TRACT

THE TOWN OF CLARKE'S BEACH
RESOLUTION TO APPROVE

DEVELOPMENT REGULATIONS, 2022-2032

Under the authority of section 16, section 17 and section 18 of the *Urban and Rural Planning Act 2000*, the Town Council of Clarke's Beach:

- adopted the Development Regulations for the Town of Clarke's Beach on the 13th day of September, 2022;
- gave notice of the adoption of the Development Regulations for the Town of Clarke's Beach by publishing notices in the September 16th and September 23, 2022 editions of the Shoreline News, for the Clarke's Beach Municipal Plan, 2022-2023 and Development Regulations, 2022-2023 and the Public Notice was posted in the Town Hall, the Post Office, the Harbourview Gas Bar, and the Drug Store, and was posted on the Town's Facebook Page on September 14, 2022, and its Web Page on September 15, 2022, setting the date of October 28th, 2022 for the submissions for the Public Hearing Commissioner as per the Department of Municipal and Provincial Affairs directive regarding non-physical public hearings during COVID-19.
- set the 28th day of October, 2022 for the submissions for the Public Hearing Commissioner as per the Department of Municipal and Provincial Affairs directive regarding non-physical public hearings during COVID-19.

Now under the authority of Section 23 of the *Urban and Rural Planning Act 2000*, the Town Council of Clarke's Beach approves the Development Regulations for the Town of Clarke's Beach as adopted (or as amended as follows).

SIGNED AND SEALED this 15 day of Dec., 2022.

Mayor:

Betty Moore

Town Manager/Clerk:

Joan Wilder

1.0 AUTHORITIES AND RESPONSIBILITIES

1.1 Application

These Development Regulations apply to:

- all persons proposing to undertake a land use and/or development within the Municipal Planning area boundary, whether residents or non-residents; and,
- the Mayor and Councillors and their delegates as they make land use and development decisions.

All development, including the subdivision/severance of land, and accessory uses and accessory buildings, carried out within the Municipal Planning area must have a permit issued by Council in accordance with the Plan and these Development Regulations.

1.2 Compliance with Federal and Provincial legislation and Town regulations

Even though an applicant may receive a municipal development permit, the applicant is responsible for ensuring compliance with all relevant federal and provincial legislation, regulations, policies and guidelines prior to commencing a land use or development approved under these Development Regulations. Council may require proof of compliance prior to approval. The applicant must undertake any requirements set out by the Town as conditions to approval of the permit. The applicant is also responsible for ensuring compliance with all other Town regulations.

The Development Regulations shall be subject to all Federal and Provincial legislation, regulations, policies and guidelines. Notwithstanding this requirement, these Development Regulations shall incorporate specific compliance requirements as set out in Section 4.1-Provincial and federal interests and requirements. The National Building Code, and associated codes, such as the Plumbing Code, the Fire Code, the Electrical Code, the Life Safety Code, and any other ancillary code and other municipal regulations or bylaws regulating or controlling the development, conservation, and use of land shall, under these Regulations, apply to the entire Municipal Planning Area.

1.3 Amendment to Development Regulations

An amendment to the text of the Development Regulations and/or the Land Use Zoning Map which requires an associated amendment to the Plan must follow the amendment process set out in Section 14-25 the *Urban and Rural Planning Act, 2000*. Other Sections of the Act that apply to amendments include, Section 13 – where an amendment must be prepared by a Member of the Canadian Institute of Planners, Section 27 – the cost of the amendment can be charged to the applicant, and Section 42 – regarding exemption from the appeal process.

An amendment may be requested by any person and the associated costs are borne by that person (Section 27, *Urban and Rural Planning Act, 2000*).

The request for an amendment shall be made to the Council.

An amendment to the text of the Development Regulations and/or the Land Use Zoning Map which **does not** require an associated amendment to the Municipal Plan does not follow the full process set out in Sections 14-25 of the *Urban and Rural Planning Act, 2000* (Section 35 (5)); however, Section 14 public consultation is required as part of the Council review process. Council then must adopt the amendment by resolution of Council at a Regular Meeting of Council (open to the public). The Amendment must be submitted in the required form to the Local Governance and Land Use Planning Division for Registration.

1.4 Legal Effect

Upon publication of the notice of registration of these Development Regulations in the *Newfoundland and Labrador Gazette*, the previous Development Regulations are hereby repealed and replaced. Similarly, for amendments, publication in the *Newfoundland and Labrador Gazette* is required before they are in legal effect.

These Regulations may be cited as the “Town of Clarke’s Beach Development Regulations 2019”, prepared under the authority of Section 35 of the *Urban and Rural Planning Act, 2000*. As required under Section 36 of the *Urban and Rural Planning Act, 2000*, the Ministerial *Development Regulations 03/01* are included in these regulations.

To assist interpretation of the Municipal Plan and Development Regulations, technical planning definitions are found in Appendix 1. Note that the definitions from the *Urban and Rural Planning Act, 2000* and the (Minister’s) *Development Regulations, 2000* cannot be amended by the Council.

1.5 Delegation of Authority

Under Section 109 (2) of the *Urban and Rural Planning Act, 2000*, a council may to appoint/designate an employee of Council to approve or reject applications to develop land in accordance with the plan and regulations and that employee may outline the conditions applicable to that development. Council shall make that designation in writing.

2.0 ADMINISTRATION OF THE REGULATIONS

This Chapter deals with the administration of processing permits for proposed land use and developments and outlines: when a permit is required, the process for making an application for a permit, the decision-making process by Council or its delegate, including the conditions and requirements that may be attached to the permit, the appeal process, and the enforcement responsibilities of the Council.

2.1 WHEN IS A PERMIT REQUIRED

All development including the subdivision (severance) of land carried out within the Municipal Planning area must have a permit issued by Council in accordance with these Regulations and any other by-law or regulation enacted by Council. These are defined in the *Urban and Rural Planning Act, 2000* as follows:

Development means

“...the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of a material change in the use, or the intensity of use of land, buildings or premises and the

- i. making of an access onto a highway, road or way,
- ii. erection of an advertisement or sign,
- iii. construction of a building,
- iv. parking of a trailer, or vehicle used for the sale of refreshments or merchandise, or as an office, or for living accommodation,

and excludes the

- v. carrying out of works for the maintenance, improvement or other alteration of a building, being works which affect only the interior of the building or which do not materially affect the external appearance or use of the building,
- vi. carrying out by a highway authority of works required for the maintenance or improvement of a road, being works carried out on land within the boundaries of the road reservation,
- vii. carrying out by a local authority or statutory undertakers of works for the purpose of inspecting, repairing or renewing sewers, mains, pipes, cables or other apparatus, including the breaking open of street or other land for that purpose, and
- viii. use of a building or land within the courtyard of a dwelling house for a purpose incidental to the enjoyment of the dwelling house as a dwelling...”; and,

“Subdivision means the dividing of land, whether in single or joint ownership into 2 or more pieces for the purpose of development”. The requirements for subdivision development can be found in Section 8.

For further clarification, no land over which there is an existing structure shall be subdivided for the purpose of creating distinct title to different dwelling units unless;

- a. Each dwelling unit is entirely comprised within the new title and self-contained within the new lot with no common spaces or shared services, and;
- b. The fire separation for each dwelling unit is confirmed,
- c. A permit for the subdivision is first obtained from the Town.

- d. The subdivision must fully comply with all aspects of the Town's Development Regulations including, but not limited to; definitions and land use zone requirements
- e. A subsidiary apartment cannot be subdivided from the self-contained dwelling that it is constructed within."

2.2 APPLICATION FOR A PERMIT

2.2.1 Who can apply and how

An application for a Permit or for Approval-in- Principle shall be made only by the owner or by a person authorized by the owner to Council on such form as may be prescribed by Council;

Where Approval in Principle is granted under these Regulations, it shall be subject to the subsequent approval by Council of the details and conditions as listed in the Approval in Principle, which shall be received not later than one year from the issuance of the Approval in Principle. If the details and conditions are not received, and there is no written request for an extension, then the Approval in Principle is void and the application is rejected.

Development is not permitted on un-subdivided land unless sufficient area is reserved to satisfy the yard and other allowances called for in the Use Zone in which it is located and the allowances shall be retained when the adjacent land is developed

Council shall, on request, supply to every applicant a copy of the application forms and a description of the plans, specifications, and drawings required to be provided with the application.

Council shall provide all available information to assist in the preparation of the application.

2.2.2 Application Requirements for All Applications

An application for a Development Permit shall contain the information needed to satisfy the applicable requirements in these Regulations.

Every application shall include:

- a. such plans, specifications and drawings as Council may require;
- b. the permit fee required by Council; and,
- c. all information required to process the application in accordance with these Regulations, such information shall include at least the following:

For the proposed land, such information shall include at least the following:

- a. location of the site on a map;
- b. details of proposed use: type, size and scale of operation, landscaping;
- c. lot area, lot frontage, siting of structures;
- d. contours and significant natural features such as wetlands, watercourses, drainage channels, and slopes that exceed 15 percent, existing vegetation, trees, and any other environmentally sensitive features;
- e. existing streets, buildings, and land uses in the vicinity of the site;

- f. a conceptual layout of proposed streets, trails, and other major components of the development;
- g. proposed access/egress, parking, loading requirements;
- h. a landscaping plan, including buffers and/or separation distances;
- i. proposed water supply, waste disposal and storm water drainage services; and,
- j. a legal survey plan prepared by a registered Newfoundland and Labrador land surveyor.

Where the application involves a building, the following information shall be added to the lot information, as appropriate:

- i. siting of building on the lot, including building line setback and yards;
- ii. bulk and height, in terms of floor area and building height;
- iii. off-street parking, circulation, and loading, in terms of variables specified in Section 7.1;
- d. proposed access/egress, parking, loading requirements;
- e. a landscaping plan and buffers (see Section 6.3)

2.2.3 Application Information Requirements for Discretionary Uses

Discretionary Uses may only be considered for an application to develop where:

- a. the Discretionary Use is stated in the applicable Use Zone table (Chapter 3); and,
- b. Council has, at the applicant's expense, published a notice in a newspaper circulating in the area of the application and considered any representations or submissions received in response to that advertisement. It is recommended that Council notify the neighbouring property owners directly regarding the proposed discretionary use.

In addition to the information requirements for lots and buildings in 2.2.2, an application for a Discretionary Use shall contain the following information relating to Discretionary Uses involving operation of a business/service:

- a. floor area to be used for Discretionary Use,
- b. number of employees employed on site, and
- c. hours of operation.

2.2.4 Application Information Requirements for Planned Unit Developments

In addition to the information in 2.2.2, the following requirements shall apply to all proposed Planned Unit developments involving new street construction or development of large sites for commercial (including commercial recreational), industrial, residential and public institutional development.

Definition: Planned Unit Development means an integrated development which may involve a single use class or a mix of use classes or a mix of uses that responds to a unique market opportunity located in one parcel of land. The most common example of a Planned Unit Development is a vacant land condominium/bare strata development consisting of a contiguous area to be planned, developed, operated, and maintained as a single entity and containing one or more structures with common areas that belong to them, such as a box store complex, resort, multi-unit residential.

Conditions:

1. Required to submit a Planned Unit Development application, see Sections 2.2.2 & 2.2.4;

2. A Planned Unit Development must front on to a public road and comply with use requirements of the Zone within which it is located. Notwithstanding the requirement for serviced development, if municipal services are not feasible to the standard required by the Town, the provision of on-site services must meet requirement of provincial agencies, in particular, Water Resource Management Division and Service NL;
3. Roads and services provided in a Planned Unit Development shall be treated as if they were public roads, public services and public utilities for the purpose of approvals by the Authority and other agencies.
4. A Planned Unit Development may be approved by Council in any zone as a development and/or subdivision on public or private services, subject to the following requirements:
 - a. the development and/or subdivision shall comply with the requirements of the Municipal Plan or any scheme adopted under it, and with the zoning for the site as it pertains to land use, height, and have a suitable relationship to nearby land uses in respect to appearance, traffic requirements, and demands on municipal services; and,
 - b. a Development Agreement having a Planned Unit Development plan attached thereto, satisfactory to Council, between the owners of the land and the Town shall be registered in the Registry of Deeds of Newfoundland and Labrador, controlling the use and development of such land.

A Planned Unit development application would normally contain the following:

- a. Goals, objectives and land use policies for the development area;
- b. Identification of developable area of site, indicating accommodation of site conditions such as poor drainage, steep slopes, flooding potential and rocky ground;
- c. Proposed siting of new buildings, or additions, including building square footage area size, building height, and setback distances to property lines;
- d. Building lot area coverage where applicable;
- e. Total number of proposed multi-unit residential dwellings, or strata unit commercial and/or industrial units, and interior floor plans;
- f. Layout drawing of proposed parking area, total number and size of parking spaces and manoeuvring aisles, access and egress locations to parking area, provisions for bicycle parking where applicable, landscape screening for parking areas and storm water drainage management;
- g. Identification of outdoor amenity and open space and recreation areas;
- h. Identification of unenclosed storage areas and area size; and,
- i. Overview of landscaping treatment and approach for the site development.
- j. phasing of the development;
- k. Street and servicing layout, including on-site road pattern and traffic and relation to surrounding community in conformance with Town standards;
- l. Indicate any issues related to the long-term maintenance of streets and other services;
- m. if required, an amendment to the Municipal Plan and Development Regulations under the *Urban and Rural Planning Act, 2000*;

The Planned Unit Development application would be prepared and reviewed by the Council according to its regular development approval process.

The Council may also, at its discretion, approve the erection of dwellings which are designed to form part of a zero lot line development or other comprehensive layout which does not, with the exception of dwelling unit floor area, meet the requirements of the Use Zone Table, provided that the dwellings are designed to provide both privacy and reasonable access to natural daylight and the overall density within the layout conforms to the regulations and standards set out in the Use Zone Table apply where the layout adjoins other development.

2.3 OPTIONS IF YOUR PROPOSAL DOES NOT FIT THE LAND USE ZONES OR DEVELOPMENT CONDITIONS/STANDARDS

2.3.1 Variances

Where the proposed development does not comply with the development standards set out in the zone it occurs as set out in these Regulations, an applicant may apply for and, Council may, in its discretion, vary the applicable development standards to a maximum of ten percent (10%) if, in Council's opinion, compliance with the development standards would prejudice the proper development of the land, building, or structure in question or would be contrary to public interest. (Note that the 10% is stipulated in the Minister's *Development Regulations 03/01* in Appendix 2 and cannot be amended by Council)

Council shall not allow a variance from development standards set out in the zone as set out in these Development Regulations if that variance, when considered together with other variances made or to be made with respect to the same land, building, or structure would have a cumulative effect that is greater than a ten percent (10%) variance even though the individual variances are separately no more than ten percent (10%);

Council shall not permit a variance from the development standards where the proposed use would increase the non-conformity of an existing development or would result in the creation of non-conformity of any existing legal development.

Where Council is to consider a proposed variance, Council shall give written notice of the proposed variance from development standards to all persons whose land is in the immediate vicinity of the land that is the subject of the variance and allow a minimum period of seven (7) days for response.

2.3.2 Non-Conforming Uses or Non-Conforming Development

(Refer to Section 108(2) of the *Urban and Rural Planning Act 2000* and Sections 14, 15, and 16 of the *Ministerial Development Regulations* found in Appendix)

The following excerpts set out the requirements for non-conforming uses.

Section 108(2) of the *Urban and Rural Planning Act 2000*:

“non-conforming use” means a legally existing use that is not listed as a permitted or discretionary use for the use zone in which it is located or which does not meet the development standards for that use zone;” ...

“108. (1) Notwithstanding a plan, scheme or regulations made under this Act, the minister, a council or regional authority shall, in accordance with regulations made under this Act, allow a development or use of land to continue in a manner that does not conform with a regulation, scheme, or plan that applies to that land provided that the non-conforming use legally existed before the registration under section 24 of the plan, scheme or regulations made with respect to that kind of development or use.

(2) Notwithstanding subsection (1), a right to resume a discontinued non-conforming use of land shall not exceed 6 months after that discontinuance unless otherwise provided by regulation under this Act.

(3) A building, structure or development that does not conform to a scheme, plan or regulations made under this Act that is allowed to continue under subsection (1)

- (a) shall not be internally or externally varied, extended or expanded unless otherwise approved by the minister or appropriate council, regional authority or authorized administrator;
- (b) shall not be structurally modified except as required for the safety of the building, structure or development;
- (c) shall not be reconstructed or repaired for use in the same non-conforming manner where 50% or more of the value of that building, structure or development has been destroyed;
- (d) may have the existing use for that building, structure or development varied by the appropriate council, regional authority or authorized administrator to a use that is, in their opinion more compatible with a plan and regulations applicable to it;
- (e) may have the existing building extended by the appropriate council, regional authority or authorized administrator where, in its opinion that extension is not more than 50% of the existing building;
- (f) where the non-conformance is with respect to the standards included in development regulations, shall not be expanded if the expansion would increase the non-conformity; and
- (g) where the building or structure is primarily zoned and used for residential purposes, may, in accordance with the appropriate plan and regulations, be repaired or rebuilt where 50% or more of the value of that building or structure is destroyed.”

Excerpt - Sections 14, 15, and 16 of the *Ministerial Development Regulations 3/01*:

“Residential non conformity

14. A residential building or structure referred to in paragraph 108(3)(g) of the Act must, where being repaired or rebuilt, be repaired or rebuilt in accordance with the plan and development regulations applicable to that building or structure.

Notice and hearings on change of use

15. Where considering a non-conforming building, structure or development under paragraph 108(3)(d) of the Act and before making a decision to vary an existing use of that non-conforming building, structure or development, an authority, at the applicants expense, shall publish a notice in a newspaper circulating in the area or by other means

give public notice of an application to vary the existing use of a non-conforming building, structure or development and shall consider any representations or submissions received in response to that advertisement.

Non-conformance with standards

16. Where a building, structure or development does not meet the development standards included in development regulations, the building, structure or development shall not be expanded if the expansion would increase the non-conformity and an expansion must comply with the development standards applicable to that building, structure or development.

Discontinuance of non-conforming use

17. An authority may make development regulations providing for a greater period of time than is provided under subsection 108(2) of the Act with respect to the time by which a discontinued non-conforming use may resume operation.”

If a non-conforming development or land use is discontinued after these Regulations came into legal effect, a right to resume a discontinued non-conforming use of land shall not exceed **two years** after the discontinuance occurred. For the purpose of this Regulation, discontinuance of a non-conforming use begins when any one of the following conditions is met:

- i. The building or use of land is clearly vacated or the building is demolished,
- ii. The owner or tenant has ceased paying business taxes for that use, and
- iii. The owner or tenant has stated in writing that the use has ceased.

Regarding a notice of an application to change a non-conforming use: this shall be by advertisement in a newspaper circulating in the area, or by other reliable means as deemed appropriate by Council, and a minimum of seven (7) days shall be provided for persons to respond. (Minister’s Development Regulations-see Appendix)

2.3.3 Amendment to Development Regulations

An amendment to these Development Regulations may be requested by any person and shall be submitted to the Council. This might also require an associated amendment to the Municipal Plan.

Where an application for an amendment involves private property, the application shall be made by the property owner or a person operating under the owner’s written consent. A copy of this written consent must accompany the application for an amendment to the text of the Development Regulations or rezoning of the Land Use Zoning Map.

The process for a Development Regulation Amendment is set out in Section 1.3.

2.4 COUNCIL DECISION-MAKING

2.4.1 Discretionary Decision-making Powers of Council

In considering an application for a permit to carry out development, Council shall take into account the policies expressed in the Municipal Plan and any further scheme, plan or Regulations pursuant thereto, and shall assess the general appearance of the development of the area, the amenity of the surroundings, availability of utilities, public safety and convenience, and any other considerations which are, in its opinion, material, and notwithstanding the conformity of the application with the requirements of these Regulations, Council may, in its discretion, and as a result of its consideration of the matters set out in this Regulation, conditionally approve or refuse the application.

2.4.2 Timely Decision-making

Applications properly submitted in accordance with these Regulations which have not been determined by Council and on which a decision has not been communicated to the applicant within sixty (60) days of the application being received by Council, shall be deemed to be refused.

2.4.3 Deferment of Application:

Council may, with the written agreement of the applicant, defer consideration of an application.

An application properly submitted in accordance with these Regulations shall be determined within 60 (sixty) days of the receipt thereof by Council or shall be deferred.

Council may defer decisions on an application for a Development Permit and/or an application for an amendment to these Regulations within a specified area where Council has directed that a planning study or other similar study pertaining to the future use and development of the specified area be undertaken.

An application may be withdrawn only on receipt of a written request from the applicant.

2.4.4 Public Notice (Refer to Ministerial Development Regulations, Sections 13&15)

Council must, at the applicant's expense (Section 35 (1) of the *Urban and Rural Planning Act, 2000*), publish a notice in a newspaper circulating in the area of the application and consider any representations or submissions received in response to that advertisement, when an application is received when:

1. A change in a non-conforming use; notice of an application to change a non-conforming use shall be by advertisement in a newspaper circulating in the area, and a minimum of seven (7) days shall be provided for persons to respond.
2. A proposed development is listed as a discretionary use; notice of an application regarding a proposed discretionary use be by advertisement in a newspaper circulating in the area, and a minimum of seven (7) days shall be provided for persons to respond.

3. A Planned Unit Development is proposed; Council shall publish a notice in a newspaper circulating in the area or by other reliable means give public notice, and shall provide a minimum of fourteen (14) days for persons to respond; or,
4. If Council determines that the public should be notified of an application; notice of the application shall be by advertisement in a newspaper circulating in the area, and a minimum of seven (7) days shall be provided for persons to respond;
5. A Planning Impact Analysis is proposed; Council shall publish a notice in a newspaper circulating in the area or by other reliable means give public notice, and shall provide a minimum of fourteen (14) days for persons to respond;
6. Notification regarding a variance shall be carried out as follows: A variance; written notice of a variance application shall be given directly to persons whose land is in the immediate vicinity of the land that is the subject of the variance who are likely to be affected (Minister's Development Regulations-see Appendix) and a minimum of seven (7) days shall be provided for persons to respond;

2.4.5 Briefing Sessions

Council may require a public meeting to be held in respect of any matter arising under these Regulations.

Council shall advertise or require the applicant of the application that is the subject of the briefing session to advertise the application by a minimum of one (1) advertisement in a newspaper circulating in the local area at least ten (10) calendar days prior to the holding of a briefing session where the application shall be discussed.

The newspaper notice shall: (a) contain a general description of the application; (b) specify the date set for the briefing session at which the application is to be discussed; (c) specify the date set for receipt of written representation on the application by the Town; (d) identify the place and time where the application can be viewed by the public; and (e) specify that Council shall cancel the briefing session if no written response is received by the deadline for the receipt of responses.

Council may make such effort as it deems reasonable to provide that written notices are mailed to the addresses of property owners, as identified on the current Town's assessment role, within a radius of at least one hundred and fifty metres (150 metres) from the application site, a minimum of fourteen (14) calendar days prior to a briefing session where such application is discussed.

Notes of the proceedings of the briefing session shall be recorded and these notes, together with any written representations, shall be considered by Council when it makes its decision on the matter, which is the subject of the briefing session.

An elected member of Council shall act as Chairperson of the briefing session.

2.4.6 Approval in Principle

Council may grant an approval in principle if it determines that the proposed development complies generally with the intent and purposes of the Municipal Plan and these Regulations.

Council shall attach to the approval in principle such conditions that it deems necessary to ensure the proposed development shall be in accordance with the Plan and these Regulations. It shall also outline such details that the applicant shall be required to address before a final development permit shall be granted.

An approval in principle shall be valid for a period of one (1) year and may be extended for one (1) additional year, up to a maximum of two (2) years.

Where Approval in Principle is granted under these Regulations, it shall be subject to the subsequent approval by Council of the details and conditions as listed in the Approval in Principle, which shall be received not later than one year from the issuance of the Approval in Principle. If the details and conditions are not received, and there is no request for an extension, then the Approval in Principle is void and the application is rejected.

Approval in principle shall not constitute permission to commence development. No form of development shall commence until Council has issued a proper development permit.

Council may revoke approval in principle if it determines that the applicant has changed the proposed development in a way that significantly alters the original intent of the application or has not adequately addressed conditions or details stipulated in the approval in principle.

A decision by Council on an application for an approval in principle can be appealed in accordance with Section 42 of the *Urban and Rural Planning Act, 2000*.

2.4.7 Approval of Development Permit

1. A written development permit issued by Council or its designated staff shall constitute permission to develop in accordance with these Regulations, but such permission shall not relieve the applicant from full responsibility for obtaining all other permits or approvals prior to commencement of development and complying with all other regulations and statutes during development.
2. Council may attach conditions to a development permit to ensure compliance with the Municipal Plan and these Regulations, and the permit holder shall be responsible for full compliance with these conditions. When approving an application for a discretionary use, Council shall state in writing the basis for its approval.
3. A permit is valid for such period, not in excess of two years, as may be stated therein, and if the development has not commenced, the permit may be renewed for a further period not in excess of one year, but a permit shall not be renewed more than three years; except for Signs (see Section 7.2).
4. No person shall change the application for which a development permit was issued unless written approval of the change has been issued by Council.

5. A copy of the development permit, along with plans and specifications, shall be kept on the site until the development is completed.
6. A decision by Council on an application to undertake development can be appealed in accordance with Section 42 of the *Urban and Rural Planning Act, 2000*.

2.4.8 Permit responsibilities of the applicant

The applicant shall meet the requirements of the Regulations and conditions attached to the permit to develop. Even though an applicant may receive a municipal development permit, the applicant is responsible for ensuring compliance with all relevant federal and provincial legislation, regulations, policies and guidelines prior to commencing a land use or development approved under these Development Regulations. Council may require proof of compliance with federal or provincial requirements before issuing municipal approval.

2.4.9 Temporary Use Permit

Definition: A temporary use permit means a permit for a development or the use of land that is limited in scope, duration and frequency and is allowed to operate on a short-term basis, such as, a temporary outdoor market.

Conditions:

At its discretion, Council may issue a development permit for a temporary use, which must comply with the Municipal Plan and these Regulations. The permit may be for a period not exceeding one (1) year and may be extended at the request of the applicant for one (1) additional year, up to a maximum of two (2) years. The permit may be issued for a shorter period of time on an annual basis.

2.4.10 Correction of Errors and Remedial Work

The approval of any plans or drawings or the issuance of a Development Permit or permit shall not prevent Council or any officer from thereafter requiring the correction of errors or from ordering the cessation of, or remedial work on any development being carried out in the event that the same is in violation of these or any other regulations or statutes.

2.4.11 Revoke Permit

Council or any designated officer may revoke an approval and any subsequent permits for (1) failure by the holder, to comply with these Regulations or any condition attached to the permit or (2) where the permit was issued contrary to the applicable regulations or (3) was issued on the basis of incorrect information or issued in error.

2.4.12 Fee for Permit

Council may charge a fee for a development permit in accordance with the annual schedule of fees adopted by Council.

2.4.13 Written Reasons for Refusing a Permit or Setting Conditions on a Permit

1. Council shall, when refusing to issue a permit or attaching conditions to a permit:
 - a. state the reasons for so doing; and,
 - b. advise the applicant of their right to appeal in accordance with Section 42 of the *Urban and Rural Planning Act, 2000*.
2. Where a Development Permit application for a land or building development or for an amendment to the Development Regulations has been effectively denied by a resolution of Town Council, application for the same development, building or amendment shall not be considered within 12 months of the date of the previous refusal.

2.4.14 Refusal: Premature development

No permit shall be issued for development within the Municipal Planning area when: in the opinion of Council, it is premature by reason of the site lacking adequate road access, power, drainage, sanitary facilities, or domestic water supply, or being beyond the natural development of the area at the time of application,

UNLESS

the applicant contracts to pay the full cost of construction of the services deemed necessary by Council and such cost shall attach to and upon the property in respect of which it is imposed.

2.4.15 Appeal

The person to whom a Town's decision applies shall have the right to appeal that decision in accordance with the provisions of Sections 42 to 46 of the *Urban and Rural Planning Act, 2000* and Sections 5 to 11 of the Development Regulations under the *Urban and Rural Planning Act, 2000*.

The applicant must be informed of the right to appeal in the letter of refusal.

2.4.16 Register

Council shall keep a register of all applications for development and shall enter therein Council's decision upon each application and the result of any appeal from that decision.

2.5 SPECIAL CONDITIONS FOR DEVELOPMENT

2.5.1 Development Agreement

Definition: A development agreement is a voluntary contract between a local jurisdiction and a person who owns or controls property within the jurisdiction, detailing the obligations of both parties and specifying the standards and conditions that shall govern development of the property.

These agreements can specify various elements of the development process ranging from phasing of a larger comprehensively planned community, to tax-sharing for retail development, to critical

infrastructure responsibilities. Development agreements are sometimes used in combination with a Planned Unit Development (Section 2.5.1) Development Scheme, Section 29 of the *Urban and Rural Planning Act, 2000*, and a Subdivision application. The Development Agreement is in the form of a binding agreement that specifies the negotiated terms of the development, but these tools may also be used independently.

