

The Rock

Summer's green hair

No trim in years

Crest and trough

Over your solar heated

Coarse, comforting chair

Absent maple

For protection

Shade, of erosion

With leaves of red, orange, yellow, brown,

To descend, to wrap around

Scarf

To Fall

Fall

Fall

6 feet under your surface

Cozy bed for my love

In Fall

Fall

Fall

Into Winter

Your first white layer

Of warmth

Over my love

Many more to come

Rain Falls

Fall

Fall

Into Spring

Thaw you from your hibernation

To Fall

Fall

Fall

Into the future of

Green hair

Solar heating

Scarf of leaves blankets of snow
