THE URBAN AND RURAL PLANNING ACT
TOWN OF SUMMERFORD
LAND USE ZONING, SUBDIVISION AND ADVERTISEMENT REGULATIONS
(DEVELOPMENT REGULATIONS)

Published by Authority

The Council of the Town of Summerford hereby adopts the following Land Use Zoning, Subdivision and Advertisement Regulations as required by Section 37 of The Urban and Rural Planning Act.

Made and adopted by the Council of the Town of Summerford, on the 16th day of APRIL, 1997.

Clerk

Mayor

Approved by me at St. John's this 8th day of JANUARY, 1997⁸

ARTHUR D. REID, M.H.A.
Carbonear - Harbour Grace District
Minister of Municipal and Provincial Affairs

All persons are hereby requested to take notice that anyone who wishes to view these Regulations may do so at the Office of the Town Clerk of the Town Council of Summerford.

Town of Summerford Municipal Plan

**LAND USE, ZONING, SUBDIVISION AND ADVERTISEMENT REGULATIONS
(DEVELOPMENT REGULATIONS)**

APPLICATION

1. Short Title

These Regulations may be cited as the Summerford Development Regulations.

2. Interpretation

- (1) Words and phrases used in these Regulations shall have the meanings ascribed to them in Schedule A.
- (2) Words and phrases not defined in Schedule A shall have the meanings which are commonly assigned to them in the context in which they are used in the Regulations.

3. Commencement

These Regulations come into effect throughout the Summerford Municipal Planning Area, hereinafter referred to as the Planning Area, on the date of publication of a notice to that effect in the Newfoundland Gazette.

4. Municipal Code and Regulations

The Building Code including the Plumbing Code, the Fire Code, the Electrical Code, and any other ancillary code and any Building Regulations, Waste Disposal Regulation and/or any other municipal regulations regulating or controlling the development, conservation and use of land in force in the Town of Summerford, shall, under these Regulations apply to the entire Planning Area.

5. Authority

In these Regulations, "Authority" means the Council of the Town of Summerford.

PART I - GENERAL REGULATIONS

6. Compliance With Regulations

No development shall be carried out within the Planning Area except in accordance with these Regulations.

7. Permit Required

No person shall carry out any development within the Planning Area except where otherwise provided in these Regulations unless a permit for the development has been issued by the Authority.

8. Permit to be Issued

Subject to Regulations 9 and 10, a permit shall be issued for development within the Planning Area that conforms to:

- (a) the general development standards set out in Part II of these Regulations, the requirements of Part V of these Regulations, and the use classes, standards, requirements, and conditions prescribed in Schedule C of these Regulations for the use zone in which the proposed development is located;
- (b) the standards set out in the Building Code and/or other ancillary codes, and any Building Regulations, Waste Disposal Regulations, and/or any other municipal regulation in force in the Planning Area regulating or controlling development, conservation and use of land and buildings;
- (c) the standards set out in Part III of these Regulations in the case of advertisement;
- (d) the standards set out in Part IV of these Regulations in the case of subdivision;
- (e) the standards of design and appearance established by the Authority.

9. Permit Not to be Issued in Certain Cases

Neither a permit nor outline planning permission shall be issued for development within the Planning Area when, in the opinion of the Authority, it is premature by reason of the site lacking adequate road access, power, drainage, sanitary facilities, or domestic water supply, or being beyond the natural development of the area at the time of application unless the applicant contracts to pay the full cost of construction of the services deemed

necessary by the Authority and such cost shall attach to and upon the property in respect of which it is imposed.

10. Discretionary Powers of Authority

In considering an application for a permit or for outline planning permission to carry out development, the Authority shall take into account the policies expressed in the Municipal Plan and any further scheme, plan or regulations pursuant thereto, and shall assess the general appearance of the development of the area, the amenity of the surroundings, availability of utilities, public safety and convenience, and any other considerations which are, in its opinion, material, and notwithstanding the conformity of the application with the requirements of these Regulations, the Authority may, in its discretion, and as a result of its consideration of the matters set out in this Regulation, conditionally approve or refuse the application.

11. Variances by Authority

- (1) Where a permit cannot be granted because the proposed development does not comply with these Regulations, the Authority may in its discretion vary the requirements to literal conformity with the Regulations if, in the Authority's opinion, the requirements would prejudice the proper development of the land, building or structure in question, or be contrary to the public interest.
- (2) Variance from these Regulations pursuant to Regulation 11(1) shall only be authorized in the following circumstances:
 - (a) if, in the opinion of the Authority, such variance is not contrary to the general intent and purpose of these Regulations, the Municipal Plan, or any further scheme, plan or regulation pursuant thereto, and the public interest;
 - (b) if, prior to authorization of such variance, the Authority has considered its effect on adjoining properties;
 - (c) if the variance does not change the permitted use of the property;

- (d) if the Authority is satisfied that the variance has not become necessary due to the intentional or negligent conduct of the owner or some other party acting with the owner's knowledge or consent;
 - (e) if, prior to authorization of such variance, the Authority has given notice of the application in accordance with Regulation 22 and has considered any objections or representations which may have been received on the matter.
- (3) Variance from these Regulations pursuant to Regulation 11(1) shall not be authorized if such variance, when considered together with other variances made or to be made in respect of the same land, building or structure, would have a cumulative effect contrary to the general intent of these Regulations, the Municipal Plan, or any further scheme, plan or regulation pursuant thereto, even though the variances individually would not have such effect.

12. Service Levy

- (1) The Authority may require a developer to pay a service levy where development is made possible or where the density of potential development is increased, or where the value of property is enhanced by the carrying out of public works either on or off the site of the development.
- (2) A service levy shall not exceed the cost, or estimated cost, including finance charges to the Authority of constructing or improving the public works referred to in Regulation 12(1) that are necessary for the real property to be developed in accordance with the standards required by the Authority and for uses that are permitted on that real property.
- (3) A service levy shall be assessed on the real property based on:
 - (a) the amount of real property benefitted by the public works related to all the real property so benefitted; and,
 - (b) the density of development made capable or increased by the public work.

- (4) The Authority may require a service levy to be paid by the owner of the real property;
 - (a) at the time the levy is imposed;
 - (b) at the time development of the real property commences;
 - (c) at the time development of the real property is completed; or,
 - (d) at such other time as the Authority may decide.

13. Financial Guarantees by Developer

- (1) The Authority may require a developer before commencing a development to make such financial provisions and/or enter into such agreements as may be required to guarantee the payment of service levies, ensure site reinstatement, and to enforce the carrying out of any other condition attached to a permit or licence.
- (2) The financial provisions pursuant to Regulation 13(1) may be made in the form of:
 - (a) a cash deposit from the developer, to be held by the Authority, or;
 - (b) a guarantee by a bank, or other institution acceptable to the Minister, for expenditures by the developer, or;
 - (c) a performance bond provided by an insurance company or a bank, or;
 - (d) an annual contribution to a sinking fund held by the Authority.

14. Dedication of Land for Public Use

In addition to the requirements for dedication of land under Regulation 74, the Authority may require the dedication of a percentage of the land area of any subdivision or other development for public use, and such land shall be conveyed to the Authority in accordance with the provisions of the Act.

15. Reinstatement of Land

Where the use of land is discontinued or the intensity of its use is decreased, the Authority may order the developer, the occupier of the site, or the owner or all of them to reinstate the site, to remove all or any buildings or erections,

to cover or fill all wells or excavations, and to close all or any accesses, or to do any of these things or all of them, as the case may be, and the developer, occupier or owner shall carry out the order of the Authority and shall put the site in a clean and sanitary condition to the satisfaction of the Authority.

16. Form of Application

- (1) An application for a development permit or for outline planning permission shall be made only by the owner or by a person authorized by the owner to the Authority on such form as may be prescribed by the Authority, and every application shall include such plans, specifications and drawings as the Authority may require, and be accompanied by the permit fee required by the Authority.
- (2) The Authority shall, on request, supply to every applicant a copy of the application forms referred to in Regulation 16(1) and a description of the plans, specifications and drawings required to be provided with the application.

17. Register of Application

The Authority shall keep a public register of all applications for development, and shall enter therein the Authority's decision upon each application and the result of any appeal from that decision.

18. Deferment of Application

- (1) The Authority may, with the written agreement of the applicant, defer consideration of an application.
- (2) Applications properly submitted in accordance with these Regulations which have not been determined by the Authority and on which a decision has not been communicated to the applicant within eight weeks of the receipt thereof by the Authority, and on which consideration has not been deferred in accordance with Regulation 18(1), shall be deemed to be refused.

19. Outline Planning Permission

- (1) The Authority may grant outline planning permission for the erection, alteration or conversion of a building if, after considering an application for outline planning permission made under these Regulations, it is satisfied that the proposed development is, subject to the approval of detailed plans, in compliance with these Regulations.

- (2) Where outline planning permission is granted under this Regulation, it shall be subject to the subsequent approval by the Authority of such details as may be listed in the outline planning permission, which shall also specify that further application for approval of these details shall be received not later than two years from the grant of outline planning permission.

20. Development Permit

- (1) A plan or drawing which has been approved by the Authority and which bears a mark and/or signature indicating such approval together with a permit shall be deemed to be permission to develop land in accordance with these Regulations but such permission shall not relieve the applicant from full responsibility for obtaining permits or approvals under any other regulation or statute prior to commencing the development; from having the work carried out in accordance with these Regulations or any other regulations or statutes; and from compliance with all conditions imposed thereunder.

- (2) The Authority may attach to a permit or to outline planning permission such conditions as it deems fit in order to ensure that the proposed development will be in accordance with the purposes and intent of these Regulations.

- (3) Where the Authority deems necessary, permits may be issued on a temporary basis for a period not exceeding two years, which may be extended in writing by the Authority for further periods not exceeding two years.

- (4) A permit is valid for such period, not in excess of two years, as may be stated therein, and if the development has not commenced, the permit may be renewed for a further period not in excess of one year, but a permit shall not be renewed more than once, except in the case of a permit for an advertisement, which may be renewed in accordance with Part III of these Regulations.
- (5) The approval of any application and plans or drawings or the issue of a permit shall not prevent the Authority from thereafter requiring the correction of errors, or from ordering the cessation, removal of, or remedial work on any development being carried out in the event that the same is in violation of this or any other regulations or statute.
- (6) The Authority may revoke a permit for failure by the holder of it to comply with these Regulations or any condition attached to the permit or where the permit was issued in error or was issued on the basis of incorrect information.
- (7) No person shall erase, alter or modify any drawing or specifications upon which a permit to develop has been issued by the Authority.
- (8) There shall be kept available on the premises where any work, matter or thing in being done for which a permit has been issued, a copy of the permit and any plans, drawings or specifications on which the issue of the permit was based during the whole progress of the work, or the doing of the matter or thing until completion.

21. Reasons for Refusing Permit

The Authority shall, when refusing to issue a permit or attaching conditions to a permit, state the reasons for so doing.

21.1 Right of Appeal

The Authority shall, when refusing to issue a permit or attaching conditions to a permit, inform the applicant of the provisions of section 29, namely, the right of the applicant to appeal the decision of the Authority to the Local Board of Appeal and the appeal period established in paragraph (3) of section 29.

22. Notice of Application

The Authority may, and when a variance is necessary under Regulations 11 and the Authority wishes to consider whether to authorize such a variance, when a change in nonconforming use is to be considered under Regulation 45, or when the development proposed is listed as a discretionary use in

Schedule C of the Regulations shall, at the expense of the applicant, give notice of an application for a permit or for outline planning permission, by public advertisement in a newspaper circulating in the area or by any other means deemed necessary.

23. Right of Entry

The Authority, the Director, or any inspector may enter upon any public or private land and may at all reasonable times enter any development or building upon the land for the purpose of making surveys or examinations or obtaining information relative to the carrying out of any development, construction, alteration, repair, or any other works whatsoever which the Authority is empowered to regulate.

