1. JobsNL

1.1 Overview
JobsNL Wage Subsidy is designed to bring employers and employees together by providing funding to employers to create employment opportunities. The program supports employer/employee connections that promote sustainable long-term employment or seasonal employment. Priority for funding may be given to occupations and sectors identified by the Department.

1.2 Eligibility

Eligible Applicants
Private or not-for-profit sector employers that are incorporated or sole proprietorships, and registered to conduct business in the province of NL are eligible to apply. Employers are expected to pay the local prevailing wage rate. All public entities, including agencies, boards and commissions, are not eligible for subsidy.

Eligible Participants
Participants shall be:
1. A resident of the province;
2. A Canadian citizen or permanent resident entitled to work in Canada;
3. Unemployed or underemployed (underemployed being someone who has been employed on average less than 20 hours per week or in a field not related to their training);
4. The participant shall not be receiving a Federal or Provincial Government pension, receiving Workplace NL benefits, or receiving another benefit prescribed by the Minister;
5. Recent post-secondary graduates who have not obtained employment in their field of study are eligible for this program. Recent post-secondary graduates are defined as those who have completed a post-secondary program that was:
   a. A minimum duration of one academic year or other program, as approved by the Department;
   b. Within the past two years, or as approved by the Department; and
   c. Directly related to the position of employment.

The participant shall not be employed prior to the date of the application, receiving a federal or provincial government pension, receiving Workplace NL benefits, or receiving another benefit prescribed by the Minister.

Eligible Funding
One participant must be identified per application. Consideration may be given to more than one participant per employer in exceptional circumstances and based on available budget. A separate application is required for each position under the program. No change of employee is permitted under
JobsNL Wage Subsidy. Should the subsidized employee terminate, for any reason, a new JobsNL application would have to be submitted to request subsidy of a new individual.

Funding shall be as follows:

1. JobsNL 42:
   i. A subsidy to a maximum of $12/ hour toward the hourly wage, for a period of 28 weeks, over the duration of 42 weeks. For the first 14 weeks the subsidy will be 60%, 0% for the second 14 weeks, and 80% for the third 14 weeks.
   ii. Completion bonus to be paid to the employer and employee if the individual has remained employed for 10 weeks after the end of the subsidy (total of 52 weeks). The completion bonus will be in the amount of $2,000 for the employer and $1,000 for the employee.

2. JobsNL 28:
   iii. A 60 per cent subsidy to a maximum of $12 per hour toward the hourly wage shall be provided for a period of 28 weeks.
   iv. Completion bonus to be paid to the employer and employee if the individual has remained employed for 10 weeks after the end of the subsidy (38 weeks). The completion bonus will be in the amount of $2,000 for the employer and $1,000 for the employee.

For both choices, the hours shall be a maximum of 40 hours per week and a minimum of 30 hours per week, as outlined in the official agreement between the employer and the Province. Individuals with a disability, who may be negatively impacted by maintaining the minimum of 30 hours per week, will be considered for eligibility under this program with the provision of a flexible work arrangement.

No cost will be incurred in relation to, or wages paid to a third party (e.g., participant, administrative staff, research subject or any other party) who is a member of the immediate family of the employer will be eligible for reimbursement under an agreement, unless the Department is satisfied that the participation, recruitment or hiring of that third party was not the result of nepotism, and that the position could not be filled by another individual due to exceptional circumstances (i.e., positions required specific expertise or qualifications). Immediate family is defined as spouse, parent, grandparent, child, sibling, in-law, or other persons residing in the employer’s household.

**Eligible Positions**

JobsNL provides employers with temporary wage subsidies as an incentive to hire eligible participants whom they would not normally hire in the absence of such financial assistance. Subsidies assist to offset the costs needed to orient and supervise participants until they become fully productive in their jobs.

The expectation is that the subsidy will lead to permanent employment with the employer. However, the JobsNL subsidy may be applied to a short-term job if:
1. It is providing valuable work experience;
2. It is a job that the employer is planning to fill (with or without the subsidy); and
3. It will significantly improve the client’s chances of obtaining subsequent employment with another employer.

