11. **J.W. McConnell** Seasonal and mining influences on stream-water geochemistry in the Rambler Mines area: Implications for mineral exploration and environmental monitoring 129

ECONOMIC GEOLOGY

12. **D.T.W. Evans and D.H.C. Wilton** Midas Pond gold prospect, Victoria Lake Group, central Newfoundland: A shear-hosted quartz vein system 139
13. **A.F. Howse** Industrial potential of the Coney Arm limestone deposit, western White Bay, Newfoundland 145
14. **J. Meyer and E. Montague** Dimension stone in Labrador 153
15. **R.R. Miller and A.M. Abdel-Rahman** The King's Point Complex, Newfoundland, and its potential for rare-metal mineralization 159
16. **B. Ryan, R.J. Wardle, C.F. Gower and G.A.G. Nunn** Nickel - copper-sulphide mineralization in Labrador: The Voisey Bay discovery and its exploration implications 177

17. **S. Swinden and F. Santaguida** The Montgomery Lake prospect, western Labrador:
Cu(\pm Au?) mineralization related to the Walsh Lake Thrust 205

REGIONAL GEOLOGY - NEWFOUNDLAND

18. **R. D'Lemos, I. Tribe and J. Pembroke** Emplacement and construction of Devonian
'posttectonic' granites, northeast Newfoundland Appalachians 221
19. **A. Kerr** The Hodges Hill Granite between Grand Falls-Windsor and Badger (NTS 2D/13
and 2E/4): Geology, petrology and dimension-stone potential 237
20. **I. Knight** Preliminary 1:50 000 mapping of Lower Paleozoic parautochthonous sedimentary
rocks of the Corner Brook area 257
21. **S.J. O'Brien, C.F. O'Driscoll, B.A. Greene and R.D. Tucker** Pre-Carboniferous geology
of the Connaigre Peninsula and the adjacent coast of Fortune Bay, southern Newfoundland 267

GENERAL TOPICS

22. **W.D. Boyce and S.H. Williams** One and a half centuries of paleontological research: A
selective bibliography of Newfoundland and Labrador fossils 299