Where a Development Agreement is required as a condition of a Development Permit or Approval-in-Principle, the Development Agreement set out the terms specific to that agreement and shall be signed by the applicant and Council within one year of the approval granted by Council.

Development cannot proceed until all conditions of the Development Permit are met and the Development Agreement is signed by the applicant and Council.

2.5.2 Planning Impact Analysis

Council may require a Planning Impact Analysis to evaluate any proposed land use, development and/or situation that affects the implementation of policies contained in the Municipal Plan.

A Planning Impact Analysis (PIA) may be used to evaluate applications to determine the appropriateness of a proposed change in land use, and to identify potential issues and provide proposals for mitigation. The PIA shall document the criteria used through the application review process.

The Terms of Reference for a Planning Impact Analysis shall be approved by Council prior to its execution and shall become an integral part of the report itself. The PIA shall be prepared by qualified individuals/consultants. The report and any supporting studies may be prepared at the expense of the applicant, at Council's discretion.

2.5.2.1 General Proposals

Where a Plan amendment and/or Development Regulations amendment application is for a general change in land use and does not relate to specific development proposal, or where site specific information on the future development of the site is not required, all or some of the following criteria may be considered:

- a. compatibility of proposed uses with surrounding land uses, and the likely impact of the proposed development on present and future land uses in the area;
- b. the size and shape of the parcel of land on which a proposal is to be located, and the ability of the site to accommodate the intensity of the proposed use;
- c. the supply of vacant land or vacant buildings in the area which is designated and/or zoned for the proposed uses;
- d. the potential traffic generated by the proposed change, considering the most intense land uses that may be permitted by such a change, and the likely impact of this additional traffic on Town streets, pedestrian and vehicular safety, and on surrounding properties.

2.5.2.2 Site/Development Specific Proposals

Where a Plan amendment and/or Development Regulation amendment is for a specific development proposal, or where more site specific and detailed information on the type and nature of future development is required, all, or some, of the following criteria may be considered:

- a. all of the criteria listed in the policies of the Plan;
- b. the height, location and spacing of any buildings in the proposed development, and any potential impacts on surrounding land uses;
- c. the location of vehicular access points the likely impact of traffic generated by the proposal on streets, pedestrian and vehicular safety, and on surrounding properties;
- d. the exterior design in terms of bulk, scale, and layout of buildings, and the integration of these uses with present and future land uses in the area;
- e. the potential impact of the development on surrounding natural features and heritage resources;
- f. constraints posed by the environment, including but not limited to locations where adverse effects from landfill sites, sewage treatment plants, methane gas, contaminated soils, noise, ground borne vibration, and rail safety may limit development;
- g. compliance of the proposed development with the provisions of the Town's Municipal Plan and Development Regulations; and,
- h. measures planned by the applicant to mitigate any adverse impacts on surrounding land uses and streets which have been identified as part of the Planning Impact Analysis.

An applicant for a proposed change in land use may be required to provide information and details on the development and its likely impacts.

The report shall identify significant impacts, evaluate their importance, and recommend a Mitigation Plan indicating measures of control or mitigation, where appropriate.

Prior to the approval of a Planning Impact Analysis, Council shall provide adequate time for a public review of the report, using the procedures for public notification as outlined in Section 2.4.4.

2.5.3 Financial Guarantees by Developer

Council may require a developer, before commencing a development, to make such financial provisions and/or enter into such agreements as may be required to guarantee the payment of service levies, ensure site reinstatement, and to enforce the carrying out of any other condition attached to a permit (including landscaping). The financial provisions may be made in the form of:

- a. a cash deposit from the developer, to be held by Council;
- b. a security or guarantee by a bank, or other institution acceptable to Council, for expenditures by the developer;
- c. a performance bond provided by an insurance company or a bank, or;
- d. an annual contribution to a sinking fund held by Council.

The financial guarantee shall be returned when the site has been restored and any conditions attached to the development permit have been carried out to Council's satisfaction.

2.5.4 Service Levy

Council may require a developer to pay a service levy where development is made possible or where the density of potential development is increased, or where the value of real property is enhanced by the carrying out of public works either on or off the site of the development (Section 149 (2) *Municipalities Act, 1999*).

A service levy shall not exceed the cost, or estimated cost, including finance charges to Council of constructing or improving the public works referred to above that are necessary for the real property to be developed in accordance with the standards required by Council and for uses that are permitted on that real property.

A service levy shall be assessed on the real property based on: (a) the amount of real property benefited by the public works related to all the real property so benefited, and (b) the density of development made capable or increased by the public work.

Council may require a service levy to be paid by the owner of the real property; (a) at the time the levy is imposed, (b) at the time development of the real property commences, (c) at the time development of the real property is completed, or (d) at such other time as Council may decide.

2.5.5 Require Land Conveyed for Public Work Purpose

A Council may, for a development that is not involving a subdivision, require a portion of the land to be developed to be conveyed to the Town for a public purpose where public works are required to accommodate the proposed for development.

2.5.6 Land for Park/Public Use in Subdivisions

Council may require the dedication of a percentage of the land area of any subdivision or other development not more than 10% to be developed as park land or other public use, and such land shall be conveyed to Council in accordance with Section 37 of the *Urban and Rural Planning Act, 2000*. The Town may consider cash in lieu as well.

2.5.7 Restoration of Land

Where the use of a site is discontinued, the intensity of its use is decreased, a development permit has been revoked or has expired, or a temporary development permit has expired, Council may order the developer, the occupier of the site, the owner, or all of them to restore the site, remove all or any buildings or erections, cover or fill all wells or excavations, and close all or any accesses, or to do any or all of these things, as the case may be, and the developer, occupier or owner shall carry out the order of Council and shall put the site in a clean and sanitary condition to Council's satisfaction.

2.6 ENFORCEMENT AUTHORITY

2.6.1 Delegation of Authority

The *Urban and Rural Planning Act, 2000* provides for delegation of authority under Section 109 regarding enforcement.

An order made by an employee shall be confirmed by a majority vote of the members of the council present at the next meeting of that Council after the order is made and if the order is not confirmed in this manner, it shall be considered to be cancelled.

2.6.2 Right of Entry under Section 105, *Urban & Rural Planning Act, 2000*

Council or an officer may enter upon any public or private land and may at all reasonable times enter any development or building upon the land for the purpose of making surveys or examinations or obtaining information relative to the carrying out of any development, construction, alteration, repair, or any other works whatsoever which Council is empowered to regulate.

2.6.3 Enforcement Authorities under Section 102, *Urban & Rural Planning Act, 2000*

1. Where it is determined that a use of land or development is contrary, or apparently contrary, to the Municipal Plan and Development Regulations, Council may initiate enforcement measures by issuing a stop work order.
2. A stop work order requires that person to stop the development or work connected therewith pending the final adjudication in any prosecution arising out of the development.
3. Every inspector shall keep a record of any violation of these Regulations and report that violation to Council.
4. A person who does not comply with an Order is guilty of an offence under the provisions of the *Urban and Rural Planning Act, 2000*.

3.0 LAND USE ZONES

3.1 INTERPRETATION OF LAND USE ZONING AND DEVELOPMENT STANDARDS

3.1.1 Land Use Zones

1. The Municipal Planning area is divided into Land Use Zones which are shown on the Land Use Zoning Maps attached to, and forming part of, these Regulations. For each zone, the intent and governing policies are set out in Chapter 3 of the Municipal Plan.
2. The boundaries of the Use Zones shown on the Land Use Zoning Maps are general only and, except where they coincide with roads, shorelines, or other prominent physical features, are not intended to define exact limits. No Development Regulation amendment shall be required in order to accommodate minor adjustments of the Use Zone boundaries.
3. Other than such minor boundary adjustments, no development shall be permitted that does not conform to the Use Zone delineated on the Land Use Zoning Maps.
4. Where there is uncertainty regarding the existence of a watercourse identified on the zoning map, this can be confirmed in the field. If it is determined that the watercourse does not exist, the area in question shall be treated as if it is occurring within the surrounding zone.
5. The following zones were developed to reflect the needs of the Town of Clarke's Beach. The Municipal Plan states the Intent and Policies for each of the land use classes. The Development Regulations enable the implementation of these policies through the following zones:

1. Residential Medium Density
2. Residential Rural
3. Commercial
4. Recreation Vehicle Park
5. Town Centre
6. Environmental Protection
7. Open Space, Park & Trails
8. Protected Water Supply
9. Rural

3.1.2 Use Zone Tables

This Chapter provides a Use Zone Table for each zone which sets out the permitted, and discretionary uses for each Zone. The standards, requirements and conditions applicable to these Uses are set out in an associated Site Development Standards table and also in more detail in Chapters 4, 5, 6 and 7.

3.1.2.1 Permitted Uses

Subject to these Regulations, Permitted Uses set out in the Use Zone Table shall be permitted by the Council in that Use Zone provided that it meets the development standards and requirements of the Development Regulations.

3.1.2.2 Discretionary Uses

The discretionary uses listed in the Use Zone Tables may be permitted at the discretion of Council, provided that they are complimentary to uses within the permitted use class, or that their development shall not inhibit or prejudice the existence or the development of such uses. (Refer to the Development Standards set out in Chapters 3, 4, 5, 6 and 7).

Council must be satisfied that the development would not be contrary to the general intent and purpose of these Regulations, the Municipal Plan, or any further scheme or plan or regulation pursuant thereto, and to the public interest.

Council is required to provide public notice of the application in accordance with Provision 2.6.3 and has considered any objections or representations which may have been received on the matter

3.1.3 Accessory Uses and Accessory Building

Accessory Use as defined in the Minster's Development Regulations (see Appendix 1) '...means a use that is subsidiary to a permitted or discretionary use and that is customarily expected to occur with the permitted or discretionary use...';

Definitions and examples of an accessory use and accessory building is provided in Chapter 5.

A permit is required for accessory uses and accessory buildings.

3.1.4 Uses Not Permitted (Prohibited)

Uses that are not listed as Permitted or Discretionary Use on a Use Zone Table shall not be permitted in that Use Zone.

3.1.5 Uses Permitted in All Land Use Zones

The following uses shall be permitted in any land use zone.

1. Conservation Land Use Class (Environmental protection, open space uses) including parks and pedestrian trails and lands set aside for environmental protection purposes (Section 4);
2. Mineral exploration not classed as 'Development' (Section 4.4.8);
3. Development associated with public infrastructure and services, including public transportation infrastructure and utilities – Refer to Section 4.8;

3.1.6 Development Conditions and Standards

1. All Development within the Municipal Planning area must conform to:
 - a. Policies set out in the Municipal Plan;
 - b. Development standards and conditions set out in the Chapters of the Development Regulations; and,
 - c. Standards set out in the National Building Code and ancillary codes (plumbing, electrical, etc.);

- d. Any other municipal regulation or bylaw in force in the Municipal Planning area regulating or controlling development, conservation, heritage, fences, and use of land and buildings under the *Municipalities Act, 1999*;
 - e. Requirements of Federal and Provincial legislation, regulations, policies and guidelines.
2. If Council is aware that a proposed development may not comply with Provincial or Federal legislation, it may require the applicant to provide confirmation that necessary government approvals have been obtained before issuing a development permit.
3. If Council deems that a proposed development may trigger the requirements of the *Environmental Protection Act, 2002* the proponent shall be advised to consult with the Environmental Assessment Division and a development permit cannot be issued until this process is complete.
4. Where these Regulations are more stringent than Provincial or Federal legislation, these Regulations shall apply.
5. If the proposed development is not a use that is a permitted or discretionary use in the Zone where the land is located; then, the applicant may consider an application to rezone the property.

3.2 RESIDENTIAL MEDIUM DENSITY ZONE

USE ZONE TABLE: RESIDENTIAL MEDIUM DENSITY	
PERMITTED USES	DISCRETIONARY USES
<ul style="list-style-type: none"> -Single detached dwelling (4.7.1) -Semi-detached (double) dwelling (4.7.2) -Subsidiary apartment (5.1.2) -Home businesses (5.3) All-except Bed & breakfast, Personal service and Art gallery, which are specifically listed under Discretionary use -Uses set out in 3.1.5 	<ul style="list-style-type: none"> -Townhouse (4.7.3) -Garden Suite (4.7.7) -Apartment building (4.7.4) -Mobile home or mini-home (4.7.8) - Assisted Living-Residential (4.7.6.1) - Non-profit housing (4.7.6.2) - Transitional housing (4.7.6.5) -Convenience store (4.3.11) -Home business (5.3): Bed & breakfast, Personal service and Art gallery -Urban agriculture (4.2.2) -Cemetery (4.6.1) -Public Gathering Places-Indoor (4.6.4) -Energy generating facility – residential only (4.4.3) -Automotive Repair shop (4.3.4) -Resort-cottages or tourism cabins only (4.3.23)

DEVELOPMENT STANDARDS: RESIDENTIAL MEDUM DENSITY ZONE				
Minimum Standards:	Single Detached Dwelling	Semi-Detached Dwelling	Townhouse (Row housing)	Infill: Single detached dwellings only- See Condition 2
Lot size - metres ²	669	270/unit	180/unit	350
Frontage (metres)	15	9/unit	6/unit+9 for each end unit	At discretion of Council
Building Line (metres)	8 or at the discretion of Council			
Side Yards (metres)	1.2	1.2	3	1
Recommended Flanking Yard (metres)	6	8	5 - 7	4
Rear Yard (metres)	6	6	8	6
Lot Coverage	40%	40%	40	40
Maximum Standards:				
Maximum Height (metres)	12	12	12	12

DEVELOPMENT STANDARDS: RESIDENTIAL MIXED DENSITY ZONE Apartment/Multi-Unit Residential Building	
Minimum standards:	
Lot area per unit (metre ²)	140
Frontage (metres)	At discretion of Council
Front yard (building line setback (metres)	8
Flanking yard (metres)	8
Side Yard (metres)	3
Rear yard (metres)	10
Maximum standards:	
Lot Coverage	40%
Height (metres)	14

Conditions

- (1) Development must conform to the requirements of Section 3.1.6.
- (2) No home is to be built where the 'end' is facing the street, that is, every house must have a main entrance facing the street and a front façade facing the street;
- (3) Special conditions for 'Infill, residential'

Definition: A residential infill development is a single-detached dwelling on a lot does not meet the development standards of the zone due to the constraints of existing surrounding development and to acquire land from adjacent properties would render those properties as non-conforming. This does not include a substandard property abutting vacant land.

- a. Infill lots shall only be considered in areas served by municipal water and sewer services and adjacent property owners must be notified as per the notification requirements for a discretionary use.
- b. The sideyards and rearyard requirements can be exchanged for infill lots only where the adjacent development has sufficient separation to ensure that the primary buildings on each lot are 10 metres apart.
- c. Council shall review infill development to ensure:
 - i. the type, scale, massing, and design of the development is generally appropriate to the neighbourhood;
 - ii. preservation of side/back/front yards for public safety requirements;
 - iii. Building line setbacks shall conform to the existing development pattern; and,
 - iv. adequate provision is made for light, privacy, and amenity.

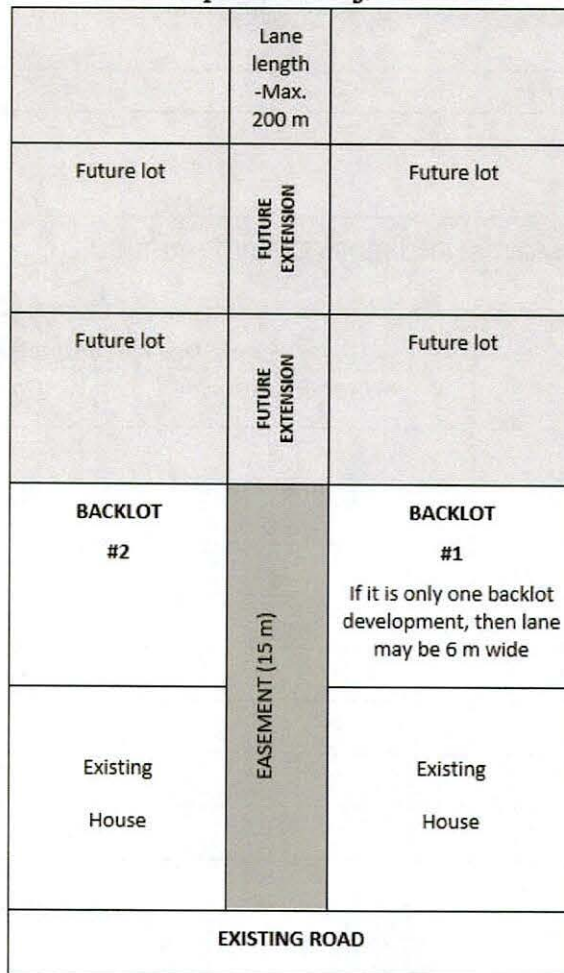

(4) Back Lots

In the residential zone, where the configuration of existing parcels of land does not support traditional residential subdivision of land where each lot has a minimum frontage to a street, the Council may consider a proposal to subdivide land and develop new parcels through the Back lot development, where a driveway from the street, forming part of the lot, provides access to the larger developable portion of the parcel, provided that:

- a. The backlot driveway access area of the lot shall not be calculated as part of the minimum parcel size area required by the Development Regulations for that zone, and the backlot driveway shall be constructed to meet standards to provide for a durable road surface for emergency access vehicles, and include provision for road drainage.
- b. The backlot access width shall be a minimum of an unobstructed 6 m for a single back lot.
- c. For two adjacent Back lots, the minimum width of each Backlot access may be 4 metres for each access, subject to compliance at the time of subdivision;

- d. If there is potential for future development beyond the two Back lots, then a 12-metre easement is required to accommodate this larger residential subdivision (including accommodation of surface runoff from the additional development);
- e. Registration at the Registry of Deeds of a cross easement access agreement on the title of both Back lots for shared use and maintenance of the Backlot driveway access;
- f. The maximum length of a Backlot access shall be 200.0 metres;

An illustration of the layout for backlot development is provided below; note that it is a conceptual drawing, not to scale

3.3 RESIDENTIAL RURAL ZONE

USE ZONE TABLE: RESIDENTIAL RURAL	
PERMITTED USES	DISCRETIONARY USES
<ul style="list-style-type: none"> -Single detached dwelling (4.7.1) -Subsidiary apartment (5.1.2) -Uses set out in 3.1.5 -Urban agriculture (4.2.2) 	<ul style="list-style-type: none"> - Assisted Living-Residential (4.7.6.1) - Supportive housing (4.7.6.3) - Transitional housing (4.7.6.5) -Energy generating facility – residential only (4.4.3)
Prohibited: Mobile home, Mini-home	

DEVELOPMENT STANDARDS: RESIDENTIAL RURAL		
	Single Detached Dwelling	
	No services provided	One service: water
Minimum Standards:		
Lot area (metres ²)	1860	1400
Frontage (metres)	30	23
Building Line Setback (metres)	8	8
Side yard Width (metres)	5	5
Side yard, Flanking (metres)	15	15
Rear yard Depth* (metres)	15	15
Maximum standards:		
Height (metres)	10	10

Conditions

- (1) Development must conform to the requirements of Section 3.1.6.
- (2) No municipal services shall be provided. However, the Town may allow a connection where the development is immediately adjacent to the service, and the Town deems the connection necessary.

3.4 COMMERCIAL

USE ZONE TABLE : COMMERCIAL ZONE	
PERMITTED USES	DISCRETIONARY USES
<p>- Commercial Land Use Class (4.3): All Uses, EXCEPT, Amusement Park, Campgrounds, Resort</p> <p>- Institutional/Public Land Use Class-All Uses (4.6) EXCEPT Cemetery (4.6.1)</p> <p>- Emergency shelter (4.7.10.4)</p> <p>-Uses set out in 3.1.5</p>	<p>-Apartment building (4.7.7) with commercial on main floor</p> <p>- Transitional housing (4.7.10.5)</p> <p>-Public Gathering – Indoor (4.6.4)</p>

DEVELOPMENT STANDARDS: COMMERCIAL USE	
Minimum Standards:	
Front yard (building line) (metres)	At the discretion of Council
Side yard (metres):	1 - 5 at the discretion of Council
Flanking yard (metres):	4 – 6 at the discretion of Council
Rear yard (metres):	5
Maximum Standards	
Height (metred)	15

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;
- (2) Notwithstanding the standards in the Use Zone Table, Council may require the building line setbacks (building line) of new building to complement the setbacks of existing conforming buildings on adjoining or nearby lots on the same street and may allow buildings be permitted to abut existing sidewalks.

3.5 RECREATIONAL VEHICLE PARK ZONE

USE ZONE TABLE: RV PARK	
PERMITTED USES	DISCRETIONARY USES
-Campgrounds (4.3.9) -Uses set out in 3.1.5	

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;

3.6 TOWN CENTRE ZONE

USE ZONE TABLE: TOWN CENTRE	
PERMITTED USES	DISCRETIONARY USES
- Offices (professional, financial and associated support services) (4.3.22) -Uses set out in 3.1.5	-Contractor-General (4.4.2)(see condition #2)

DEVELOPMENT STANDARDS: TOWN CENTRE	
	Commercial
Minimum Standards:	
Building Line (metres)	At discretion of Council
Side Yards (metres)	3
Flanking Yard (metres)	5
Rear Yard (metres)	10
Maximum standards:	
Lot Coverage %	38
Maximum Height (metres)	15

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;
- (2) Contractor-General use is only allowed for the Town Depot and equipment used by the Town;

3.7 ENVIRONMENTAL PROTECTION ZONE

USE ZONE TABLE: ENVIRONMENTAL PROTECTION	
PERMITTED USES	DISCRETIONARY USES
<ul style="list-style-type: none"> - <i>Environmental Protection (4.5.1)</i> - <i>Open Space, Parks and Trails uses,</i> - <i>Forest activities-domestic harvest only (4.4.4)</i> - <i>Uses set out in 3.1.5</i> 	<ul style="list-style-type: none"> - <i>Marina (4.3.16) (see Condition #3)</i>

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;
- (2) Any development within a specified distance of a designated trail or water course shall be reviewed to ensure that development does not negatively impact such trail or watercourse and the property owner may be required by the Town to provide a buffer.
- (3) Wharfs, docks, slipways and boathouses are allowed as accessory uses to a primary use.

3.8 OPEN SPACE, PARKS AND TRAILS ZONE

USE ZONE TABLE: OPEN SPACE, PARKS AND TRAILS	
PERMITTED USES	DISCRETIONARY USES
<p>-Conservation – All uses (4.5) which includes Environmental Protection and Open Space, Park and Trails uses -Uses set out in 3.1.5</p>	<p>- Public gathering places-outdoor (4.6.5) -Restaurant – Mobile Take Out, Street Vendor only (4.3.24.3) -Outdoor Market (4.3.20)</p>

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;
- (2) Development standards for Open Space, Parks and Trails are according to conditions listed under the definitions;

3.9 PROTECTED WATER SUPPLY ZONE

USE ZONE TABLE PROTECTED WATER SUPPLY ZONE	
PERMITTED USES	DISCRETIONARY USES
-Environmental Protection (4.5.1) -Cottage (4.7.5) – refer to condition 5 -Forestry (4.4.4) -Commercial Agriculture (4.2.1) Refer to condition 4 -Resort (4.3.23) -Uses set out in 3.1.5	-Mineral Working (4.4.9) -Mineral Exploration – development (4.4.8)

Conditions:

- (1) All land use and development activities within a designated Protected Water Supply under the Water Resources Act must be referred to the Water Resources Division of the provincial government for review and approval. No development is allowed without Water Resources approval. Refer to sections 6.1.6 Water Body Protection for more information regarding provincial government requirements.
- (2) Any work within this designated Protected Public Water Supply Area must comply with the Water Resource Management Division’s “Policy for Land and Water Related Developments in Protected Public Water Supply Areas”.
- (3) No development other than vegetation can occur within the following buffers:

Water Body	Width of Buffer Zones
Intake pond or lake	a minimum of 150 metres
River intake	a minimum of 150 metres for a distance of one km upstream and 100 m downstream
Main river channel	a minimum of 75 metres
Major tributaries, lakes or ponds	a minimum of 50 metres
Other water bodies	a minimum of 30 metres

- (4) The Blueberry Management Areas in the Protected Water Supply zone, established under the *Lands Act, 1990*, are to be protected for the primary use of commercial agriculture. If commercial agriculture is discontinued and there is an application for another use of the site, the Town must consult with the Land Stewardship Resources Division before issuing any development permit.
- (5) Cottage development is limited to remote cottages only; no cottage subdivision development is allowed within the Protected Water Supply zone.

3.10 RURAL ZONE

USE ZONE TABLE : RURAL ZONE	
PERMITTED USES	DISCRETIONARY USES
<ul style="list-style-type: none"> -Commercial Agriculture (4.2.1) -see Condition 4. -Forestry Activities (4.4.4) -Mineral Working (4.4.3) -Weapons Range -Cottage (4.7.5) -Uses set out in 3.1.5 	<ul style="list-style-type: none"> -Outdoor Market (4.3.20) -Natural Resource Use (4.4.11) -Natural Resource-Related Uses (4.4.12) -Marina (4.3.16) -Cemetery (4.6.1) -Residential: (1) Single detached dwelling only in association with a permitted use (4.7.2) such as commercial agriculture

Conditions

- (1) Development must conform to the requirements of Section 3.1.6;
- (2) No municipal services shall be provided. However, the Town may allow a connection where the development is immediately adjacent to the service, and the Town deems the connection necessary.
- (3) The Development standards are at the discretion of Council.
- (4) The Blueberry Management Areas in the Rural zone, established under the *Lands Act, 1990*, are to be protected for the primary use of commercial agriculture. If commercial agriculture is discontinued and there is an application for another use of the site, the Town must consult with the Land Stewardship Resources Division before issuing any development permit.
- (5) An overlay of the Federal Weapons Range, Department of National Defence, is shown in the Rural zone on the Land Use Zoning map: no applications for development are to be accepted within this area.

3.11 PROVINCIAL AND FEDERAL INTEREST OVERLAYS

The following Provincial and Federal Interest overlays are shown on the Future Land Use Map and the Land Use Zoning map. The Government Agency requirements regarding these interests are indicated below:

- a. **Blueberry Management Area:** Any development proposed within the Blueberry Management Area must be referred to the Land Resources Stewardship Division for review and comment;
- b. **300m Quarry Buffer:** Within the 300 metres Quarry Buffer, development applications must be sent to the Mineral Lands Division for approval; in order to prevent conflict between non-compatible land uses;
- c. **Survey Control Monument:** There are 29 survey control markers shown on the mapping and these can be viewed in greater detail at: <https://arcg.is/1rWnSC> . Any development applications occurring in the vicinity of these markers must be referred to the GIS & Mapping Division;
- d. **Weapons Range:** This land is owned by the Department of National Defence. No applications are to be accepted in this area.
- e. **Building Control Line:** Protected Road Zoning Regulations apply with regard to the Trans-Canada Highway; any development within 400 metres of the centreline of the Trans-Canada Highway shall be referred to the Government Service Centre, Department of Digital and Government and Service NL. A permit for development within 400 metres of the highway centreline is required from both the Town and the Government Service Centre.
- f. **Domestic Harvest Area:** Forestry activity within the Domestic Harvesting Area must be allowed to continue unimpeded; any applications for development within the Domestic Harvesting Area shall be referred to the Forestry Branch, Department of Fisheries, Forestry and Agriculture.
- g. **100m Well Referral Buffer:** A 100-metre referral buffer for two wells that are regulated by Department of Digital Government and Service NL; any development applications within this buffer shall be referred to the Department of Digital Government and Service NL for review and recommendations.

4.0 LAND USE AND DEVELOPMENT DEFINITIONS AND STANDARDS

4.1 INTERPRETATION

The land use definitions provide a description of the use or development in terms of its structural form and level of activity generated in terms of pedestrian or vehicular traffic, noise, visual appearance, and any other considerations that constitute the impact the neighbourhood, street or zone in which it occurs. The examples provided are not intended to be exhaustive so that if a new use with a modern 'label' fits a category of use defined under a land use class, Council may, in its discretion apply the relevant the regulations and conditions accordingly.

Wherever possible, the goal was to achieve consistency with federal and provincial terms and definitions.

4.2 AGRICULTURE LAND USE CLASS

4.2.1 Commercial Agriculture:

Definition: Commercial Agriculture means of farm operation as specified in the *Farm Practices Protection Act, 2000*.

