TERRAIN SCIENCES

1. **M. Batterson** Quaternary geology of parts of the central and southern Hopedale Block, Labrador 1
2. **D.J. Bragg** Alkali-aggregate reactivity in Newfoundland 11
3. **F.T. Kirby** Aggregate-resource assessment projects, insular Newfoundland 21
4. **D. Liverman and T. Bell** Late Quaternary glacial and glaciomarine sediments in southern St. George's Bay 29
5. **M.J. Ricketts and S.V. Vatcher** Granular aggregate-resource mapping in the Roddickton – Main Brook area, Great Northern Peninsula, Newfoundland 41

REGIONAL GEOLOGY – LABRADOR

6. **C.F. Gower and T. van Nostrand** Geology of the southeast Mealy Mountains region, Grenville Province, southeast Labrador 55
7. **G.A.G. Nunn and T. van Nostrand** Geology of the Kenemich River map area (NTS 13G/SW), Labrador 73
8. **D.T. James, R.R. Miller, R.P. Patey, S. Thibodeau and G.J. Kilfoil** Geology and mineral potential of the Archean Florence Lake greenstone belt, Hopedale Block (Nain Province), eastern Labrador 85
9. **B. Ryan** Commentary on the location of the Nain–Churchill boundary in the Nain area 109

ECONOMIC GEOLOGY

10. **D.T.W. Evans** Metallogenic studies: Roberts Arm and Cutwell groups, Notre Dame Bay, Newfoundland 131
11. **T. Froude, D.T.W. Evans, D. Mullen and D.H.C. Wilton** The Lochinvar volcanogenic massive-sulphide deposit, Catchers Pond Group, central Newfoundland 149
12. **A.F. Howse and E. Montague** Industrial-minerals surveys in Newfoundland and Labrador 155
13. **R.R. Miller** Ultramafic rocks and Ni – Cu mineralization in the Florence Lake – Ugjoktok Bay area, Labrador 163
14. **C. Saunders** Volcanic rock geochemical database–Version 2.0 175
15. **J.G. Thurlow** Geology of a newly discovered cluster of blind massive-sulphide deposits, Pilley's Island, central Newfoundland 181

GEOCHEMISTRY / GEOPHYSICS

16. **J.W. McConnell** Preliminary report of the soil- and stream-geochemical surveys of the Florence Lake greenstone belt, eastern Labrador 191
