

### GANDER RIVER PROTECTED AREA PLAN

#### MAP 6 FUTURE LAND USE

-  Productive Forest
-  Property Boundary
-  Planning Area
-  Recreation Areas
-  Salmon Pool Buffer
-  Salmon Pool
-  High Mineral Occurrence Potential
-  High Potential for Agriculture

A 30 m buffer exists along the banks of the Gander River within the planning area.  
Approximate scale of this map is 1:50,000.  
Positions of features are approximate, particularly property boundaries.

This map was created January 2002 and was derived from a 1:20,000 scale map originally created for the Gander River Protected Area Plan by the Department of Municipal and Provincial Affairs.