Conditions:

- (1) No structure for a Livestock and Poultry Farm Operation shall be erected or used unless it complies with the following conditions. (Environmental Farm Practices Guidelines for Livestock Producers in Newfoundland and Labrador and Environmental Farm Practices Guidelines for Poultry Producers in Newfoundland and Labrador);
- (2) The structure shall be at least 600 m from:
 - a. a residence (except a farm residence or a residence which is a nonconforming use in any zone in which agriculture is a permitted use class in the Use Zone Schedules of these Regulations),
 - b. an area designated for residential use in an approved Plan, and
 - c. a Provincial or Federal Park.
- (3) The structure shall be at least 45 metres from the boundary of the property on which it is to be erected.
- (4) The structure shall be at least 90 metres from the centre line of a street.
- (5) The erection of the structure shall be approved by the Land Stewardship Resource Division, Government of Newfoundland and Labrador.
- (6) Manure storage must be located 100 metres from the boundary of the property; Service NL must approve all manure systems
- (7) No development for residential use shall be permitted within 600 metres of an existing structure designed to contain more than five animal units unless the development is first approved by the Land Stewardship Resource Division, Government of Newfoundland and Labrador.
- (8) Approvals must be obtained from the Land Stewardship Resource Division, Government of Newfoundland and Labrador for any commercial farming operation.

- (9) The Town, in its discretion, may refuse to issue a permit for an agricultural operation where in its opinion the use is likely to create an environmental hazard or a nuisance to residences in the general vicinity of the proposed agricultural use.
- (10) The identified locations of Blueberry Management Areas established under the *Lands Act, 1990*, are to be protected for the primary use of commercial agriculture. If commercial agriculture is discontinued and there is an application for another use of the site, the Town must consult with the Land Stewardship Resources Division before issuing any development permit.

4.2.2 Urban Agriculture

Definition: Urban Agriculture means non-farm operation agricultural activities that are compatible within a developed urban setting, such as some residential and mixed-use zones, and includes, but is not limited to, horticulture, vegetable growing, fruit growing, and the use of land as market gardens, nursery grounds, and community gardens, and the keeping of domestic animals, such and livestock, poultry and dogs.

4.2.2.1 General Conditions:

- (1) Urban agricultural uses must meet the requirements for a home business (refer to section 5.3 below);
- (2) A permit is not required for any residential market garden or home gardening that does not involve permanent structures, on-site sales, or keeping of animals.

4.2.2.2 Community Garden

A community garden use shall be subject to the following conditions:

- (1) Community gardens are to be maintained in a neat and tidy fashion; and
- (2) All disturbed areas not comprising the area of the community garden are to be reinstated with a minimum of grass sods to the satisfaction of the Town.

4.2.2.3 Livestock, Poultry and Fowl Conditions

The following guidelines are provided for Council when making a discretionary decision regarding urban livestock and poultry and fowl:

- (1) For every 0.4 hectare (with a minimum of 0.4 hectares), only one of any of the following is allowed (or a combination):
 - a. 2 of these livestock species: cow, bull, horse, mule, ass, swine or llama, and includes their young;
 - b. 6 sheep/goats;
 - c. 12 head of poultry or fowl (excluding roosters);
 - d. 12 rabbits; and,
- (2) On lots smaller than 0.4 hectares, but greater than 669 m² = 4 chickens, no roosters shall be allowed.

4.2.2.4 Kennel

Definition: Kennel means a building or portion thereof used for the keeping or boarding of more than eight (8) domestic animals, excluding livestock, kept for the purposes of commercial breeding or showing, or for personal use, with or without veterinary care, and includes an animal shelter.

Conditions:

- (1) appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (2) the outside perimeter of all areas related to the kennel where animals are kept shall be enclosed by a solid fence or fence and a solid hedge at least 1.8 metres in height to screen the areas from adjacent properties;
- (3) the kennel must be located on a lot of 2 hectares or more;
- (4) all buildings related to the kennel should contain at least 8 cm of insulation in all exterior walls and ceiling for the purpose of soundproofing;
- (5) all buildings, pens and runs shall be sited not less than 15 metres from any property line, and 90 metres from any residence except the kennel site; and,
- (6) Council shall be satisfied that the kennel shall not impact upon surrounding residential neighbourhoods.

4.3 COMMERCIAL LAND USE CLASS

This class includes land uses and development for activities providing for the sale of goods and services. Generally, the Use Zone standards apply; however, as required, specific conditions are tailored to the activity and associated traffic in order to address public health, safety and conservation issues and achieve the intent of the community of the land use zone in which the activity is located.

4.3.1 Amusement Establishment/Use

Definition: Amusement establishment use means the use of land or a building or a part thereof used by the public for indoor non-sport games, including but are not limited to, billiard and pool halls, bingo hall, mechanical amusement games (more than three game machines), video games. It does not include those on the premises of a hotel or bar.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Must address traffic access/egress and on-site movement as well as parking;
- (3) For a temporary permit in particular, must address site rehabilitation after event;

4.3.2 Amusement Park/Attraction

Definition: Amusement Park/attraction means an outdoor area where buildings or structures may be permanently or temporarily erected for the purpose of amusement, entertainment or education of a large number of people; including but are not limited to, a circus, carnival, midway show, race-track,

sideshow, fairgrounds, or similar exhibition which may have mechanically or electrically operated amusement rides or games, and theme parks.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4);
- (2) Must meet Use Zone Site Development Standards and conditions or except for temporary amusement operations;
- (3) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;

4.3.3 Auto Body Shop

Definition: An auto body shop consists of a building or a clearly defined space on a lot used for the storage and repair of motor vehicles including body repair, painting and detailing, but does not include a service station or an automobile repair shop or an automotive sales establishment.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Must be of 20 metres from a residential lot;
- (3) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (4) There shall be no outdoor storage of inoperable vehicles on the premises and no scrapping of vehicles shall be permitted;
- (5) Must apply measures to minimize any noise, spray or fumes through the installation of appropriate equipment; and all waste fluids and tires shall be disposed of in accordance with applicable provincial regulations;
- (6) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties; and,
- (7) Council may require that a parking area abutting a residential lot be appropriately screened by a fence, wall, or hedge of height of about 2.4 metres and located a minimum distance of 1 metre from the edge of the parking area.

4.3.4 Automotive Repair Shop

Definition: An automotive repair shop means a development for the servicing and repair of motor vehicles. This definition includes but is not limited to transmission repair shops, muffler repair shops, tire shops, automotive glass shops, auto body repair, painting and detailing, and automotive upholstery shops, but does not include an automotive sales establishment, a service station, or salvage or wrecking and recycling yard.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;

- (3) There shall be no outdoor storage of inoperable vehicles on the premises and no scrapping of vehicles shall be permitted;
- (4) Outline measures to minimize any noise, spray or fumes through the installation of appropriate equipment; and all waste fluids and tires shall be disposed of in accordance with applicable provincial regulations;
- (5) A minimum buffer between residential use and vehicle repair, body repair, car wash shall not be located closer than 20 metres from residential use; and,
- (6) Council may require that a parking area abutting a residential lot be appropriately screened by a fence, wall, or hedge of height not less than 1 metres and located a minimum distance of 1 metre from the edge of the parking area.

4.3.5 Bar/Licensed Liquor Establishment

Definition: A Bar means a development licensed for the sale of alcoholic beverages to the public, for consumption within the premises and where entertainment and meals may be provided. Typical Uses include but are not limited to, dance clubs, cabarets, nightclubs, lounges, tavern, neighbourhood pubs and bars, brewpubs (including beer or liquor produced onsite), beverage rooms, private clubs, cocktail lounges, and similar uses.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions; and,
- (2) Recommend consideration of a separation distance of 100 metres from a residential lot;
- (3) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;

4.3.5 Building Supply Store

Definition: A Building supply store means a building or land on which building and construction supplies and home improvement materials are kept for sale.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions; and,
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (3) Recommend that storage of supplies is appropriately screened and/or fenced in order to prevent unsightly property.

4.3.6 Business Support Service

Definition: A Business support service means development used to provide support services to businesses which are characterized by one or more of the following features: the use of mechanical equipment for printing, duplicating, binding or photographic processing; the provision of office maintenance, custodial or security service, and the sale, rental, repair or servicing of office equipment, furniture and machines.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions
- (2) Standard: Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;

4.3.7 Campground, including RV campgrounds

Definition: Campground (including RV campgrounds) means a public or privately-operated facility offering overnight to seasonal camping experiences for 3 or more tent sites or serviced recreational vehicle sites, associated rental cabins, and including accessory administrative offices, convenience store, laundry facilities, sanitary facilities, recreational hall and associated recreational uses that cater to short-term guests, not to year-round residents and does not include industrial, work or construction camps or permanent mobile home or mini-home parks;

Conditions:

- (1) A proposed campground, including trailer and Recreational Vehicle Park, shall require a Planned Unit Development application (2.2.2 & 2.2.4) satisfactory to Council containing the following information:
 - a. Location and size of camp and trailer sites;
 - b. Internal roads and accesses and parking areas
 - c. Parking areas for proposed campground
 - d. Accessory uses such as laundry facilities, storage areas, washrooms, showers, convenience store, staff accommodations, and outdoor and indoor recreation facilities;
 - e. Water supply and waste disposal
 - f. Landscaping for proposed campground
 - g. Buffers and screening between the site and other nearby land uses
 - h. Delineation of the property to be developed on a legal survey
 - i. Where deemed necessary by Council, a phasing plan for development.
 - j. On-site water and sewer services must meet minimum standards required by Council and relevant Provincial agencies.
 - k. Washroom facilities, recreational areas, parking areas, and similar facilities directly associated with the development shall not be located on separate properties.
- (2) All camp sites and on-site facilities that form part of the development shall be accessible only via the internal road network of the development.
- (3) A travel trailer or deck attached to the travel trailer or any other building on a travel trailer shall not be located closer than 2 metres to the property line of another non-campground residential property;
- (4) The development permit shall specify the maximum number of campsites for different uses such as tents, trailers, and RVs that shall be permitted on the site.
- (5) No expansion or alteration of a campground, other than repairs and maintenance, shall take place without the approval of Council.
- (6) No accessory uses (item d above) shall be located adjacent to a residential area;
- (7) Buffers between the campground and adjacent residential areas shall be 10 metres and planted with materials approved by the Town and/or a privacy fence of at least 2.4 metres in height and of a

design approved by the Town, shall be provided where the development abuts a public road, right of way, and/or present of future residential development;

- (8) Any buffering or screening shall be properly maintained by the owner, and not allowed to fall into disrepair or become unsightly.
- (9) The operation shall comply with all regulations of Council pertaining to noise and unruly behaviour.
- (10) Where deemed necessary by Council, a deposit sufficient to cover the cost of buffers and screening shall be deposited with Council until the work is completed in accordance with the approved plan.
- (11) The permit for a campground shall specify the maximum number of units and sites, and the form of tents, recreational vehicles, and so forth – that may be accommodated on the site at any one time. This number shall not be exceeded.
- (12) Failure to comply with any conditions of the discretionary use permit may result in the Town ordering the immediate cessation of the use for which the permit was issued.

4.3.8 Child Care – Non-residential (Note: residential child care is under Home Business)

Definition: Child care – Non-residential means a building or part of a building in which personal care services are regularly provided to children for group day care, family day care, pre-school, play school, out-of-school care, specialized day care, and emergency day care, all as licensed and regulated by the Province of Newfoundland and Labrador, but does not include a school as defined by the *Schools Act, 1997*. (Note: child care - residential is found in section 5.4)

Conditions:

- (1) A Child Care Centre shall be duly licensed and approved, staffed, equipped and operated in accordance with the requirements of the agencies having jurisdiction or authority;
- (2) The section of the street on which the use is located allows sufficient area and sight distance for the safe and convenient drop off and pick up of children without hindering the safety and convenience of vehicular and pedestrian traffic on the street, or the development provides adequate off-street drop off or pick up spaces satisfactory to Council; and,
- (3) The use must be compatible with nearby uses.

4.3.9 Club and Lodge

Definition: Club and Lodge means a building or structure used by a non-profit association or organization for fraternal, social, or recreational purposes, including but not limited to such examples as, the Lion's Club, Kinsmen Club. Note that this can also be an Accessory Use (refer to sub-section 5.1)

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Note that this can also be an Accessory Building (refer to section 5.1)

4.3.10 Contractor, Limited (Small)

Definition: Contractor, limited (small) means a building or part thereof providing services for electrical, plumbing, heating, painting and similar contractor services to individual households including accessory

sale of goods associated with this service where and there is no accessory manufacturing or fleet of vehicles consisting of more than 4 vehicles.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (3) Recommend that all materials are within an enclosed building

4.3.11 Convenience Store

Definition: Convenience store means a building which is used as a retail store providing a range of household and grocery items, and may include, but not limited to, postal services, take-out, and may be licensed to sell alcohol, but is not a supermarket. The convenience store may also be a subsidiary use within a primary use, such as a service station.

Conditions:

- (1) The store may form part of, or be attached to, a dwelling unit or be a stand-alone building;
- (2) The retail use shall be subsidiary to the residential character of the area and shall not affect residential amenities or adjoining properties;
- (3) The take-out use shall be subject to the conditions set out in 4.3.26.1;
- (4) Adequate provision for on-site parking, loading, buffering and landscaping must be provided;
- (5) The hours of operation are appropriate to the nature of the building and surrounding neighbourhood and the operation does not create a nuisance.
- (6) Must meet Use Zone Site Development Standards and conditions;
- (7) Council may require that a Take Out associated with a convenience store be subject to the following standards:
 - a. A Take-Out Food Use shall have a parking area or stacking lane with a minimum length before the pick-up window, as determined by Council based on the anticipated on the level of traffic to be generated as indicated in the application;
 - b. Order boards and signage shall be designed to minimize impact on adjacent residential or institutional uses.
 - c. As determined by Council: A buffer consisting of a sound-proof fence and landscaping may be required adjacent to residential uses. A fence, berm, and landscaping or a combination of these elements shall be used to reduce headlight glare, lighting, and noise from the Take Out; garbage receptacles shall be placed either before or after the pick-up window.

4.3.12 Custom Manufacturing Service (small/artisan)

Definition: Custom manufacturing service (small/artisan) means a building where goods are stored, produced, assembled, or repaired to consumer specifications and sold at retail on the premises and may include, but not limited to, welding, sheet metal, woodworking, flooring and tile contractors, and machine shop.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;

4.3.13 Garage, Public parking /taxi stand

Definition: Garage, public parking/taxi stand means a building or area other than a private garage where motor vehicles are kept or stored for remuneration which does not include any automatic car washing establishment, a motor vehicle sales establishment or an automobile service station.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Recommend that it is located 20 metres from residential uses; and appropriate noise and separation measures shall be required to reduce noise impact on surrounding properties;

4.3.14 General Service/Repair Shop

Definition: General Service/repair shop means an outlet for servicing, repairing, installing, or renting items and equipment, without limiting the generality of the foregoing, includes but is not limited to the following examples, radio, television, and computer service and repair shops; locksmith shops; small appliance service or repair shops; household and limited contractor service or repair shops; tools and equipment rental shops.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties.

4.3.15 Hotel or Inn

Definition: Hotel or Inn means a commercial establishment offering lodging and guest services to travelers and sometimes to permanent residents, and may have restaurants, meeting rooms, conference facilities, a lounge, stores, etc., that are available to the general public. In general, to be called a hotel (not a bed and breakfast), an establishment must have a minimum of five letting rooms accessed from within the building, at least three of which must have ensuite private bathroom facilities.

Conditions:

- (1) Require to submit a Planned Unit Development application (2.2.2 & 2.2.4);
- (2) Must meet Use Zone Site Development Standards and conditions
- (3) A Hotel or Inn is for temporary accommodation. The unit is not a place of residence or dwelling. Units may be rented on a temporary basis but not as an open-ended monthly apartment.

- (4) The Hotel or Inn shall contain a lobby with a front desk and office, along with a maintenance, housekeeping and laundry room(s) large enough to accommodate the needs of the commercial-residence.
- (5) Housekeeping services including cleaning, provision of clean linen and towels (daily or weekly) shall be provided. Hostels may additionally offer organized and managed cooperative cleaning and cooperative kitchen.
- (6) Access to units shall be through or associated with a clearly defined lobby. Exterior access to units can be provided as long as access to each unit is from a common parking lot on the site,
- (7) Units shall not have individual driveways to the street. Parking shall be provided in a parking lot with parking spaces and aisles and access for the overall parking lot to the street.
- (8) The Hotel or Inn shall have an overall cohesive design including a prominent lobby, pleasant appearance from the street, clear parking lot street entrance and design with a dust free surface, and landscaping (trees, shrubs, lawn) in setbacks and open areas.
- (9) There shall not be separate utility connections or utility billing or addressing for individual rooms.

4.3.16 Marina (also includes wharves, breakwaters, slipways & boathouses)

Marina - Definition: Marina means a dock or basin together with associated facilities where slips, moorings, supplies, repairs, and other services that are typically available for boats and other watercraft, including storage, sales and rentals, with or without a club house and catering facilities. It can also include a boat-house or shed associated with a dock or wharf.

Conditions:

- (1) A Marina must submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) A Marina or wharf, breakwater, slipway or boathouse must meet Use Zone Site Development Standards and conditions
- (3) Provide and maintain public access to the shoreline via a walkway, path or trail, located, designed and constructed to the satisfaction of the Council
- (4) Parking shall be provided for both vehicles and boat trailers with adequate turning areas within the parking lot;
- (5) Council may require that outdoor storage areas for boats or other equipment be landscaped and screened to the requirements of the Council;
- (6) Council may require that marinas be serviced with a supply of potable water and facilities for the collection and disposal of wastewater in a manner acceptable to the Council;
- (7) Wharf/Boathouse/Slipway/Breakwater structures shall follow the guidelines for the *Construction and Maintenance of Wharves, Breakwaters, Slipways and Boathouses* which are available from the Water Resources Management Division;
- (8) The Applicant must obtain a permit under of the *Water Resources Act, 2002* under Section 48 for any infilling or dredging work associated with these structures or other works near or in any body of water prior to the start of construction. Contact: Manager, Water Rights & Investigations Section.

4.3.17 Medical or Dental Clinic/Office

Definition: Medical or dental clinic/office means a building or part thereof used by qualified physicians, dentists, osteopaths, counselors, or other drugless practitioners, including their staff and patients, for

the purpose of out-patient consultation, diagnosis and office treatment. A medical clinic may include accessory uses such as waiting and treatment rooms, laboratories, dispensaries and administrative offices. A medical clinic does not include accommodation for overnight patient care or operating room facilities.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions

4.3.18 Motel

Definition: Motel means an establishment providing accommodation for travelers or the transient public that consists of one or more than one building containing four or more attached accommodation units accessible from the exterior only and may or may not have facilities for serving meals.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions
- (3) Units may be rented on a temporary basis but not as an open-ended monthly apartment.
- (4) A Motel unit is for temporary accommodation. The unit is not a place of residence or dwelling. No individual can abide in the units in a particular Motel for more than three months out of every calendar year.
- (5) The Motel shall contain a lobby with a front desk and office, along with a maintenance, housekeeping and laundry room(s) large enough to accommodate the needs of the commercial-residence.
- (6) Housekeeping services including cleaning, provision of clean linen and towels (daily or weekly) shall be provided.
- (7) Access to units shall be through or associated with a clearly defined lobby. Exterior access to units can be provided as long as access to each unit is from a common parking lot on the site,
- (8) Units shall not have individual driveways to the street. Parking shall be provided in a parking lot with parking spaces and aisles and access for the overall parking lot to the street.
- (9) The Motel shall have an overall cohesive design including a prominent lobby, pleasant appearance from the street, clear parking lot street entrance and design with a dust free surface, and landscaping (trees, shrubs, lawn) in setbacks and open areas.
- (10) There shall not be separate utility connections or utility billing or addressing for individual rooms

4.3.19 Outdoor Commercial Patio

Definition: Outdoor commercial patio means any outdoor area used in conjunction with any establishment licensed under the *Liquor Control Act, 1990* where meals or refreshments are served to the public for consumption on the premises.

Conditions:

- (1) Council may require that an outdoor commercial patio not accommodate more than 50 percent (50%) of the licensed capacity of the restaurant with which the patio is associated, or 50 persons, whichever is the greater.

- (2) It is recommended that no outdoor commercial patio shall be permitted in any yard facing or abutting a residential zone or abutting a yard or lane facing or abutting a residential zone unless:
 - a. it is located a minimum of 30 metres from the residential zone; and
 - b. it is screened and physically separated from the residential zone by a building, structure or wall that is at least 2 metres in height so that noise from the outdoor patio is mitigated.
- (3) Unless otherwise determined by Council, an outdoor commercial patio shall have a minimum setback of 1.5 metres from any lot line.
- (4) The location of an outdoor commercial patio on a lot shall not obstruct the view or path of pedestrian and vehicular traffic that accesses or egresses to or from a street onto or out of the lot.
- (5) The outdoor commercial patio must not encroach on or eliminate any required parking or loading space, driveway or aisle for the lot on which it is located.
- (6) The outdoor commercial patio shall be so located on the lot as to not interfere with snow clearing and snow operations of Council.
- (7) No outdoor commercial patio shall be located above the elevation of the floor of the first storey of the principal building where the lot adjoins a residential use zone.
- (8) Any outdoor lighting shall be directed toward or onto the outdoor commercial patio area and away from adjoining properties and streets.
- (9) Parking spaces shall be required for the gross floor area associated with the outdoor commercial patio use at the same ratio as for restaurants.

4.3.20 Outdoor Market

Definition: Outdoor market means the sale of goods or products at an open property with no permanent buildings; temporary facilities or open stalls may be used to hold and display the goods being sold. Examples may include, but are not limited to, farmers markets, fish market, flea markets or other types of goods.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (3) Requires sufficient off street/highway parking for customers and ensure that the sight lines (visual) or sign distance at any intersection is not obstructed.

4.3.21 Personal Service

Definition: Personal service means a building or part of a building used for the provision of personal services to an individual which are related to the care and appearance of the body, or the cleaning and repair of personal effects; and where the sale of retail of goods, wares, merchandise, articles, or things is only accessory to the provisions of such service. Examples include, but are not limited to, barbershops, hairdressers, beauty salons, health and wellness centres/spas, tanning salons, tattoo parlours, tailors, dressmakers, photography studio, music studio, tattoo shop, handmade crafts, shoe repair shops, and dry-cleaning establishments and laundromats. This Use Class does not include medical and dental clinics and excludes any manufacturing or fabrication of goods for sale.

Conditions:

1. Must meet Use Zone Site Development Standards and conditions

4.3.22 Offices: Professional, Financial and Associated Support Services

Definition: Offices (professional, financial and associated support services) means development primarily used for the provision of professional, management, administrative, consulting, and financial services, but does not include medical or dental clinics or government services. Typical Uses include, but are not limited to: the offices of lawyers, accountants, engineers, and architects; offices for real estate and insurance firms; clerical, secretarial, employment, telephone answering, and similar office support services; and banks, credit unions, loan offices and similar financial uses.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions

4.3.23 Resort

Definition: Resort means the use of land, buildings and that provides for recreation uses, including but not limited to golfing, tennis, lawn bowling, marinas, health spa, swimming pools, angling and other watersport activities, hunting and recreational shooting, cross-country skiing, sightseeing, camping, hiking, indoor recreational activities and other similar uses, plus gift and craft shops and the furnishing of equipment, supplies or services to guests in connection with any of the foregoing activities and sleeping accommodations, communal or individual facilities for cooking and serving of meals for guests or a restaurant, and may include accommodation for the operator and staff. This category also includes commercial rental cottages or a tourist cabin development.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions

4.3.24 Restaurants

4.3.24.1 Drive-Through and Take-Out

Definition: Restaurant -drive-through and take-out means a building designed to allow drivers to remain in their vehicles before and during an activity on the site. Food and drink are prepared then sold to the public for immediate consumption either within an eating area inside or outside of the building or within the patron's own motor vehicle onsite, or for elsewhere off the premises it may include a seating area for in-house consumption and parking for in-house patrons. It is not licensed to sell alcoholic beverages.

- (1) Council may require the applicant to undertake a Land Use Impact Assessment to assess the impact of the proposed Drive-Through Use and mitigation measures where the Drive-Through Use is in close proximity to residential uses.
- (2) Council may require that a Drive-Through Restaurant have a stacking lane with a minimum length before the pick-up window, as determined by Council based on the projected level of traffic to be

generated by the drive-through use as listed below, and the stacking lane length may be modified on the basis of the recommendations of a Planning Impact Assessment. Drive-through stacking lanes shall not be located between the street and the building.

- (3) Drive-through stacking lanes shall be located away from adjacent residential and institutional uses whenever possible and no drive-through stacking lane, order window, or order board shall be located within 3 metres of a lot line abutting a residential use.
- (4) Drive-through stacking lanes shall be separated by raised islands, be well signed to provide for ease of use and located so as to avoid crisscrossing of lanes.
- (5) Order boards with an intercom shall be designed to minimize noise impact on adjacent residential or institutional uses.
- (6) A buffer consisting of a sound-proof fence and landscaping shall be provided adjacent to residential uses. A fence, berm, and landscaping or a combination of these elements should be used to reduce headlight glare, order board lighting, and noise from the Drive-Through Use. Garbage receptacles should be placed either before the pick-up window or after the pickup window as determined by Council.
- (7) If the use of any land, building or structure is composed of a combination of Drive-Through Use and any one or more other uses, those uses shall not be construed as accessory to one another and all provisions pertaining to each use shall apply.
- (8) Must meet Use Zone Site Development Standards and conditions
- (9) Required to submit a Planned Unit Development (2.2.2 & 2.2.4)

4.3.24.2 Full-Service Restaurant

Definition: Restaurant-full service means a building or part of a building wherein the primary purpose is the preparation of food for sale to the public y for consumption within the building and may include a take-out area. It is characterized by the provision of table service, including buffet service and may also be licensed to serve alcoholic beverages.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions
- (2) Refer to Outdoor Commercial Patio for standards related to outdoor areas

4.3.24.3 Mobile Take-Out or Street Vendor

Definition: Restaurant-mobile take-out or street vendor means a mobile food preparation motorized vehicle or non-motorized cart offering food and non-alcoholic beverages for immediate consumption that subject to the requirements of the *Municipalities Act, 1999* and the *Highway Traffic Act, 1990*.

Conditions:

The use of land for the parking of a vehicle or trailer for a period of time for vending purposes, including the sale of refreshments or merchandise or as an office shall be subject to the following conditions.

- (1) The parking of a vehicle or trailer shall not be located on any required landscaped yards.

- (2) The parking of a vehicle or trailer shall only be permitted if the lot has a sufficient parking area to accommodate the parking requirements of the principal building or use on the lot and the subsidiary vehicle or trailer use with its associated parking.
- (3) The parking of a vehicle or trailer shall not hinder lot access or egress or create an obstruction to vehicles entering or exiting the lot.
- (4) If a vehicle or trailer is used for the purpose of the preparation, cooking, and/or sale of food and/or refreshments, the following approvals are required prior to the placement of a vehicle or trailer on the lot:
 - a. approval from the Town regarding the appliances to be used and the required fire suppression measures, and
 - b. approval from the Service NL regarding the storage and preparation of food and/or refreshments.
- (5) A vehicle or trailer shall be required to provide, or have access to, washroom facilities as determined by Council.
- (6) Council shall limit the length of the Development Permit to a maximum of one year and the permit may be renewed on an annual basis if the applicant wishes to continue the use.

4.3.25 Retail

Definition: Retail means a building or part of a building used for the retail or consignment sale of goods, wares, substances, or merchandise directly to the public within an enclosed building, including, but not limited to, a drug store, bakery appliance or clothing store or art studio and shop. This use class does not include the sale of gasoline, heavy agricultural and industrial equipment, wholesale goods, automotive and recreation vehicle sales/rentals, flea market, gas bars, greenhouses, plant nurseries and market gardens, service stations, and box store or warehouse sales. Accessory uses may include the assembly or repair of products sold on site or public services such as postal services or pharmacy.

Conditions:

1. Must meet Use Zone Site Development Standards and conditions

4.3.26 Service Station

Definition: Service Station means land or building used exclusively for the sale/installation of petroleum products (oil or lubricant change) and may include minor repair to vehicles, cleaning and maintenance essential to the actual operation of vehicles, and the sale of automotive accessories; but does not include an automotive body repair shop, automotive sales establishment. Service stations are classified as: Residential or Highway as outlined below.

