

Financial Framework to Assist in Rebuilding Homes

Financial assistance is available for residents from communities on the southwest coast whose homes were either destroyed, are no longer safe to live in and/or cannot be reasonably repaired due to Hurricane Fiona.

The financial framework consists of:

- A replacement value for the home at a minimum of \$200 per square foot and based on a detailed assessment by an insurance adjuster;
- Replacement value of property contents in accordance with the Disaster Financial Assistance Arrangements program Schedule of Loss; and
- A value for land or provision of a suitable land option.

Insurance adjusters are currently completing household assessments in the area.

To avail of this program, individual homeowners must complete the Federal Disaster Financial Assistance Arrangements Program application online gov.nl.ca/jps/files/Homeowner-Tenant-Application-Current-Updated-Sept-2022.pdf