24. Record of Violations

Every inspector shall keep a record of any violation of these regulations which comes to his knowledge and report that violation to the Authority.

25. Stop Work Order and Prosecution

- (1) Where a person begins a development contrary or apparently contrary to these Regulations, the Authority may order that person to stop the development or work connected therewith pending final adjudication in any prosecution arising out of the development.
- (2) A person who does not comply with an order made under Regulation 25(1) is guilty of an offence under the provisions of the Act.

26. Local Board of Appeal Established

A Local Board of Appeal shall be appointed to hear all appeals arising from these Regulations.

27. Appointment of Local Board of Appeal

- (1) The Authority may, subject to the approval of the Minister, appoint not less than three and not more than five persons to constitute the Local Board of Appeal.

- (2) The Authority under Regulation 27(1) shall not appoint elected or appointed officials of the Authority to be members of the Local Board of Appeal.
- (3) Every member of the Local Board of Appeal shall be appointed for such periods, not exceeding the term of office of the Authority, as may be deemed appropriate by the Authority, and shall be eligible for re-appointment.
- (4) The Local Board of Appeal shall be presided over by a Chairman appointed from among its members by the Authority or in the absence of the Chairman, such member as the members present shall from among themselves appoint.
- (5) A majority of the members of the Local Board of Appeal shall constitute a quorum.
- (6) The Authority may by a two-thirds vote of its members provide for remuneration to be paid to members of the Local board of Appeal and may prescribe the amount.
- (7) Where a Local Board of Appeal has been appointed and approved under Regulation 27(1), the Clerk of the Authority shall be the Secretary of that Local Board of Appeal.

28. Appeal Board to Act as Local Board of Appeal

Where a Local Board of Appeal has not been appointed and approved by the Minister under Regulation 27(1), the appropriate Appeal Board established under the provisions of the Act shall be deemed to have been appointed as the Local Board of Appeal, and shall carry out the functions and exercise the same powers as if it were appointed a Local Board of Appeal under Regulations 27(1), but it shall not be obliged to hold appeal hearings within the Planning Area or to hear appeals within the time limits established under these Regulations.

29. Appeals to Local Board of Appeal

- (1) The Local Board of Appeal shall hear appeals from decisions of the Authority made under these Regulations and shall either confirm the decision or recommend to the Authority that the decision be varied or reversed.
- (2) Any person may appeal to the Local Board of Appeal from a decision of the Authority made under these Regulations.
- (3) An appeal shall be submitted in writing to the Authority within thirty (30) days of the date of the decision appealed from, shall include an appeal fee to be paid to the Appeal Board hearing the appeal, and shall state the circumstances and grounds of the appeal.
- (3.1) Where the municipality has not appointed a Local Board of Appeal, the appeal fee shall be the fee established for appeals to the Regional Appeal Boards by Order of the Minister of Municipal and Provincial Affairs, and where the municipality has appointed the Local Board of Appeal, the appeal fee shall be an amount established by resolution of the Authority and no greater than the Regional Appeal Boards appeal fee.
- (4) Within one week of receiving an appeal, the Authority shall forward it to the Local Appeal Board together with the required fee and a copy of the application appealed from and all other correspondence, plans and pertinent information.
- (5) The Local Board of Appeal shall meet to hear an appeal within sixty calendar days after that appeal has been filed with the Authority, and shall make its decision known in writing to the Authority and to the appellant within two weeks of hearing the appeal.
- (6) The Authority, the appellant, and any other person likely to be affected by the appeal, shall be advised of the time and place of the appeal hearing by the Secretary at least one week before the appeal is to be heard.
- (7) The Authority and the appellant are entitled, but are not bound, to appear before the Local Board of Appeal either personally or by representatives appointed by them.
- (8) The Local Board of Appeal shall consider and determine each appeal in accordance with the intent of these Regulations and the Municipal Plan and any further plan, scheme or regulations that are in force,

having due regard to the circumstances and merits of the particular case and the use of discretionary powers by the Authority.

- (9) In determining an appeal, the Local Board of Appeal shall be bound by the Municipal Plan and any further scheme or plan that is in force under the Act.
- (10) Every member of a Local Board of Appeal shall be subject to the provisions of the Municipalities Act with respect to conflict of interest as if he were a councillor elected under that Act.
- (11) The decision of a majority of the members of the Local Board of Appeal present, excluding all members prohibited from voting because of conflict of interest, shall be the decision of the Board whose decision shall not be subject to further appeals to any other Appeal Board constituted under the Act.
- (12) If a Local Board of Appeal is unable to decide an appeal because of the conflict of interest of a majority of its members, the Authority shall, subject to the approval of the Minister, and for that appeal only, appoint other persons to replace those members so affected.

30. Effect of Decision by Local Board of Appeal

The Authority shall be bound to carry out the decision of the Local Board of Appeal, which decision shall be binding on all parties.

31. Development May Not Proceed

Where an appeal is made from a decision of the Authority, the development concerned shall not proceed pending a decision on the appeal and the subsequent issue of all required permits.

having due regard to the circumstances and merits of the particular case and the use of discretionary powers by the Authority.

- (9) In determining an appeal, the Local Board of Appeal shall be bound by the Municipal Plan and any further scheme or plan that is in force under the Act.
- (10) Every member of a Local Board of Appeal shall be subject to the provisions of the Municipalities Act with respect to conflict of interest as if he were a councillor elected under that Act.
- (11) The decision of a majority of the members of the Local Board of Appeal present, excluding all members prohibited from voting because of conflict of interest, shall be the decision of the Board whose decision shall not be subject to further appeals to any other Appeal Board constituted under the Act.
- (12) If a Local Board of Appeal is unable to decide an appeal because of the conflict of interest of a majority of its members, the Authority shall, subject to the approval of the Minister, and for that appeal only, appoint other persons to replace those members so affected.

30. Effect of Decision by Local Board of Appeal

The Authority shall be bound to carry out the decision of the Local Board of Appeal, which decision shall be binding on all parties.

30.1 Return of Appeal Fee

Where an appeal made by an appellant under section 29 is successful, an amount of money equal to the fee paid by that appellant under paragraph 29(3) shall be paid to him or her by the Authority, and the Local Board of Appeal shall so order in its decision.

31. Development May Not Proceed

Where an appeal is made from a decision of the Authority, the development concerned shall not proceed pending a decision on the appeal and the subsequent issue of all required permits.

PART II - GENERAL DEVELOPMENT STANDARDS

32. Accesses and Service Streets

- (1) Access shall be located to the specification of the Authority so as to ensure the greatest possible convenience and safety of the street system and the Authority may prescribe the construction of service streets to reduce the number of accesses to collector and arterial streets.
- (2) No vehicular access shall be closer than 10 metres to the street line of any street intersection.

33. Accessory Buildings

- (1) Accessory buildings shall be clearly incidental and complementary to the use of the main buildings in character, use and size, and shall be contained on the same lot.
- (2) No accessory building or part thereof shall project in front of any building line.
- (3) The sideyard requirements set out in the use zone tables in these Regulations shall apply to accessory buildings wherever they are located on the lot but accessory buildings on two (2) adjoining properties may be built to property boundaries provided they shall be of fire resistant construction and have a common firewall.

34. Advertisements

Advertisements shall not be erected or displayed except in accordance with Part III of these Regulations.

35. Buffer Strips

Where any industrial development permitted in any Use Zone abuts an existing or proposed residential area, or is separated from it by a road only, the owner of the site of the industrial development shall provide a buffer strip not less than ten (10) metres wide between any residential activity and the industrial area. The buffer shall include the provision of such natural or structural barrier as may be required by the Authority and shall be maintained by the owner or occupier to the satisfaction of the Authority.

36. Building Height

The Authority may permit the erection of buildings of a height greater than that specified in Schedule C, but in such cases the building line setback and rearyard requirements shall be varied as follows:

- (1) The building line setback shall be increased by 2 metres for every 1 metre increase in height.
- (2) The rearyard shall not be less than the minimum building line setback calculated as described in (1) above plus 6 metres.

37. Building Line and Setback

The Authority, by resolution, may establish building lines on an existing or proposed street or service street and may require any new buildings to be located on those building lines, whether or not such building lines conform to the standards set out in the tables in Schedule C of these Regulations.

38. Family and Group Care Centres

Family group care centre use is permitted in any dwelling or apartment that is adequate in size to accommodate the number of persons living in the group, inclusive of staff, provided that in the opinion of the Authority, the use of the dwelling does not materially differ from, nor adversely affect, the amenities of the adjacent residences, or the neighbourhood in which it is located. The Authority may require special access and safety features to be provided for the occupants before occupancy is permitted.

39. Height Exceptions

The height requirements prescribed in Schedule C of these Regulations may be waived in the case of communication masts and antennae, flagpoles, water towers, spires, belfries, or chimneys, but any such waiver which results in an increase of more than 20% in the permitted height of the structure shall only be authorized under the provisions of Regulation 11.

40. Livestock Structures and Uses

- (1) No structure designed to contain more than five animal units shall be erected or used unless it complies with the following requirements:
 - (a) The structure shall be at least 600 m from a residence, (except a farm residence or a residence which is a non-conforming use

in any zone in which agriculture is a permitted use class in the Use Zone Tables in Schedule C of these Regulations), and, from an area designated for residential use in an approved Plan, and, from a Provincial or Federal Park.

- (b) The structure shall be at least 60 m from the boundary of the property on which it is to be erected.
 - (c) The structure shall be at least 90 m from the centre line of a street.
 - (d) The erection of the structure shall be approved by the Department of Forestry & Agriculture and the Department of Environment & Lands.
- (2) No development for residential use shall be permitted within 600 m of an existing structure designed to contain more than five animal units unless the development is first approved by the Department of Forestry & Agriculture.

41. Lot Area

- (1) No lot shall be reduced in area, either by the conveyance or alienation of any portion thereof or otherwise, so that any building or structure on such lot shall have a lot coverage that exceeds, or a front yard, rear yard, side yard, frontage or lot area that is less than that permitted by these Regulations for the zone in which such lot is located.
- (2) Where any part of a lot is required by these Regulations to be reserved as a yard, it shall continue to be so used regardless of any change in the ownership of the lot or any part thereof, and shall not be deemed to form part of an adjacent lot for the purpose of computing the area thereof available for building purposes.

42. Lot Area and Size Exceptions

Where, at the time of coming into effect of these Regulations, one or more lots already exist in any residential zone, with insufficient frontage or area to permit the owner or purchaser of such a lot or lots to comply with the provisions of these Regulations, then these Regulations shall not prevent the issuing of a permit by the Authority for the erection of a dwelling thereon,

provided that the lot coverage and height are not greater than, and the yards and floor area are not less than the standards set out in these Regulations.

43. Lot Frontage

Except where specifically provided for in the Use Zone Tables in Schedule C of these Regulations, no residential or commercial building shall be erected unless the lot on which it is situated fronts directly onto a street or forms part of a Comprehensive Development Scheme.

44. Mobile Homes

- (1) Groups of more than five mobile homes shall be located only in approved mobile home parks and mobile home subdivisions in Residential Use Zones so designated and shall conform to the requirements of the Provincial Mobile Home Development Regulations currently in effect.
- (2) No development permit shall be issued for a mobile home lot unless it conforms with the requirements of Regulation 23 of the Mobile Home Development Regulations.