All positions shall be:
1. Incremental, that is, not currently in the existing business. It should be an additional position reflecting growth in the operation. However, consideration will be given to positions where an incumbent has voluntarily vacated a position within an organization, leaving a position unfilled. This does not include maternity leave replacements, as the intent is that the incumbent will return to their same position, unless otherwise approved by the province;

2. The position to be subsidized shall not be:
   a. Part of the regular staff, including seasonal staff of the employer, owner, operator, or created by the displacement of an existing employee, including individuals on lay-off, maternity leave or awaiting notice of recall;
   b. Filled by promoting or reassigning an existing employee, unless the previous position is filled;
   c. Vacant as a result of a labour stoppage or labour-management dispute;
   d. The result of a reduction in regularly scheduled hours or period of work;
   e. Performing personal services;
   f. Paid solely by commission or output. While the JobsNL program does not support employment based on 100 per cent commission, employment which includes some earnings based on commission may be supported under JobsNL provided the individual is paid a set wage negotiated based upon the market wage rate (over and above any commission-based earnings that may be provided). Any earnings based on commission are not considered eligible for reimbursement under JobsNL; or
   g. Subsidized by another Government wage subsidy program or core funding from Government;

3. Comply with all provincial/territorial employment standards legislation; and
4. A position filled prior to the date of the application submission, is not eligible for subsidy, unless otherwise approved by the Province. Each case shall be judged on its own merit and include a recommendation based on the circumstances. A decision will be made in consultation with the Client Services Manager as per the procedure for Exceptional Circumstances (follow up on where this is in new policy and include detail that references this process in procedures). In the event approval is given to fund a position filled prior to an official approval, the start date on the Agreement must be on or after the official date of approval.

Ineligible Positions
JobsNL must not be used for the following purposes:

1. To provide assistance to employers to hire an individual they would have hired in the absence of a subsidy;
2. To help an employer resolve cash flow problems by subsidizing a position they could not otherwise afford;
3. Work-term placements for post-secondary students are not eligible for funding; and
4. To help employers hire individuals in the cooperative education program (as these individuals are considered full-time students).

2. Labour Market Programs Support System (LaMPSS)
The JobsNL Wage Subsidy program is administered by the Department using the Labour Market Programs Support System (LaMPSS) application. LaMPSS is a common method for administering Labour Market Programs in Newfoundland and Labrador, focused on providing consistency in processes and improving services to labour market program agreement holders.

All organizations entering into an agreement for delivering Labour Market Programs in Newfoundland and Labrador must first be registered as a LaMPSS organization. This is a one-time registration process. If your organization has not previously registered with LaMPSS, you can obtain a LaMPSS registration form at http://www.aesl.gov.nl.ca/lampss_public/index.html.

The functionality of LaMPSS provides organizations with self-serve capability, enabling you to apply for funding online for some labour market programs, as well as submitting required financial and activity reports online. Once available, we will provide you with user access enabling the ability to utilize the LaMPSS self-service capabilities.

Please read this entire Program Guidelines Document. The information contained in this Guide will become part of the contract/agreement with the Province of Newfoundland and Labrador for the delivery of the program.

Project Budget
The following table outlines all of the eligible cost categories and items for JobsNL Program along with an example from each choice (JobsNL 42 or JobsNL 28). On your Application Form, enter the total project costs and the amount of funding requested for each category for this project.

Example 1: JobsNL 42
An employer wants to hire a new employer for 42 weeks at 35 hours per week and pay him $15 per hour. The resulting total PROJECT COST would be $22,050 (e.g., $15.00 x 35 hours x 42 weeks).

Week 1 to Week 14: The first 14 weeks, the wage subsidy would be 60% of the wage rate to a maximum of $12.00. In this example the hourly subsidy would be $9.00 per hour ($15.00 x 60% = $9.00). Requested amount would be $4,410 (e.g., $9.00 x 35 hours x 14 weeks).

Week 15 to Week 28: The second 14 weeks there would be no subsidy, requested amount for this period would be $0.

Week 29 to Week 42: The third 14 weeks, the wage subsidy would be 80% of the wage rate to a maximum of $12.00 per hour. For this period, the hourly subsidy would be $12.00 an hour ($15.00 x 80% = $12.00). Requested amount would be $5,880 (e.g. $12.00 x 35 hours x 14 weeks).

PROJECT COSTS: $22,050.00 ($15.00 x 35 hours x 42 weeks)
TOTAL REQUESTED AMOUNT: $10,290.00 (Weeks 1-14 $4,410; Weeks 15-28 $0.00 and Weeks 29-42 $5,880)

Example 2: JobsNL 28
An employer wants to hire a new employee for 28 weeks at 40 hours per week and pay her $20 per hour. The resulting total PROJECT COST would be $22,400 (i.e. $20 times 40 hours times 28 weeks).

- Wage subsidy covers 60% of the wage rate to a maximum of $12 an hour, in this case the hourly subsidy would be $12.00 per hour. (i.e. $20 times 60% = $12)

PROJECT COSTS: $22,400.00 ($20 X 40 hours X 28 weeks)
TOTAL REQUESTED AMOUNT: $13,440.00 (i.e. $12 times 40 hours times 28 weeks).
