniques to determine the quality of geochemical data: examples from regional lake sediment geochemical surveys in Newfoundland.....	95
13	G. Kilfoil From analog aeromagnetic contour maps to enhanced contour images: getting the most from an existing potential dataset.....	107
14	John W. McConnell and Pauline Honarvar Optimizing geochemical soil surveys for gold mineralization in Newfoundland.....	115
15	Larry Nolan UNISTAT: statistical and graphics package for geochemists.....	129

ECONOMIC GEOLOGY

16	D.T.W. Evans, B.F. Kean and G.R. Dunning Geological studies, Victoria Lake Group, central Newfoundland.....	131
17	John P. Hayes and Cyril F. O'Driscoll Regional geological setting and alteration within the eastern Avalon high-alumina belt, Avalon Peninsula, Newfoundland.....	145

18	Ambrose Howse Gypsum assessment in the Carboniferous Bay St. George Subbasin.....	157
19	J. Meyer Graphite, muscovite and heavy-mineral sands exploration in Labrador.....	163
20	Randy Miller The Strange Lake pegmatite—aplite-hosted rare-metal deposit, Labrador.....	171
21	C.M. Saunders and W.R. Smyth Geochemical characteristics of the Gull Lake intrusive suite, and Devils Room Granite, western White Bay, Newfoundland.....	183
22	Scott Swinden, Derek McBride and Benoit Dubé Preliminary geological and mineralogical notes on the Nugget Pond gold deposit, Baie Verte Peninsula, Newfoundland.....	201
23	R. James Weick, Mark Wilson and S. Swinden Mineralization and alteration study of the Main orebody, Consolidated Rambler Mines, Baie Verte, Newfoundland.....	217

REGIONAL GEOLOGY—LABRADOR

24	D. Bridgwater, F. Mengel, L. Schiøtte and J. Winter Reserach on the Archean rocks of northern Labrador: progress report 1989.....	227
25	Andrew Kerr and Tom Krogh The Trans-Labrador granitoid belt in the Makkovik Province: new geochronological and isotopic data and their geological implications.....	237
26	A. Thomas and P. Blomberg Geology of Grenville Province crystalline rocks in the region between Wilson and Winokapau lakes (NTS 13E/1, 13E/2, 13E/7 and 13E/8), south-central Labrador.....	251
27	R.J. Wardle, L.V.J. Crisby-Whittle and P. Blomberg Geology of the Minipi River area (NTS 13C/NW).....	267

REGIONAL GEOLOGY—NEWFOUNDLAND

28	W.D. Boyce Computer aided restoration/reconstruction of trilobites (CARROT).....	277
29	Tomasz Dec The use of detrital clinopyroxene geochemistry for testing and constraining provenance of the Late Precambrian Connecting Point Group, Avalon Zone: a progress report.....	281
30	Tomasz Dec and Steve Colman-Sadd Timing of ophiolite emplacement onto the Gander Zone: evidence from provenance studies in the Mount Cormack Subzone.....	289
31	B.H. O'Brien and S.J. O'Brien Re-investigation and re-interpretation of the Silurian La Poile Group of southwestern Newfoundland.....	305
32	Patrick P. O'Neill Geology of the northeast Gander Lake map area (NTS 2D/15) and the northwest Gambo map area (NTS 2D/16).....	317
33	M.A.J. Piasecki, Harold Williams and S.P. Colman-Sadd Tectonic relationships along the Meelpaeg, Burgeo and Burlington lithoprobe transects in Newfoundland.....	327

GENERAL TOPICS

34	C.F. O'Driscoll, J. Smith, G. Stapleton and D. King Mineral Occurrence Data System.....	341
35	A. Harris and S. Cochrane Core-storage program, 1989.....	345
36	Catherine Patey and Janet Gillespie Geoscan—the national database for geological information: the Newfoundland contribution.....	347