Conditions that apply to both Residential and Highway Service Stations:

Minimum Standards for all Service Stations and Gas Bars, notwithstanding the development standards of the Use Zone in which a service station or gas bar is located, a service station and/or gas bar shall be subject to the following conditions:

- (1) All gasoline pumps shall be located on pump islands designed for such purpose, and to which automobiles may gain access from either side, except in the case of propane, diesel, and kerosene pumps, which may access from one side;
- (2) Pump islands and canopies shall be set back at least 4 metres from the required landscaped front or side yards;
- (3) Council may require that accesses not be less than 7 metres wide and shall be clearly marked and, where a service station is located on a corner lot, the minimum distance between an access and the intersection of street lines at the junction shall be 10 metres and the lot line between entrances shall be clearly indicated;
 - a. Lot Area (minimum) 900 square metres
 - b. Lot frontage (minimum) 48 metres; or 35 metres along each flanking street
 - c. Building Height (maximum) 1 storey
 - d. Building Line (minimum) 6 metres
 - e. Building Line – Canopies (minimum) 3 metres
- (4) Surface runoff shall be directed to an oil/water separator before being discharged into a storm sewer or other drainage system.
- (5) Minimum of 2 access points for access/egress.
- (6) Landscaping required along front and exterior lot lines.
- (7) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)

4.3.26 Service Station

Definition: Service Station-Residential is a Service Station as defined above which may have a convenience store, snack bar or drive-through or take-out restaurant subordinate to the main use but is not a truck stop (as in a Service Station – Highway).

Condition:

- (1) All gasoline pumps shall be located on pump islands designed for such purpose, and to which automobiles may gain access from either side, except in the case of propane, diesel, and kerosene pumps, which may access from one side;
- (2) Pump islands and canopies shall be set back at least 4 metres from the required landscaped front or side yards;
- (3) Accesses shall be clearly marked and, where a service station is located on a corner lot, the minimum distance between an access and the intersection of street lines at the junction shall be 10 m and the lot line between entrances shall be clearly indicated;
- (4) Surface runoff shall be directed to an oil/water separator before being discharged into a storm sewer or other drainage system.
- (5) Minimum of 2 access points for access/egress.
- (6) Landscaping required along front and exterior lot lines.
- (7) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4); and,
- (8) Provide adequate separation of areas intended primarily for trucks from areas for cars, buses, recreational vehicles, vehicle washes, repair areas, trash enclosure areas and other traveler services waste dumping, passive recreation and structures such as a visitor information centre.

4.3.27 Veterinarian Clinic

Definition: Veterinarian Clinic means a building, structure or parts thereof where one or more registered veterinarian surgeons including associated staff provide examinations and surgical or medical treatment to domestic pets, animals or livestock, and may include treatment rooms, laboratories, dispensaries and associated office

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions
- (2) Facilities for the overnight care of animals undergoing treatment may be permitted indoors and is considered incidental to the hospital use.
- (3) A kennel is not permitted in association with a veterinarian clinic.

4.4 INDUSTRIAL LAND USE CLASS

4.4.1 Composting Facility

Definition: Composting facility means a processing use that converts solid waste, including plant debris, decayed organic matter, municipal solid waste or agricultural waste, into a material to be used sold for the purpose of fertilizing and conditioning the soil for growing produce and nursery plantings.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions
- (2) Recommend special attention to storage

4.4.2 Contractor, General

Definition: Contractor, General means development used for the provision of building construction, landscaping, concrete, and electrical, excavation, drilling, heating, plumbing, paving, road construction, sewer or similar services of a construction nature which require on-site storage space for materials, construction equipment or vehicles including heavy equipment, temporary storage containers, construction trailers, and temporary office trailers normally associated with the contractor service. Any sales, display, office or technical support service areas shall be accessory to the principal general contractor service only. This use class does not include professional, financial and associated support services.

Conditions:

1. Must meet Use Zone Site Development Standards and conditions

4.4.3 Energy Generation Facilities

Definition: Energy generation facilities means a facility constructed for the purpose of generating electrical energy from wind, solar or small hydro means.

Conditions:

- (1) Required to submit a Planned Unit Development Application (2.2.2 & 2.2.4);
- (2) Must meet Use Zone Site Development Standards and conditions;
- (3) The following requirements shall apply to wind, solar, and small hydro generating facilities:
 - a. Energy utilities are subject to the approval of relevant provincial and federal departments, agencies, and public utilities, including the Department of Industry, Energy and Technology and Transport Canada. The design and location of such utilities shall take into consideration their impact on nearby land uses and persons, the environment, archaeological resources, and other matters that Council may deem to be significant.
 - b. A wind, solar, or small hydro generator within a built-up residential area shall be limited to a single unit that serves an individual property.
 - c. An adequate separation distance shall be maintained between wind generators and nearby buildings and structures to prevent damage to persons and properties due to a failure of a generator or any of its components or the shedding of ice.
 - d. Unless specifically exempted by Council or other relevant agencies, the design, construction and location of an energy utility shall be certified by a professional engineer who has consulted with the required agencies.

Wind Turbines

Definition: Wind turbine generator (commercial) means a structure designed to convert wind energy into mechanical or electrical energy. A commercial wind turbine may include, but not be limited to, wind turbine, generator, operations and maintenance buildings, meteorological towers, collector grids and electrical substations. Note that a Wind Farm or Wind Park: means more than one wind turbine generator located on a lot.

Conditions:

a. Commercial wind turbine generator

- a. A commercial wind turbine which has a collective energy nameplate rating of one hundred (100) kW or greater shall be connected to a transmission line and/or the local power grid.
- b. All developments shall meet applicable federal and provincial regulatory requirements.
- c. The development shall not create hazards or any negative impacts on neighbouring properties. In cases where there are potential conflicts or impacts between a proposed development and neighbouring property, Council may require the developer to ensure that adequate buffers or screening are maintained to reduce the impacts on adjoining properties or other mitigation measures that may be necessary to reduce the impacts.
- d. The wind turbine tower shall be located to minimize visual impacts on the Town.
- e. The wind turbine tower shall have a clear unobstructed fall zone that has a radius equal to or greater than the height of the structure and is accommodated within the property bounds.

- f. The wind turbine tower shall be designed and constructed to meet design loads for operational requirements including ice buildup. The blades shall either have de-icing capabilities or be constructed of a material (i.e., poly carbonate composite) that resists ice buildup.
- g. Access to the site shall be restricted and shall include: fencing, gate, and signage posted as to the property owner, company name, twenty-four (24) hour emergency telephone number, and warnings of dangers to trespassers.
- h. Should the wind turbine cease operations for a period of longer than two (2) years, the wind turbine, tower, and any related infrastructure shall be removed from the property.

b. Residential wind turbine generator

- a. Private turbines shall primarily be for the generation or electrical power for the property owner of a residential use, for business owners and for varied public use buildings and other similar sites, but not for outside sale.
- b. Council may determine that the minimum parcel size of 2,000 square metres with a wind turbine height of approximately 10 metres; if this is not sufficient to mitigate impacts to adjacent properties, the wind turbine proposal may be denied by Council.

4.4.4 Forestry Activities

Definition: Forestry activities have the meaning as defined in the *Forestry Act, 1990*. This includes forest harvesting, road building and silviculture activities.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4), or a Forestry Management Plan and to submit, every year, the annual operating plan;
- (2) Must meet Use Zone Site Development standards and conditions;
- (3) Permits for commercial and domestic woodcutting or other forestry related activities must be obtained from the Regional Forestry Office, Government of Newfoundland and Labrador;
- (4) All commercial harvesting operators must apply for a development permit.

4.4.5 Industrial - General

Definition: Industrial General means development used principally for one or more of the following activities:

- a. the processing of raw materials;
- b. the making, manufacturing or assembling of semi-finished or finished goods, products or equipment;
- c. the cleaning, servicing, repairing or testing of materials, goods and equipment normally associated with industrial or commercial businesses or cleaning, servicing and repair operations to goods and equipment associated with personal or household use, where such operations have impacts that would make them incompatible in non-industrial zones;
- d. the storage or trans-shipping of materials, goods and equipment;
- e. the distribution and sale of materials, goods and equipment to institutions or industrial and commercial businesses for their direct use or resale;

- f. transport establishments, which include the use of land, buildings, structures or parts thereof, where commercially licensed trucks, transports and buses are rented, leased, loaded or unloaded, serviced or repaired kept for hire, stored or parked for dispatching as common carriers or where goods are temporarily stored for further shipment. Fuel and petroleum products may be dispensed and parts and accessories sold; or,
- g. the training of personnel in general industrial operations.

Examples include, but are not limited to, factories, fish processing plants, marine service centres, cold storage plants, freight depots, concrete plant, general garage, industrial-related warehouses, welding shops, vehicle body repair and paint shops/depots, and similar uses. This use class does not include utility services or the preparation of food and beverages for direct sale to the public.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions
- (3) Minimum of 2 access points for access/egress;
- (4) Surface runoff shall be directed to an oil/water separator before being discharged into a storm sewer or other drainage system;
- (5) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties.
- (6) Where it deems necessary, the Town shall require the provision of buffering by the developer which shall be to the satisfaction of the Town.

4.4.6 Industrial - Light

Definition: Industrial-light means the use of any land or buildings for any general industrial (Industrial General) use that can be carried out without hazard or intrusion and without detriment to the amenity of the surrounding area by reason of noise, vibration, smell, fumes, smoke, grit, soot, ash, dust, glare or appearance., unsightly outdoor storage, refuse matter, or effluent. Examples include but are not limited to, a recycling depot, wholesale and warehouse uses, rental storage uses, commercial – custom service, catering services, industrial bakeries, food processing, light manufacturing and assembly (clothing, furniture, consumer electronics), broadcast studio, and similar uses; but does not include a salvage/scrap yard.

Conditions:

- (1) Required to submit a Planned Unit Development Application (2.2.2 & 2.2.4);
- (2) Must meet Use Zone Site Development Standards and conditions;
- (3) Light industry uses may must be conducted and wholly contained within an enclosed building and shall not be obnoxious by reason of noise, vibration, odour, dust, smoke, unsightly outdoor storage, refuse matter, or water carried waste. Such uses shall not involve the use of chemical processes which result in the emission of gases, use of significant volumes of water or which generate significant levels of truck traffic.

4.4.7 Industrial Mall

Definition: Industrial mall means a building or a group of buildings designed, developed, owned and managed as a unit in which separate spaces are leased or occupied by permitted industrial uses. No more than 30 percent of the gross floor area of an industrial mall is used for accessory office or related commercial uses.

Conditions:

- (1) Required to submit a Planned Unit Development Application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions

4.4.8 Mineral Exploration

Definition: "Mineral exploration (development)" shall be defined as; the search for and sampling of minerals or quarry materials where the activity or activities involved meet the definition of "development" under the *Urban and Rural Planning Act, 2000*. "Mineral" and "quarry material" for the purpose of interpreting the definition of mineral exploration (development) are as defined in the provincial *Mineral Act, 1990* and *Quarry Materials Act, 1998*, respectively. Mineral exploration does not include mining or mineral working (e.g., quarrying). Activities which meet the definition of mineral exploration (development) are to be contrasted with mineral exploration activities that do not meet the definition of development, examples of which typically include traditional prospecting, geochemical sampling surveys (of rock, soil, sediment, water, or vegetation), ground-based and airborne geophysical surveys, and the cutting of survey lines.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) ***Mineral exploration that does not meet the definition of 'Development'***
 - a. Mineral exploration that does not meet the definition of 'Development' and does not involve appreciable ground disturbance, construction of access roads, or objectionable noise, odour or appearance, of little or no visible impact (e.g., prospecting, ground-based geophysical surveys, geochemical sampling surveys) shall be permitted anywhere in the Municipal Planning area, provided that adequate notification is provided to Council.
- (3) ***Mineral exploration, which is classed as 'Development', may be permitted provided that:***
 - a. adequate provision is made for buffering and mitigation of potential impacts on adjacent zones; mineral exploration shall be subject to conditions that control noise, appearance, and other impacts that may arise, as well as the duration of the exploration program. The precise nature of these controls shall depend upon the location of the mineral exploration in relation to built-up and environmentally sensitive areas, such as water supply areas, watercourses, and wetlands.
 - b. Where there is to be ground disturbance, the developer shall provide a site restoration surety and/or other satisfactory guarantees of site landscaping to Council.
- (4) Council shall not issue a permit for mineral exploration until all necessary permits and approvals have been obtained from the Provincial Government.
- (5) It complies with provincial standards. Basic environmental requirements for mineral exploration are already set out in the Mineral Regulations under the *Mineral Act, 1990*, for example, that all

excavated, stripped, and grubbed sites be rehabilitated by backfilling or re-contouring, as appropriate, and then placing stockpiled organic materials back over the site. The Mineral Lands Division conducts inspections year-round to ensure that the Mineral Regulations and the terms and conditions of exploration approvals are adhered to, including that rehabilitation, once due, is completed as required

- (6) According to the Mineral Lands Branch, mineral exploration that is classed as development shall be at least a discretionary use in all zones, provided that the work is subject to conditions appropriate to the use zone and which address any other concerns specific to the location.
- (7) Should a town have concerns about any mineral exploration activity, whether before or after the issuance of an exploration approval, the town shall contact the Mines Branch, Mineral Lands Division in order to have the concerns addressed. Exploration for quarry materials (e.g., sand, gravel) is permitted using the same procedure and typically involves the excavation of test pits followed by their immediate rehabilitation.

4.4.9 Mineral Working

Definition: "Mineral working" shall be defined as; an operation consisting of one or more of the following activities: the digging for, excavation, and removal of quarry materials (i.e., quarrying) (may involve blasting), the removal of quarry materials previously excavated, the removal of quarry materials previously deposited on site, the stockpiling of quarry materials, the processing of quarry materials (e.g., crushing, screening, washing), the production of civil construction materials which use quarry materials in their natural form (e.g., asphalt, concrete), the reprocessing of quarry materials including from reclaimed civil construction materials (e.g., reclaimed asphalt, concrete), the production of soil by blending organic materials with quarry materials, or the treatment or remediation of soil. "Quarry material" for the purpose of interpreting the definition of mineral working is as defined in the provincial *Quarry Materials Act, 1998*. Mineral working does not include mining but may include mineral exploration (development) as a secondary activity. Mineral working does not include the excavation and removal of quarry materials as a by-product of an approved development.

Conditions

- (1) For approved developments where the extraction of quarry materials is occurring or may be expected occur, the Town shall send a copy of the development permit to the Mineral Lands Division. (Note that quarry materials include but are not limited to aggregate, fill, rock, stone, gravel, sand, clay, borrow material, topsoil, overburden, subsoil, peat).
- (2) Quarry materials produced as a by-product of an approved development may be removed from the development site provided that royalties are paid to the province as required by the *Quarry Materials Act, 1998*. For example, site preparation to construct a building involves removing topsoil, overburden, and possibly rock from the footprint area; these materials may be retained or re-used on the development site (no royalties due) or removed from the site (royalties due). In order to ensure that royalties due the province are paid; it is necessary that the Mineral Lands Division be made aware of approved developments where the removal of quarry materials is taking place or may take place.
- (3) The environmental standards in the Mineral Regulations under the *Mineral Act, 1990* shall apply.

- (4) Council shall be satisfied that the mineral working areas shall not create a nuisance and shall not adversely affect the amenity of the specified development or natural feature. No mineral working shall be located closer than the minimum distances set out below to the specified development or natural feature by implementing the following buffers:

Minimum Buffer Distance of Pit and Quarry Workings

-From existing or proposed Residential Development:

- where no blasting is involved 300 metres
- where blasting is involved 1000 metres

-From any other developed area or area likely to be developed during the life of the pit or quarry working..... 150 metres

-From a Public highway or street.....50 metres

-From a Protected Road..... 90 metres

-From a Waterbody or watercourse.....50 metres

Note: where a minimum required distance was originally observed when choosing the location of the quarry, quarrying should not be discontinued or impeded where the buffer is reduced to less than the required distance due to encroachment of development towards the quarry.

- (5) Where the municipality is satisfied that the mineral working shall not adversely affect the specified adjacent use or natural feature, mineral working may be permitted closer than the minimum separation distance or buffer specified. By allowing the municipality to waive pre-set separation distances where it is satisfied there shall be no adverse effect provides for greater flexibility in selecting sites where mineral workings may be permitted.
- (6) Where mineral workings are proposed within a specified distance of a specified adjacent use or natural feature that may be adversely affected by the mineral workings, special conditions shall be applied to mitigate, reduce, limit, or eliminate the anticipated negative effects.

4.4.10 Mining

Definition: "Mining" shall be defined as; an operation involving the extraction of a mineral for sale and for which a mining lease is required under the provincial *Mineral Act, 1998*. "Mineral" for the purpose of interpreting the definition of mining is as defined under the *Mineral Act, 1998*. Mining may include, as secondary activities, mineral exploration (development) and mineral working. Note that under the *Mineral Act, 1998*-dimension stone (i.e., stone used for building facades, gravestones, etc.) is considered a mineral in Newfoundland but a quarry material in Labrador.

Conditions:

The following conditions shall apply to a Mining application subject to a Department of Industry, Energy and Technology regulatory and permitting requirements:

- (1) An application for a development permit shall include a Mineral Working Development Plan satisfactory to the Council for the proposed Mining use, which shall include a site plan showing the location of physical site features and extraction and processing features required by the Council including but not limited to:
 - a. boundaries of the parcel to be mined;
 - b. extent of site area(s) to be mined;
 - c. buildings and structures on the site;
 - d. roads, parking and loading areas and entrance and exit to the site;
 - e. fences, berms and landscaping provided for screening;
 - f. waterbodies and channels to be removed, shifted and created;
 - g. location and expected maximum height of stockpiles of mined ores, sand and gravel;
 - h. location of major machinery and conveyors for receiving and processing raw ores including machinery for sifting, washing and grading ores, and the manufacturing of concrete and stone products;
 - i. the probable location of storage piles of topsoil and overburden removed from earlier phases of mined areas and temporarily being stored for replacement under the Reclamation plan; and
 - j. intended phases of mining operations to be carried out over all portions of the site.
- (2) An application for a development permit shall include a Mining Reclamation Plan satisfactory to Council for the proposed mineral working use which shall explain, illustrate and show to the satisfaction of Council a plan for restoration of the site which includes final ground contours, slopes, depth of topsoil, and vegetation and a phasing plan, if necessary, in the form of a grading and landscape plan or plans.

4.4.11 Natural Resource Use

Definition: Natural resource use means the use of land or buildings for the production and harvesting or extraction of natural resources such as, agriculture, forestry, fisheries us or mineral working activities.

Conditions:

- (1) Required to submit the equivalent of a Planned Unit Development application (2.2.2 & 2.2.4) which in may consist of a Farm Business Plan for agriculture proposals, Forestry Management and annual operating plans for forestry, a proposal for aquaculture, the detailed quarry permit submission including operation and rehabilitation plans for mineral working activities; and, the Environmental registration documents of each as required under the Environmental Assessment Regulations;
- (2) Must meet Use Zone Site Development Conditions and conditions;

4.4.12 Natural Resource-Related Uses

Definition: Natural resource-related uses means the use of land or buildings for any commercial or industrial development directly associated with, or requiring proximity to, farm operation, fisheries, forestry or mineral working industries; for example, processing of meat, fish and poultry products, feed mills, sawmills, planning mills, single mill products industries, asphalt plant, gravel crushing operation sand may include, but not limited to, such uses as animal husbandry services, produce or grain

storage/processing facilities, laydown areas, farm machinery sales and service outlets, feed and seed warehouse and associated retail outlets, including a nursery or garden centre.

Condition:

1. Must meet Use Zone Site Development Standards and conditions;

4.4.13 Solid Waste Recycling/Disposal and Composting Site

Definition: Solid waste recycling/disposal and composting means a waste disposal site as defined by the guidelines established under the *Environmental Protection Act, 2002*, such as waste transfer stations, composting or recycling.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) A vegetated or landscaped buffer zone of at least 15 m around the perimeter of the use, in order to minimize any potential nuisance associated with noise, dust, or odors, or any objections based on visual aesthetics is provided;
- (3) There is adequate availability of utilities, including water, sewer, and electricity, to provide water for firefighting and wash down of floors, electrical power for machinery and lighting, and for staff amenities;
- (4) The volume of material to be handled and/or stored is provided and the facility designed with sufficient capacity to handle peak material volumes;
- (5) Measures to prevent storm water and runoff from contacting waste materials shall be required and all waste containers used shall be leak proof or provide for the collection and treatment of contaminated water and other liquids. Proper disposal of contaminated water shall be ensured;
- (6) Fencing shall be provided around the perimeter of the site, with a lockable gate at any entrance point. The type of fencing may vary with the natural site features;
- (7) Containers intended to receive organic waste shall be required to have lids, screens, or covers that shall prevent access by bears and other predators, rodents, and birds, or be placed inside predator-proof enclosures;
- (8) Where organic wastes are involved, buildings shall be specifically designed to prevent infestation by rats and other small mammals, and to be predator-proof.
- (9) If the solid waste recycling/disposal or composting site is visible from a public street or highway or a developed area, then the visual buffer is required to a height sufficient to prevent visibility.
- (10) No solid waste disposal site shall be located closer than 1.6 kilometres from a residential development.

4.5 CONSERVATION LAND USE CLASS

4.5.1 Environmental Protection

Definition: Environmental protection area means areas where development is restricted due to the natural features of the site for purposes of conservation or protection of habitat, wetlands, resource management, viewsapes or other special designations under legislation; or site unsuitability due to erosion control, steep slopes, flood control and water supply protection.

Conditions that apply to both zones:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Nothing in these Regulations shall prevent the designation of environmental protection areas in any zone.
- (3) Council shall not permit development vulnerable to flooding in areas known to be subject to local flooding.
- (4) Require that development of passive recreation facilities such as walking or nature trails, and associated interpretation programs do not have an adverse impact on the natural environment and residential properties; and,
- (5) The Town may require that any development near a designated trail or water course be reviewed by the Town to ensure that development does not negatively impact such trail or watercourse. Where deemed necessary, the Town may require that the buffer be provided by the developer.

4.5.2 Open Space, Parks and Trails

Definition: ‘Open space, parks and trails’ means a generally undeveloped space or environmentally sensitive area maintained for the preservation of natural heritage, wildlife and the environment where the quality of the environment and naturalness of an area is the focus of the recreational experience; activities and development are limited to trails, picnic areas, playgrounds and associated signage.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Nothing in these Regulations shall prevent the designation of parks and playgrounds in any zones provided that such parks and playgrounds are not located in areas which may be hazardous to their use and are not operated for commercial purposes.
- (3) Parks and playgrounds may be located on backland but shall have at least one 5-metre-wide vehicular access directly onto a public street.
- (4) Public toilet facilities associated with a park or trail development requires review by the Council in consultation with Service NL in order to meet provincial regulatory requirements.
- (5) It is recommended that trails have a 3 metres width as a pedestrian corridor with/without use by bicycles.
- (6) Council may require a screen or vegetative buffer between a trail and adjacent land uses to ensure that nuisance factors are minimized and trail activities do not hinder the enjoyment of property.
- (7) In the Rural zone: Recreational Open Space and Trails may be permitted in this zone subject to the following conditions:
 - a. the proposed use shall not interfere with adjacent agricultural and other natural resource uses by virtue of noise, increased traffic or other activities;
 - b. the proposed use shall not prejudice the continuation of existing agricultural and other natural resource uses and operational practices which may not be compatible with the proposed use;

4.6 PUBLIC/INSTITUTIONAL LAND USE CLASS

4.6.1 Cemetery

Definition: Cemetery means a facility or land area reserved and dedicated to the burial of the dead and includes a columbarium, mausoleum, mortuary and related maintenance facility. A discretionary accessory use might include a crematorium (a facility containing a certified furnace or similar device intended for use in the incineration of human or animal corpses) subject to conditions.

Conditions:

- (1) Council may require a landscape plan to be submitted as part of the Development Application. The landscape plan shall illustrate areas of landscaping in relation to the burial plots and shall identify the location and types of plant species that are to be planted.
- (2) It is recommended that a minimum 6-metre-wide buffer be maintained between any lot line of the cemetery and areas designated for burial purposes and, within this buffer, trees and shrubs are to be planted to provide a landscaped screen between the cemetery uses and abutting properties.
- (3) A fence should be constructed and erected along all lines of the cemetery
- (4) A cemetery use shall receive the approval of the Service NL.
- (5) A discretionary crematorium is subject to the following conditions:
 - a. A buffer between the crematorium and a sensitive land use such as residential, day care, elementary or secondary school or higher intensity land use, may be required at the discretion of the Council based on the following guideline:
 - i. The buffer between the crematorium structure within the cemetery to the lot line shared with residential or sensitive land use, such as elementary or secondary schools, daycare, shall be a minimum of 70 metres unless there are extenuating physical characteristics of the site that would provide natural screening
 - ii. The buffer between other resource uses shall be a minimum of 30 m but may be less if there are extenuating physical characteristics of the site that would provide natural screening;
 - b. All crematory facilities shall be located within an enclosed building that meets building and fire code requirements;
 - c. All applicable local, provincial, and federal laws and regulations shall be met;

4.6.2 Institutional Use

Definition: Institutional use means the use of land or buildings for public purposes, whether publicly or privately funded, where people may gather in larger numbers to access a regional or a municipal-wide or regional service, including but not limited to:

- a. Hospitals;
- b. Government Offices;
- c. Educational Facilities;
- d. Convention Centres or major cultural centres, such as provincial Arts and Culture Centres;
- e. Recreation Complex, such as an arena, multi-use sports and entertainment centres, roller rinks, swimming pools; and,

- f. Personal Care Facilities (larger than residential home), such as nursing or senior's homes, family and group care centres (see 4.6.2.1 below).

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions
- (3) For Personal Care Facilities-Non-residential (Nursing Homes and Family & Group Homes/Care Centres), the following standards apply:
 - a. The development shall be treated as a single comprehensive development as set out in Part II of these Regulations, except that the minimum dwelling floor areas, building line setbacks and yards shall be as determined by Council.
 - b. The development shall be tailored to the needs of the persons occupying the development in accordance with their condition.
 - c. The overall design of the development – including road layout, landscaping, building design and location, parking areas, and so forth – shall be attractive and compatible with other uses in the vicinity.
 - d. A single management authority shall be responsible for the maintenance of properties within the development.
 - e. Building types can be as necessary to serve the purposes of the development, including a variety of dwelling types, care facilities, and communal facilities such as storage rooms, hobby rooms, workshops, and garages.
 - f. The total lot coverage of all buildings shall not exceed 35%.
 - g. adequate noise separation shall be maintained between the use and adjoining dwelling units in an apartment building,
 - h. a fire exit for the exclusive use of the facility use shall be provided,
 - i. a separate entrance for the exclusive use of the facility use shall be provided unless the entrance to the use from a common lobby or foyer is immediately adjacent to such lobby or foyer,
 - j. parking as required in these Regulations shall be provided and reserved for the exclusive use of the facility use and identified as such on the parking lot,
 - k. a minimum of 5 square metres of net floor space per person shall be provided for use by the facility users, this aggregate floor space shall be utilized for the purpose of group amenity areas and individual rest areas.

4.6.3 Protective and Emergency Services

Definition: Protective and emergency services means a development which is required for the public protection of persons and property from injury, harm or damage together with the incidental storage of equipment and vehicles, which is necessary for the local distribution of utility services. Typical uses include police stations, fire stations and ancillary training facilities.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce nuisance impact on surrounding properties.

4.6.4 Public Gathering Places -Indoor

Definition: Public gathering places-Indoor means a building or part thereof designed and equipped to be used for public gatherings for entertainment, religious (place of worship), cultural, civic, educational, charitable, philanthropic or social purposes and may include, but are not limited to, a movie theatre, playhouse, museum, art gallery, place of worship, funeral home, community or cultural centre, library. These are smaller than regional institutional uses, like a hospital or college campus, as the patrons generally are not such a broad segment of society and therefore does not create the same level of activity in terms on onsite use and traffic.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (3) Where permitted as a discretionary use on a Use Zone Table in Chapter 3, a place of worship or an educational use shall conform to the frontage, building line setback, side yard, rear yard, lot coverage and height requirement specified for a single detached dwelling.
- (4) Crematory facilities may be allowed as a discretionary accessory use to a funeral home when the funeral home is the principal use, subject to meeting the following conditions:
 - a. A buffer between the crematorium and a sensitive land use, such as residential, day care, school or higher intensity land use, may be required at the discretion of the Council based on the following guideline, that the buffer be a minimum of 70 metres from a residential or sensitive land use, such as elementary or secondary schools, daycare unless there are extenuating physical characteristics of the site that would provide natural screening;
 - a. All crematory facilities shall be located within an enclosed building that meets building and fire code requirements.
 - b. All applicable local, provincial, and federal laws and regulations shall be met

4.6.5 Public Gathering Places - Outdoor

Definition: Public gathering places-outdoor means an open-air assembly use requiring the minimum of permanent facilities, and included, but is not limited to, facilities in the form of or similar to, an outdoor worship service and informal outdoor recreation, including, but not limited to, a picnic or barbecue area, playground and walking or jogging trails; but does not include sport and recreation facilities or a recreation complex.

Conditions:

- (1) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4)
- (2) Must meet Use Zone Site Development Standards and conditions;
- (3) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (4) The use shall not negatively impact upon the associated activities such that the combined uses create a public safety or health concern or inconvenience.
- (5) The use shall not be permitted in close proximity to a residential area where, in the opinion of Council, the use or its associated activities shall create a nuisance, such as the generation of fumes, noise, vibration, litter, and lighting, affecting the nearby residential area.

