Town of Conception Bay South Municipal Plan Amendment No. 5, 2014

Introduction

The Conception Bay South Municipal Plan came into legal effect on July 20, 2012. The Town Council now wishes to amend its Municipal Plan to accommodate a proposed 18 lot residential subdivision on a new cul de sac extending off Skylark Place. The area is currently designated Rural. In order to accommodate a serviced residential subdivision, the subject property must be re-designated to Residential Medium Density.

Assessment

According to the Conception Bay South Municipal Plan policy 5.2.3 subsection 2, the Residential Medium Density land use designation applies to built-up and serviced area of the Town. Within the Residential Medium Density land use designation, single detached dwellings are the predominant housing form.

According to the Conception Bay South Municipal Plan policy 5.6.3 subsection 1, the Rural designation includes lands that can accommodate resource uses such as forestry, agriculture and mineral workings.

The area fronting along Foxtrap Access Road and Skylark Place is residential in nature and is designated Residential Medium Density to reflect this development pattern.

Water and sewer services extend along both Foxtrap Access Road and Skylark Place. The Engineering and Public Works Department has confirmed that municipal services have sufficient capacity to accommodate additional residential development.

The amendment proposes to redesignate land between Skylark Place and Juniper Place from Rural to Residential Medium Density to create an orderly development pattern.

St. John's Urban Region Regional Plan

The St. John's Urban Region Regional Plan (Regional Plan) identifies Conception Bay South as a sub-regional centre. Upon installation of municipal services, the Regional Plan encourages a wide range of residential densities, a

variety of commercial operations, parks and recreational facilities and other uses that are characteristic and appropriate for a sub-regional centre.

Public Consultation

A notice outlining the proposed amendments was distributed to all property owners within 100 metres of the subject property. In addition, a notice was published in the May 15, 2014 and May 22, 2014 editions of the Shoreline and the May 17, 2014 edition of the Telegram. The notice was also posted on the Town's website. Written submissions were requested by May 30, 2014.

