

Senior Dramatic Script

Meghan Greeley, St. John's

**The Queen's Wife (an excerpt)**

**MARGEAUX**

Try to cheer up, darling. You're going to be queen!

**MARGOT**

You don't understand, Margeaux. I would rather be eaten alive by a hungry lion than be queen.

**MARGEAUX**

What's the matter with you? You're about to be the most important person in the country. In the whole world, some would say. They're going to put your face on the money.

**MARGOT**

Shit. I hadn't thought about the money.

**MARGEAUX**

And we'll live in the palace!

**MARGOT**

Shit. I hadn't thought about the palace.

**MARGEAUX**

See? Lots of things to look forward to.

**MARGOT**

We can't move to the palace. We just got a hot tub.

**MARGEAUX**

So? We'll get a hot tub installed at the palace.

**MARGOT**

Margeaux, listen to me very carefully. *(The stakes have never been higher)* They will never, ever, ever let us install a hot tub. The plumbing is too old!