45. Non-Conforming Uses

- (1) Any legal use of buildings or land at the date of the coming into effect of these Regulations may although not conforming with the Regulations of the Use Zone in which they are located:
 - (a) be continued, or;
 - (b) be changed to another non-conforming use if after notice of an application to change the use has been given in accordance with Regulation 22 and consideration given to any objections or representations which may have been received on the matter, it is the Authority's opinion, that the new use is more compatible with the permitted use(s) in the Use Zone in which the building is located.
- (2) A building, which is legally used for a purpose not permissible within the zone in which it is located, shall not be enlarged, extended, reconstructed, or altered structurally, unless such building is thereafter to be used for a purpose permitted within that zone, provided that:

- (a) the interior of such building may be permitted by the Authority to be reconstructed or altered, in order to render it more convenient or commodious for the same purpose for which such building is legally used;
 - (b) any building which at the date of the coming into effect of these Regulations is being used in a zone where such use is not permissible may be permitted by the Authority to be altered structurally or extended by not more than fifty percent of its original floor area if such alterations or extensions conform to all the requirements of these Regulations except those pertaining to land use, and are confined to the existing lot.
- (3) A building which is legally used for any purpose but which does not conform to the Regulations of the Use Zone in which it is located, and which subsequently suffers damage or deterioration to an extent greater than fifty percent of its replacement value, excluding land, shall not be reconstructed except in conformity with the Regulations for the Use Zone in which such building is located, provided that:
- (a) the owner of such building may within one year of such damage taking place make application to the Authority for a permit to reconstruct the building for the same purpose for which it was legally used.
 - (b) the Authority shall before the expiration of sixty (60) days from the day on which a complete application is received to construct such a building:
 - (i) serve a notice of expropriation in accordance with the Act, or;
 - (ii) indicate its willingness to issue a permit to develop providing that the reconstruction of the building conforms to all the requirements of these Regulations except those pertaining to land use, and that any such development takes place within the existing curtilage of the lot.

46. Offensive and Dangerous Uses

No building or land shall be used for any purpose which may be dangerous by causing or promoting fires or other hazards or which may emit noxious, offensive or dangerous fumes, smoke, gases, radiation, smells, ash, dust or grit, excessive noise or vibration, or create any nuisance that has an unpleasant effect on the senses unless its use is authorized by the Authority and any other authority having jurisdiction.

47. Offstreet Parking Requirements

- (1) For every building, structure or use to be erected, enlarged or established, there shall be provided and maintained a quantity of off-street parking spaces sufficient to ensure that the flow of traffic on adjacent streets is not impeded by the on-street parking of vehicles associated with that building, structure or use.
- (2) The number of parking spaces to be provided for any building, structure, use of occupancy shall conform to the standards set out in Schedule D of these Regulations.
- (3) Each parking space, except in the case of one or two-family dwellings, shall be made accessible by means of a hard surfaced right-of-way at least 3 m in width. Parking required in a Residential Zone shall be provided on the same lot as the dwelling or dwellings. Parking space for apartments shall be provided in the rear yard where possible. In a Non-Residential Zone, parking spaces shall be provided within the limits of the zone in which the use is situated and not more than 200 m distant from the use concerned.
- (4) The parking facilities required by this Regulation shall, except in the case of single or attached dwellings, be arranged so that it is not necessary for any vehicle to reverse onto or from a street.
- (5) Where, in these Regulations, parking facilities for more than four vehicles are required or permitted:
 - (a) parking space shall mean an area of land, not less than 15 m² in size, capable of being used for the parking of a vehicle without the need to move other vehicles on adjacent areas;

- (b) the parking area shall be constructed and maintained to the specifications of the Authority;
- (c) the lights used for illumination of the parking area shall be so arranged as to divert the light away from adjacent development;
- (d) a structure, not more than 3 m in height and more than 5 m² in area may be erected in the parking area for the use of attendants in the area;
- (e) except in zones in which a service station is a permitted use, no gasoline pump or other service station equipment shall be located or maintained on a parking area;
- (f) no part of any off-street parking area shall be closer than 1.5 m to the front lot line in any zone;
- (g) access to parking areas in non-residential zones shall not be by way of residential zones;
- (h) where a parking area is in or abuts a residential zone, a natural or structural barrier at least 1 m in height shall be erected and maintained along all lot lines;
- (i) where, in the opinion of the Authority, strict application of the above parking requirements is impractical or undesirable, the Authority may as a condition of a permit require the developer to pay a service levy in accordance with these Regulations in lieu of the provision of a parking area, and the full amount of the levy charged shall be used by the Authority for the provision and upkeep of alternative parking facilities within the general vicinity of the development.

48. Off-Street Loading Requirements

- (1) For every building, structure or use to be erected, enlarged or established requiring the shipping, loading or unloading of animals, goods, wares or merchandise, there shall be provided and maintained for the premises loading facilities on land that is not part of a street comprised of one or more loading spaces, 15 m long, 4 m wide, and having a vertical clearance of at least 4 m with direct access to a street or with access by a driveway of a minimum width of 6 m to a street.

- (2) The number of loading spaces to be provided shall be determined by the Authority.
- (3) The loading facilities required by this Regulation shall be so arranged that vehicles can manoeuvre clear of any street and so that it is not necessary for any vehicle to reverse onto or from a street.

49. Parks and Playgrounds, and Conservation Uses

Nothing in these Regulations shall prevent the designation of conservation areas or the establishment of parks and playgrounds in any zones provided that such parks and playgrounds are not located in areas which may be hazardous to their use and are not operated for commercial purposes.

50. Screening and Landscaping

The Authority may, in the case of existing unsightly development, order the owner or occupier to provide adequate and suitable landscaping or screening; and for this purpose may require the submission of an application giving details of the landscaping or screening, and these Regulations shall then apply to that application. The provision of adequate and suitable landscaping or screening may be made a condition of any development permit where, in the opinion of the Authority, the landscaping or screening is desirable to preserve amenity, or protect the environment.

51. Services and Public Utilities

The Authority may within any zone permit land to be used in conjunction with the provision of public services and public utilities if the use of that land is necessary to the proper operation of the public service or public utility concerned provided that the design and landscaping of any development of any land so used is, in the opinion of the Authority, adequate to protect the character and appearance of the area.

52. Service Stations

The following requirements shall apply to all proposed service stations:

- (a) All gasoline pumps shall be located on pump islands designed for such purpose, and to which automobiles may gain access from either side.
- (b) Pump islands shall be set back at least 4 metres from the front lot line.

- (c) Accesses shall not be less than 7 metres wide and shall be clearly marked, and where a service station is located on a corner lot, the minimum distance between an access and the intersection of street lines at the junction shall be 10 metres and the lot line between entrances shall be clearly indicated.

53. Side Yards

A sideyard which shall be kept clear of obstruction shall be provided on the exposed sides of every building in order to provide access for the maintenance of that building.

54. Street Construction Standards

A new street may not be constructed except in accordance with and to the design and specifications laid down by the Authority.

55. Subsidiary Apartments

Subsidiary apartments may be permitted in single dwellings only, and for the purposes of calculating lot area and yard requirements, shall be considered part of the self-contained dwelling.

56. Unsubdivided Land

Development is not permitted on unsubdivided land unless sufficient area is reserved to satisfy the yard and other allowances called for in the Use Zone in which it is located and the allowances shall be retained when the adjacent land is developed.

57. Zero Lot Line and Other Comprehensive Development

The Authority may, at its discretion, approve the erection of dwellings which are designed to form part of a zero lot line development or other comprehensive layout which does not, with the exception of dwelling unit floor area, meet the requirements of the Use Zone Table in Schedule C, provided that the dwellings are designed to provide both privacy and reasonable access to natural daylight and the overall density within the layout conforms to the regulations and standards set out in the Use Zone Table apply where the layout adjoins other development.

PART III - ADVERTISEMENTS

58. Permit Required

Subject to the provisions of Regulation 63, no advertisement shall be erected or displayed in the Planning Area unless a permit for the advertisement is first obtained from the Authority.

59. Form of Application

Application for a permit to erect or display an advertisement shall be made to the authority in accordance with Regulation 16.

60. Advertisements Prohibited in Street Reservation

No advertisement shall be permitted to be erected or displayed within, on or over any highway or street reservation.

61. Permit Valid for Limited Period

A permit granted under these Regulations for the erection or display of an advertisement shall be for a limited period, not exceeding two years, but may be renewed at the discretion of the Authority for similar periods.

62. Removal of Advertisements

Notwithstanding the provisions of these Regulations, the Authority may require the removal of any advertisement which, in its opinion, is:

- (a) hazardous to road traffic by reason of its siting, colour, illumination, or structural condition, or;
- (b) detrimental to the amenities of the surrounding area.

63. Advertisements Exempt from Control

The following advertisements may be erected or displayed in the Planning Area without application to the Authority:

- (a) on a dwelling or within the curtilage of a dwelling, one nameplate not exceeding 0.2 m² in area;
- (b) on an agricultural holding or farm, a notice board not exceeding 1 m² in area and relating to the operations being conducted on the land;
- (c) on land used for forestry purposes, signs or notices not exceeding 1 m² in area and relating to forestry operations or the location of logging operations conducted on the land;

- (d) on land used for mining or quarrying operations, a notice board not exceeding 1 m² in area relating to the operation conducted on the land;
- (e) on a dwelling or within the curtilage of a dwelling, one nameplate not exceeding 0.2 m² in area in connection with the practice of a professional person carried on in the premises;
- (f) on any site occupied by a church, school, library, art gallery, museum, institution or cemetery, one notice board not exceeding 1 m² in area;
- (g) on the principal facade of any commercial, industrial or public building, the name of the building or the name of the occupants of the building, in letters not exceeding one-tenth of the height of that facade or 3 m, whichever is the lesser;
- (h) on any parking lot directional signs and one sign not exceeding 1 m² in size, identifying the parking lot.

64. Approval Subject to Conditions

A permit may only be issued for the erection or display of advertisements which comply with the appropriate conditions and specifications set out in the Use Zone Tables in Schedule C of these Regulations.

65. Non-Conforming Uses

Notwithstanding the provisions of Regulation 58, a permit may be used for the erection or display of advertisements on a building or within the curtilage of a building or on a parcel of land, the use of which is a non conforming use, provided that the advertisement does not exceed the size and type of advertisement which could be permitted if the development was in a Use Zone appropriate to its use, and subject to any other conditions deemed appropriate by the Authority.

PART IV - SUBDIVISION OF LAND

66. Permit Required

No land in the Planning Area shall be subdivided unless a permit for the development of the subdivision is first obtained from the Authority.

67. Services to be Provided

No permit shall be issued for the development of a subdivision unless provisions satisfactory to the Authority have been made in the application for a supply of drinking water, a properly designed sewage disposal system, and a properly designed storm drainage system.

68. Payment of Service Levies and Other Charges

No permit shall be issued for the development of a subdivision until agreement has been reached for the payment of all fees levied by the Authority for connection to services, utilities and streets deemed necessary for the proper development of the subdivision, and all service levies and other charges imposed under Regulations 12 and 13.

69 Issue of Permit Subject to Considerations

A permit shall not be issued when, in the opinion of the Authority, the development of a subdivision does not contribute to the orderly growth of the municipality and does not demonstrate sound design principles. In considering an application, the Authority shall, without limiting the generality of the foregoing, consider:

- (a) the location of the land;
- (b) the availability of and the demand created for schools, services, and utilities;
- (c) the provisions of the Plan and Regulations affecting the site;
- (d) the land use, physical form and character of adjacent developments;
- (e) the transportation network and traffic densities affecting the site;
- (f) the relationship of the project to existing or potential sources of nuisance;
- (g) soil and subsoil characteristics;
- (h) the topography of the site and its drainage;
- (i) natural features such as lakes, streams, topsoil, trees and shrubs;
- (j) prevailing winds;
- (k) visual quality;

- (l) community facilities;
- (m) energy conservation;
- (n) such other matters as may affect the proposed development.

70. Building Permits Required

Notwithstanding the approval of a subdivision by the Authority, a separate building permit shall be obtained for each building proposed to be erected in the area of the subdivision, and no building permit for any building in the area shall be issued until the developer has complied with all the provisions of these Regulations with respect to the development of the subdivision.

71. Form of Application

Application for a permit to develop a subdivision shall be made to the Authority in accordance with Regulation 16.

72. Subdivision Subject to Zoning

The subdivision of land shall be permitted only in conformity with the Use Zones delineated on the Zoning Maps.

73. Building Lines

The Authority may establish building lines for any subdivision street and require any new building to be located on such building lines.

