

CONTENTS

1. Mineral Inventory Project	6
E. Hsu	
2. Limestone Evaluation Project	9
John R. DeGrace	
3. Silica Assessment	11
A.J. Butler and B.A. Greene	
4. Geochemistry of eastern Newfoundland granitoid rocks	17
D.F. Strong, W.L. Dickson, C.F. O'Driscoll, and B.F. Kean	
5. Barite-Celestite Evaluation	20
G. McArthur	
6. Mineral potential evaluation in the Makkovik and Hopedale areas, Labrador	24
K.D. Collerson, C.W. Jesseau, A.R. Ryan and D.W. Hawkins	
7. Metallogenic Analysis	
Introduction	32
John R. DeGrace	
Notes on the geology of the Great Bend and Pipe- stone Pond ultramafic bodies	33
B.F. Kean	
Notes on the geology of the King George IV Lake area, southwest central Newfoundland	43
John R. DeGrace	
Economic geology of west Newfoundland	50
R.K. Stevens and I.Knight	
8. Labrador regional mineral potential evaluation	52
W.R. Smyth	
9. Pilot geochemical-glacial geological surveys, 1972	53
P.H. Davenport, E.H.W. Hornbrook and D.R. Grant	
10. Geochemical reconnaissance survey over the Ordovician carbonate rocks of western Newfound- land	56
P.H. Davenport, E.H.W. Hornbrook and A.J. Butler	

11. Drift prospecting and glacial geology of the Sheffield Lake - Indian Pond area, Newfoundland ... 59
D.W. Alley and R.M. Slatt

12. Geological Mapping - Burin Bonavista Belt 61
B.A. Greene

13. Geological Mapping - St. George's Bay Carboniferous area 66
C.C.K. Fong

14. Gravel Resource Inventory 70
Doug Vanderveer

15. Canadian Index for Geoscience Data 71
W.D. Fogwill