- (6) Where it is determined by Council, for public safety and convenience, that fencing is required; the area of the use shall be fenced in accordance with the requirements of Council;
- (7) Where it is determined by Council that washroom facilities are required, the use shall be required to provide washroom facilities in accordance with the requirements of the Service NL and Council
- (8) Where it is determined by Council, a security deposit shall be required to be submitted to the Town for the cleanup of the site and surrounding area of litter and debris which is generated by the activities or the use. The security deposit shall be returned upon the site and surrounding properties being left in a clean state that is satisfactory to Council.

4.6.6 Sports and Recreation Facilities

Definition: Sports and recreation facilities means land and a building, structure or part thereof, not part of a large institutional building, designed and equipped to be used for athletic and leisure activities, and may include, but not limited to, a health and fitness centre, bowling alley, curling rink; tennis, squash, handball and badminton courts; sports fields, outdoor tennis courts, unenclosed ice surfaces or rinks, athletic fields, boating facilities, and informal outdoor recreation, such as, cycle, walking or jogging tracks; but does not include a recreation complex but may include Public Gathering-Outdoor uses.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
- (3) Their environmental impact within the site can be contained and minimized;
- (4) The activity is not unduly detrimental to the wider amenity of the area; and,
- (5) The activity does not have a detrimental effect on neighbouring land uses or amenities.

4.7 RESIDENTIAL LAND USE CLASS

4.7.1 Single Detached Dwelling

Definition: A single detached means a detached dwelling containing one main dwelling unit which has a private entrance, and which is not attached to another dwelling; and, does not include mobile homes or recreational vehicles, but does include mini-homes or tiny homes; but it may contain a subsidiary apartment (see 5.2.1)

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) In the Rural zone, a single dwelling may only be permitted only as accessory to an agricultural use. A dwelling is subject to the approval of the Land Stewardship Division s and the Service NL before a permit is issued by the Town.

4.7.2. Semi-Detached Dwelling (Double dwelling)

Definition: A semi-detached dwelling means a building containing two dwelling units, where each dwelling unit has a private entrance as compared to apartment buildings with a common entrance, where the units can be placed one above the other, or side by side, but does not mean a Single Detached Dwelling containing a subsidiary apartment.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions.
- (2) Both units must front on the street.

4.7.3 Townhouses

Definition: A townhouse or townhome is a single-family home that shares one or more walls with other independently-owned units. They are often in rows of uniform homes, two stories or taller. Residents own their interior and exterior walls, lawn, and roof, as well as the insurance for both their home and property. Residential townhouses are usually three or more dwelling units, each unit separated vertically from the others, each of which must have an independent entrance to a front and rear yard immediately abutting the front and rear walls of the unit, and each of which may be located on a separate lot. All units front on a street.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4);
- (3) Shared walls must meet all national code regulations;

4.7.4 Apartment Building

Definition: Apartment building means a building containing three or more dwelling units which have a shared entrance and hallway but does not include a row dwelling or a subsidiary apartment.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Required to submit a Planned Unit Development application (2.2.2 & 2.2.4);
- (3) Commercial uses may be permitted in multiple-unit apartment buildings where:
 - a. The proposed use is located on the ground floor of the apartment building;
 - b. The commercial use shall serve local needs of the residents and surrounding neighbourhood; and,
 - c. The use shall not detract from the residential character of the neighbourhood by virtue of generating excessive noise or traffic.

4.7.5 Cottage

Definition: Cottage means a dwelling unit designed or intended for seasonal or recreational use and is not intended for use as permanent living quarters and does not include a vehicle as defined under the *Highway Traffic Act, 1990*.

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (2) Must meet building requirements under these Development Regulations, including the National Building Code, etc.
- (3) Remote or accessible (recreational) cottages shall not be eligible for municipal services if such service would be a burden to taxpayers;
- (4) A home in a residential area, used as a seasonal residence, must be maintained to the standard of the neighbourhood as a full-time residence;
- (5) Recreational cottages with road access (usually a resource road) allocated on Crown land shall preferably be located within a designated cottage development area by the Lands Branch, Government of Newfoundland and Labrador.
- (6) In the Rural zone, cottages are a discretionary use that may only be permitted if the Town is satisfied that it shall not create an obligation to provide municipal services and that it shall not have a negative impact on resource exploration and development within the Resource zone.

4.7.6 Non-Market Housing

Non-market housing is based on the principle that at some point during the development or operation of the housing accommodation, there is an investment by a level of government, private business, or non-profit organization that allows the cost of that housing to be offered to renters or owners at a price that is less than the current market value. There is no single model used for non-market housing.

4.7.6.1 Assisted Living, Residential (housing with supports or independent living or personal care home-residential): Housing for seniors and people with physical and/or mental disabilities that includes on-site hospitality and personal-care support services (i.e., Level 1 & 2 care) and does not include people requiring 'supportive housing' described in #4.7.6.3.

4.7.6.2 Non-profit housing: A housing development providing housing for low/no income people who cannot afford market housing; i.e., Newfoundland & Labrador Housing, Co-op housing;

4.7.6.3 Supportive housing*: Housing that provides on-site supports & services to residents (regardless of age) who cannot live independently for the following reasons:

- Are homeless or at risk of homelessness
- Require supports with mental health and/or addictions, and multiple complex needs
- Recent release from incarceration

This can include a 'Personal care home ('group home') A personal care home (group home) is a Single Detached Dwelling used for children or young people who cannot live with their families, people of any age with chronic disabilities including be adults or seniors, or people with dementia. Typically, there are no more than six residents. There is at least one trained care-giver onsite 24-hours a day.

4.7.6.4 Emergency shelter (Safe home/homeless shelter Homeless Hub): Immediate, short-stay housing for people who are homeless or at risk of becoming homeless

4.7.6.5 Transitional housing: Housing for residents for between 30 days and three years. It aims to transition individuals to long-term, permanent housing

4.7.6.6 Hostel: Housing, typically a single room in a building with shared bathrooms and kitchens

Conditions:

- (1) The use and appearance of the dwelling shall not materially differ from, or adversely affect, the amenities of adjacent dwellings or the neighbourhood;
- (2) Council may require special access and safety features to be provided to the occupants before occupancy is permitted.
- (3) Must meet Use Zone Site Development Standards and conditions;
- (4) A personal care or group home is permitted in a dwelling unit that is adequate in size to accommodate the number of persons living in the group, inclusive of staff.

4.7.7 Garden Suite

Definition: A Garden suite is a self-contained dwelling unit without a basement, located in the rear yard of a lot containing a permanent, single dwelling. It is equipped with its own kitchen, living area, a maximum of one bedroom, bathroom and storage space. It does not have a subsidiary unit and is detached from the primary dwelling on the lot. It may be constructed onsite or transported as a modular unit to the lot but cannot include a mobile home or mini-home.

Conditions:

- (1) No more than one (1) garden suite shall be allowed on a single residential lot occupied by a single detached dwelling;
- (2) The single detached dwelling cannot have a subsidiary suite; that is, there can only be one accessory dwelling unit, either a garden suite OR a subsidiary apartment, but not both;
- (3) The affected property must contain a legally conforming and permanent, owner-occupied habitable dwelling, to which the garden suite is accessory;
- (4) The garden suite shall not exceed 40% of the total habitable floor space of the primary dwelling or 70 square metres whichever is the lesser;
- (5) A garden suite shall not be allowed on properties smaller than 800 square metres in size;
- (6) Garden suites shall be placed on a cement pad or footing (no basement) or similar footing acceptable to Council
- (7) Garden suites shall comply with all the yard requirements for the principal dwelling;
- (8) The minimum separation distance between the principal dwelling and any garden suite shall be in compliance with the requirements of the zone and the National Building Code;
- (9) Where available, garden suites shall be connected to the municipal water and sewer systems;
- (10) Access to the garden suite shall be provided by the existing driveway(s);
- (11) A minimum of one (1) off street parking space must be provided for the garden suite in addition to a parking space for the subsidiary apartment (if any);
- (12) The exterior of garden suite shall incorporate building materials, textures, and colours that are similar to that of the principal dwelling;
- (13) A garden suite shall be owned by the owner of the primary dwelling and shall not be sold as a condominium unit.
- (14) A garden suite may be constructed on site or be transported as a modular unit to the lot, but shall not include a mobile or mini-home.
- (15) A garden suite shall be a discretionary use.

(16) Prior to the erection or placement of a detached secondary suite, the Council may require a written agreement with the owner of the affected property to deal with matters such as the installation, maintenance and possible removal of the secondary suite, the period of occupancy, and the rehabilitation of the site.

4.7.8 Mini-Home and Mobile Homes

MINI-HOME - Definition: Mini-home means a sectional prefabricated dwelling designed for transportation after fabrication to a site, typically transported by means of flat-bed trucks, and coupled together mechanically and electrically to form a single structure situated on a concrete foundation, either a full basement or crawlspace, but does not include a mobile home. Mini homes do not have axles or a chassis.

MOBILE HOME - Definition: Mobile home means a transportable factory-built single detached family dwelling unit: (a) which complies with space standards substantially equal to those laid down in the Canadian Code for Residential Construction and is in accordance with the construction standards laid down and all other applicable provincial and; (b) which is designed to be transported on its own wheels and chassis to a mobile home lot, and subsequently supported on its own wheels, jacks, posts or piers, or on a permanent foundation and connected to exterior public utilities, in order to be suitable for year round term occupancy.

Mobile Home or Mini Home Park: means a development under single or joint ownership, cared for and controlled by an operator where individual mobile or mini home lots are rented or leased with or without units placed on them and where ownership and responsibility for the maintenance and development of site facilities including underground services, access roads, communal areas, snow clearing and garbage collection, or any of the, are the responsibility of park management. It does not travel trailer park, campground or group dwellings.

Mobile Home or Mini-Home Subdivision: means a development requiring the subdivision of land whether in single or joint ownership into two or more pieces or parcels of land for the purpose of mobile home or mini-home lots and where the maintenance of streets and services is the responsibility of a municipality or public authority. A mobile home may not be located within a mini home subdivision; however, a mini home may be located within a mobile home subdivision.

Conditions:

- (1) A mobile/mini home subdivision/park is required to submit a Planned Unit Development Application (2.2.2 & 2.2.4);

4.8 PUBLIC INFRASTRUCTURE AND UTILITIES

4.8.1 Communications

Definition: Communications means a television, radio, cell phone, or transmission tower or antenna, as well other communications transmitting or receiving building or infrastructure and includes wireless communications facilities, such as, infrastructure regulated by the federal government that enables wireless communications including broadcast antennas, cellular phone towers including private antenna systems for ham radio and citizen band radio, mounted on the ground or on another structure such as a rooftop.

Conditions:

- (1) Council may, within any zone, permit land or a building to be used in conjunction with telecommunications structures or antennas subject to the following standards:
 - a. must meet Industry Canada standards;
 - b. where it is deemed feasible, a new telecommunications structure or antenna will share existing telecommunications structure or antenna infrastructure or shall modify or replace an existing telecommunications structure or antenna to accommodate the new and existing telecommunications structure or antenna provided the changes to the existing telecommunications structure or antenna do not detract from the appearance and character of the surrounding properties;
 - c. the colour, location, and design of a new telecommunications structure or antenna shall not detract from the appearance and character of the surrounding properties and do not negatively impact aesthetically on adjacent lands and uses; and,
- (2) The site or the building on which the telecommunications structure or antenna is erected or situated shall be landscaped or treated in such a manner to minimize the visual impact on the surrounding area.

4.8.2 Easement

Definition: Easement means the right to use land, most commonly for access to other property, or as a right-of-way for utility service.

Conditions:

- (1) No permanent building shall be constructed over any known easement, whether that easement has been assigned to the Town, a department of the provincial or federal government, or any utility company (i.e.: Newfoundland Power, telephone, cable television, Crown Land). Permanent buildings include, but are not limited to, all dwellings and accessory buildings.

4.8.3 Utilities

Definition: Utilities means a development that comprises a system or works including municipal services used to provide one or more of the following for public consumption, benefit, convenience or use:

- a. water;
- b. sewage disposal;

- c. drainage;
- d. fuel;
- e. electric power;
- f. waste management;
- g. street lighting;
- h. telecommunications,
- i. and includes minor buildings and the thing that is provided for public consumption, benefit, convenience or use but does not include a water treatment plant, sewage treatment plant, solid waste landfill, or power plant (including energy generating facilities in 4.4.5).

Conditions:

- (1) Must meet Use Zone Site Development Standards and conditions;
- (1) Water treatment plant, sewage treatment plant, solid waste landfill, or power plant shall be reviewed as required by the development application process for the purposes of establishing conditions for development and ensuring appropriate referrals are made to agencies such as Environmental Assessment Division, Waste Management Division, etc.
- (2) No adverse effect on adjacent land uses is created.
- (3) The size and appearance of such works must be in keeping with adjacent uses; and,
- (4) Provision shall be made for buffering in the form of landscaped areas between uses;

5.0 ACCESSORY USES & ACCESSORY BUILDINGS AND HOME BUSINESSES

5.1 ACCESSORY USES

5.1.1 General accessory Uses

Definition: Accessory Use as defined in the Minster's Development Regulations (see Appendix 1) '...means a use that is subsidiary to a permitted or discretionary use and that is customarily expected to occur with the permitted or discretionary use...';

Examples of accessory or subsidiary uses and buildings to a primary use include, but are not limited to, the following:

- a. facilities for the serving of food and alcoholic beverages in an arena or other public gathering place, adult day care, senior's residence, marina, or hotel;
- b. childcare, catering, convenience and take-out food service maybe permitted as an accessory use to a recreational facility, provided that they are contained within the building envelope of the recreational building;
- c. a gift or souvenir shop in a museum, hotel or other public institutional establishment;
- d. an office, convenience store, or small catering establishment in a campground;
- e. a dock, wharf, slip or stage associated with a permitted use; exception includes a storage building and workshop only if it does not detract from the nature of the neighbourhood;
- f. a storage building or workshop;
- g. a subsidiary apartment which is a separate dwelling unit constructed within and subsidiary to a self-contained dwelling or commercial building;
- h. a home business;
- i. a residence only associated with a resource use, such as a farm house on an agriculture farm operation;
- j. a satellite dish or similar device attached to a building;
- k. a wind generator, solar panel, radio antenna, or similar device;
- l. an office or storage building associated with a commercial building; and,
- m. a workshop or storage building dock associated with an industrial use.

General Condition for all accessory uses:

Must conform to Use Zone Table in which the primary permitted use is located;

5.1.2 Subsidiary Apartments

Definition: Subsidiary apartment means a separate dwelling unit constructed within, or attached to, and is subsidiary to a single detached dwelling.

Conditions:

- (1) One subsidiary apartment may be permitted in a single detached dwelling only where there is no Garden Suite;
- (2) A subsidiary apartment shall be contained within the same building as the primary residential use.

- (3) Council may consider a subsidiary apartment for seniors as a granny suite built as an attachment to the main floor of the principal single detached residential dwelling.
- (4) For the purpose of calculating lot area and yard requirements, the subsidiary apartment shall be considered part of the single detached residential dwelling.
- (5) A minimum of two off-street parking spaces shall be required, one for the primary use and one for the subsidiary apartment.
- (6) The minimum floor area required is 40 m² for a one-bedroom subsidiary apartment, plus 10 square metres for each additional bedroom.
- (7) The apartment shall not alter the appearance of the structure as a single detached residential dwelling;
- (8) The apartment shall have a separate entrance/egress to the outside;
- (9) The apartment must be completely self-contained, with facilities for cooking, sleeping, and bathing.
- (10) For lots without municipal water, Service NL shall determine water and sewerage disposal requirements and a permit shall be issued subject to its approval.

5.1.3 Satellite Dish - Residential

Notwithstanding the requirements of the Use Zone Tables, a satellite dish associated with a residential use shall be permitted subject to the following condition: a satellite dish which is attached to or forms part of a dwelling shall not exceed a diameter of one decimal two five metres (1.25 metres);

5.1.4 Satellite Dish - Commercial

A satellite dish associated with a commercial use shall be permitted to the following conditions:

- (1) unless otherwise determined by Council, there shall be one satellite dish per lot;
- (2) the satellite dish shall not be located in the front yard or flanking side yard of a lot, unless the area surrounding the satellite dish is screened from public view by an adequate natural buffer or screen, the dish is consistent with the surrounding development of the area and the satellite dish does not create any visual obstruction to adjacent developments or passing vehicular traffic.
- (3) the satellite dish does not obstruct views from other properties.
- (4) the satellite dish is anchored to the building or site to withstand the appropriate wind loads as determined by Council.
- (5) the satellite dish design, structure and colour are complimentary and sensitive to both the development to which it is attached or situated and the immediate surrounding properties. In cases where Council deems it appropriate, a satellite dish may be required to be screened or landscaped in accordance with Council's requirements.

5.2 ACCESSORY BUILDINGS

5.2.1 Accessory Buildings – General

Definition: Accessory Building as defined in the Minster’s Development Regulations (see Appendix) includes a detached subordinate building not used as a dwelling, located on the same lot as the main building to which it is an accessory and which has a use that is customarily incidental or complementary to the main use of the building or land; examples include:

- **for residential uses**, domestic garages, carports, ramps, sheds, swimming pools, greenhouses, cold frames, fuel sheds, vegetables storage cellars, shelters for domestic pets or radio and television antennae,
- **for commercial uses**, workshops or garages, office or storage building and
- **for industrial uses**, garages, offices, workshop or storage building, raised ramps and docks;

General Conditions:

- (1) Accessory buildings are permitted in each use class provided the buildings are clearly incidental and complimentary to the main buildings' character, size and use.
- (2) Accessory buildings shall not be used for human habitation.
- (3) The side yard requirements set out in the applicable Use Zone Tables shall apply to accessory buildings wherever they are located on the lot but accessory buildings on two (2) adjoining properties may be built to property boundaries provided they shall be of fire-resistant construction and have a common firewall.
- (4) Quonset style/steel accessory buildings may be permitted within the Resource and Agriculture Use Zone.
- (5) Accessory buildings shall not be located in an easement;

5.2.2 Accessory Buildings – Residential Medium Density & Residential Rural (excluding Garden Suites – 4.7.7)

Conditions

(1) Location:

- a. An accessory building shall not be built within any easement area;
- b. Accessory buildings shall not be located in front of the building line (front yard) on the street which the building has its legal civic address.
EXCEPT:
 - b. An accessory building on a corner lot may be located in front of the building line on the flanking yard provided the location does not impede visibility on the flanking street, and the accessory building is set back a minimum of 8 metres from the flanking street; these accessory buildings are limited to 50 square metres provided that:
 - i. A public notice has been advertised in accordance with the requirements for Variances;
 - ii. The slope of the lot and/or natural screening effectively blocks the view of the building from the street and adjoining properties. The placement of the building must not negatively affect neighbouring properties; and,
 - iii. A site plan is submitted showing all buildings on the lot including the proposed accessory building.

- (2) Size: The maximum size for an accessory building is 95 square metres or 10% of lot coverage whichever is lesser;
- (3) Setbacks:
 - a. A minimum of 1.2 metres from any property boundary; however, accessory buildings on 2 adjoining properties may be built to property boundaries provided they shall be of fire-resistant construction and have a common firewall.
 - b. 2.4 metres from any building;
- (4) Height: 6 metre maximum;
- (5) Accessory buildings shall not be used for commercial or industrial uses on a residential property, regardless of the use zone in which it is located, unless Council has issued a permit for such use;
- (6) Repairs to vehicles, other than minor vehicle maintenance, are prohibited in accessory buildings;
- (7) No truck, bus, semi-trailer, or other vehicle body shall be used as an accessory building);
- (8) Except for minor maintenance, no accessory building shall be used for the repairing, painting, dismantling, or scrapping of vehicles or machinery;
- (9) An accessory building may be used for a home business as outlined in home business section.
- (10) Exterior Cladding: With the exception of greenhouses, the exterior cladding of the accessory building shall match or coordinate with the exterior siding of the main dwelling on the lot and shall be residential in character.
- (11) Exclusive of cold frames, decks, gazebo's, greenhouses, swimming pools and temporary repair shelters, accessory buildings shall have a floor area of no greater than 80% of the dwelling lot coverage;
- (12) Discretionary Decisions of Council: In making discretionary decisions with respect to accessory buildings, Council shall consider:
 - a. The location of the accessory building on the lot;
 - b. The size of the accessory building compared to the dwelling on the lot and the size of structures on neighbouring properties;
 - c. Visibility of the structure from neighbouring properties and/or street;
 - d. If the accessory building will block a view and/or light from adjoining properties;
 - e. The use of the accessory building;
 - f. Site conditions, such as topography and the presence of wetlands; and
 - g. Any other on-site conditions that may warrant Council's considerations.

5.2.3 Accessory Buildings – Non-Residential

An accessory building associated with a non-residential use shall be permitted, subject to the following requirements:

- (1) an accessory building shall be located on the lot so that it has no undesirable impact on the private enjoyment of adjoining residential lots;
- (2) the use of an accessory building shall be directly related to the principal use or building on the lot;
- (3) the maximum floor area of an accessory building shall be 100 square metres or seven percent (7%) of the lot coverage, whichever is lesser;
- (4) an accessory building shall not be erected or placed upon any easements;
- (5) an accessory building shall maintain a minimum side yard and rear yard of 1 metre;

- (6) an accessory building shall maintain a minimum separation distance of 2 metres from the main building;
- (7) radio and television antennae shall have a maximum height of 15 metres;
- (8) the exterior siding of an accessory building shall match or be complimentary to the exterior siding of the principal building on the lot.
- (9) For a use that may occur in residential, rural, commercial zones, a wharf/Boathouse/Slipway/Breakwater is subjected to the following conditions:
 - a. Must meet Use Zone Site Development Conditions;
 - b. Appropriate noise and separation measures shall be incorporated into the development to reduce noise impact on surrounding properties;
 - c. Wharf/Boathouse/Slipway/Breakwater structures for both commercial or residential/cottage use shall follow the guidelines for the *Construction and Maintenance of Wharves, Breakwaters, Slipways and Boathouses* which are available from the Water Resources Management Division;
 - d. The Applicant must obtain a permit under of the *Water Resources Act, 2002* under Section 48 for any infilling or dredging work associated with these structures or other works near or in any body of water prior to the start of construction.

5.3 Home Business in the Residential Land Use Class

Accessory uses in residential areas are primarily those subsidiary activities occurring in homes; these are most commonly referred to as 'home businesses' and are sufficiently prevalent to require specific standards to ensure that the intent of each residential zone can be protected for the enjoyment of its residents.

5.3.1 General Home Business

Definition: General home business means a subsidiary use of a dwelling or associated accessory building for commercial use involving the provision or sale of goods and/or services without detracting from the residential character of the neighbourhood in terms of traffic, or any other nuisance. Examples may include, but not limited to:

1. Professions, such as an accountant, architect, auditor, engineer, realtor, insurance agent, planner, lawyer;
2. Personal service that does not disrupt the residential character of the neighbourhood, such as a hairdressing, tailor, photographer, pet groomer, caterer's establishment, shoe repair, dressmaking, sewing repairs and tailor shop, small appliance, clock/watch, bicycle, ski and snowboard and computer repair, locksmiths, manicurists;
3. Care services, such as child care, or home-care; and similar occupations or businesses.
4. Artisan and other home crafts;
5. Food preparation for catering services and baking;
6. Bed and Breakfasts;
7. Music and dance lessons and educational tutoring;
8. Telephone and mail order business;
9. Art gallery and framing shop;

10. Pet grooming services;
11. Furniture repair and upholstery;
12. Sale of bedding plants and trees grown on the same lot;
13. Any business applying for only a phone/fax/internet service is permitted;
14. Discretionary Uses as approved by the Authority.

Exclusions:

An accessory home-based business shall not include any business activity related to any of the following uses:

1. Occupations that discharge or emit odors, noxious or toxic matter or vapors; heat, glare, noise and/or radiation;
2. Manufacturing, welding or any other light industrial use;
3. The salvage, repair, maintenance or sales of motor vehicles, or motor vehicle engines or parts;
4. Tow truck operations;
5. The use of mechanical or electrical equipment except as ordinarily utilized in purely domestic, household, recreational hobbies or a home office use;
6. The use of any motor vehicle exceeding 4,500 kg licensed gross vehicle weight, or a commercial vehicle unless such vehicle is completely enclosed within a building;
7. Materials and commodities that involve delivery to and from the home-based business residence in such bulk or quantity as to require regular or frequent delivery by a commercial vehicle or trailer;
8. Business that results in traffic congestion, on street parking overflow, electrical interference, fire hazards or health hazards;
9. Veterinary clinics, pet breeding and boarding kennels;
10. Orchestra and band training;
11. Office uses that generate regular daily visits by clients, as in a clinic;
12. Public gathering use;
13. Telephone or mail order sales of goods where customers enter the premises to inspect, purchase or take possession of goods;
14. The sale of any commodity not produced on the premises, except for personal service-related products;
15. Warehouse outlet;
16. Contractors Yards;
17. Adult Entertainment Uses; and,
18. Any other use that is not complimentary to the quiet enjoyment of a residential neighbourhood.

General Development Conditions for Home Businesses:

- (1) The use is clearly subsidiary to the residential use, does not alter the character of the property or detract from the residential character of the neighbourhood. The primary use of the property remains residential and the scope and intensity of the use classes is entirely compatible with the residential uses of the property and neighbourhood;
- (2) The external appearance of the dwelling or accessory building shall not be changed by the home business.

- (3) Activities associated with the use are not hazardous, and are not a nuisance to the occupants of adjacent dwellings; no mechanical equipment is used except that is reasonably consistent with the use of a dwelling
- (4) No regular parking of commercial vehicles or trailers except for one vehicle with a gross weight of no greater than one tonne will be permitted.
- (5) The residence is occupied by the operator of the home business.
- (6) The business within the dwelling must be owned and operated by 1 (one) resident of the dwelling. The property owner must authorize an application for a home business by a resident who is not the owner of the property. Working within the residence, the home business is limited to 1 (one) employee or staff in addition to the owner/operator.
- (7) There shall be no wholesale or outdoor storage or display of goods or equipment.
- (8) There shall be no use or storage of hazardous or dangerous materials.
- (9) Any retail sales are incidental and subsidiary to the approved use; no wholesale or retail sale of goods is externally apparent, for example, if sale of crafts occurs, it does not occur through walk-in or drive-in trade. A home-based business is not a retail shop, nor for customer destination wholesale sales.;

The residential lot has sufficient area to accommodate the parking and loading requirements of the dwelling unit and the home business. In addition to the two required parking spaces for a residential zone use, a home-based business shall provide one additional parking space for each non-resident employee working at such facility. The home base business applicant shall provide a site plan that indicates the parking space's location and any landscape improvements related thereto at time of business license application.

- (1) The only home businesses that can be conducted outside the dwelling or accessory building are non-farm operation animal husbandry and market or home garden uses as defined under 'Agriculture – Urban' and Child Care.
- (2) A non-illuminated identification sign not exceeding 0.2 square metres in area shall be permitted provided that the sign is consistent with the residential character of the neighbourhood.
- (3) The use must be carried out inside the dwelling unit or inside an accessory building located on the same lot; the home business shall occupy:
 - a. no more than thirty percent (30%) of the total floor area of the dwelling unit to a maximum of 55 square metres can be used for the home occupation; and,
 - b. the home business can be housed all or in part in 1 (one) accessory building.
- (4) Council may require fencing, screening, and/or a minimum buffer to protect the amenity of adjacent uses.
- (5) The home business shall not create traffic safety or traffic congestion concerns. The use shall not generate traffic in excess of an average of 3 customer visits per hour and no home business shall operate between 9 pm and 7 am.
- (6) Sufficient off-street parking must be provided; one dedicated parking spot is required if there is the allowed employee of the home business working in the dwelling. If there will be customer visits, adequate parking shall be provided to ensure no parking on the street by residents, staff, or customers from the property housing the home business. Parking shall respect and maintain the residential character of the neighbourhood;
- (7) The home business shall adhere to all other conditions that Council considers necessary to protect the amenity of adjacent uses and the neighbourhood.

- (8) The home business shall not use water or generate sewage in excess of what is normal is the residential area and can be accommodated by the municipal water supply and sewage system.

5.3.2 Development Conditions for Specific Home Businesses

5.3.2.1 Bed and Breakfast

Definition: Bed and breakfast, sometimes referred to as a hospitality home or inn, means an owner-occupied or owner-managed dwelling for paid temporary accommodation with no more than four (4) guest rooms. The establishment may include a self-serving dining area for the use by overnight guests. Catered dining may be considered on a limited-use basis. It does not include a hotel, motel or hostel.