74. Land for Public Open Space

- (1) Before a development commences, the developer shall, if required, dedicate to the Authority, at no cost to the Authority, an area of land equivalent to not more than 10% of the gross area of the subdivision or 25 m² for every dwelling unit permitted in the subdivision, whichever is the greater, for public open space, provided that:
 - (a) where land is subdivided for any purpose other than residential use, the Authority shall determine the percentage of land to be dedicated;
 - (b) if, in the opinion of the Authority, no public open space is required, the land may be used for such other public use as the Authority may determine;

- (c) the location and suitability of any land dedicated under the provisions of this Regulation shall be subject to the approval of the Authority but in any case, the Authority shall not accept land which, in its opinion is incapable of development for any purpose;
 - (d) the Authority may accept from the developer in lieu of such area or areas of land the payment of a sum of money equal to the value of the land which would otherwise be required to be dedicated;
 - (e) money received by the Authority in accordance with Regulation 74(1)(d) above, shall be reserved by the Authority for the purpose of the acquisition or development of land for public open space or other public purpose.
- (2) Land dedicated for public use in accordance with this Regulation shall be conveyed to the Authority and may be sold or leased by the Authority for the purposes of any development that conforms with the requirements of these Regulations, and the proceeds of any sale or other disposition of land shall be applied against the cost of acquisition or development of any other land for the purposes of public open space or other public purposes.
- (3) The Authority may require a strip of land to be reserved and remain undeveloped along the banks of any river, brook or pond, and this land may, at the discretion of the Authority, constitute the requirement of land for public use under Regulation 74(1).

75. Structure in Street Reservation

The placing within any street reservation of any structure (for example, a hydro pole, telegraph or telephone pole, fire hydrant, mail box, fire alarm, sign post) shall receive the prior approval of the Authority which shall be satisfied on the question of safe construction and relationship to the adjoining buildings and other structures within the street reservation.

76. Subdivision Design Standards

No permit shall be issued for the development of a subdivision under these Regulations unless the design of the subdivision conforms to the following standards:

- (a) The finished grade of streets shall not exceed 10 percent.
- (b) Every cul de sac shall be provided with a turning circle of a diameter of not less than 30 m.
- (c) The maximum length of any cul de sac shall be:
 - (i) 200m in areas served by or planned to be served by municipal piped water and sewer services, as shown in the map and letter of agreement signed by the Municipality and the Minister of Municipal and Provincial Affairs in connection with municipal five-year capital works program eligibility.
 - (ii) 300m in areas not served by or planned to be served by municipal piped water and sewer services.
- (d) Emergency vehicle access to a cul de sac shall be not less than 3 m wide and shall connect the head of the cul de sac with an adjacent street.
- (e) No cul de sac shall be located so as to appear to terminate a collector street.
- (f) New subdivisions shall have street connections with an existing street or streets.
- (g) All street intersections shall be constructed within 5° of a right angle and this alignment shall be maintained for 30 m from the intersection.
- (h) No street intersection shall be closer than 60 m to any other street intersection.
- (i) No more than four streets shall join at any street intersection.
- (j) No residential street block shall be longer than 490 m between street intersections.
- (k) Streets in residential subdivisions shall be designed in accordance with the approved standards of the Authority, but in the absence of such standards, shall conform to the following minimum standards:

Type of Street	Street Reservation	Pavement Width	Sidewalk Width	Sidewalk Number
Arterial Streets	30 m	15 m	1.5 m	discretion of Council
Collector Streets	20 m	15 m	1.5 m	2
Local Residential Streets: where more than 50% of the units are single or double dwellings;	15 m	9 m	1.5 m	1
where 50% or more of the units are row houses or apartments.	20 m	9 m	1.5 m	2
Service Streets	15 m	9 m	1.5 m	discretion of Council

- (l) No lot intended for residential purposes shall have a depth exceeding four times the frontage.
- (m) Residential lots shall not be permitted which abut a local street at both front and rear lot lines.
- (n) The Authority may require any existing natural, historical or architectural feature or part thereof to be retained when a subdivision is developed.
- (o) Land shall not be subdivided in such a manner as to prejudice the development of adjoining land.

77. Engineer to Design Works and Certify Construction Layout

- (1) Plans and specifications for all water mains, hydrants, sanitary sewers, storm sewers and all appurtenances thereto and all streets, paving, curbs, gutters and catch basins and all other utilities deemed necessary by the Authority to service the area proposed to be developed or subdivided shall be designed and prepared by or approved by the Engineer. Such designs and specifications shall, upon approval by the Authority, be incorporated in the plan of subdivision.
- (2) Upon approval by the Authority of the proposed subdivision, the Engineer shall certify all work of construction layout preliminary to the construction of the works and thereupon the developer shall proceed to the construction and installation, at his own cost and in accordance with the approved designs and specifications and the construction layout certified by the Engineer, of all such water mains, hydrants,

sanitary sewers and all appurtenances and of all such streets and other works deemed necessary by the Authority to service the said area.

78. Developer to Pay Engineer's Fees and Charges

The developer shall pay to the Authority all the Engineer's fees and charges for the preparation of designs and specifications and for the layout and supervision of construction; such fees and charges being percentages of the total cost of materials and labour for the construction and installation of all works calculated in accordance with the Schedule of Fees recommended by the Association of Professional Engineers of Newfoundland and in effect at the time the work is carried out.

79. Street Works May Be Deferred

The construction and installation of all curbs and gutters, catch basins, sidewalks and paving specified by the Authority as being necessary, may, at the Authority's discretion, be deferred until a later stage of the work on the development of the subdivision but the developer shall deposit with the Authority before approval of his application, an amount estimated by the Engineer as reasonably sufficient to cover the cost of construction and installation of the works. In the later stage of the work of development, the Authority shall call for tenders for the work of construction and installation of the works, and the amount so deposited by the developer shall be applied towards payment of the contract cost. If the contract cost exceeds the deposit, the developer shall pay to the Authority the amount of the excess. If the contract price is less than the deposit, the Authority shall refund the amount by which the deposit exceeds the contract price. Any amount so deposited with the Authority by the developer shall be placed in a separate savings account in a bank and all interest earned thereon shall be credited to the developer.

80. Transfer of Streets and Utilities to Authority

(1) The developer shall, following the approval of the subdivision of land and upon request of the Authority, transfer to the Authority, at no cost

to the Authority, and clear of all liens and encumbrances:

- (a) all lands in the area proposed to be developed or subdivided which are approved and designated by the Authority for public uses as streets, or other rights-of-way, or for other public use;
 - (b) all services or public works including streets, water supply and distribution and sanitary and storm drainage systems installed in the subdivision that are normally owned and operated by the Authority.
- (2) Before the Authority shall accept the transfer of lands, services or public works of any subdivision, the Engineer shall, at the cost to the developer, test the streets, services and public works installed in the subdivision and certify his satisfaction with their installation.
- (3) The Authority shall not provide maintenance for any street, service or public work in any subdivision until such time as such street, service or public work has been transferred to and accepted by the Authority.

81. Restriction on Sale of Lots

The developer shall not develop or dispose of any lot within a subdivision for the purposes of development and no building permit shall be issued until the Authority is satisfied that:

- (a) the lot can be served with satisfactory water supply and sewage disposal systems, and;
- (b) satisfactory access to a street is provided for the lots.

82. Grouping of Buildings and Landscaping

- (1) Each plan of subdivision shall make provision for the grouping of building types and for landscaping in order to enhance the visual aspects of the completed development and to make the most use of existing topography and vegetation.
- (2) Building groupings, once approved by the Authority, shall not be changed without written application to and subsequent approval of the Authority.

PART V - USE ZONES

83. Use Zones

- (1) For the purpose of these Regulations, the Planning Area is divided into Use Zones which are shown on the Zoning Map attached to and forming part of these Regulations.
- (2) Subject to Regulation 83(3), the permitted use classes, discretionary use classes, standards, requirements and conditions applicable to each Use Zone are set out in the Use Zone Tables in Schedule C of these Regulations.
- (3) Where standards, requirements and conditions applicable in a Use Zone are not set out in the Use Zone Tables in Schedule C, the Authority may in its discretion, determine the standards, requirements and conditions which shall apply.

84. Use Classes

The specific uses to be included in each Use Class set out in the Use Zone Tables in Schedule C shall be determined by the Authority in accordance with the classification and examples set out in Schedule B.

85. Permitted Uses

Subject to these Regulations, the uses that fall within the Permitted Use Classes set out in the appropriate Use Zone Table in Schedule C shall be permitted by the Authority in that Use Zone.

86. Discretionary Uses

Subject to these Regulations, the uses that fall within the Discretionary Use Classes set out in the appropriate Use Zone Table in Schedule C may be permitted in that Use Zone if the Authority is satisfied that the development would not be contrary to the general intent and purpose of these Regulations, the Municipal Plan, or any further scheme or plan or regulation pursuant thereto, and to the public interest, and if the Authority has given notice of the application in accordance with Regulation 22 and has considered any objections or representations which may have been received on the matter.

87. Uses Not Permitted

Uses that do not fall within the Permitted Use Classes or Discretionary Use Classes set out in the appropriate Use Zone Tables in Schedule C, shall not be permitted in that Use Zone.

SCHEDULE A

DEFINITIONS

ACCESS: A way, intended for use by vehicles, pedestrians or animals as a means of going from a road, street or highway to land adjacent to it.

ACCESSORY BUILDING: A detached subordinate building not used for human habitation, located on the same lot as the main building structure or use to which it is accessory, the use of which is naturally or customarily incidental and complementary to the main use of the building, land or structure, and shall include:

- (a) in the case of residential uses: domestic garages, carports, ramps, sheds, swimming pools, greenhouses, cold frames, fuel sheds, vegetable storage cellars, shelters for domestic pets, or radio and television antennae;
- (b) in the case of commercial uses: workshops or garages;
- (c) in the case of industrial uses: garages, offices, raised ramps and docks.

ACT: The Urban and Rural Planning Act.

ADVERTISEMENT: Any word, letter, model, sign, placard, board, notice, device or representation, whether illuminated or not, in the nature of and employed wholly or in part for the purposes of advertisement, announcement or direction; excluding such things employed wholly as a memorial, or functional advertisement of Councils, or other local authorities, public utilities and public transport undertakers, and including any boarding or similar structure used or adapted for use for the display of advertisements.

AGRICULTURE: Horticulture, fruit growing, grain growing, seed growing, dairy farming, the breeding or rearing of livestock, including any creature kept for the production of food, wool, skins, or fur, or for the purpose of its use in the farming of land, the use of land as grazing land, meadow land, osier land, market gardens and nursery grounds and the use of land for woodlands where that use is ancillary to the farming of land for any other purpose. "Agricultural" shall be construed accordingly.

AMUSEMENT USE: The use of land or buildings equipped for the playing of electronic, mechanical, or other games and amusements including electronic games, pinball games and slot machine arcades and billiard and pool halls.

ANIMAL UNIT: Any one of the following animals or groups of animals:

1 bull;

1000 broiler chickens or roosters (1.8 - 2.3 kg each);

1 cow (including calf);

100 female mink (including associated males and kits);

4 goats;

X hogs (based on 453.6 kg = 1 unit);

1 horse (including foal);

125 laying hens;

4 sheep (including lambs);

1 sow or breed sow (including weaners and growers based on 453.6 kg = 1 unit);

X turkeys, ducks, geese (based on 2,268 kg = 1 unit).

APARTMENTBUILDING: A building containing three or more dwelling units, but does not include a row dwelling.

APPEAL BOARD: The appropriate Appeal Board established under the Act.

ARTERIALSTREET: The streets in the Planning Area constituting the main traffic arteries of the area and defined as arterial streets or highways in the Municipal Plan or on the Zoning Map.

BOARDING HOUSE: A dwelling in which at least 2 rooms are regularly rented to persons other than the immediate family of the owner or tenant.