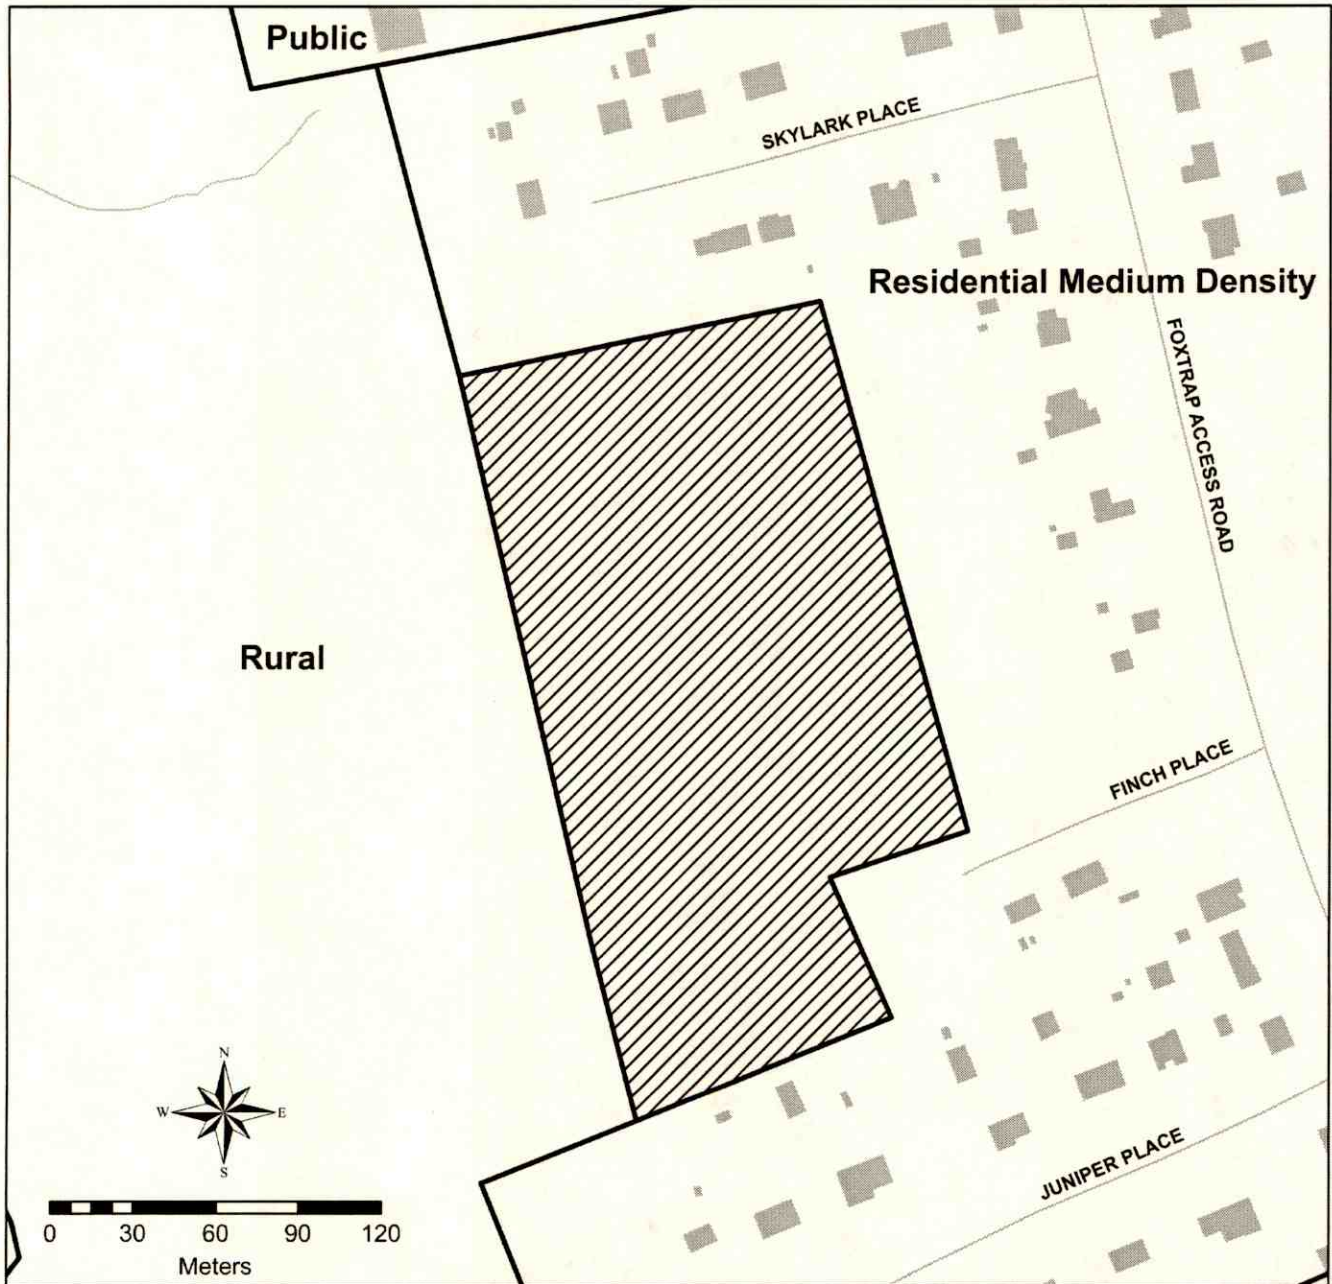

Several written submissions were received and were considered by Council. Council resolved to send the proposed amendment to the Department of Municipal and Interprovincial Affairs for review for conformity to provincial regulations and law. The Department of Municipal and Interprovincial Affairs released the amendments on July 11, 2014. The amendments were adopted by Council at its August 12, 2014 meeting.

Conclusion

In order to accommodate a fully serviced 18 lot residential subdivision off Skylark Place, land between Skylark Place and Juniper Place must be redesignated from Rural to Residential Medium Density.