Conditions:

- (1) The principal use of the residential dwelling unit shall continue to be the home for the ongoing occupation by a single family; no other use such as for a Residential Care or Boarding use shall be permitted at the same time as a Bed and Breakfast use;
- (2) No more than four bedrooms accommodating not more than eight persons at any one time may be used by residential homes for a Bed and Breakfast use;
- (3) Bed and Breakfast amenities shall include a minimum of sleeping accommodation area per bedroom of 12 m² and full bathroom and washroom facilities with potable hot and cold water for each bedroom;
- (4) A Bed and Breakfast Use is not permitted within a subsidiary apartment, a mobile home or within multi-unit dwellings units in the zones.
- (5) Must conform to Use Zone Table and conditions

5.3.2.2 Boarding House

Definition: Boarding house or lodging house means a single detached dwelling in which rooms are regularly rented to 3 or more persons other than the immediate family of the owner or tenant. Guests are semi-permanent boarders/lodgers, whereas hotel guests are travelers and transient guests. For clarification, no permit is required for 1 or 2 boarders in a single detached dwelling.

Conditions:

- (1) Must conform to Use Zone Table and conditions as well as the General Standards for Home Businesses

5.3.2.3 Day Care: Residential

Definition: Day care or family and group care means a single detached dwelling accommodating up to but no more than six (6) persons exclusive of family or staff receiving care in a home-like setting, for example, group homes, halfway house, child, adult care (seniors) or disabled persons.

Conditions

- (1) The section of the street on which the use is located allows sufficient area and sight distance for the safe and convenient drop off and pick up of children without hindering the safety and convenience of vehicular and pedestrian traffic on the street, or the development provides adequate off-street drop off or pick up spaces satisfactory to Council;
- (2) the use is compatible with nearby uses; that is, the use of the dwelling does not materially differ from, nor adversely affect, the amenities of the adjacent residences, or the neighborhood in which it is located;
- (3) the use shall occupy a maximum of forty percent (40%) of the floor area of the dwelling unit;
- (4) the use should have a maximum of six (6) adult day care users present at any time;
- (5) a minimum of 5 m² of net floor space per person shall be provided for use by adult day care users, this aggregate floor space shall be utilized for the purpose of group amenity areas and individual rest areas;
- (6) the operator of the day care shall maintain the dwelling in which the use is located as his/her primary residence;
- (7) the use shall operate only during the full daytime period between 7:30 a.m. and 6:00 p.m.
- (8) A family group care centre use is permitted in any dwelling or apartment that is adequate in size to accommodate the number of persons living in the group, inclusive of staff, provided that, in the opinion of Council;
- (9) Council may require special access and safety features to be provided for the occupants before occupancy is permitted.

5.3.2.4 Parking for Home Business

- (1) In addition to the two required parking spaces for a residential zone use, a Home-Based Business shall provide one additional parking space for each non-resident employee working at such facility;
- (2) The Home Base Business applicant shall provide a Site Plan that indicates the parking space's location and any landscape improvements related thereto at time of business license application.

6.0 GENERAL REGULATIONS

The following sections contain standards and conditions that may be relevant in any zone for any development subject to the site location and proposed use or development.

6.1 FEDERAL AND PROVINCIAL GOVERNMENT REQUIREMENTS

Notwithstanding the compliance obligations of sub-section 1.2, the following federal and provincial government requirements are set out below. Wherever possible, the requirements of the federal and provincial agencies have been incorporated into the Development Regulation standards; however, given that these change over time and other exigencies, applicants are responsible to ensure that all appropriate federal and provincial permits and approvals have been secured prior to the use and/or development of land within the Municipal Planning area boundary.

Where available, the Land Use zoning mapping shows the boundaries of land use designations and buffers required by provincial or federal legislation.

6.1.1 Mineral Lands Division

6.1.1.1 Removal of Quarry materials, site grading, soil deposit

- (1) No development permit for removal or deposit of soil, or the excavation and removal of excavated material or grading is required if it is part of an approved development project or affects less than 125 m³ of soil, sand, gravel, rock or other substance down to and including bedrock. All other cut or fill work, excavation and removal and deposit of material or grading requires a development permit under these Development Regulations.
- (2) Removal or deposit of soil, topsoil, sods, or the excavation and removal of excavated material or grading requiring a development permit, provided the work is based on a grading plan, will result in an improved site for uses permitted in the Zone where it is located and it must meet the following conditions:
 - a. resulting slopes are stable and without hazards;
 - b. when the work is completed, the area affected shall be covered with topsoil and other necessary material for vigorous plant growth and planted with appropriate vegetation;
 - c. drainage must be provided to the satisfaction of Council and shall be designed so as not to impair existing surface drainage nor to create erosion either on the site or on adjacent sites.
- (3) Restrict development in environmentally sensitive areas such as steep slopes and areas prone to landslides and rockfall;
- (4) For approved developments where the extraction of quarry materials is occurring or may be expected occur, the Town shall send a copy of the development permit to the Quarry Materials Section, Mineral Lands Division, at quarries@gov.nl.ca.

Note that quarry materials include but are not limited to aggregate, fill, rock, stone, gravel, sand, clay, borrow material, topsoil, overburden, subsoil, peat. It is important that the Mineral Lands Division have the documentation necessary to distinguish excavation associated with an approved development from excavation that constitutes quarrying; possessing development permits for developments which may involve excavation will assist greatly in making this distinction.

6.1.1.2 Quarry buffer

Any development application within the 300-metre Quarry referral buffer must be referred to the Mineral Lands Division for comment prior to approval of the application;

6.1.2 Land Resources Management Division (Agriculture)- Blueberry Management Areas

The identified locations of Blueberry Management Areas established under the *Lands Act, 1990*, are to be protected for the primary use of commercial agriculture. If commercial agriculture is discontinued and there is an application for another use of the site, the Town must consult with the Land Stewardship Resources Division before issuing any development permit.

6.1.3 Crown Land

Definition: Crown land has the meaning as set out in the *Lands Act, 1991*.

Conditions:

- (1) The use of Crown land is subject to the Town of Clarke's Beach Municipal Plan and Development Regulations, including zoning and permitting requirements.
- (2) Approvals must be obtained from the appropriate Regional Lands Office, Government of Newfoundland and Labrador; applications are made to the Regional Lands Office.
- (3) Crown land applications must be approved by the Council regarding the use and development of the land prior to approval for issuance of title by the Lands Branch of the Government of Newfoundland and Labrador.

6.1.4 Surveys & Mapping Division

- (1) Control Survey markers are Identified for protection by the GIS & Mapping Division and are shown on the Land Use zoning map; Council must ensure that these are not disturbed by development. Council shall inform the Surveys and Mapping Division when a proposed development is proposed in the vicinity of a Survey Control Monument. There are 9 monuments in the Municipal Planning Area as shown on the Land Use Zoning map.

6.1.5 Archaeological Sites

If an archaeological site or artefact is discovered during development of a property, the development shall stop and Council shall consult with the Provincial Archaeology Office. Development shall not proceed until the Provincial Archaeology Office has evaluated the site or authorized the development to proceed.

The Provincial Archaeology Office indicated that there is one known archaeological site registered with the PAO which is a mid-19th Century Fann (CjAh-19). This site is protected under the *Historic Resources Act, 1990* and is not to be interfered with in any way. The location is not shown on the Land Use Zoning Map; however, the Town has the location as shown on the ILUC map which cannot be made public. If there are plans for development in the area, they shall be referred to the PAO for review to ensure the archaeological site is not negatively impacted

Before approval is granted for a major development such as a subdivision or a new commercial or public building, the application shall be referred to the Provincial Archaeology Office for comments

6.1.6 Water Body Protection (watercourse and wetland)

Definition: (From the *Water Resources Act, 2002*) "body of water" means a surface or subterranean source of fresh or salt water within the jurisdiction of the province, whether that source usually contains liquid or frozen water or not, and includes water above the bed of the sea that is within the jurisdiction of the province, a river, stream, brook, creek, watercourse, lake, pond, spring, lagoon, ravine, gully, canal, wetland and other flowing or standing water and the land occupied by that body of water;

Conditions:

To ensure conformance with requirements of the Water Resources Management Division of the provincial government regarding development within or adjacent to a Watercourse or Wetland, the following applies:

For all portions of a lot that are located *within 15 metres* of the edge of a wetland or the top of the stream bank of a watercourse, no building or structure shall be permitted, except for:

- a. reconstruction of a building that was in existence on the date of approval of this Municipal Plan;
 - b. an accessory building or structure to the above reconstructed building;
 - c. a passive recreational use;
 - d. wharves, boathouses, slipways and breakwaters that conform to the guidelines provided by the Water Resources Management Division; and/or,
 - e. uses that require direct access to a body of water in buffers.
- (2) A Section 48 permit under the *Water Resources Act, 2002* administered by the Water Resource Management Division of the Department of Municipal and Provincial Affairs, and compliance with departmental policy is required, for:
- a. Any *infilling work* within 15 metres of a body of water; and,
 - b. Any work in *Shore Water zones* ("Shore Water Zone" means the land that is intermittently occupied by water as a result of the naturally fluctuating surface water level in a body of water which can be either a fresh or salt water body and, in either case, the low water mark and high-water mark of the water body defining the edges of the shore water zone);
- (3) A Non-Domestic Water Use Permit from the Water Resource Management Division of the Department of Municipal and Provincial Affairs is required before construction and for all existing, new or planned *water use from any water source*;
- (4) On-site sewerage disposal systems are prohibited within 30 metres from a waterbody or watercourse;
- (5) Where fish habitat is affected, Fisheries and Oceans Canada must be consulted.

6.1.7 Wildlife Division

- (1) To protect general wildlife habitat and landscape connectivity, require the Protection 'on following conditions on applications in the vicinity of waterbodies, as practicable:

- i. a riparian buffer of 30-metre minimum undisturbed natural vegetated along wetlands and waterbodies (ponds, rivers, creeks etc.) or more for riparian areas near agricultural areas;
 - ii. green belts connected to forested areas or other habitat patches to create wildlife travel corridors;
 - iii. indicate a minimum percentage of forests to be maintained during lot clearing;
- (2) Vegetation clearing to be done outside the May 01 to July 31 period, to minimize disturbance during that sensitive breeding/ young rearing, whenever possible;

6.1.8 Provincial Highway Sign Regulations, 1996

- (1) A permit for erection or display of advertisement on Provincial Highways shall be obtained from the Government Service Centre. This requirement applies within a control line established on each side of every highway, as follows:
- (2) Every control line shall be 400 metres distant, measured horizontally, from the centre line of the roadway or the centre line of the nearest lane of a divided highway.
- (3) Notwithstanding subsection (1), within the boundaries of each incorporated municipality or the built-up established areas of unincorporated communities, the control line shall be 100 metres distant, measured horizontally, from the centre line of the roadway or the centre line of the nearest lane of a divided highway.

6.1.9 Climate Change Impacts

Council shall take into consideration available data regarding provincial climate change projections. Climate change is expected to result in more precipitation and more frequent extreme weather events that may result in increased flooding, sea surge and coastal erosion. These factors shall be considered when allocating land for future developments that are in close proximity to a river, floodplain or coastline. Provincial climate change projections for St. John's (nearest regional sites) be considered in development stages. These projections suggest that extreme precipitation events will become more intense. For example:

On a 24-hour basis, a 1-in-100 year storm is expected to bring 167 mm of precipitation by mid-century, an increase from the current climate's 137 mm (22% growth); and on a 12-hour basis, a 1-in-100 year storm is expected to bring 150 mm of precipitation by mid-century, an increase from the current climate's 122 mm (23% growth).

6.1.10 Forestry

Forestry activities are permitted uses in the Rural zone. There are no identified forestry activities in the other zones as these activities are not compatible with the primary purpose of the other zone. The Domestic Harvesting area is located in the Rural zone.

6.3.11 Easements – Newfoundland and Labrador Hydro

Consult with Newfoundland Power and Newfoundland and Labrador Hydro regarding any applications for development near transmission lines that fall within the Municipal Planning Area boundary.

6.3.12 Digital Government and Service NL

Council shall require compliance with Service NL requirements, before issuing approvals. These include, but are not limited to: on-site services, highway signs; electrical permits; building accessibility; access to highways; tanning salon and/or Personal services establishment; Food establishment licence; public markets/farmer's markets; meat plant; pool; wastewater or water system approval; tobacco sales; water supply testing; cemetery; waste management; fuel storage and handling; asphalt, boiler; pressure vessel and compressed gas installation.

6.3.13 National Codes and Regulations

The National Building Code, and associated codes, such as the Plumbing Code, the Fire Code, the Electrical Code, the Life Safety Code, and any other ancillary code and other municipal regulations or bylaws regulating or controlling the development, conservation, and use of land shall, under these Development Regulations apply to the entire Municipal Planning Area.

6.3.14 Federal Land, Department of National Defence

An overlay of the Federal Weapons Range is shown on the Land Use Zoning map where no applications for development are to be accepted. Only development as allowed by the Department of National Defence is permitted within the area of the Weapons Range.

6.3.15 Department of Fisheries and Oceans Canada

For any work conducted in or near water, particularly the Scheduled Salmon Rivers – North River and South River - the Town shall consult with Fish and Fish Habitat Protection Program, Fisheries and Oceans Canada to determine potential impacts and mitigative measures regarding fish and fish habitat.

6.3.16 Protected Road Zoning Regulations, 1999

The Municipal Planning Area boundary overlaps with the Building Control line (400 metres from centreline) of the Trans-Canada Highway which is subject to the *Protected Road Zoning Regulations, 1996*. A permit is required for any development from the Government Service Centre, Department of Digital Government and Service NL as well as from the Town.

6.3.17 Scheduled Salmon Rivers (*Environmental Protection Act, 2002*)

An undertaking located within 200 metres of the high-water mark of a Scheduled Salmon River (North River and South River) must be registered for an Environmental Assessment review under Section 28 of the *Environmental Protection Regulations, 2003*.

6.2 ACCESS AND STREETS

Definition: Access means a way used or intended to be used by vehicles, pedestrians or animals in order to go from a street to adjacent or nearby land or to go from that land to the street (*definition from the Minister's Development Regulations*).

Development Standards

- (1) All development must front on to a publicly maintained road (Provincial or Municipal) and have independent, approved access. Exceptions include: (1) a development within a Planned Unit Development (PUD) where there may be an internal road plan; however, the PUD must front onto a publicly maintained road; and (2) natural resource uses and associated industries, i.e., agriculture, forestry, mineral working, etc
- (2) An access on a municipal road shall be located as specified by the Council; Access(es) shall be located to the specification of Council so as to ensure the greatest possible convenience and safety of the street system. Council may prescribe the construction of service streets to reduce the number of accesses to collector and arterial streets.
- (3) All access to a provincial highway is determined by the Department of Transportation and Infrastructure (Note: access permits are administered by Service NL).
- (4) No vehicular access shall be closer than 10 metres to the street line of a street intersection of a local road, or 20 m to the street line of a street intersection in the case of a collector or arterial road.
- (5) The Council may require the provision of service streets to reduce the number of individual accesses to an adjacent street.
- (6) Details regarding off-street loading and parking can be found in Chapter 7.
- (7) Notwithstanding subsection 1, the following types of development may be allowed on lots that front on to a private road provided that arrangements are made for the maintenance of the on-site road, but that the road is not maintained by a Council at public expense:
 - a. commercial rental cottages;
 - b. seasonal commercial uses related to tourism;
 - c. resort developments;
 - d. seasonal cottage developments not intended for permanent residential use; and,
 - e. vacant land condominium subdivisions.
- (8) A new street may not be constructed except in accordance with and to the design and specifications established by Council.
- (9) Where Council has adopted an access plan, the location of accesses to existing and new developments shall be in accordance with that plan.
- (10) Access shall be located so that there is no visual obstruction for drivers of vehicles entering or exiting the development; therefore, to protect sightlines (view) of motorists and pedestrians:
- (11) All occupied lands within 7 metres of a street intersection shall be kept free of any shrubs, plants, and trees that impede the line of vision clear for motorists and pedestrians, and
- (12) No building or structure shall be permitted to be erected, moved, enlarged, or reconstructed on any land that is within 7 metres of a street intersection.
- (13) In order to control access to streets, Council may, by the adoption of an Access Plan:
 - a. determine the number, location and layout of accesses to a street;
 - b. require an access to a service street, where direct access to an arterial street is not desirable;

- c. require two or more properties to share a joint access to an arterial street where individual accesses would not be desirable; and,
- d. reduce the minimum lot frontage required by on the Use Zone Table by up to fifty percent (50%), provided that Council is satisfied that such a reduction shall not create traffic hazards or demands for municipal services.

(14) Where Council has adopted an access plan, the location of accesses to existing and new developments shall be in accordance with that plan.

6.3 BUFFERS AND SEPARATION DISTANCES BETWEEN LAND USES

Definition: Buffer means a berm, wall or opaque fence, row of trees or shrubs, hedge, fence, or distance separation that provides a barrier between incompatible uses intended to obstruct or reduce the noise, lighting glare, unsightly views or any other nuisance of one land use or property onto another. Council may require landscaping and screening buffers for a proposed development in order to provide:

- a. an acoustic barrier;
- b. an attractive visual continuity and appearance between developments or on an individual site;
- c. delineation of an area; and
- d. protection for the natural environment.

Conditions

- (1) A screen or separation between different or incompatible uses, principally between residential and non-residential uses, may consist of either a screen of a minimum height of 2.4 metres and a buffer of 10 metres between residential and industrial and 3 metres between residential and commercial.
- (2) Where an industrial, commercial or public institutional development permitted in any Use Zone abuts a street that is used as an access into a residential area or zone, a structural barrier or fence may be required in the flanking street side yard by Council and the structure or barrier shall be maintained by the owner or occupier of the property to the satisfaction of Council
- (3) The following standards shall apply to development in the vicinity of waterbodies and in forested areas, as practicable:
 - a. a riparian buffer of 30-metre minimum undisturbed natural vegetated along wetlands and waterbodies (ponds, rivers, creeks etc.) or more for riparian areas near agricultural areas;
 - b. green belts connected to forested areas or other habitat patches to create wildlife travel corridors;
 - c. indicate a minimum percentage of forests to be maintained during lot clearing;
 - d. Vegetation clearing to be done outside the May 01 to July 31 period, to minimize disturbance during that sensitive breeding/ young rearing, whenever possible;

6.4 PROHIBITION ON NUISANCE, DANGEROUS OR UNSIGHTLY LAND USE/DEVELOPMENT

Definitions:

Nuisance means activities that created a nuisance by causing or promoting fires or other hazards or which may emit noxious, offensive or dangerous fumes, smoke, gases, radiation, smells, ash, dust or grit, excessive noise or vibration, or create any nuisance that has an unpleasant effect on the senses unless

its use is authorized by Council (for example, in the Industrial zones) and any other authority having jurisdiction.

Dangerous or unsightly means partly demolished, decayed, deteriorated or in a state of disrepair so as to be dangerous, unsightly or unhealthy, and includes property containing:

- a. ashes, junk, cleaning of yards or other rubbish or refuse or a derelict vehicle, vessel, item of equipment or machinery, or bodies of these or parts thereof,
- b. an accumulation of wood shavings, paper, sawdust, dry and inflammable grass or weeds or other combustible material,
- c. an accumulation or collection of materials or refuse that is stockpiled, hidden, or stored away and is dangerous, unsightly, unhealthy, or offensive to a person, or
- d. any other thing that is dangerous, unsightly, unhealthy or offensive to a person, and includes property, a building or structure with or without structural deficiencies
 - i. that is in a ruinous or dilapidated condition,
 - ii. the condition of which seriously depreciates the value of land or buildings in the vicinity,
 - iii. that is in such a state of non-repair as to be no longer suitable for human habitation or business purposes,
 - iv. that is an allurements to children who may play there to their danger,
 - v. constituting a hazard to the health or safety of the public,
 - vi. that is unsightly in relation to neighbouring properties because the exterior finish of the building or structure is not maintained,
 - vii. that is a fire hazard to itself or to surrounding lands or buildings,
 - viii. that has been excavated or had fill placed on it in a manner that results in a hazard, or
 - ix. that is in a poor state of hygiene or cleanliness;

Condition:

- (1) No building or land shall be used for any purpose which may be a nuisance, dangerous or unsightly.

6.5 LOT SITING AND BUILDING ENVELOPE

6.5.1 Lot Area Integrity

- (1) No lot shall be reduced in area, either by the conveyance or alienation of any portion thereof, such that,
 - a. the lot area, frontage, front yard, rear yard, and side yards are less than the minimums permitted by these Development Regulations for the zone in which such lot is located, and
 - b. the lot coverage of all buildings exceeds the maximum permitted by these Development Regulations for the zone in which such lot is located.
- (2) Where any part of a lot is required by these Development Regulations to be reserved as a yard, it shall continue to be so used regardless of any change in the ownership of the lot or any part thereof and shall not be deemed to form part of an adjacent lot for the purpose of computing the area thereof available for building purposes.

- (3) Unsubdivided Land: Development is not permitted on unsubdivided land unless sufficient area is reserved to satisfy the yard and other allowances required in the Use Zone in which the property is located. These requirements must be retained when the adjacent land is developed.

6.5.2 Lot Fronting on to a Public Street

No residential, commercial or public building shall be erected on a lot that does not front directly onto a public street unless the subject lot forms part of a comprehensive development.

6.5.3 Building Line and Setbacks (Refer to Appendix 1)

- (1) The building line setback is measured from the street right of way at the front of the property;
- (2) Adequate building setback from roads shall be required in order to maintain road standards, consider public safety requirements for side/back/front yards; and conform to the existing development pattern; and, ensure adequate provision is made for light, privacy, and amenity.
- (3) Setbacks may be required that are sufficient to allow for landscaping of front yards, vehicle off-street parking and take into consideration Town service obligations, such as, snow clearing;
- (4) To encourage a more interesting streetscape Council can allow staggered building line setbacks;
- (5) Council, at its discretion, may allow development to complement existing building setbacks of adjoining properties by varying the yard requirements up to 10% after notification of the proposed variance is given to neighbouring property owners in accordance with section 2.3.1.
- (6) If required, the building line as set out in the provincial *Building Near Highways Regulation* along any provincial highway, must be adhered to.

6.5.4 Flanking or Corner lots and double fronting lots

In the case of a corner lot, the shortest lot line facing the street shall be the front lot line; therefore, the other lot line is the flanking side yard, and in the case of double fronting lots or where the lot lines are equal in length, the front lot line shall be determined by the orientation direction of the majority of adjacent neighbourhood buildings, and the other lot line is the flanking side yard.

6.5.5 Side Yards

An unobstructed side yard shall be provided on the exposed sides of every building in order to provide access for the maintenance of that building.

6.5.6 Multiple Uses on One Lot

- (1) Where two or more different uses may exist in a single building, more than one main building may be permitted on a single lot, or a single lot may contain more than one permitted use, provided that each use shall conform to all requirements in these Development Regulations that are applicable to that use. EXCEPTION: This does not apply to a single detached dwelling that is not part of a comprehensive development.
- (2) Multiple use may not be permitted where the Authority determines that the proposed use would not be compatible with existing uses on or adjacent to the lot by reason of safety, amenity, appearance, or nuisance.
- (3) Where more than one main building is developed on a single lot, sufficient area shall be reserved to satisfy the yard requirements and other allowances outlined in the Use Zone Table applicable to the lot. These allowances shall be maintained when the adjacent land is developed.

6.5.7 Outdoor Storage

- (1) Outdoor storage shall not be located in front yards, unless specified in the zone.
- (2) The Council may require screening from street and other surrounding development which may include fencing or landscaping.
- (3) Outdoor storage shall be maintained with a stable surface to prevent raising or movement of dust, clay, mud or loose particles.
- (4) The Council may, where a development is unsightly or dangerous to health or safety, order the owner or occupier of the site to remove and dispose of unsightly or dangerous materials or buildings, or restore the unsightly or dangerous materials or buildings to a more acceptable and pleasing condition.

6.5.8 Siting Conditions for Single Detached and Semi-Detached Dwellings

- (1) The front wall of a dwelling shall face the street on which it is located and shall have a civic number easily visible for fire and emergency services.
- (2) All residential structures shall front on a publicly maintained road. (Refer to Provision 6.2 (1) for additional details).
- (3) Minor Front Yard Projections on a Residential Lot:
- (4) No portion of a dwelling shall project into the minimum building line setback except for the following circumstances and in accordance with the following provisions. The following projections may be permitted:
 - a. chimney breast, eaves, sills or cornices not projecting more than one metre into a required front yard depth;
 - b. unenclosed steps with or without a landing;
 - c. an unenclosed or enclosed porch that projects no more than two metres into the required front yard depth or beyond the established building line for the lot;
 - d. a patio or veranda in accordance with the conditions as outlined in the specific Use Zone;
 - e. wheelchair ramps or other accessibility devices as approved by Council.
- (5) Council may permit the projection to exceed beyond two metres (2 m) into the building line setback if it is the view of Council that the projection does not negatively impact the sight lines or streetscape of the residential street, does not create obstructed views for adjacent or nearby

residential properties, and the projection is architecturally and aesthetically compatible with the dwelling to which it is attached.

- (6) The projection does not encroach upon or reduce the minimum amount of parking required for the lot;
- (7) The projection does not encroach upon or create an obstruction in the sight triangle for corner lots;
- (8) A wheelchair ramp must be built to the Building Code of Canada standards:
 - a. Every effort must be made to construct a wheelchair ramp such that it runs adjacent to the dwelling that it provides access to, rather than extend at an angle away from the dwelling face.
 - b. At its discretion, Council may, after consulting with abutting property owners, permit an access ramp for a wheel chair to be erected outside the minimum setback of the front yard, side yard, or rear yard of a lot if:
 - i. There are no alternative means to provide the access ramp, and
 - ii. The ramp does not create a safety hazard or block sight lines.
- (9) A heat pump, air conditioner or external fan may be required to be:
 - a. be located:
 - i. in the flanking street side yard or rear yard of the principle building of the lot of property on which the heat pump, air conditioner or external fan is situated;
 - ii. no closer than 2.4 metres from a side lot line of the lot or property on which the heat pump, air conditioner or external fan is situated; and
 - iii. no closer than 3 metres to a door or window of a dwelling on an adjoining lot.
 - iv. be placed on a concrete base that rests on or in the ground, or equivalent.
 - b. not generate noise exceeding 55 dBA at the property boundary. If a mini-split heat pump is found to be exceeding that limit, noise mitigation measures shall be employed to reduce the noise level to a maximum of 55 dBA.

6.5.9 Building Orientation and Quality

Taking into consideration 6.2 regarding building orientation to the street, it is recommended that wherever possible, development or the siting of a building on a lot be configured to optimize winter solar exposure and shall take into consideration street/building layout, shading, landscaping, and on-site parking.

Building Materials: All building materials for exterior finish shall be subject to approval of Council in respect to acceptable visual quality and design appearance. Any outside elements including exposed ductwork, outside air conditioning units, cooling towers and tanks are subject to the approval of Council in respect to acceptable visual quality.

6.5.10 Heritage Building or Structure

Where Council designates a building or structure as a heritage building or structure, no person shall pull down or demolish the designated heritage building or structure except for life safety reasons or to carry out a public work, nor shall the exterior of the heritage building or structure be repaired or altered without the written approval of Council.

6.6 LANDSCAPING AND FENCES

6.6.1 General Landscaping Requirements

1. No site work (clearing or grubbing) shall commence until a development permit is issued including conditions regarding existing site vegetation and proposed landscaping treatment.
2. The provision of adequate and suitable landscaping or screening may be made a condition of any development permit for a new development or the renovation of an existing building that includes site work, where, in the opinion of the Town, the landscaping or screening is desirable to preserve amenity and/or or protect the environment.
3. Proposed landscaping or a minimum of suitable ground cover must be achieved within 18 months of completion of the work approved in the development permit.
4. The Council may require a landscape deposit or a financial guarantee (refer to subsection 2.5.4) in the amount to cover the costs of the landscaping of the lot or area as a condition of the Development Permit:
 - a. The deposit shall be paid prior to the issuance of the applicable permit by the Town.
 - b. The deposit shall be returned upon the successful completion of the landscaping to the satisfaction of the Town.
5. The amount of the landscape deposit may be set at the amount required to meet minimum suitable ground cover to prevent soil erosion.
6. A landscape plan accompanying a permit application shall include, over and above the requirements set out in 2.2.2, the following:
 - a. height and width of required buffers and/or separation distances, fencing or retaining walls;
 - b. location and dimensions of driveway(s), parking areas, hard-surfaced walkways in relation to landscaping;
 - c. location and dimensions of existing vegetation to be preserved or removed;
 - d. any proposed vegetative landscaping, grass or other flower beds, shrubs, trees and other landscaping elements, such as mulch, ornamental stone, etc., that are part of a landscaping plan;
7. The landscaped area shall comprise a minimum of soil and grass cover and may also include flower beds, trees, shrubs, and/or other materials in a design approved by the Town. Note that mulch or pebbles alone are not considered landscaping unless they are part of an overall landscape plan.
8. Wherever grass is a requirement for the development of a lot or space, a minimum topsoil depth of 100 mm shall be required for the planting of grass or the laying of grass sods.
9. To preserve existing natural vegetation on a new site, at the direction of Council, the limits of new development shall be delineated in the field and site work shall be located in such a manner to minimize disruption on the existing and surrounding natural vegetation.
10. All areas that are disrupted by construction shall be reinstated by the developer using natural landscaping with a minimum of topsoil (100 mm) and grass.
11. Whenever an alternate landscaping treatment is approved by Council and the treatment includes ornamental gravel, the developer or property owner shall ensure that an appropriate retaining wall or border is constructed to contain the gravel within the lot boundaries and along hard-surfaced driveways, vehicular circulation areas, and parking areas;

12. Landscaping of the Town road right of ways adjacent the property shall be the responsibility of the property owner. All areas between the curb/sidewalk and the property shall be landscaped.
13. The landscaping requirements of properties and lots may be guided by considerations set out in Section 9 – Development Design and Landscaping Guidelines.
14. Council may require the planting of trees as a condition of a development permit approval.
15. All landscaping must be maintained in good condition, not create a nuisance, and provide sufficient cover to prevent soil erosion.