BUILDING: Every structure, erection, excavation, alteration or improvement whatsoever placed on, over or under land, or attached, anchored or moored to land, and includes mobile structures, vehicles and marine vessels adapted or constructed for residential, commercial, industrial and other like uses, and any part of a building as so defined and any fixtures that form part of a building.

BUILDING LINE: A line established by the Authority to set the horizontal distance between the closest point of a building and the street line.

COLLECTOR STREET: A street that is designed to link local streets with arterial streets and which is designated as a collector street in the Municipal Plan, or on the Zoning Map.

DAYCARECENTRE or DAY NURSERY: A building or part of a building in which services and activities are regularly provided to children of pre-school age during the full daytime period as defined under the Day Nurseries Act, but does not include a school as defined by the Schools Act.

DEVELOPMENT: The carrying out of any building, engineering, mining or other operations in, on, over, or under land, or the making of any material change in the use, or the intensity of use of any land, buildings, or premise and without limiting the generality of the foregoing, shall specifically include:

- (a) the making of an access onto a highway, road or way;
- (b) the erection of an advertisement or sign;
- (c) the parking of a trailer, or vehicle of any description used for the sale of refreshments or merchandise, or as an office, or for living accommodation, for any period of time;

and shall exclude:

- (d) the carrying out of works for the maintenance, improvement or other alteration or any building, being works which affect only the interior of the building or which do not materially affect the external appearance or use of the building;
- (e) the carrying out by a highway authority of any works required for the maintenance or improvement of a road, being works carried out on land within the boundaries of the road reservation;
- (f) the carrying out by any local authority or statutory undertakers of any works for the purpose of inspecting, repairing or renewing any sewers, mains, pipes, cables or other apparatus, including the breaking open of any street or other land for that purpose;
- (g) the use of any building or land within the curtilage of a dwelling house for any purpose incidental to the enjoyment of the dwelling house as such.

DIRECTOR: The Director of Urban and Rural Planning.

DOUBLE DWELLING: A building containing two dwelling units, placed one above the other, or side by side, but does not include a self-contained dwelling containing a subsidiary apartment.

DWELLING UNIT: A self-contained unit consisting of one or more habitable rooms used or designed as the living quarters for one household.

ENGINEER: A professional engineer employed or retained by the Authority.

FAMILY AND GROUP CARE CENTRE: A dwelling accommodating up to but no more than six (6) persons exclusive of staff in a home-like setting. Subject to the size limitation, this definition includes, but is not limited to, the facilities called "Group Homes", "Halfway House", and "Foster Home".

FLOOR AREA: The total area of all floors in a building measured to the outside face of exterior walls.

FRONTAGE: The horizontal distance between side lot lines measured at the building line.

FRONT YARDDEPTH: The distance between the front lot line of a lot and the front wall of the main building on the lot.

GARAGE: A building erected for the storage of motor vehicles as an ancillary use to a main building on the lot.

GENERAL INDUSTRY: The use of land or buildings for the purpose of storing, assembling, altering, repairing, manufacturing, fabricating, packing, canning, preparing, breaking up, demolishing, or treating any article, commodity or substance. "Industry" shall be construed accordingly.

GENERAL GARAGE: Land or buildings used exclusively for repair, maintenance and storage of motor vehicles and may include the sale of gasoline or diesel oil.

HAZARDOUS INDUSTRY: The use of land or buildings for industrial purposes involving the use of materials or processes which because of their inherent characteristics, constitute a special fire, explosion, radiation or other hazard.

INSPECTOR: Any person appointed and engaged as an Inspector by the Authority or by any federal or provincial authority or the agent thereof.

INSTITUTION: A building or part thereof occupied or used by persons who:

- (a) are involuntarily detained, or detained for penal or correctional purposes, or whose liberty is restricted, or;
- (b) require special care or treatment because of age, mental or physical limitations or medical conditions.

LAND: Includes land covered by water, and buildings and structures on, over, or under the soil and fixtures that form part of these buildings and structures.

LIGHT INDUSTRY: Use of any land or buildings for any general industrial use that can be carried out without hazard or intrusion and without detriment to the amenity of the surrounding area by reason of noise, vibration, smell, fumes, smoke, grit, soot, ash, dust, glare or appearance.

LOCAL STREET: A street designed primarily to provide access to adjoining land and which is not designated as a collector street or arterial street in the Municipal Plan, or on the Zoning Map.

LODGING HOUSE: A dwelling in which at least 2 rooms are regularly rented to persons other than the immediate family of the owner or tenant.

LOT: Any plot, tract or parcel of land which can be considered as a unit of land for a particular use or building.

LOT COVERAGE: The combined area of all buildings on the lot measured at the level of the lowest floor above the established grade expressed as a percentage of the total area of the lot.

LOT AREA: The total horizontal area within the lot lines of the lot.

MINERAL WORKING: Land or buildings used for the working or extraction of any naturally occurring substance.

MOBILE HOME: A transportable factory-built single family dwelling unit:

- (a) which complies with space standards substantially equal to those laid down in the Canadian Code for Residential Construction and is in accordance with the construction standards laid down and all other applicable Provincial and Municipal Codes and;
- (b) which is designed to be:
 - (i) transported on its own wheels and chassis to a mobile home lot, and subsequently supported on its own wheels, jacks, posts or piers, or on a permanent foundation and;
 - (ii) connected to exterior public utilities approved by the Authority, namely, piped water, piped sewer, electricity and telephone, in order for such mobile home unit to be suitable for year round term occupancy.

MOBILE HOME PARK: A mobile home development under single or joint ownership, cared for and controlled by a mobile home park operator where individual mobile home lots are rented or leased with or without mobile home units placed on them and where ownership and responsibility for the maintenance and development of site facilities including underground services, access roads, communal areas, snowclearing and garbage collection, or any of them, are the responsibility of the mobile home park management, and where the mobile home development is classified as a mobile home park by the Authority.

MOBILE HOME SUBDIVISION: A mobile home development requiring the subdivision of land whether in single or joint ownership into two or more pieces or parcels of land for the purpose of locating thereon mobile home units under either

freehold or leasehold tenure and where the maintenance of streets and services is the responsibility of a municipality or public authority, and where the mobile home development is classified as a mobile home subdivision by the Authority.

OWNER: Any person, firm or corporation controlling the property under consideration.

PIT AND QUARRY WORKING: Carries the same meaning as Mineral Working.

REAR YARD DEPTH: The distance between the rear lot line and the rear wall of the main building on the lot.

RESTAURANT: A building or part thereof, designed or intended to be used or occupied for the purpose of serving the general public with meals or refreshments for consumption on the premises.

ROW DWELLING: Three or more dwelling units at ground level in one building, each unit separated vertically from the others.

SEASONAL RESIDENCE: A dwelling which is designed or intended for seasonal or recreational use, and is not intended for use as permanent living quarters.

SERVICE STATION: Any land or building used exclusively for the sale of petroleum products, automotive parts and accessories, minor repairs, washing and polishing of motor vehicles.

SERVICE STREET: A street constructed parallel to or close to another street for the purpose of limiting direct access to that street.

SHOP: A building or part thereof used for retail trade wherein the primary purpose is the selling or offering for sale of goods, wares or merchandise by retail or the selling or offering for sale of retail services but does not include an establishment wherein the primary purpose is the serving of meals or refreshments, an amusement use, a general garage, or a service station.

SHOPPING CENTRE: A group of shops and complementary uses with integrated parking and which is planned, developed and designed as a unit containing a minimum of 5 retail establishments.

SIDEYARD WIDTH: The distance between a side lot line and the nearest side wall of any building on the lot.

SHOWROOM: A building or part of a building in which samples or patterns are displayed and in which orders may be taken for goods, wares or merchandise, including vehicles and equipment, for later delivery.

STREET: Any street, road or highway or any other way designed or intended for public use for the passage of vehicles and pedestrians, owned by the Authority or other public agency and maintained at public expense, and is accessible to Fire Department vehicles and equipment.

STREET LINE: The edge of a street, road or highway reservation as defined by the authority having jurisdiction.

SUBDIVISION: The dividing of any land, whether in single or joint ownership, into two or more pieces for the purpose of development.

SUBSIDIARY APARTMENT: A separate dwelling unit constructed within and subsidiary to a self-contained dwelling.

TAKE-OUT FOOD SERVICE: A building in which the primary purpose is the preparation and sale of meals or refreshments for consumption off the premises.

TAVERN: Includes a nightclub and means a building licensed or licensable under the Liquor Control Act wherein meals and food may be served for consumption on the premises and in which entertainment may be provided.

USE ZONE or ZONE: An area of land including buildings and water designated on the Zoning Map to which the uses, standards and conditions of a particular Use Zone Table in Schedule C of the Regulations relate.

ZONING MAP: The map or maps attached to and forming part of the Regulations.

SCHEDULE B

CLASSIFICATION OF USES OF LAND AND BUILDINGS

NOTE: The classification of uses set out in the following table is based on the Classification of Typical Occupancies included as Table 3.1.2. of the National Building Code of Canada, 1980. This classification is referred to in Regulation 84.

GROUP	DIVISION	CLASS	EXAMPLES
A. ASSEMBLY USES	1. Assembly Uses for the production and viewing of the performing arts.	(a) Theatre	Motion Picture Theatres T.V. Studios admitting an audience.
	2. General Assembly Uses	(a) Cultural and Civic	Libraries Museums Art Galleries Court Rooms Meeting Rooms Council Chambers
		(b) General Assembly	Community Halls Lodge Halls Dance Halls Gymnasias Auditoria Bowling Alleys
		(c) Educational	Schools Colleges (non- residential)
		(d) Place of Worship	Churches and similar places of worship. Church Halls
		(e) Passenger Assembly	Passenger Terminals
		(f) Club and Lodge	Private Clubs and Lodges (non-residential)
		(g) Catering	Restaurants Bars Lounges
		(h) Funeral Home	Funeral Homes and Chapels
		(i) Child Care	Day Care Centres
(j) Amusement	Electronic Games Arcades Pinball Parlours Poolrooms		

CLASSIFICATION OF USES OF LAND AND BUILDINGS

GROUP	DIVISION	CLASS	EXAMPLES
A. ASSEMBLY USES (continued)	3. Arena-type Uses	(a) Indoor Assembly	Arenas Armouries Ice Rinks Indoor Swimming Pools
	4. Open-air Assembly Uses	(a) Outdoor Assembly	Bleachers Grandstands Outdoor Ice Rinks and Swimming Pools Amusement Parks and Fair-grounds Exhibition Grounds Drive-in Theatres
B. INSTITUTIONAL USES	1. Penal and Correctional Institutional Uses	(a) Penal and Correctional Detention	Jails Penitentiaries Police Stations (with detention quarters) Prisons Psychiatric Hospitals (with detention quarters) Reformatories
	2. Special Care Institutional Uses	(a) Medical Treatment and Special Care	Children's Homes Convalescent Homes Homes for Aged Hospitals Infirmaries Orphanages Psychiatric Hospitals Sanatoria
C. RESIDENTIAL USES	1. Residential Dwelling Uses	(a) Single Dwelling	Single Detached Dwellings Family & Group Homes
		(b) Double Dwelling	Semi-detached Dwelling Duplex Dwellings Family & Group Homes
		(c) Row Dwelling	Row Houses Town Houses Family & Group Homes
		(d) Apartment Building	Apartments Family & Group Homes

		(i) Animal	Animal Pounds Kennels Zoos
		(j) Antenna	TV, Radio and Communications Transmitting and Receiving Masts and Antennae
		(k) Transportation	Airfields Railway Yards Docks and Harbours

SCHEDULE C

USE ZONE TABLES

NOTE: This schedule contains tables showing the use classes which may be permitted or which may be treated as discretionary use classes for the purpose of these Regulations. The tables also indicate the required standards of development and may also include conditions affecting some or all of the use classes.

The schedule contains tables for the following Use Zones:

- Residential
- Mixed Development
- Commercial
- Open Space
- Protected Watershed
- Seasonal Dwelling
- Rural
- Mineral Working

USE ZONE TABLE

ZONE TITLE	RESIDENTIAL	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Single dwelling.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
Double dwelling, row dwelling, apartment building, mobile home, recreational open space, place of worship, educational, convenience store, child care, home business, fishing and marine uses, and antenna.		

