REGIONAL GEOLOGY

1. **A.J. Mills, G.R. Dunning, M. Murphy and A. Langille** New geochronological constraints on the timing of magmatism for the Bull Arm Formation, Musgravetown Group, Avalon Terrane, northeastern Newfoundland. 1
2. **A.J. Mills and H.A.I. Sandeman** Lithogeochemistry of mafic intrusive rocks from the Bonavista Peninsula, Avalon Terrane, northeastern Newfoundland. 19
3. **B. Ryan, J. Connelly and D. James** U–Pb geochronology of the western part of the Nain Plutonic Suite, Kingurutik Lake area (NTS 14D/15). 41
4. **T.S. van Nostrand and S. Broughm** Geology of the Ashuanipi Complex, western Labrador (NTS map sheets 23J/02, 03 and part of 23J/04). 61
5. **A. Westhues** Updated geology of the St. Alban’s map area (NTS 1M/13), Dunnage and Gander zones. 87

TERRAIN SCIENCES

6. **H. Campbell, J.S. Organ and D. Taylor** Till-geochemistry sampling and Quaternary mapping in south-central Newfoundland, Great Burnt Lake (NTS 12A/08), Northern Cold Spring Pond (NTS 12A/01, and Burnt Hill (NTS 2D/05) map areas. 105
7. **H. Campbell, R. Paulen and J. Rice** Quaternary mapping and till geochemistry, Woods Lake, western Labrador (NTS map areas 23I/03, 04, 05, 06, 23I/11 and 12) 119
8. **J.S. Organ, P. Dunlop, S. Benetti, J. Shaw and T. Bell** The Newfoundland Ice Sheet Shelf (NISS) Survey – Research cruise: Bay d’Espoir to Burgeo, Newfoundland. 135

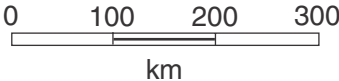

MINERAL DEPOSITS

9. **J. Conliffe** Geology and geochemistry of the Sokoman Formation in the Gabbro Lake area, eastern Labrador Trough. 147
10. **R. King and J. Conliffe** Carbonate-hosted Zn mineralization in the Hare Bay and Pistolet Bay areas, Great Northern Peninsula, Newfoundland. 169
11. **H.A.I. Sandeman, G.R. Dunning, C.K. McCullough and C. Peddle** U–Pb geochronology, petrogenetic relationships and intrusion-related precious-metal mineralization in the northern Mount Peyton intrusive suite: Implications for the origin of the Mount Peyton trend, central Newfoundland (NTS 2D/04). 189
12. **G.W. Sparkes, G.R. Dunning and A. Langille** The Michelin deposit: An example of albitite-hosted uranium mineralization within the Central Mineral Belt of Labrador 219
13. **G.J. Stapleton and J.S. Smith** Mineral Inventory Project. 239

ERRATUM

- A. Mills, G.R. Dunning and A. Langille** New geochronological constraints on the Connecting Point Group, Bonavista Peninsula, Avalon Zone, Newfoundland. 245