6.6.2 Landscaping for new Subdivisions

1. Wherever possible, natural areas shall be maintained in their natural state and the destruction of these natural areas by development shall be minimized. If the natural area is a part of a public open space area, the developer shall prepare a landscape plan integrating the natural areas with the portions of the open space area that is to be developed for recreational purposes. The plan shall illustrate the grading relationships between developed and natural areas of the park.
2. Minimum landscaping of the recreational open space area shall be topsoil and grass seed, as determined by the Town. Note that mulch or pebbles alone are not considered landscaping unless they are part of an overall landscape plan.
3. Where it is determined by Council that berming or a swale is required, or that major sloping occurs within, or outside, the normal boundaries of a lot, it shall be the developer's responsibility to landscape the berm, swale or slope with a minimum of grass.
4. A landscape deposit may be required as part of the Subdivision Agreement to be returned upon the acceptance of the area by the Town.

6.6.3 Fences

Except as otherwise set out in a Fence Regulation adopted under the *Municipalities Act, 1999*, the following requirements shall apply to all fences situated on those portions of a property which run along the side of a road or street.

For the purpose of this regulation a fence includes a vertical physical barrier constructed out of typical fencing materials, and includes hedges, shrubs and landscaping features used for these purposes, and, that portion of a retaining wall which projects above the surface of the ground which it supports.

Sight Lines

Except as otherwise provided in these Regulations, no fence shall be erected with a height of greater than 0.75 metres above the grade of the street for 8 metres from the point of intersection of the two street lines where the two streets are local streets.

Except as otherwise provided in these Regulations, no fence shall be erected with a height of greater than 0.75 metres above the grade of the street line at the intersection of a driveway and a road where in the opinion of the Town it impedes sight lines.

Maximum Height between the Building Line and the Street Line: Except as otherwise provided in these Regulations, unless required for screening, no fence shall be greater than 0.75 metres in height between the minimum building line as set out in in the Use Zone Tables and the street line (the edge of the street right of way, property line).

Maximum Height: The maximum height of a fence shall not exceed 1.8 metres in height.

Fence Materials: The material or materials used in the erection and repair of a fence shall only be of a type that meets the approval of the Authority. No barbed wire or electrical fence or fence made of boulders or guard-rails or similar materials shall be permitted.

Order to Remove Fence: (When in the opinion of the Authority, a fence creates a safety hazard or obstruction or impedes snow-clearing due to its location, height or construction material, the Town may issue an order to the property owner stating that the fence or portions thereof be removed, reconstructed or repaired within a specified time in order to correct the safety hazard or obstruction and that the cost to remove, construct or repair said fence or part thereof shall be at the owner's expense. In the event that the property owner does not remove the fence within the specified time as ordered, the Town may remove the fence and the cost to remove, reconstruct or repair said fence shall be at the owner's expense.

Responsibility for Damage: The Authority shall not be liable for any damages for the repair of any fence, garbage container, landscaping or retaining wall within the street right of way whatsoever where the Town, its employees or agents or otherwise have acted without negligence. In particular, the Town shall not be liable for any damages or repairs of any fence whatsoever during the normal operation of snow clearing on streets or sidewalks.

6.7 MUNICIPAL SERVICES AND PUBLIC UTILITIES

Within any Use Zone Council may permit land to be used for the provision of public services and public utilities if the use of that land is necessary to the proper operation of the public service or public utility concerned, provided that the design and landscaping of any development of any land so used is, in the opinion of Council, adequate to protect the character and appearance of the area.

6.7.1 Storm Water Management

- (1) Land shall be used and graded in such a manner that run-off from the land or development does not negatively impact adjoining properties, and that all surface drainage shall be captured in accordance with the requirements of Council.
- (2) Development of land shall be undertaken with the objective of wherever possible achieving zero net run off with respect to on-site storm water runoff.
- (3) Where development results in the discharge of storm water into a wetland, waterbody, or watercourse, such discharge shall be designed to minimize any environmentally detrimental effects on the receiving water or watercourse and designed and constructed in accordance with the requirements and conditions of Council.
- (4) Consideration may be given to green approaches to storm water management.

6.7.2 Effluents

- (1) Liquid or Semi-Solid Industrial Drainage: No liquid or semi-solid industrial waste or effluent shall be discharged on the surface or into the ground and no water borne industrial waste or effluent shall be discharged on the surface or into the ground, into the surface drainage ditches or sanitary sewers

unless the chemical and/or biological content is acceptable to Council or authorities having jurisdiction.

- (2) Any effluent or runoff leaving the site shall be required to conform to the requirements of the *Environmental Control Water and Sewage Regulations, 2003*.

6.7.3 On-Site Services (Wells and onsite sanitary sewer systems)

Approvals for installation of on-site water and sewer systems must be obtained from Service NL.

6.7.4 Environmental Investigations

Approvals for any development that may have an environmental impact must be referred to Environmental Investigations, Service NL, and/or the Pollution Prevention Division, Department of Municipal and Provincial Affairs.

7.0 OFF-STREET LOADING, PARKING AND SIGNS

7.1 OFF-STREET LOADING REQUIREMENTS

- (1) Where Council deems necessary, for every building, structure or use requiring the shipping, loading or unloading of animals, goods, wares or merchandise, one or more loading spaces shall be provided and maintained on the lot measuring at least 15 m long and 4 m wide with a vertical clearance of at least 4 m. The space shall have direct access to a public street or to a driveway of a minimum width of 6 m that connects to a public street.
- (2) The number of loading spaces to be provided shall be determined by Council during application review.
- (3) The loading spaces required by this Regulation shall be designed so that vehicles can maneuver clear of any street and so that it would not be necessary for any vehicle to reverse onto or from a street.

7.2 PARKING

7.2.1 Parking Area Standards

- (1) For every building, structure or use to be erected or enlarged, there shall be provided and maintained a quantity of off-street parking spaces sufficient to ensure that the flow of traffic on adjacent streets is not impeded by on-street parking of vehicles associated with that building, structure or use. Off-street parking requirements are set out in Section 7.2.3.
- (2) Each parking space, except in the case of a single detached, semi-detached or attached dwelling, shall be made accessible by means of a right-of-way at least 3 m wide.
- (3) Residential parking spaces shall be provided on the same lot as the dwelling or dwellings.
- (4) No regular parking of commercial vehicles or trailers will be permitted in a residential zone unless specific provision has been made for this type of parking with the approval of Council.
- (5) Parking space for apartment buildings will be provided in the rear yard where possible.
- (6) Non-residential parking spaces shall be provided not more than 200 metres from the use for which the parking is required.
- (7) Where Council permits parking perpendicular to the curb, the minimum dimensions of each parking stall will be as follows:

Parking stall width	2.75 metres
Parking stall length or depth	5.5 metres
Aisle width separating opposite parking stalls	7.3 metres
Aisle width separating a stall from another obstruction	7.3 metres
Driveway width	7.0 metres

- (8) Where Council permits parking horizontal to the curb, the minimum length of the stall shall be 7 m and the aisle width shall be at least 4 metres, or more if deemed necessary by Council.
- (9) For any other parking lot configuration, the requirements shall as be as specified by Council, but in no instance, shall the requirements be less than that specified for perpendicular parking spaces.
- (10) Other requirements for parking areas are as follows:

- a. The parking area shall be constructed and maintained to the specifications of Council,
- b. Lights for illumination of the parking area shall be arranged so as to divert the light away from adjacent development,
- c. Except on a service station or industrial lot, no gasoline pump or other service station equipment shall be located or maintained in a parking area,
- d. No part of any off-street parking area shall be closer than 1.5 metres from the front lot line in any zone,
- e. Where Council deems that strict application of the parking requirements is impractical or undesirable, Council may as a condition of a permit require the developer to pay a service levy in lieu of the provision of a parking area, and Council will use the full amount of the levy for the provision and upkeep of alternative parking facilities within the vicinity of the development.

(11) Where, in these Regulations, a parking area for more than four vehicles are required or permitted:

- a. a parking area and an adjoining driveway shall provide drainage, lighting, curbs, and landscaping in accordance with requirements of Council.
- b. except in zones in which a service station is a permitted use, no gasoline pump or other service station equipment shall be located or maintained on a parking area;
- c. no part of any off-street parking area shall be closer than 2 metres to any lot line in any zone;
- d. access to a parking area in non-residential zones shall not be by way of residential zones;
- e. where a parking area is in or abuts a residential zone, Council may require that a natural or structural barrier at least 1 metre in height be erected and maintained along all lot lines;

(12) Where, in the opinion of Council, strict application of the above parking requirements is impractical or undesirable, Council may, as a condition of a permit, require the developer to pay a service levy in accordance with these Regulations in lieu of the provision of a parking area, and the full amount of the levy charged shall be used by Council for the provision and upkeep of alternative parking facilities within the general vicinity of the development.

7.2.2 Parking Development Plans

Council may exempt or change all the off-street parking required under Section 7.1 for a designated area, provided the development within the designated area is controlled by a Planned Unit Development.

7.2.3 Off-Street Parking Requirements

- (1) The off-street parking requirements for are set out in the following table, and for those uses not indicated, then the parking and off-loading requirements are at the discretion of Council. In the case of developments that include more than one use or development, these standards shall be regarded as cumulative.
- (2) Adequate off-street provision for the drop-off and pick-up of persons shall be provided on the same lot as the development unless otherwise stipulated by Council.
- (3) The number of spaces to be provided for off-street parking shall be in accordance with the following table.

USE/DEVELOPMENT	MINIMUM OFF-STREET PARKING REQUIREMENT (m²=metres squared)
Amusement	One space for every 15 m ² of gross floor area
Animal Grooming	One parking space for every 20 m ² of gross floor area
Apartment Building	Three spaces for every two dwelling units
Automotive Sales	In addition to the parking spaces required for the principal building, one parking space for every 20 vehicles of capacity for sales display at the automotive sales lot
Bakery	One parking space per 15 m ² of net floor area
Bank	One parking space per 15 m ² of net floor area
Bank – Drive through	One parking space per 15 m ² of net floor area
Bar (night club)	One parking space for every 5 m ² of seating area
Bed and Breakfast	One parking space per guest room in addition to the two spaces for the dwelling unit
Car Wash	One parking space per washing bay and one parking space for each 30 m ² of office space
Clinic	Three parking spaces per examining room
Club and Lodge	One space for every 3 persons that may be accommodated at one time
Commercial Garage	One parking space per 30 m ² of net floor area (parking provision for the storage of new & used vehicles for sale shall not be counted towards this requirement)
Convenience Store	One space for every 20 m ² of gross floor area
Public Gathering Places	One space for every 60 m ² of gross floor areas
Day Care-non-residential	One space for every 30 m ² of gross floor area
Day Care-residential	One parking space per 30 m ² of net floor area
Semi-Detached (Double) Dwelling	Two spaces for every dwelling unit
Dry Cleaning	One parking space per 30 m ² of net floor area
Educational	Schools - 2 spaces for every classroom; Further education - 1 space for every 5 persons using the facilities (students, faculty and staff)
Funeral Home	One parking space for every 5 m ² of gross floor area used by visitors

USE/DEVELOPMENT	MINIMUM OFF-STREET PARKING REQUIREMENT (m²=metres squared)
Furniture & Appliance Showroom	One parking space for every 50 m ² of gross floor area
General Industry	One parking space for every employee
General Service	One space for every 25 m ² of gross floor area
Hazardous Industry	One parking space for every employee
Health Club	One parking space for every 20 m ² of gross floor area
Hotel	One parking space for every 3 sleeping units plus one parking space for every 15 m ² of banquet seating area
Light Industry	As specified by Council but not less than one space per 50 m ² of gross floor area or 5 parking spaces, whichever is greater
Medical and Professional	One space for every 25 m ² of gross floor area
Medical Treatment and Special Care	Once space per 22 m ² of suite or ward area
Mobile & Mini Homes	Two spaces for every dwelling unit
Office	One space for every 30 m ² of gross floor area
Personal Service	One space for every 25 m ² of gross floor area
Public Gathering Place- Indoor	One space for every 6 seats; or one space for every 15 m ² of gross floor area
Regional Institutional Use	One parking space for every 10 spectators that may be accommodated at one time
Restaurant	One parking space for every 5 m ² of seating area
Restaurant – Drive Through	One parking space per 5 m ² of seating space
Restaurant -Take-out	One space for every 25 m ² of gross floor area
Retail	One space for every 20 m ² of gross floor area
Row Dwelling	Two spaces for every dwelling unit
Service Station	One space for every 20 m ² of gross floor area
Shopping Centre	One space for every 20 m ² of gross floor area
Single Detached Dwelling	Two spaces for every dwelling unit
Sport & Recreation facility	Three parking spaces for every 5 patrons of the facility at maximum capacity
Subsidiary Apartment	One parking space for every dwelling unit

USE/DEVELOPMENT	MINIMUM OFF-STREET PARKING REQUIREMENT (m ² =metres squared)
Veterinary	One space for every 25 m ² of gross floor area

7.2.4 Designated Mobility Impaired Parking Spaces

For any development where parking spaces for person with disabilities are required pursuant to the *Buildings Accessibilities Regulations* under the *Building Accessibility Act* (Newfoundland and Labrador), such spaces shall be provided on the basis of one parking space per lot or four percent (4%) of the total number of required parking spaced provided on the lot, whichever is greater, according to the regulations, and such parking space or spaces shall be designated and marked in accordance with the Designated Mobility Impaired Parking Regulations under the *Highway Traffic Act, 1990* (Newfoundland and Labrador) and the *Buildings Accessibilities Act, 1990*.

7.3. SIGNS (ADVERTISEMENTS)

7.3.1 Permit Required

No sign or advertisement shall be erected or displayed in the Municipal Planning Area unless a permit for the advertisement is first obtained from the Authority, except for those signs that are exempt from control as listed in the following provision.

7.3.1.1 Signs/Advertisements Exempt from Control

The following advertisements may be erected or displayed in the Municipal Planning area without application to the Authority:

- a. on a dwelling or within the courtyard of a dwelling, one nameplate not exceeding 0.2 square metres in area;
- b. on an agricultural holding or farm, a notice board not exceeding 1 square metres in area and relating to the operations being conducted on the land;
- c. on land used for forestry purposes, signs or notices not exceeding 1 square metres in area and relating to forestry operations or the location of logging operations conducted on the land;
- d. on land used for mining or quarrying operations, a notice board not exceeding 1 square metre in area relating to the operation conducted on the land;
- e. on a dwelling or within the curtilage of a dwelling, one nameplate not exceeding 0.2 square metres in area in connection with the practice of a professional person carried on in the premises;
- f. on any site occupied by a church, school, library, art gallery, museum, institution or cemetery, one notice board not exceeding 1 square metres in area;
- g. on the principal facade of any commercial, industrial or public building, the name of the building or the name of the occupants of the building, in letters not exceeding one-tenth of the height of that facade or 3 metres, whichever is the lesser;
- h. on any parking lot, directional signs and one sign not exceeding 1 square metres in size, identifying the parking lot.

7.3.1.2 Provincial Highway Sign Regulations, 1996 (under the *Urban and Rural Planning Act, 2000*)

A permit for erection or display of advertisement on Provincial Highways shall be obtained from the Government Service Centre. This requirement applies within a control line established on each side of every highway, as follows:

- a. Every control line shall be 400 metres distant, measured horizontally, from the centre line of the roadway or the centre line of the nearest lane of a divided highway.
- b. Notwithstanding subsection (1), within the boundaries of each incorporated municipality or the built-up established areas of unincorporated communities, the control line shall be 100 metres distant, measured horizontally, from the centre line of the roadway or the centre line of the nearest lane of a divided highway.

7.3.1.3 Application for Permit

Application for a permit to erect or display an advertisement shall be made to the authority in accordance with the requirements for a development permit as set out in the Administration Section.

7.3.1.4 Signs/Advertisements Prohibited in Street Reservation

No advertisement shall be permitted to be erected or displayed within, on or over any highway or street reservation.

7.3.1.5 Permit Valid for Limited Period

A permit granted under these Regulations for the erection or display of an advertisement shall be for a limited period, not exceeding two years, but may be renewed at the discretion of the Authority for similar periods.

7.3.1.6 Removal of Signs/Advertisements

Notwithstanding the provisions of these Regulations, the Authority may require the removal of any advertisement which, in its opinion, is:

- a. hazardous to road traffic by reason of its siting, colour, illumination, or structural condition, or;
- b. detrimental to the amenities of the surrounding area.

7.3.1.7 Approval Subject to Conditions

A permit may only be issued for the erection or display of advertisements which comply with the appropriate conditions and specifications set out in the Use Zone Tables in Schedule C of these Regulations.

7.3.1.8 Non-Conforming Uses

A permit may be used for the erection or display of signs or advertisements on a building or within the courtyard of a building or on a parcel of land, the use of which is a non-conforming use, provided that the advertisement does not exceed the size and type of advertisement which may be permitted if the

development was in a Use Zone appropriate to its use, and subject to any other conditions deemed appropriate by the Authority.

7.3.2 Sign Standards for Specific Zones

The following limitations on size and placement of signs apply to the following zones:

All residential zones;

7.3.2.1 Advertisements Relating to Onsite Uses

The conditions for the erection or display of an advertisement on any lot or site occupied by a permitted use or a legal non-conforming use shall be as follows:

- a. The size, shape, illumination and material construction of the advertisement shall meet the requirements of Council, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- b. No advertisement shall exceed 1.5 square metres in area.
- c. Free standing portable illuminated signs (“yellow” or “Light Up Portable Signs”) shall not be allowed in the residential area.

7.3.2.2 Advertisements Relating to Offsite Uses on Local Roads

The conditions for the erection or display of an advertisement on any site, relating to a use permitted in this or another zone, or not relating to a specific land use, shall be as follows:

- a. No advertisement shall exceed 1.5 square metres in area.
- b. When the advertisements relate to a specific land use, they shall be located within a reasonable distance of, and only show thereon the name and nature of the distance or direction to, the premises to which they relate.

8.0 SUBDIVISION OF LAND

8.1 SUBDIVISION STANDARDS

8.1.1 Subdivision Standards apply

The provisions in this chapter of the Development Regulations apply each of the following:

1. The subdivision of land under single ownership into five or more lots, including the residual lot;
2. Construction, upgrading, or extension of a public street; and,

8.1.2 Subdivisions standards do not apply

The requirements of this Chapter shall not apply to the following:

1. Where the parcel being created is to be used solely for the unattended equipment necessary for:
 - a. the operation of community water, storm or sanitary sewer systems;
 - b. public utilities, including electrical substations or generating stations;
 - c. air or marine navigational aids;
 - d. any other similar public service or utility (including wind turbine 'farms');
2. Public institutional uses, including cemeteries;
3. Resource uses set out in the Resource zone;
4. Conservation, open space, park uses;
5. Minor subdivisions of four (4) or fewer lots which do not require new public or private road construction or the installation of utility infrastructure or water and sewer services (other than private connections; these must comply with the development standards of the Use Zone.

8.1.3 Permit Required

1. No land in the Municipal Planning area shall be subdivided unless a permit for the development of the subdivision is first obtained from Council.
2. No provision in a will that purports to subdivide land is of any effect to subdivide that land contrary to these Regulations.

8.1.4 Public Notice

Council shall, at the applicant's expense, publish a notice in a newspaper circulating in the area of the application and consider any representations or submissions received in response to that advertisement.

8.1.5 Subdivision Subject to Zoning

The subdivision of land shall be permitted only in conformity with the Use Zones delineated on the Zoning Maps.

8.1.6 Subdivision Permit Subject to Considerations

1. A permit shall not be issued when, in the opinion of Council, the development of a subdivision does not contribute to the orderly growth of the Town or does not demonstrate sound design principles.
2. In considering an application, Council shall, without limiting the generality of the foregoing, consider:
 - a. the location of the land;
 - b. the availability of and the demand created for schools, services, and utilities;
 - c. the provisions of the Municipal Plan and Regulations affecting the site;
 - d. the land use, physical form, and character of adjacent developments;
 - e. the transportation network and traffic densities affecting the site;
 - f. the relationship of the project to existing or potential sources of nuisance;
 - g. soil and subsoil characteristics;
 - h. the topography of the site and its drainage;
 - i. natural features such as lakes, streams, topsoil, trees and shrubs and potential environmental effects with respect to watercourses, wetlands, steep slopes, drainage patterns, storm water generation and control, and loss or fragmentation of habitat,
 - j. prevailing winds;
 - k. visual quality;
 - l. community facilities;
 - m. municipal costs related to the provision and maintenance of roads, other infrastructure, and municipal services;
 - n. energy conservation; and,
 - o. such other matters as may affect the proposed development.

8.1.7 Restriction on Sale of Lots

The developer shall not develop or dispose of any lot within a subdivision for the purposes of development and no building permit shall be issued until Council is satisfied that:
the lot can be serviced with satisfactory water supply and sewage disposal systems,
satisfactory access to a street is provided for the lots, and
the lot meets the minimum development standards for the Use Zone in which the lot is located.

8.1.8 Building Permits Required

Notwithstanding the approval of a subdivision and a permit to subdivide land by Council, a separate building permit shall be obtained for each building proposed to be erected in the area of the subdivision, and no building permit for any building in the area shall be issued until the developer has complied with all the provisions of these Regulations with respect to the development of the subdivision.

8.2 SUBDIVISION PERMIT REQUIREMENTS

8.2.1 Subdivision Development Agreement

Where Council has determined that a subdivision development agreement is a condition of a permit for the subdivision development, the subdivision development agreement shall meet the conditions of Development Agreements as set out in the Administration chapter.

8.2.2 Municipal Services to be Provided

No permit shall be issued for the development of a subdivision unless provisions satisfactory to Council have been made in the application for a supply of drinking water, a properly designed sewage disposal system, and a properly designed storm drainage system so as not to affect adjoining and nearby properties.

8.2.3 Private Well water source: Groundwater Supply Assessment and Reporting

1. A groundwater assessment report shall be required to be completed and submitted by the subdivision applicant to the Water Resources Management Division (and copied to the Town) as part of the subdivision approval process where a minimum sized subdivision is to be serviced by individual wells. The Groundwater Assessment Report must be prepared in accordance with the Groundwater Supply Assessment and Reporting Guidelines for Subdivisions Serviced by Individual Private Wells. Requirements to complete a Groundwater Assessment Report shall be based upon the following criterion:
2. A groundwater assessment study shall not be required for subdivisions less than five (5) lots, each having a minimum 2,203m² (1/2 acre) size, unless the area has documented drinking water quality and/or quantity problems.
3. A proposed subdivision from five (5) to fifteen (15) lots shall require a Level I assessment, as defined in the Groundwater Supply Assessment and Reporting Guidelines.
4. A proposed subdivision greater than fifteen (15) lots shall require a Level II assessment, as defined in the Groundwater Supply Assessment and Reporting Guidelines.

Number of Lots	Groundwater Assessment Requirement		Number of Test Wells
	Level 1	Level 2	
1-4	No-but may be required if site has history of ground water quality and quantity issues	No	0
5-15	Yes	may be required if site has history of ground water quality and quantity issues	may be required if site has history of ground water quality and quantity issues
16-30	Yes	Yes	1
31-45	Yes	Yes	2
46-60	Yes	Yes	3
61-75	Yes	Yes	4
75-90	Yes	Yes	5
91-105	Yes	Yes	6

8.2.4 Fees, Service Levies and Development Charges

8.2.4.1 Subdivision Fees

The applicant shall pay a subdivision application fee as determined by Council at the time of submitting a Development Application to subdivide. The subdivision application fee may be calculated on a per-lot basis for every lot created by the subdivision of land. This fee may be calculated in addition to any other fee or charge required under the regulation addressing Development Charges.

8.2.4.2 Service Levies and Local Improvement Assessments

1. The applicant shall be required to pay all service levies and local improvement assessments identified by Council for connection to services, utilities, streets, and for the construction or improving of capital works funded by Council or under Council's direction which benefit and accommodate the development or subdivision. The service levies or local improvements assessments shall be paid in such amount and in such form as determined by Council as a condition of permit or as a condition of a Development Agreement to subdivide land and such payment shall be agreed upon prior to construction occurring on the land.
2. This section shall not affect any outstanding levies and/or assessments that were determined prior to the enactment of these Regulations.
3. The applicant shall pay the cost of all capital works necessary to serve the proposed development or subdivision.

8.2.4.3 Deposit of Securities

As a condition of a permit to develop a subdivision and as part of a Development Agreement to subdivide, the Town may require an applicant to deposit with the Town a security to cover the cost of all the subdivision improvements and completion thereof. These securities would be payable after approval by Council and before issuance of a construction permit under these Regulations.

8.2.4.4 Land for Public Open Space

1. Before a development commences, the developer shall, if required, dedicate to Council, at no cost to the Town, an area of land equivalent to not more than ten percent (10%) of the gross area of the residential subdivision for public recreational open spaces, subject to the following requirements:
 - a. where land is subdivided for any purpose other than residential use, Council shall determine the percentage of land to be dedicated;
 - b. if, in the opinion of Council, no public open space is required, the land may be used for such other public use as Council may determine;
 - c. the location and suitability of any land dedicated under the provisions of this Regulation shall be subject to the approval of Council but in any case, Council shall not accept land which, in its opinion, is incapable of development for any purpose;
 - d. Council may accept from the developer, in lieu of such area or areas of land, the payment of a sum of money equal to the value of the land which would otherwise be required to be dedicated; and,
 - e. this money received by the Authority (above), shall be reserved by the Town for the purpose of the acquisition or development of land for public open space or other public purpose.
2. Land dedicated for public use in accordance with this Regulation shall be conveyed to the Town and may be sold or leased by Council for the purposes of any development that conforms with the requirements of these Regulations, and the proceeds of any sale or other disposition of land shall be applied against the cost of acquisition or development of any other land for the purposes of public open space or other public purposes.
3. Council may require a strip of land to be reserved and remain undeveloped along the banks of any river, brook or pond, and this land may, at the discretion of Council, constitute the requirement of land for public use.

8.3 SUBDIVISION DESIGN STANDARDS

No permit shall be issued for the development of a subdivision under these Regulations unless the design of the subdivision conforms to the following standards.

1. The finished grade of streets shall not exceed ten percent (10%).
2. The plan shall indicate which streets are classified as arterial, collector or service (local) roads.
3. Every cul-de-sac shall be provided with a turning circle of a diameter of not less than 30 metres.
4. The maximum length of any cul-de-sac (or dead-end street) shall be:
 - a. 200 metres in areas served by, or planned to be served by, municipal piped water and sewer services;
 - b. 300 metres in areas not served by, or planned to be served by, municipal piped water and sewer services;

- c. all cul de sac water mains shall be connected to a water main on an adjoining street or shall be looped back to ensure continuous water flow and prevent stagnant water at the end of dead-end pipes.
- 5. Emergency vehicle access to a cul-de-sac shall be not less than 3 metres wide and shall connect the head of the cul-de-sac with an adjacent street.
- 6. No cul-de-sac shall be located so as to appear to terminate a collector street.
- 7. New subdivisions shall have street connections with an existing street or streets.
- 8. All street intersections shall be constructed within 5° of a right angle and this alignment shall be maintained for 30 metres from the intersection.
- 9. No street intersection shall be closer than 40 metres to any other street intersection.
- 10. No more than four streets shall join at any street intersection.
- 11. No residential street block shall be longer than 490 metres between street intersections.
- 12. Streets in residential subdivisions shall be designed in accordance with the approved standards of Council, but in the absence of such standards, shall conform to the following minimum standards:

Type of Street	Street Reservation (metres)	Carriageway or Pavement Width (metres)	Sidewalk Width (metres)	Sidewalk Number
Arterial Streets	30	15	1.5	Council Discretion
Collector Streets	20	15	1.5	2
Local Residential Streets				
where more than 50% of the units are single detached or semi-detached (double) dwellings	12	7	1.5	1
where 50% or more of the units are row houses or apartments	15	9	1.5	Council Discretion
Service Streets	12	7	1.5	Council Discretion

- 13. No lot intended for residential purposes shall have a depth exceeding four times the frontage.
- 14. Residential lots shall not be permitted which abut a local street at both front and rear lot lines.
- 15. Council may require any existing natural, historical or architectural feature or part thereof to be retained when a subdivision is developed.
- 16. Land shall not be subdivided in such a manner as to prejudice the development of adjoining land.
- 17. Front Yard/Building Lines: Council may establish front yard/building lines for any subdivision street and require any new building to be located on such building lines.