STANDARDS	WHERE PERMITTED						
	Single Dwelling and Mobile Home	Double Dwelling	Row Dwelling	APARTMENT BUILDING			
				1 Bed Apt.	2 Bed Apt.	3 Bed Apt.	4 Bed Apt.
Lot area (m ²) minimum	650	550 *	450 * (average)	300 *	400 *	450 *	500 *
Floor area (m ²) minimum	110	110 *	100 *	50 *	60 *	70 *	80 *
Frontage (m) minimum	20	35	14 * (average)	42			
Building Line Setback (m) (minimum)	8	8	10	10			
Sideyard Width (m) (minimum)	2	2	2	5			
Rearyard Depth (m) (minimum)	15	15	15	15			
Lot Coverage (%) (minimum)	33	33	33	33			
Height (m)	8	8	10	10			
(See Conditions)							
* Per dwelling unit							

*Residential Zone (cont'd.)***CONDITIONS****1. Municipal Services**

Where available, all development must be connected to municipal water and sewer services.

2. Unserviced Development

- (a) The area of land required per dwelling unit for development that is not serviced by municipal water and sewer shall comply with the requirements of the Department of Government Services and Land as follows:

	Minimum Area	Minimum Frontage
With a municipal piped water supply, and sewage disposal by septic tank and tile field	1400 m ²	30 m
With a well water supply and connection to a municipal sewer or to a private sewer discharging directly to the sea	1400 m ²	30 m
With a well water supply and sewage disposal by septic tank and tile field	1860 m ²	30 m

- (b) Only single dwellings and mobile homes shall be permitted on lots lacking full municipal water and sewer services.

3. Subdivision Servicing

Development of a residential subdivision may be permitted, provided that it includes a piped water supply and sewer system. The cost of installing water and sewer shall be the responsibility of the developer.

4. Road Frontage

All use classes, except for single dwellings, mobile homes and fishing and marine uses, must front onto a public road.

5. Backlot Development

Most single dwellings and mobile homes shall front onto a public road or will be part of a new residential subdivision with roads built to Council standards. The following conditions shall apply to residential building lots that do not front onto a public road:

- (a) All backlots shall have permanent access to a public road. The minimum access width shall be 6 metres. The responsibility for the acquisition, construction, care and maintenance, including snow clearing, of the access shall rest with the adjacent property owners.

Conditions for Residential (cont'd)

- (b) Only a single dwelling or mobile home shall be permitted to develop on a lot that does not front onto a public road.
- (c) If municipal services are available, clearance must be obtained and provided at the developer's expenses.
- (d) All lots must meet the minimum lot size requirements as well as front, side and rear setback requirements, and floor area, lot coverage and height requirements.
- (e) Council must review the development proposal to ensure that the dwelling will not block access to backland with development potential.

6. Backland Development

If Council determines that an area has potential as a residential subdivision, 15 metre road reservation must be maintained. Council will satisfy itself that the backlot and road reservation are situated to allow for future residential subdivision development.

7. Discretionary Use Classes

The Discretionary Use Classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classed or that their development will not inhibit or prejudice the existence or the development of such uses.

8. Double Dwelling, Row Dwelling, Apartment Building

Council may permit double dwellings, row dwellings or apartment buildings provided the scale and concentration of the development does not affect the low density character of the surrounding area and there is no negative impact on adjoining dwellings because of loss of privacy or residential amenity.

9. Convenience Stores

Convenience stores will only be permitted as a discretionary use under the following conditions:

- (a) The retail use shall be subsidiary to the residential character of the area, and shall not affect residential amenities of adjoining properties;
- (b) Adequate off-street parking is provided on-site; and
- (c) The site must meet conform to the frontage, building line setback, side yard, lot coverage and height requirements specified for a single dwelling.

*Conditions for Residential (cont'd)***10. Place of Worship and Educational**

Place of Worship and Educational uses shall conform to the frontage, building line setback, side yard, lot coverage and height requirements specified for a single dwelling.

11. Home Business

Medical, professional and personal service uses, offices, and light industrial uses may be permitted as a discretionary use in the form of doctors' consulting rooms, personal services, small business services, small appliance repair, sporting goods repair service, bed and breakfast establishments, workshops and similar uses provided that:

- (a) The use is clearly a subsidiary use to the residential use and does not detract from the residential character of the neighbourhood.
- (b) No wholesale sales or storage of goods is carried out, any retail sales are incidental and subsidiary to the approved use and that no repairs to vehicles or heavy equipment are carried out.
- (c) Activities associated with the use are not hazardous and do not cause noticeable noise, odour, dust or fumes, or inconvenience and are not a nuisance to the occupants of adjoining residences.
- (d) The activity is carried out within the dwelling or in an accessory building on the property. No more than twenty-five (25) percent of the total floor area of the dwelling up a maximum of forty-five square metres is devoted to the use. The accessory building shall not exceed the maximum size and height specified in Condition 12.

12. Fishing and Marine Uses

Fishing and marine uses shall be permitted provided they are located on or adjacent to the shoreline.

13. Accessory Buildings

Accessory buildings shall have a lot coverage no greater than 7%, up to a maximum of 56 square metres, or a height of no more than 4 metres.

14. Waterbody Buffer

The Authority shall retain a buffer strip of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development, except for fishing or marine uses, shall be permitted closer than 15 metres to a water body or water course.

*Conditions for Residential (cont'd)***15. Mineral Working Buffer**

No dwelling shall be located within 300 metres of a pit or quarry, or within 1000 metres if blasting is involved.

16. Referrals

Permits may be issued in the following areas only after the Authority has referred the proposal to the appropriate government agency as identified below:

Watercourse alternations, stream crossings or infilling of waterbodies	Habitat Management Section Fisheries and Oceans Canada
	Water Resources Division Department of Environment and Labour
Within 100 metres of Route 340	Department of Government Services and Lands
Within 300 metres of a pit or within 1000 metres of an extraction operation where blasting is involved	Quarry Materials Division Department of Mines and Energy

USE ZONE TABLE

ZONE TITLE	MIXED DEVELOPMENT	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
All use classes within the residential dwelling uses division, mobile home and recreation open space.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
All use classes in the general assembly division, commercial residential, all use classes in the business and personal services use group, all use classes in the mercantile group except shopping centre, service station, light industry, cemetery, and antenna.		

CONDITIONS

1. **Development Standards**

- (a) The development standards for this zone shall be as follows:
- | | |
|-----------------------------------|-----------|
| (i) Minimum Building Line Setback | 8 metres |
| (ii) Minimum Sideyards Width | 5 metres |
| (iii) Minimum Rearyard Dept. | 10 metres |
| (iv) Maximum Height | 10 metres |
- (b) Residential development shall conform to the standards of the Residential Zone.

2. **Municipal Services**

All permitted and discretionary use classes must be connected to the municipal water and sewer systems, where available.

3. **Road Frontage**

All permitted and discretionary use classes must front onto an existing public road.

4. **Advertisements Relating to Onsite Uses**

The conditions which shall apply to the erection or display of an advertisement on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

Conditions for Mixed Development (cont'd.)

- (a) The size, shape, illumination and material construction of the advertisement shall meet the requirements of the Authority, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- (b) No advertisement shall exceed 5 square metres in area.

5. Advertisements Relating to Offsite Uses

The conditions to be applied to the erection or display of an advertisement on any site, relating to a use permitted in this or another zone, or not relating to a specific land use, shall be as follows:

- (a) Each advertisement shall not exceed three square metres in area.
- (b) When the advertisements relate to a specific land use, they shall be located within a reasonable distance of, and only show thereon the name and nature of the distance or direction to the premises to which they relate.
- (c) The location, siting and illumination of each advertisement shall be to the satisfaction of the Authority, having regard to the grade and alignment of streets, the location of street junctions, the location of nearby buildings and the preservation of the amenities of the surrounding area.

6. Discretionary Use Classes

The discretionary use classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

7. Non-Residential Uses

Non-residential uses listed as discretionary use classes may be permitted provided:

- (a) The use does not jeopardize residential amenity of adjoining residential properties;
- (b) Appropriate site lay-out minimizes any negative affects on the surrounding area; and
- (c) Adequate off-street parking, in accordance with Schedule D, and loading facilities are provided on-site.

Conditions for Mixed Development (cont'd.)

8. Commercial Buffer

Where any non-residential use abuts a residential use or residential zone, the owner of the site of the non-residential development may be required to provide a buffer strip between any non-residential building or activity and the residential use or zone. The buffer shall include the provision of grass strips, hedges, trees or shrubs, or structural barriers as may be required by the Authority, and shall be maintained by the owner or occupier to the satisfaction of the Authority.

9. Accessory Building

Accessory buildings shall have a lot coverage no greater than 7%, to a maximum of 56 square metres, or a height of no more than 3 metres.

10. Waterbody Buffer

The Authority shall retain a buffer strip of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development, except for fishing or marine uses, shall be permitted closer than 15 metres to a water body or water course.

11. Referrals

Permits may be issued in the following areas only after the Authority has referred the proposal to the appropriate government agency as identified below:

Watercourse alterations, stream crossings or infilling of waterbodies	Habitat Management Section Fisheries and Oceans Canada
	Water Resources Division Department of Environment and Labour
Within 100 metres of Route 340	Department of Government Services and Lands
Within 300 metres of a pit or within 1000 metres of an extraction operation where blasting is involved	Quarry Materials Division Department of Mines and Energy
Within 1.6 kilometres of a waste disposal site	Department of Government Services and Lands

USE ZONE TABLE

ZONE TITLE	COMMERCIAL	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Passenger assembly, club and lodge, catering, funeral home, amusement, commercial residential, all uses in the Business and Personal Service Uses Group, and all uses in the Mercantile Uses Group.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
General industry, light industry, service station and antenna.		

CONDITIONS

1. **Development Standards**

The development standards for this zone shall be as follows:

- | | | |
|-----|-------------------------------|-----------|
| (a) | Minimum Building Line Setback | 15 metres |
| (b) | Minimum Sideyard Width | 5 metres |
| (c) | Minimum Rearyard Depth | 10 metres |
| (d) | Maximum Height | 10 metres |

2. **Municipal Services**

All permitted and discretionary use classes must be connected to the municipal water and sewer systems, where available.

3. **Road Frontage**

All permitted and discretionary use classes must front onto an existing public road.

4. **Advertisements Relating to Onsite Uses**

The conditions which shall apply to the erection or display of an advertisement on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

- (a) The size, shape, illumination and material construction of the advertisement shall meet the requirements of the Authority, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- (b) No advertisement shall exceed 5 square metres in area.

*Conditions for Commercial (cont'd.)***5. Advertisements Relating to Offsite Uses**

The conditions to be applied to the erection or display of an advertisement on any site, relating to a use permitted in this or another zone, or not relating to a specific land use, shall be as follows:

- (a) Each advertisement shall not exceed three square metres in area.
- (b) When the advertisements relate to a specific land use, they shall be located within a reasonable distance of, and only show thereon the name and nature of the distance or direction to the premises to which they relate.
- (c) The location, siting and illumination of each advertisement shall be to the satisfaction of the Authority, having regard to the grade and alignment of streets, the location of street junctions, the location of nearby buildings and the preservation of the amenities of the surrounding area.

6. Discretionary Use Classes

The discretionary use classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

7. Parking and Loading

Adequate off-street parking and loading facilities shall be provided on-site for all employees, vehicles likely to be used in or associated with the activity, and for vehicles of customers, or clients in accordance with Schedule D.

8. Access

The number of accesses to the street shall be limited by, and designed to the satisfaction of the Authority, having regard to the safety and efficiency of the street for both vehicles and pedestrians.

9. Commercial Buffer

Where any non-residential use abuts a residential use or residential zone, the owner of the site of the non-residential development may be required to provide a buffer strip between any non-residential building or activity and the residential use or zone. The buffer shall include the provision of grass strips, hedges, trees or shrubs, or structural barriers as may be required by the Authority, and shall be maintained by the owner or occupier to the satisfaction of the Authority.

Conditions for Commercial (cont'd.)

10. Open Storage

The Authority may permit open storage of materials, goods, and machinery associated with a permitted use provided the following conditions are met:

- (a) Open storage shall not occupy more than 50 percent of the site area and shall not be located in the front yard or in any required yard areas; and
- (b) The Authority may require open storage to be fenced or screened from view from a public road.

11. Accessory Building

Accessory buildings shall have a lot coverage no greater than 7%, to a maximum of 56 square metres, or a height of no more than 3 metres.

12. Waterbody Buffer

The Authority shall retain a buffer strip of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development, except for fishing or marine uses, shall be permitted closer than 15 metres to a water body or water course.

13. Referrals

Permits may be issued in the following areas only after the Authority has referred the proposal to the appropriate government agency as identified below:

Watercourse alterations, stream crossings or infilling of waterbodies	Habitat Management Section Fisheries and Oceans Canada
	Water Resources Division Department of Environment and Labour
Within 100 metres of Route 340	Department of Government Services and Lands
Within 300 metres of a pit or within 1000 metres of an extraction operation where blasting is involved	Quarry Materials Division Department of Mines and Energy
Within 1.6 kilometres of the waste disposal site	Department of Government Services and Lands

USE ZONE TABLE

ZONE TITLE	OPEN SPACE	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Recreational open space and outdoor assembly.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
Theatre, cultural and civic, club and lodge, take-out food service, cemetery, antenna.		

CONDITIONS

1. Advertisements Relating to Onsite Uses

The conditions which shall apply to the erection or display of an advertisement on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

- (a) The size, shape, illumination and material construction of the advertisement shall meet the requirements of the Authority, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- (b) No advertisement shall exceed 5 square metres in area.

2. Discretionary Use Classes

The discretionary use classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

3. Take-Out

Take-out food services may be considered on a discretionary basis provided it is associated with a recreational facility and the service is for patron of a recreational activity and complementary uses.

4. Waterbody Buffer

The Authority shall retain a buffer strip of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development, except for fishing or marine uses, shall be permitted closer than 15 metres to a water body or water course.

*Conditions for Open Space (cont'd.)***5. Referrals**

Permits may be issued in the following areas only after the Authority has referred the proposal to the appropriate government agency as identified below:

Watercourse alternations, stream crossings or infilling of waterbodies	Habitat Management Section Fisheries and Oceans Canada
	Water Resources Division Department of Environment and Labour
Within 100 metres of Route 340	Department of Government Services and Lands
Within 300 metres of a pit or within 1000 metres of an extraction operation where blasting is involved	Quarry Materials Division Department of Mines and Energy

USE ZONE TABLE

ZONE TITLE	PROTECTED WATERSHED	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Utility and Conservation.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
Antenna.		

CONDITIONS**1. Referrals**

All development applications within the Protected Watershed zone shall be referred to and approved by the Water Resources Division of the Department of Environment and Labour.

2. Waterbody Buffer

The Authority shall retain a buffer of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development shall be permitted to locate closer than 30 metres to a waterbody or watercourse.

USE ZONE TABLE

ZONE TITLE	SEASONAL DWELLING	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Seasonal Dwelling.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
Forestry, and Antenna.		

CONDITIONS

1. **Lot Area**

Minimum lot area shall be determined by the Department of Government Services and Lands and shall be sufficient to accommodate the long-term functioning of an on-site septic disposal system and private well.

2. **Municipal Services**

No uses creating a demand for municipal water and sewer services shall be permitted in this zone. The construction, maintenance and snowclearing of the access road shall be solely the responsibility of the owners or occupiers of the seasonal dwellings.

3. **Accessory Buildings**

Accessory buildings shall be no greater than 25 square metres in area and no more than 3 metres in height.

4. **Waterbody Buffer**

The Authority shall retain a buffer of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development shall be permitted to locate closer than 15 metres to a waterbody or watercourse.

USE ZONE TABLE

ZONE TITLE	RURAL	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Agriculture, forestry, mineral exploration, fishing and marine uses and recreational open space.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
Animal, single dwelling, general industry, service station, mineral working, commercial recreation, cemetery, solid waste disposal, scrap yard, and antenna.		

CONDITIONS

1. **Advertisements Relating to Onsite Uses**

The conditions which shall apply to the erection or display of an advertisement on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

- (i) The size, shape, illumination and material construction of the advertisement shall meet the requirements of the Authority, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- (ii) No advertisement shall exceed 5 square metres in area.

2. **Advertisements Relating to Offsite Uses**

The conditions to be applied to the erection or display of an advertisement on any site, relating to a use permitted in this or another zone, or not relating to a specific land use, shall be as follows:

- (i) Each advertisement shall not exceed three square metres in area.
- (ii) When the advertisements relate to a specific land use, they shall be located within a reasonable distance of, and only show thereon the name and nature of the distance or direction to the premises to which they relate.
- (iii) The location, siting and illumination of each advertisement shall be to the satisfaction of the Authority, having regard to the grade and alignment of streets, the location of street junctions, the location of nearby buildings and the preservation of the amenities of the surrounding area.

*Conditions for Rural (cont'd.)***3. Discretionary Use Classes**

The discretionary use classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

4. Single Dwelling

A single dwelling may only be erected in conjunction with an established permitted or discretionary use. The single dwelling must be subsidiary to the permitted or discretionary use and necessary for its operation.

5. General Industry

General industrial uses and associated accessory uses may be permitted by the Authority provided:

- (a) The use is restricted to maintenance and repair of equipment, processing and storage related to agriculture, forestry or mineral workings uses; or
- (b) The proposed use is unsuitable for locations in any urban zone because of the nature of the use or requirements for large areas of land.

The Authority shall be satisfied that:

- (a) The General Industrial use will not require municipal services, particularly water and sewer;
- (b) The site can be developed and the use carried out without negative impact on the natural environment and scenic amenity;
- (c) The development shall be visually buffered from the road; and
- (d) The development is sufficiently separated and visually buffered from any urban zone, especially a residential zone, to assure that any nuisance because of noise, dust, fumes or inconvenience is eliminated.

6. Commercial Recreation Uses

Uses which because of their nature and/or large land requirements, would not be normally compatible with urban uses may be permitted. These uses would include, but are not limited to: travel trailer parks, campgrounds, golf courses and driving ranges, resorts, marinas, recreational clubs and theme parks. The Authority may permit these uses provided:

- (a) The Authority is satisfied that such uses will not create a conflict with rural uses by reason of hours of operation, or the creation of dust or noise, or large levels of traffic;
- (b) The Authority is satisfied that such uses will not prejudice the development or existence of uses listed as permitted use classes;

Conditions for Rural (cont'd.)

- (c) Adequate parking is provided;
- (d) The use will not require municipal services, particularly water and sewer; and
- (e) The parking area and access to the uses shall be landscaped to the satisfaction of the Authority and provided with a stable surface to prevent raising or movement of dust, mud and loose particles.

7. Mineral Workings

All applications for any mineral working shall be subject to review and approval by the Department of Mines and Energy. Where permitted as a discretionary use, pit and quarry operations shall meet the conditions and regulations as follows:

Separation of Adjacent Uses

Unless the Authority is satisfied that the use will not create a nuisance and will not adversely affect the amenity of the specified development or natural feature, no mineral working shall be located closer than the minimum distances set out below to the specified development or natural feature:

Type of Development	Minimum Separation Distance
Existing or proposed residential development	
- where no blasting is involved	300 m
- where blasting is involved	1000 m
Any other developed area or area likely to be developed during the life of the aggregate extraction operation	150 m
Public highway or street	50 m
Watercourse or waterbody	50 m
Protected Road	90 m

Screening

Such uses shall be screened in the following manner where it is visible from a public street or highway, developed area, or area likely to be developed during the life of the use:

- (a) Where a tree screen exists between the use and adjacent public highways and streets or other land uses (except forestry and agriculture), the tree screen shall be retained in a 30 m wide strip of vegetation so that visibility of any part of the use from the surrounding uses or streets will be prevented. The tree screen must be maintained by the owner or occupier of the use. Where vegetation dies or is removed from the 30 m strip, the Authority may require new trees a minimum height of 1 m to be planted to fill in the areas affected to the satisfaction of the Authority or, at the discretion of the Authority, the following condition must be undertaken.

Conditions for Rural (cont'd.)

- (b) Where no tree screen exist of sufficient width and density to constitute a visual screen, earthen berms shall be constructed to a height sufficient to prevent visibility of any part of the mineral working from adjacent uses (except forest and agriculture), or adjacent public highways and streets. The berms shall be landscaped to the Authority's satisfaction.
- (c) Where natural topography creates a visual screen between mineral workings and adjacent public highways and streets or other land uses (except forestry and agriculture), additional screening may not be required.
- (d) Where effective screening for any mineral working cannot be installed or located as required in (a) - (c) above, the Authority may refuse to permit the use.

Fencing

The Authority may require the mineral working or excavated areas of the pit or quarry to be enclosed by a fence designed and constructed to its specifications and no less than 1.8 m in height.

Water Pollution

No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any waterbody or watercourse. Any access road to a pit or quarry working, scrap yard or solid waste disposal site which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Regulations of the Department of Environment and Labour.

Water Ponding

No mineral working shall result in the excavation of areas below the level of water table nor in any way cause the accumulation or ponding of water in any part of the site. Settling ponds may be permitted with the approval of the Department of Environment and Labour.

Erosion Control

No mineral working shall be carried out in a manner so as to cause erosion of adjacent land.

Site Maintenance

The mineral working shall be kept clean of refuse, abandoned vehicles, and abandoned equipment and any derelict buildings.

*Conditions for Rural (cont'd.)***Access Roads**

During extended periods of shutdown, access roads to a mineral working shall be ditched or barred to the satisfaction of the Authority.

Stockpiling Cover Material

All stumps, organic material and topsoil, including the rusty coloured and iron stained layer, shall be stripped and stockpiled at least 5 m from active quarry area. The owner or operator shall ensure that the quality of the topsoil is not affected by dilution with other materials.

Operating Plant and Associated Processing and Manufacturing

The Authority may permit processing and manufacturing uses associated with mineral workings provided that, in the opinion of the Authority, the use does not create a nuisance nor is liable to become a nuisance or offensive by the creation of noise or vibration, or by reason of the emission of fumes, dust, dirt, objectionable odour, or by reasons of unsightly storage of materials.

All permanent or temporary buildings, plants and structures associated with processing and manufacturing will be located so as not to interfere with the preset or future extraction of aggregate resources.

The Authority may specify a minimum separation distance between operating plant or associated processing and manufacturing structure or equipment and adjacent developed areas likely to be developed during the life of the mineral working.

Termination and Site Rehabilitation

Upon completion of the mineral working, the following work shall be carried out by the operator:

- (a) All buildings, machinery and equipment shall be removed.
- (b) All pit and quarry slopes shall be graded to slopes less than 20 degrees or to the slope conforming to that existing prior to the mineral working.
- (c) Topsoil and any organic materials shall be respread over the entire quarried area.
- (d) The access road to the mineral working shall be ditched or barred to the satisfaction of the Authority.
- (e) If the mineral working contains reserves of material sufficient to support further extraction operations, the Authority may require the work described above to be carried out only in the areas of the site where extraction has depleted aggregate reserves.