8.4 SUBDIVISION ENGINEERING STANDARDS

No permit shall be issued for the development of a subdivision under these Regulations unless the design of the subdivision conforms to the requirements established by Council and the "Municipal Engineering Subdivision Standards" as approved by Council.

8.4.1 Engineer to Design Works and Certify Construction Layout

Plans and specifications for all water mains, hydrants, sanitary sewers, storm sewers, and all appurtenances thereto and all streets, paving, curbs, gutters and catch basins, and all other utilities deemed necessary by Council to service the area proposed to be developed or subdivided shall be designed and prepared by or approved by the Town's Engineer. Such designs and specifications shall, upon approval by Council, be incorporated in the plan of subdivision.

Upon approval by Council of the proposed subdivision, the Manager of Engineering Services shall certify all work of construction layout preliminary to the construction of the works and thereupon the developer shall proceed to the construction and installation, at the developer's own cost and in accordance with the approved designs and specifications and the construction layout certified by the Town's Engineer, of all such water mains, hydrants, sanitary sewers, and all appurtenances and of all such streets and other works deemed necessary by Council to service the said area.

8.4.2 Developer to Pay Engineer's Fees and Charges

The developer shall pay to Council all the Engineer's fees and charges for the preparation of designs and specifications and for the layout and supervision of construction; such fees and charges being percentages of the total cost of materials and labour for the construction and installation of all works calculated in accordance with the Schedule of Fees recommended by the Association of Professional Engineers & Geoscientists of Newfoundland & Labrador and in effect at the time the work is carried out.

8.4.3 Street Works May Be Deferred

The construction and installation of all curbs and gutters, catch basins, sidewalks, and paving specified by Council as being necessary, may, at Council's discretion, be deferred until a later stage of the work on the development of the subdivision but the developer shall deposit with Council, before approval of the application, an amount estimated by the Town's Engineer to be reasonably sufficient to cover the cost of construction and installation of the works. In the later stage of the development, Council shall call for tenders for the construction and installation of the works, and the amount so deposited by the developer shall be applied towards payment of the contract cost. If the contract cost exceeds the deposit, the developer shall pay to the Town the amount of the excess. If the contract price is less than the deposit, the Town shall refund the amount by which the deposit exceeds the contract price. Any amount so deposited with the Town by the developer shall be placed in a separate savings account in a bank and all interest earned thereon shall be credited to the developer.

8.4.4 Construction of Utilities

Within any street reservation, the placing of any utility structure or service such as a hydro pole, telephone pole, underground hydro service boxes, internet or cable services, Canada Post group mail boxes, fire hydrant, fire alarm or sign post, shall receive the prior approval of the Authority with regard to the proposed location of utilities, safe construction, required easements and the relationship to other structures within the street reservation and to adjoining buildings.

8.4.5 Structures in Street Reservation

No structures shall be placed within any street reservation of any structure (e.g., a utility pole, bus shelter, fire hydrant, mail box, fire alarm, school bus shelter, sign post) without prior approval of Council which shall take into consideration safety considerations, such as, sight lines, obstructions, safe construction, and the relationship of the structure to the adjoining buildings and other structures within the street reservation, and relationship to the movement of vehicles and pedestrians.

8.4.6 Transfer of Streets and Utilities to Council

The developer shall, following the approval of the subdivision of land and upon request of Council, transfer to the Town, at no cost to the Town, and clear of all liens and encumbrances:

- a. all lands in the area proposed to be developed or subdivided which are approved and designated by Council for public uses as streets, or other rights-of-way, or for other public use; and
- b. all services or public works including streets, water supply and distribution, and sanitary and storm drainage systems installed in the subdivision that are normally owned and operated by Council.

Before Council shall accept the transfer of lands, services, or public works of any subdivision, the Manager of Engineering Services shall, at the cost to the developer, test the streets, services and public works installed in the subdivision and certify satisfaction with their installation.

Council shall not provide maintenance for any street, service, or public work in any subdivision until such time as such street, service, or public work has been transferred to and accepted by Council.

8.4.7 Mini/mobile home park subdivision

1. The minimum size of parcel for a Mini/mobile home subdivision/park is 2 hectares.
2. Where municipal services are not provided, the maintenance of the services is the shared responsibility of the members of the park.
3. A development application for a mini/mobile home subdivision/park shall provide the same information as a set out this Part for major subdivisions.

APPENDICES

APPENDIX 1:

INTERPRETATION OF TECHNICAL TERMS USED IN THE DEVELOPMENT REGULATIONS

Introduction

This section contains definitions of the technical terms used in the Municipal Plan and Development Regulations in order to ensure that they are correctly interpreted.

Terms and words in this regulation which are defined in the *Urban and Rural Planning Act, 2000* and *Development Regulations, 2000*, have the meaning expressed in that Act and cannot be amended by the Council; these are identified by a logo, as noted below:

= Definitions from the *Urban and Rural Planning Act, 2000* (the Act); these cannot be amended by Council; and,

= Definitions from the *Minister's Development Regulations* under the *Urban and Rural Planning Act, 2000*; these cannot be amended by Council.

Words and phrases used in these Regulations shall otherwise have the meanings as set out in the following definitions; these can be amended by the Council; these can be identified by the absence of a logo. Any other terms and words have the meaning as generally understood in the English language. Additional definitions have been provided for interpretive guidance and.

Definitions

ACCESS  means a way used or intended to be used by vehicles, pedestrians or animals in order to go from a street to adjacent or nearby land or to go from that land to the street;

ACT  unless the context indicate otherwise, means the *Urban and Rural Planning Act, 2000*;

ADJACENT LAND means land that is contiguous to, physically touching or shares a boundary with, the parcel of land that is the subject of an application and includes land that would be contiguous if not for a highway, road, river or stream.

ACCESSORY BUILDING  includes

(i) a detached subordinate building not used as a dwelling, located on the same lot as the main building to which it is an accessory and which has a use that is customarily incidental or complementary to the main use of the building or land,

(ii) for residential uses, domestic garages, carports, ramps, sheds, swimming pools, greenhouses, cold frames, fuel sheds, vegetables storage cellars, shelters for domestic pets or radio and television antennae,

(iii) for commercial uses, workshops or garages, and

(iv) for industrial uses, garages, offices, raised ramps and docks;

ACCESSORY USE  means a use that is subsidiary to a permitted or discretionary use and that is customarily expected to occur with the permitted or discretionary use;

ADJACENT LAND means land that is contiguous to, physically touching or shares a boundary with, the parcel of land that is the subject of an application and includes land that would be contiguous if not for a highway, road, river or stream.

APPEAL BOARD means the appropriate Appeal Board established under the Act.

APPLICANT  means a person who has applied to an authority for an approval or permit to carry out a development;

AUTHORITY  means a council, authorized administrator or regional authority;

AUTHORIZED ADMINISTRATOR  means an authorized administrator appointed under subsection 31(4);

BOARD  except in Part IX, means an appeal board established under section 40;

BUILDING  means

(i) a structure, erection, alteration or improvement placed on, over or under land or attached, anchored or moored to land,

(ii) mobile structures, vehicles and marine vessels industrial and other similar uses,

(iii) a part of and fixtures on buildings referred to in subparagraphs (i) and (ii), and

(iv) an excavation of land whether or not that excavation is associated with the intended or actual construction of a building or thing referred to in subparagraphs (i) to (iii);

BUILDING HEIGHT  means the vertical distance, measured in metres from the established grade to the

- (i) highest point of the roof surface of a flat roof,
- (ii) deck line of a mansard roof, and
- (iii) mean height level between the eave and the ridge of a gable, hip or gambrel roof, and in any case, a building height shall not include mechanical structure, smokestacks, steeples and purely ornamental structures above a roof;

BUILDING LINE  means a line established by an authority that runs parallel to a street line and is set at the closest point to a street that a building may be placed;

BUILDING CONTROL LINE  means a conceptual line paralleling the centre line of a Protected Road at a distance perpendicular to the road in order to delineate the area for the application of these regulations; a Protected Road is a road designated under the *Protected Road Zoning Regulations, 1996* under the *Urban and Rural Planning Act, 2000*;

BOARD  except in Part IX, means an appeal board established under section 40;

COUNCIL  means a council as defined in the *City of Corner Brook Act*, *City of Mount Pearl Act*, *Municipalities Act, 1999* and the City council as defined in the *City of St. John's Act*;

COURT  unless the context indicates otherwise, means the Trial Division;

DECK means a raised structure that has a walking surface within one storey of the established grade at the ground level of that face of the building, which may or may not be attached to a main building, which does not have a permanent roof.

DEPARTMENT  means the department presided over by the minister responsible for the *Urban and Rural Planning Act, 2000*);

DEVELOPMENT  means the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of a material change in the use, or the intensity of use of land, buildings or premises and the:

- (i) making of an access onto a highway, road or way,
- (ii) erection of an advertisement or sign,
- (iii) construction of a building,
- (iv) parking of a trailer, or vehicle used for the sale of refreshments or merchandise, or as an office, or for living accommodation, and excludes the
- (v) carrying out of works for the maintenance, improvement or other alteration of a building, being works which affect only the interior of the building or which do not materially affect the external appearance or use of the building,
- (vi) carrying out by a highway authority of works required for the maintenance or improvement of a road, being works carried out on land within the boundaries of the road reservation,

(vii) carrying out by a local authority or statutory undertakers of works for the purpose of inspecting, repairing or renewing sewers, mains, pipes, cables or other apparatus, including the breaking open of street or other land for that purpose, and

(viii) use of a building or land within the courtyard of a dwelling house for a purpose incidental to the enjoyment of the dwelling house as a dwelling;

DEVELOPMENT REGULATIONS  means these regulations and regulations and by-laws respecting development that have been enacted by the relevant authority; and development regulations  means regulations made under sections 34 to 38;

DISCRETIONARY USE  means a use that is listed within the discretionary use classes established in the use zone tables of an authority's development regulations;

DWELLING UNIT: means a self-contained unit consisting of one or more habitable rooms used or designed as an independent and separate housekeeping establishment or living quarters for one household, including kitchen and sitting, sleeping and sanitary facilities, and does not include a coach or rail car, mobile home, or any vehicle. A dwelling unit is a permanent place of residence for a household and not intended as temporary accommodation for the transient (Amendment No. 8, 2013).

ESTABLISHED GRADE  means,

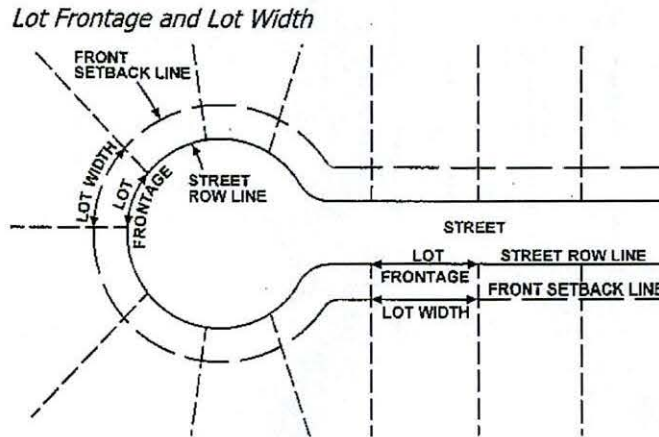

(i) where used in reference to a building, the average elevation of the finished surface of the ground where it meets the exterior or the front of that building exclusive of any artificial embankment or entrenchment, or

(ii) where used in reference to a structure that is not a building, the average elevation of the finished grade of the ground immediately surrounding the structure, exclusive of any artificial embankment or entrenchment;

FLOOR AREA  means the total area of all floors in a building measured to the outside face of exterior walls;

FRONTAGE  means the horizontal distance between side lot lines measured at the building line;

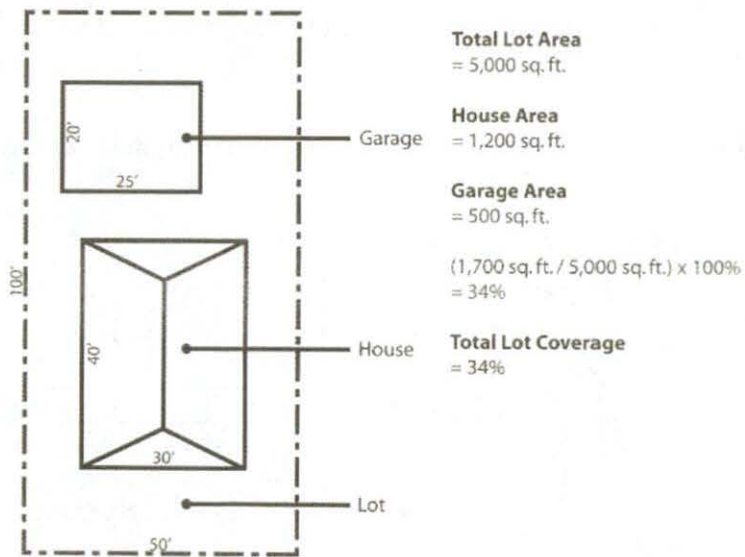

LAND  includes land covered by water and buildings and structures on, over, under the soil and fixtures that form part of those buildings and structures;

LOT  means a plot, tract or parcel of land which can be considered as a unit of land for a particular use or building;

LOT AREA  means the total horizontal area within the lines of the lot;

LOT COVERAGE  means the combined area of all buildings on a lot measured at the level of the lowest floor above the established grade and expressed as a percentage of the total area of the lot;

MINISTER  means the minister appointed under the *Executive Council Act* to administer this Act;

MUNICIPALITY  includes a Town incorporated under the *City of Corner Brook Act*, *City of Mount Pearl Act* and the *City of St. John's Act* and a municipality as defined in the *Municipalities Act, 1999*;

NON-CONFORMING USE  means a legally existing use that is not listed as a permitted or discretionary use for the use zone in which it is located or which does not meet the development standards for that use zone;

NUISANCE means anything that is obnoxious, offensive or interferes with the use or enjoyment of property, endangers personal health or safety, or is offensive to the senses. This may include that which creates or is liable to create a nuisance through emission of noise, smoke, dust, odour, heat, light, fumes, fire or explosive hazard; results in the unsightly or unsafe storage of goods, salvage, junk, waste or other materials; poses a hazard to health and safety; or adversely affects the amenities of the neighbourhood or interferes with the rights of neighbours to the normal use and enjoyment of any land or building;

OWNER  means a person or an organization of persons owning or having the legal right to use the land under consideration;

PERMITTED USE  means a use that is listed within the permitted use classes set out in the use zone tables of an authority's development regulations;

PLAN,  unless the context indicates otherwise, means a regional plan and a municipal plan established under section 8 or 10; (regional plan or municipal plan);

PLANNING AREA , unless the context indicates otherwise, means a regional planning area and a municipal planning area established under sections 6 and 11;

PROHIBITED USE  means a use that is not listed in a use zone within the permitted use classes or discretionary use classes or a use that an authority specifies as not permitted within a use zone;

RECREATION VEHICLE OR RECREATIONAL TRAILER means a vehicle or portable structure designed to provide temporary living accommodation which is either self-propelled or mounted on, or pulled by another vehicle, and includes a travel/holiday trailer, camper trailer, truck camper, motorhome, fifth wheel trailer, tent trailer, travel trailer, camper van or recreational trailer or other similar vehicle, but not a mobile home or mini-home. A converted bus is not a recreation vehicle;

REGION  means a region as defined in the *Municipalities Act, 1999*;

REGIONAL AUTHORITY  means a regional authority established under section 7 of the Act; scheme means a scheme established under section 29 of the Act;

SCHEME  means a scheme established under section 29;

SIGN  means a word, letter, model, placard, board, device or representation, whether illuminated or not, in the nature of or employed wholly or in part for the purpose of advertisement, announcement or direction and excludes those things employed wholly as a memorial, advertisements of local government, utilities and boarding or similar structures used for the display of advertisements;

STREET  means a street, road, highway or other way designed for the passage of vehicles and pedestrians and which is accessible by fire department and other emergency vehicles;

STREET LINE  means the edge of a street reservation as defined by the authority having jurisdiction;

SUBDIVISION  means the dividing of land, whether in single or joint ownership into 2 or more pieces for the purpose of development;

TOWN  means a town as defined in the *Municipalities Act, 1999*;

USE  means a building or activity situated on a lot or a development permitted on a lot;

USE ZONE OR ZONE  means an area of land including buildings and water designated on the zoning map to which the uses, standards and conditions of a particular use zone table apply;

VARIANCE  means a departure, to a maximum of 10% from the yard, area, lot coverage, setback, size, height, frontage or any other numeric requirement of the applicable Use Zone Table of the authority's regulations;

YARDS – (sometimes called lot lines) refer to the diagram below for an illustration of the following definitions:

FRONT YARD DEPTH otherwise called the building line or front yard setback, means setback from the property line on the street that the building is fronting on, shown as the front yard setback in the drawing below; note that the yard setbacks from the boundaries of the property;

REAR YARD DEPTH  means the distance between the rear lot line and the rear wall of the main building on a lot;

SIDE YARD DEPTH  means the distance between the side lot line and the nearest side wall of a building on the lot;

ZONING MAP  means the map or maps attached to and forming a part of the authority's regulations.

APPENDIX 2: MINISTER’S DEVELOPMENT REGULATIONS
UNDER THE URBAN AND RURAL PLANNING ACT, 2000

- [17. Discontinuance of non-conforming use](#)
- [18. Delegation of powers](#)
- [19. Commencement](#)

Short title

1. These regulations may be cited as the *Development Regulations*.

[Back to Top](#)

Definitions

2. In these regulations,
 - (a) "Act", unless the context indicate otherwise, means the *Urban and Rural Planning Act, 2000*;
 - (b) "applicant" means a person who has applied to an authority for an approval or permit to carry out a development;
 - (c) "authority" means a council, authorized administrator or regional authority; and
 - (d) "development regulations" means these regulations and regulations and by-laws respecting development that have been enacted by the relevant authority.

[Back to Top](#)

Application

3. (1) These regulations shall be included in the development regulations of an authority and shall apply to all planning areas.

(2) Where there is a conflict between these regulations and development regulations or other regulations of an authority, these regulations shall apply.

(3) Where another Act of the province provides a right of appeal to the board, these regulations shall apply to that appeal.

[Back to Top](#)

Interpretation

4. (1) In development regulations and other regulations made with respect to a planning area the following terms shall have the meanings indicated in this section

- (a) "access" means a way used or intended to be used by vehicles, pedestrians or animals in order to go from a street to adjacent or nearby land or to go from that land to the street;
- (b) "accessory building" includes
 - (i) a detached subordinate building not used as a dwelling, located on the same lot as the main building to which it is an accessory and which has a use that is customarily incidental or complementary to the main use of the building or land,
 - (ii) for residential uses, domestic garages, carports, ramps, sheds, swimming pools, greenhouses, cold frames, fuel sheds, vegetables storage cellars, shelters for domestic pets or radio and television antennae,
 - (iii) for commercial uses, workshops or garages, and
 - (iv) for industrial uses, garages, offices, raised ramps and docks;
- (c) "accessory use" means a use that is subsidiary to a permitted or discretionary use and that is customarily expected to occur with the permitted or discretionary use;
- (d) "building height" means the vertical distance, measured in metres from the established grade to the
 - (i) highest point of the roof surface of a flat roof,
 - (ii) deck line of a mansard roof, and
 - (iii) mean height level between the eave and the ridge of a gable, hip or gambrel roof,and in any case, a building height shall not include mechanical structure, smokestacks, steeples and purely ornamental structures above a roof;
- (e) "building line" means a line established by an authority that runs parallel to a street line and is set at the closest point to a street that a building may be placed;

- (f) "discretionary use" means a use that is listed within the discretionary use classes established in the use zone tables of an authority's development regulations;
- (g) "established grade" means,
 - (i) where used in reference to a building, the average elevation of the finished surface of the ground where it meets the exterior or the front of that building exclusive of any artificial embankment or entrenchment, or
 - (ii) where used in reference to a structure that is not a building, the average elevation of the finished grade of the ground immediately surrounding the structure, exclusive of any artificial embankment or entrenchment;
- (h) "floor area" means the total area of all floors in a building measured to the outside face of exterior walls;
- (i) "frontage" means the horizontal distance between side lot lines measured at the building line;
- (j) "lot" means a plot, tract or parcel of land which can be considered as a unit of land for a particular use or building;
- (k) "lot area" means the total horizontal area within the lines of the lot;
- (l) "lot coverage" means the combined area of all building on a lot measured at the level of the lowest floor above the established grade and expressed as a percentage of the total area of the lot;
- (m) "non-conforming use" means a legally existing use that is not listed as a permitted or discretionary use for the use zone in which it is located or which does not meet the development standards for that use zone;
- (n) "owner" means a person or an organization of persons owning or having the legal right to use the land under consideration;
- (o) "permitted use" means a use that is listed within the permitted use classes set out in the use zone tables of an authority's development regulations;
- (p) "prohibited use" means a use that is not listed in a use zone within the permitted use classes or discretionary use classes or a use that an authority specifies as not permitted within a use zone;
- (q) "sign" means a word, letter, model, placard, board, device or representation, whether illuminated or not, in the nature of or employed wholly or in part for the purpose of advertisement, announcement or direction and excludes those things employed wholly as a memorial, advertisements of local government, utilities and boarding or similar structures used for the display of advertisements;
- (r) "rear yard depth" means the distance between the rear lot line and the rear wall of the main building on a lot;

- (s) "side yard depth" means the distance between the side lot line and the nearest side wall of a building on the lot;
- (t) "street" means a street, road, highway or other way designed for the passage of vehicles and pedestrians and which is accessible by fire department and other emergency vehicles;
- (u) "street line" means the edge of a street reservation as defined by the authority having jurisdiction;
- (v) "use" means a building or activity situated on a lot or a development permitted on a lot;
- (w) "use zone" or "zone" means an area of land including buildings and water designated on the zoning map to which the uses, standards and conditions of a particular use zone table apply;
- (x) "variance" means a departure, to a maximum of 10% from the yard, area, lot coverage, setback, size, height, frontage or any other numeric requirement of the applicable Use Zone Table of the authority's regulations; and
- (y) "zoning map" means the map or maps attached to and forming a part of the authority's regulations.

(2) An authority may, in its discretion, determine the uses that may or may not be developed in a use zone and those uses shall be listed in the authority's regulations as discretionary, permitted or prohibited uses for that area.

[Back to Top](#)

Notice of right to appeal

5. Where an authority makes a decision that may be appealed under section 42 of the Act, that authority shall, in writing, at the time of making that decision, notify the person to whom the decision applies of the

- (a) persons right to appeal the decision to the board;
- (b) time by which an appeal is to be made;
- (c) right of other interested persons to appeal the decision; and
- (d) manner of making an appeal and the address for the filing of the appeal.

[Back to Top](#)

Appeal requirements

6. (1) The secretary of the board at the Department of Municipal and Provincial Affairs, Main Floor, Confederation Building (West Block), P.O. Box 8700, St. Johns, Nfld., A1B 4J6 is the secretary to all boards in the province and an appeal filed with that secretary within the time period

referred to in subsection 42(4) of the Act shall be considered to have been filed with the appropriate board.

(2) Notwithstanding subsection (1), where the Town of Corner Brook, Town of Mount Pearl or Town of St. Johns appoints an appeal board under subsection 40(2) of the Act, an appeal shall be filed with the secretary of that appointed board.

(3) The fee required under section 44 of the Act shall be paid to the board that hears the decision being appealed by filing it with the secretary referred to in subsection (1) or (2) within the 14 days referred to in subsection 42(4) of the Act.

(4) The board that hears the decision being appealed shall, subject to subsection 44(3) of the Act, retain the fee paid to the board.

(5) Where an appeal of a decision and the required fee is not received by a board in accordance with this section and Part VI of the Act, the right to appeal that decision shall be considered to have been forfeited.

[Back to Top](#)

Appeal registration

7. (1) Upon receipt of an appeal and fee as required under the Act and these regulations, the secretary of the board as referred to in subsections 6(1) and (2), shall immediately register the appeal.

(2) Where an appeal has been registered the secretary of the board shall notify the appropriate authority of the appeal and shall provide to the authority a copy of the appeal and the documentation related to the appeal.

(3) Where an authority has been notified of an appeal that authority shall forward to the appropriate board a copy of the application being appealed, all correspondence, council minutes, plans and other relevant information relating to the appeal including the names and addresses of the applicant and other interested persons of whom the authority has knowledge.

(4) Upon receipt of the information under subsection (3), the secretary of the board shall publish in a newspaper circulated in the area of the appropriate authority, a notice that the appeal has been registered.

(5) A notice published under subsection (4) shall be published not fewer than 2 weeks before the date upon which the appeal is to be heard by the board.

[Back to Top](#)

Development prohibited

8. (1) Immediately upon notice of the registration of an appeal the appropriate authority shall ensure that any development upon the property that is the subject of the appeal ceases.

(2) Sections 102 and 104 of the Act apply to an authority acting under subsection (1).

(3) Upon receipt of a notification of the registration of an appeal with respect to an order under section 102 of the Act, an authority shall not carry out work related to the matter being appealed.

[Back to Top](#)

Hearing notice and meetings

9. (1) A board shall notify the appellant, applicant, authority and other persons affected by the subject of an appeal of the date, time and place for the appeal not fewer than 7 days before the date scheduled for the hearing of the appeal.

(2) A board may meet as often as is necessary to conduct its work in an expeditious manner.

[Back to Top](#)

Hearing of evidence

10. (1) A board shall meet at a place within the area under its jurisdiction and the appellant and other persons notified under subsection 9(1) or their representative may appear before the board and make representations with respect to the matter being appealed.

(2) A board shall hear an appeal in accordance with section 43 of the Act and these regulations.

(3) A written report submitted under subsection 43(2) of the Act respecting a visit to and viewing of a property shall be considered to have been provided in the same manner as evidence directly provided at the hearing of the board.

(4) In the conduct of an appeal hearing, the board is not bound by the rules of evidence.

[Back to Top](#)

Board decision

11. A decision of the board must comply with the plan, scheme or development regulations that apply to the matter that has been appealed to that board.

[Back to Top](#)

Variations

12. (1) Where an approval or permit cannot be given by an authority because a proposed development does not comply with development standards set out in development regulations, an authority may, in its discretion, vary the applicable development standards to a maximum of 10% if, in the authority's opinion, compliance with the development standards would prejudice the proper development of the land, building or structure in question or would be contrary to public interest.

(2) An authority shall not allow a variance from development standards set out in development regulations if that variance, when considered together with other variances made or to be made with respect to the same land, building or structure, would have a cumulative effect that is greater than a 10% variance even though the individual variances are separately no more than 10%.

(3) An authority shall not permit a variance from development standards where the proposed development would increase the non-conformity of an existing development.

[Back to Top](#)

Notice of variance

13. Where an authority is to consider a proposed variance, that authority shall give written notice of the proposed variance from development standards to all persons whose land is in the immediate vicinity of the land that is the subject of the variance.

[Back to Top](#)

Residential non-conformity

14. A residential building or structure referred to in paragraph 108(3)(g) of the Act must, where being repaired or rebuilt, be repaired or rebuilt in accordance with the plan and development regulations applicable to that building or structure.

[Back to Top](#)

Notice and hearings on change of use

15. Where considering a non-conforming building, structure or development under paragraph 108(3)(d) of the Act and before making a decision to vary an existing use of that non-conforming building, structure or development, an authority, at the applicants expense, shall publish a notice in a newspaper circulating in the area or by other means give public notice of an application to vary the existing use of a non-conforming building, structure or development and shall consider any representations or submissions received in response to that advertisement.

[Back to Top](#)

Non-conformance with standards

16. Where a building, structure or development does not meet the development standards included in development regulations, the building, structure or development shall not be expanded if the expansion would increase the non-conformity and an expansion must comply with the development standards applicable to that building, structure or development.

[Back to Top](#)

Discontinuance of non-conforming use

17. An authority may make development regulations providing for a greater period of time than is provided under subsection 108(2) of the Act with respect to the time by which a discontinued non-conforming use may resume operation.

[Back to Top](#)

Delegation of powers

18. An authority shall, where designating employees to whom a power is to be delegated under subsection 109(3) of the Act, make that designation in writing.

[Back to Top](#)

Commencement

19. These regulations shall be considered to have come into force on January 1, 2001.