*Conditions for Rural (cont'd.)***8. Solid Waste Disposal and Scrap Yard**

Where permitted as a discretionary use, scrap yards and solid waste disposal sites shall meet the conditions and regulations as follows:

Separation of Adjacent Uses

Unless the Authority is satisfied that the use will not create a nuisance and will not adversely affect the amenity of the specified development or natural feature, no scrap yard or solid waste disposal site shall be located closer than the minimum distances set out below to the specified development or natural feature:

Type of Development	Minimum Separation Distance	
	Scrap Yard	Solid Waste Disposal Site
Existing or proposed residential development	300 m	1.6 km
Any other developed area or area likely to be developed during the life of the scrap yard or solid waste disposal	300 m	1.6 km
Public highway or street	50 m	300 m
Watercourse or waterbody	50 m	150 m
Protected Road	90 m	300 m

Screening

Such uses shall be screened in the following manner where it is visible from a public street or highway, developed area, or area likely to be developed during the life of the use:

- (a) Where a tree screen exists between the use and adjacent public highways and streets or other land uses (except forestry and agriculture), the tree screen shall be retained in a 30 m wide strip of vegetation so that visibility of any part of the use from the surrounding uses or streets will be prevented. The tree screen must be maintained by the owner or occupier of the use. Where vegetation dies or is removed from the 30 m strip, the Authority may require new trees of a minimum height of 1 m to be planted to fill in the areas affected to the satisfaction of the Authority or, at the discretion of the Authority, the following condition must be undertaken.
- (b) Where no tree screen exist of sufficient width and density to constitute a visual screen, earthen berms shall be constructed to a height sufficient to prevent visibility of any part of the mineral working from adjacent uses (except forest and agriculture), or adjacent public highways and streets. The berms shall be landscaped to the Authority's satisfaction.
- (c) Where natural topography creates a visual screen between mineral workings and adjacent public highways and streets or other land uses (except forestry and agriculture), additional screening may not be required.

Conditions for Rural (cont'd.)

- (d) Where effective screening for any mineral working cannot be installed or located as required in (a) - (c) above, the Authority may refuse to permit the use.

Fencing

The Authority may require the scrap yard or solid waste disposal site to be enclosed by a fence designed and constructed to its specifications and no less than 1.8 m in height.

Water Pollution

No scrap yard or solid waste disposal site, or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any waterbody or watercourse. Any access road to a scrap yard or solid waste disposal site which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Regulations of the Department of Environment and Labour.

9. Waterbody Buffer

The Authority shall retain a buffer strip of undisturbed vegetation along the shoreline of all waterbodies and watercourses. No development, except for fishing or marine uses, shall be permitted closer than 15 metres to a water body or water course.

10. Referrals

Permits may be issued in the following areas only after the Authority has referred the proposal to the appropriate government agency as identified below:

Watercourse alterations, stream crossings or infilling of waterbodies	Habitat Management Section Fisheries and Oceans Canada
Within 100 metres of Route 340	Water Resources Division Department of Environment and Labour
Within 300 metres of a pit or within 1000 metres of an extraction operation where blasting is involved	Department of Government Services and Lands
Proposed livestock building or any development within 600 metres of an existing livestock building	Quarry Materials Division Department of Mines and Energy
Proposed scrap yard	Soil and Land Management Division Department of Forest Resources and Agrifoods
Within 1.6 kilometres of a waste disposal site or scrap yard	Department of Government Services and Lands

USE ZONE TABLE

ZONE TITLE	MINERAL WORKING	(Summerford)
PERMITTED USE CLASSES - (see Regulation 85)		
Mineral exploration and mineral working.		
DISCRETIONARY USE CLASSES - (see Regulations 22 and 86)		
General industry, and antenna.		

CONDITIONS

1. Advertisements Relating to Onsite Uses

The conditions which shall apply to the erection or display of an advertisement on any lot or site occupied by a use permitted or existing as a legal non-conforming use in this use zone, shall be as follows:

- (i) The size, shape, illumination and material construction of the advertisement shall meet the requirements of the Authority, having regard to the safety and convenience of users of adjacent streets and sidewalks, and the general amenities of the surrounding area.
- (ii) No advertisement shall exceed 5 square metres in area.

2. Mineral Workings

All applications for any mineral working shall be subject to review and approval by the Department of Mines and Energy. Where permitted as a discretionary use, pit and quarry operations shall meet the conditions and regulations as follows:

Separation of Adjacent Uses

Unless the Authority is satisfied that the use will not create a nuisance and will not adversely affect the amenity of the specified development or natural feature, no mineral working shall be located closer than the minimum distances set out below to the specified development or natural feature:

Type of Development	Minimum Separation Distance
Existing or proposed residential development	
- where no blasting is involved	300 m
- where blasting is involved	1000 m
Any other developed area or area likely to be developed during the life of the aggregate extraction operation	150 m
Public highway or street	50 m
Watercourse or waterbody	50 m
Protected Road	90 m

*Conditions for Mineral Working (cont'd.)***Screening**

Such uses shall be screened in the following manner where it is visible from a public street or highway, developed area, or area likely to be developed during the life of the use:

- (a) Where a tree screen exists between the use and adjacent public highways and streets or other land uses (except forestry and agriculture), the tree screen shall be retained in a 30 m wide strip of vegetation so that visibility of any part of the use from the surrounding uses or streets will be prevented. The tree screen must be maintained by the owner or occupier of the use. Where vegetation dies or is removed from the 30 m strip, the Authority may require new trees a minimum height of 1 m to be planted to fill in the areas affected to the satisfaction of the Authority or, at the discretion of the Authority, the following condition must be undertaken.
- (b) Where no tree screen exist of sufficient width and density to constitute a visual screen, earthen berms shall be constructed to a height sufficient to prevent visibility of any part of the mineral working from adjacent uses (except forest and agriculture), or adjacent public highways and streets. The berms shall be landscaped to the Authority's satisfaction.
- (c) Where natural topography creates a visual screen between mineral workings and adjacent public highways and streets or other land uses (except forestry and agriculture), additional screening may not be required.
- (d) Where effective screening for any mineral working cannot be installed or located as required in (a) - (c) above, the Authority may refuse to permit the use.

Fencing

The Authority may require the mineral working or excavated areas of the pit or quarry to be enclosed by a fence designed and constructed to its specifications and no less than 1.8 m in height.

Water Pollution

No mineral working or associated storm or sanitary drainage shall unacceptably reduce the quality of water in any waterbody or watercourse. Any access road to a pit or quarry working, scrap yard or solid waste disposal site which crosses a brook or stream shall be bridged or culverted at the crossing in accordance with the Regulations of the Department of Environment and Labour.

Water Ponding

No mineral working shall result in the excavation of areas below the level of water table nor in any way cause the accumulation or ponding of water in any part of the site. Settling ponds may be permitted with the approval of the Department of Environment and Labour.

*Conditions for Mineral Working (cont'd.)***Erosion Control**

No mineral working shall be carried out in a manner so as to cause erosion of adjacent land.

Site Maintenance

The mineral working shall be kept clean of refuse, abandoned vehicles, and abandoned equipment and any derelict buildings.

Access Roads

During extended periods of shutdown, access roads to a mineral working shall be ditched or barred to the satisfaction of the Authority.

Stockpiling Cover Material

All stumps, organic material and topsoil, including the rusty coloured and iron stained layer, shall be stripped and stockpiled at least 5 m from active quarry area. The owner or operator shall ensure that the quality of the topsoil is not affected by dilution with other materials.

Termination and Site Rehabilitation

Upon completion of the mineral working, the following work shall be carried out by the operator:

- (a) All buildings, machinery and equipment shall be removed.
- (b) All pit and quarry slopes shall be graded to slopes less than 20 degrees or to the slope conforming to that existing prior to the mineral working.
- (c) Topsoil and any organic materials shall be respread over the entire quarried area.
- (d) The access road to the mineral working shall be ditched or barred to the satisfaction of the Authority.
- (e) If the mineral working contains reserves of material sufficient to support further extraction operations, the Authority may require the work described above to be carried out only in the areas of the site where extraction has depleted aggregate reserves.

3. Discretionary Use Classes

The discretionary use classes listed in this table may be permitted at the discretion of the Authority provided that they are complementary to uses within the permitted use classes or that their development will not inhibit or prejudice the existence or the development of such uses.

Conditions for Mineral Working (cont'd.)

4. General Industry

The Authority may permit processing and manufacturing uses associated with mineral workings provided that, in the opinion of the Authority, the use does not create a nuisance nor is liable to become a nuisance or offensive by the creation of noise or vibration, or by reason of the emission of fumes, dust, dirt, objectionable odour, or by reasons of unsightly storage of materials.

All permanent or temporary buildings, plants and structures associated with processing and manufacturing will be located so as not to interfere with the preset or future extraction of aggregate resources.

The Authority may specify a minimum separation distance between operating plant or associated processing and manufacturing structure or equipment and adjacent developed areas likely to be developed during the life of the mineral working.

SCHEDULE D

OFF-STREET PARKING REQUIREMENTS

1. The offstreet parking requirements for uses in the various use classes set out in Schedule B shall be as set out in the following table.
2. In the case of developments including uses in more than one use class, these standards shall be regarded as cumulative.
3. Adequate offstreet provision for drop-off and pick-up of persons shall be provided in developments where required, such as uses within the educations, passenger assembly, child care, medical treatment and special care, commercial residential and take-out food service use classes.

G R O U P	D I V I S I O N	CLASS	MINIMUM OFF-STREET PARKING REQUIREMENT
A	1	(a) Theatre	One space for every 5 seats.
	2	(a) Cultural and Civic	One space for every 50 square metres of gross floor areas.
		(b) General Assembly	One space for every 10 square metres of gross floor area.
		(c) Educational	Schools - 2 spaces for every classroom. Further education - 1 space for every 5 persons using the facilities (students, faculty and staff).
		(d) Place of Worship	One space for every 5 seats.
		(e) Passenger Assembly	As specified by the Authority.
		(f) Club and Lodge	One space for every 3 persons that may be accommodated at one time.
		(g) Catering	One space for every 3 customers that may be accommodated at one time.
		(h) Funeral Home	One space for every 10 square metres of gross floor area.
		(i) Child Care	One space for every 20 square metres of gross floor area.
		(j) Amusement	One space for every 10 square metres of gross floor area.
	3	(a) Indoor Assembly	One space for every 10 spectators that may be accommodated at one time.
	4	(a) Outdoor Assembly	As specified by the Authority.
B	1	(a) Penal and Correctional Detention	As specified by the Authority.
C	2	(a) Medical Treatment and Special Care	One space for every 2 patients.
	1	(a) Single Dwelling	Two spaces for every dwelling unit.
		(b) Double Dwelling	Two spaces for every dwelling unit.
		(c) Row Dwelling	Two spaces for every dwelling unit.

G R O U P	D I V I S I O N	C L A S S	M I N I M U M O F F - S T R E E T P A R K I N G R E Q U I R E M E N T
		(d) Apartment Building	Three spaces for every 2-dwelling units.
	2	(a) Collective Residential	As specified by the Authority.
		(b) Commercial Residential	One space for every guest room.
		(c) Seasonal Residential	One space for every residential unit.
		(d) Mobile Home	Two spaces for every dwelling unit.
D	1	(a) Office	One space for every 20 square metres of gross floor area.
		(b) Medical and Professional	One space for every 20 square metres of gross floor area.
		(c) Personal Service	One space for every 20 square metres of gross floor area.
		(d) General Service	One space for every 20 square metres of gross floor area.
		(e) Communications	As specified by the Authority.
		(f) Police Station	As specified by the Authority.
		(g) Taxi Stand	As specified by the Authority.
		(h) Take-out Food Service	One space for every 20 square metres of gross floor area.
		(i) Veterinary	One space for every 20 square metres of gross floor area.
E	1	(a) Shopping Centre	One space for every 15 square metres of gross floor area.
		(b) Shop	One space for every 20 square metres of gross floor area.
		(c) Indoor Market	As specified by the Authority.
		(d) Outdoor Market	As specified by the Authority.
		(e) Convenience Stores	One space for every 20 square metres of gross floor area.
F	1	(a) Hazardous Industry	One space for every employee.
	2	(a) General Industry	One space for every employee.
		(b) Service Station	One space for every 20 square metres of gross floor area.
	3	(a) Light Industry	One space for every employee.
